## Discussion of Rent Controls To Occupy Council At Tuesday's Meeting; Public To Be Heard

Council Falls To Take Action At Previous Meeting To Give Residents Opportunity To Express Opinions On Matter; Letters Received Call For Retention

Whether or not present rent controls will be retained in the city of Newark will be discussed by Newark City Council at its meeting on Tuesday, August 19.

Council had planned to discuss the matter at the meeting on August 5 but decided that it would be wise to give the residents notice of the fact that the subject would be considered and thereby allow them a chance to be present to voice any opinion that they might have in the matter.

Under the recent amendments to the Defense Production Act rent controls automatically expire September 30 in the area north of the Chesapeake and Delaware Canal unless there is a declaration of the need of continuing the controls by the governing body of each community.

Although Council failed to discuss any action on whether or not rent controls should be continued here at the August 5 meeting, several letters were read by the various councilmen pertaining to the subject.

Three letters from officials of unions claiming to represent some 800 workers in the area asked that the controls be continued in light of the critical housing situation existing at the present time in the Newark area. The unions represented were: Local 128 and 144 of the United Electric Radio and Machine Workers of America and Local 909 of the Pyrites Workers.

Miss Helen Steel, secretary at the University of Delaware, also wrote a letter to Council in which she called for the extension of controls at this time.

She pointed out the difficulty experienced by low-income residents in finding suitable places to live and urged the extension of controls until such a time that the number of homes available matched the number of homes needed.

## Receives Fellowship

**Mrs. Mildred Cleaves**

## School Librarian Chosen To Receive Ford Fellowship

Mrs. Mildred Cleaves, librarian at Newark High School, has been awarded a Ford Foundation Fellowship for the coming school year.

She was selected on the basis of the program which she plans to carry out under the fellowship by a committee composed of:

Joseph McVey, school board president; Frederick Kutz, high school principal; Dr. Howard Reed, PTA president; Dr. Matthew Pillard, lay member; George Nickle and Miss Ann Chalmers, teachers; and Wilmer Shue, Newark superintendent.

The program submitted by Mrs. Cleaves would include some 35,000 miles of travel into the "backwoods" areas of the United States in order to study the folklore, songs, and arts of the residents as a background to our American way of life.

It is her purpose, said Mrs. Cleaves, to bring back firsthand information and pictures of these "natives" to help our children to better understand the background of America.

This will be accomplished by the collection of information, materials, and exhibits which can be retained for the benefit of students.

The 35,000-mile trip will carry Mrs. Cleaves throughout 28 states which she will cover by automobile between September of this year and August of 1953.

Mrs. Cleaves, who has served as librarian at the local school since 1942, received her B.S. in library science at Drexel Institute. Previously she had received her A.B. degree from Westminster College after graduation from Frankford High School in Philadelphia.

In 1950 his career was again interrupted when he had the distinction of being the first St. Louis doctor to be recalled to active duty with the Navy where he served nine months.

In 1947 Dr. Brooks married the former Agnes McVeigh of Wheeling, West Virginia, and the couple now have three children. They are: Clifton R., Jr., age 3; Douglas Rusk, 16 months; and Lucien Douglas, 3 weeks. Mrs. Brooks is a graduate of Marietta College of Marietta, Ohio.

## Sixteen Teachers Added To Staff Of Local Schools

Three Vacancies Remain To Be Filled; Still More May Be Necessary Later

Sixteen new teachers have been added to the faculties of the Newark public schools for the coming year. In making the announcement, school officials added that there are still three vacancies to be filled.

Still to be filled are one elementary teacher, industrial arts teacher, and school librarian. The latter vacancy was caused by the accepting of a Ford Foundation fellowship by Mrs. Mildred Cleaves, present librarian.

The three vacancies remaining to be filled are based on the needs as indicated by the present enrollment at the local schools for next year. It is possible, school officials said, that a last-minute rush of enrollments will necessitate the hiring of additional personnel.

Moore, sixth grade, University of Delaware; Mrs. Virginia Clayton, third grade, Penn State; Mrs. Elizabeth Robbins, fourth grade, University of Florida; John Auletto, fifth grade, Temple University; Eugene Sharkey, sixth grade, Bloomsburg State Teachers College; Miss Thoresa Tierney, second grade, University of Delaware; Miss Mary Bueche, first grade, University of Delaware; Mrs. Ellen Able, fifth grade, University of Pennsylvania.

## University Gives City Steel Tower For Siren Standard

Was To Be Used At New Athletic Field To Film Blue Hen Football Games

The University of Delaware Athletic Department has made a sizeable contribution to the civilian defense program of the community of Newark. David M. Nelson, director of athletics, announced today that an eighty-five foot steel tower purchased by the athletic department for the filming of football games at Delaware Stadium next season had been turned over to the town of Newark. A siren, recently presented to the town by the Chrysler Corporation, will be mounted on the tower to warn the citizens of air raids or other emergencies.

Coach Nelson said: "I am happy to release the tower for so worthwhile a purpose. My only hope is that the occasion for its use will never arise."

The tower was used during the war at a government ammunition dump south of Newark. Since that time, it has served as a water storage tower for the Publicker Corporation of Philadelphia.

Arrangements are now being made to film Delaware home games from the roof of the press box.

## Question of the Week

Should Rent Controls Be Retained?

Wallace M. Johnson, mayor of Newark: I am not in favor of controls, ordinarily, but in light of the present critical housing situation in Newark I believe that it would be wise to extend the present rent controls until April 30.

Ford H. McBerty, president of the Newark Chamber of Commerce: A major factor in the prosperity of our country is the "free market" in which each seller sets his own price. At times, however, particular items are so scarce that extreme prices might result from a free market, with unreasonable profits for a few and unwarranted hardships for many.

Under such conditions temporary controls are rational. Quite possibly such conditions exist today in Newark to a degree sufficient to make it wise to continue rent controls for the time being.

Paul D. Lovett, banker: I would like to see an end of controls as soon as it is reasonably possible to do so. As to our city a present end of controls would be very oppressive to lower-income groups—educators, married post-graduate students, other white-collar classes. Many of our citizens are in these groups.

Miss Helen Steele, secretary: Until the supply of low-rent houses meets the demand in Newark, I heartily recommend the retention of rent controls.

Samuel Diehl, Jr., city councilman: In light of the critical housing situation in our city and although I am normally not in favor of controls, I believe that it would be to the best interest of our citizens to continue rent controls until April 30.

## Firemen Treat Local Orphans

Planned here are some 14 children of the Our Lady of Grace orphanage on Ogletown Road who were recent guests of the Acta Hose, Hook and Ladder Company at a party held at the local fire house. Prior to the serving of refreshments in the fire house by members of the Ladies Auxiliary of the company, the children were treated to an afternoon of fun at Kiddie Land located on the DuPont Highway. The owner of the amusement center donated the use of all equipment for the use of the children during the afternoon. For the past ten years the local firemen have invited the children to the annual firemen's carnival. Due to the fact that present legislation has caused the cancelling of the event this year, the firemen, with the cooperation of local and state merchants, decided upon this means of providing the children with the usual afternoon of fun.

### Pennsylvania Cities Largest To Agree On Rent Controls

Action Extends Federal Rent Law Due To End Sept. 30 Until April 30

Philadelphia and Pittsburgh are the largest cities among the sixty-two incorporated in the four-state region of Pennsylvania, New Jersey, Delaware and Maryland which have taken action to extend the Federal Rent Stabilization law past September 30, 1952 to April 30, 1953.

Under the provisions of the present rent stabilization law, all incorporated cities, towns and villages, other than those included in an officially designated Official Defense Housing Area, must take affirmative action between now and September 30, 1952, if they are to continue to be covered by the Federal Rent Stabilization Law until April 30, 1953.

### Food Price Rise Is Sharpest Ever

Price Stabilization Director Ellis Arnall blames "resupplying amendments" to the price control law for the sharpest food price increase in American history, during the first two weeks of July.

He said the 1.2 percent jump in food prices during the first two weeks in July was even greater than the one percent increase which occurred during the same period immediately after the Korean outbreak in the summer of 1950.

The additional hazards of the drought plus the reduction of O.P.S. staff to a skeleton crew threaten household budgets with still further price increases, Arnall warned.

ketbook," he said. "It will mean that the cost of food will go up appreciably in the months ahead."

"As a matter of fact, the price of food today is the highest in history. For the month just ended, food prices rose more rapidly than at any period in the nation's history. In the months ahead, this increase will be constant and steady."

Arnall said that the removal of all price controls on fruits and vegetables by Congress was a prime factor in the increase. He predicted that "if things continue to get out of hand," it may be necessary to call Congress back into special session in order to strengthen the price control law.

### Strength For These Days

If God be for us, who can be against us?—(Romans 8:31).

In these days of crisis, we can take courage and comfort from the thought; but we must not rest content and comfort in it. How, we should ask ourselves, can God be for us if we, as individuals and a nation, are not for him in all we do and think?

# Local 404 Wins Softball Title By Beating Blue Jays In Finale

Third Place Finishers In Regular Season Play Defeat Blue Jays In Two-Out-Of-Three Series; Losers Gain Final Round By Trimming Curtis In Semi-Finals

Local 404, surprise winners over Trivits in the semi-final round of the Newark Recreation Association softball playoffs, scored three runs in the final two innings to defeat the Blue Jays, 5 to 2, in the clincher of the final playoffs and capture the league championship last week.

The Unionmen knocked off Trivits, who were undefeated in the regular season play, two straight in the semi-final round to gain the finals. In the first game they walked Trivits, 13 to 3, and scored two runs in the last inning to capture the second contest, 11 to 10.

The Blue Jays defeated Curtis two straight in the semi-finals to gain the privilege of meeting the ultimate winners in the climax round.

Local 404 rallied for two consecutive victories after being polished off in the first contest by the Blue Jays, 12 to 1. In the second game, the Blue Jays, trailing 9 to 4 in the sixth, rallied to score five runs and tie the contest at 9-all but rain caused the game to be called before the inning could be completed. The score reverted to the end of the previous inning and evened the series at one game apiece.

This set the stage for the hotly-played finale which Local 404 captured to take down the championship after finishing third in the regular season's competition.

## Disputed Forfeit Cost Newark Shot At Tourney Title

Anderson, Sparks Of Local Team Named By Committee On All-Tournament Club

A misunderstanding of a telephone conversation between Manager Leroy Hill, Jr., of the Newark baseball team and an official of the commission running the Delaware semi-pro baseball tournament cost the local club a chance at the championship decided in Milford on Monday night.

Hill claims that the official was supposed to call him Sunday night to inform him whether or not the field would be in condition for Monday night's contest. Since he received no call he assumed, he said, that the game between Newark and the Milford Yanks would not be played on Monday night.

The tournament official claimed that he had stated that if he did not call on Sunday evening then the game would be played as scheduled.

As a result, Newark did not appear in Milford on Monday night and the Milford Yanks claimed a forfeit. Hill, who played Fort Meade, lost, and the soldiers thereby emerged the tournament winners to represent the area in the national tournament in Wichita starting Sunday.

"There is nothing more that we can do," said Manager Hill, "since it was a decision of the commission and they said we forfeited."

The only consolation gleared by the local club from the tournament was the fact that two of the Newark players were named to the all-tourney team. According to Manager Hill Albie Sparks and Harry Anderson were selected, Sparks at an outfield post and Anderson at third base.

George Schaeen, Newark catcher, compiled the second best batting average during the competition, hitting a lousy .44 for three games. Harry Anderson, who plays for Elkton in the Susquehanna League and joined Newark for the tournament, was the slugging leader for the locals. In three games he clouted two homers, two triples, and two doubles. He also got a single.

## Two Hen Swimming Stars Win State Trophies

Charlie Presnell and Art Mayer won trophies in the state swim meet concluded Monday night in Wilmington.

Mayer, a Newark boy and star of Delaware swimming team, broke the existing record in the 150-yard medley event. He also won two other events, the 400-yard free style and the 100-yard backstroke.

Presnell, in addition to his record-breaking triumph in the high-board diving contest, won the low-board diving event.

## Pottstown Handicap Tops Saturday Card At Langhorne Track

Red Tomlinson Will Attempt To Repeat Last Year's Win In Stock Car 20-Lap Test

Red Tomlinson, of nearby Edgington, Pa., will seek to repeat his triumph of last season when the Pottstown Handicap—for modified sportsman stock cars—is featured around the short course at the Langhorne Speedway on Saturday. Last season the Pottstown fixture was the only main event annexed by the popular Bucks County negotiator of the stocks.

The former auto thrill show performer stands high in the point scoring and a triumph in Saturday night's 20-lap event would make him an outstanding threat for the season championship and the Frank Holzhauser Trophy which will go to the top driver of the year.

Ronnie Kohler, spectacular Paterston performer; Bobby Courtwright, 1949 champion in short track competition and Bill Erizzo, leading Philadelphia pilot, figure to give the keen and fast field a run to the checkered burning. Kohler, a veteran campaigner, seems to like the quarter-mile course at the Langhorne track.

On Sunday afternoon at 2:15 p.m. the Newark team will meet Hickory at Continental Field in a Susquehanna League contest. Hal Kinart will hurl for the locals against the second-place club in the league.

## Dave Douglas Wins \$2,350 Fifth-Place Money At Chicago

Tournament Officials Do Not Allow Delaying Claim Placed Against Preceding Threesome

Dave Douglas, pride of Newark, shot a last-round 68 to wind up with 279 and a fifth-place tie with Sam Sneed, pre-meet favorite, in the \$90,000 Tam O'Shanter golf tournament held last week in Chicago.

For his fifth place finish Dave collected \$2,350 in prize money. National Open Champion Julius Boros took over as high moneywinner for the year by capturing \$25,000 first prize. Cary Middlecoff, defeated in the playoff by Boros, had to be satisfied with second place and a measly \$12,500.

Dave, playing along with Jack Burke and Ed Furgol on the final regular round of the tournament, lodged a complaint against Middlecoff for taking excessive time during the final 18 holes.

The complaining threesome protested that the delay, ordered by tournament officials so that the finish could be televised, adversely affected their scores. It was their opinion that the Middlecoff-Harbert-Ogden threesome should have been penalized two strokes under the game rules for delaying the play.

Both the tourney officials and the PGA pointed out that the allowup was the privilege of the sponsor and further pointed out that the group finished in four hours when four and a half hours was the scheduled playing time per threesome.

Thirty-six of the 53 candidates who have been invited to attend the pre-season practice sessions are sophomores and will be starting their first season on the Delaware team.

The early days of practice will provide a period of mutual adjustment for both coaches and players. For the first time, members of the team will meet new backfield coach Gene Stauber and end coach "Whiz" Wisniewski. The two coaches, in turn, will observe and evaluate the material which coach Nelson expects them to whip into winning form by September 27, when the Gettysburg Bullets invade Wilmington Park.

By holding up the price of pepper from 35 cents to \$2.75 a pound, the Government has built up a pepper stockpile sufficient to last for several hundred years—perhaps 1,000 years, according to Rep. Edward Martin, of Pennsylvania.

That sort of buying, Mr. Martin says, is one reason why the President's budget amounted to \$85,400,000,000. The price of pepper, he explained, fell sharply when government buying stopped. As a result, he added, the stored pepper is now worth much less than what the government paid for it.

Another instance of costly Federal planning, Rep. Martin added, was a bridge project near Decatur, Ga. Government engineers decided they could save the taxpayers \$1,000,000 by building the bridge on dry land near the river and then diverting the water under the bridge in a new channel.

When the bridge had been finished, Mr. Martin said, it was found that it would cost \$6,000,000 to divert the river, so that instead of saving \$4,000,000, the project cost \$4,000,000 more than the original estimates.

Every citizen should take an interest in such waste of taxpayers' money, Mr. Martin declared.

"This waste is paid out of the pocket of everyone who works, whether it be on the farm, in the factory, in the office, in the mine, or anywhere," he emphasized.

His mother, Mrs. Alwine Sultmeier is a widow. He has two brothers and a sister. In September, he will enter Newark High School where he expects to be a member of the senior class. He has studied English for six years and speaks the language very well. The Dempseys have had three youths in their home. Herbert Moller left for his home in Germany on Aug. 3. The Dempseys took him to New York City by auto. John Freeman Payne, Jr., the English youth, expects to be sent to a fruit farm. All three boys had the opportunity to meet here and discuss their impressions and exchange ideas.

The Harkness reunion of the descendants of Samuel and Katrina Hauser Harkness will be held Aug. 24 at their home of Mrs. Louise H. Dempsey at "Blackstone."

Harmony Grange will hold its one meeting for August on next Monday at 8:30 p.m. Members are reminded of this date. The grange granted the Ebenezer Methodist Church the use of its hall for the annual jubilee as a community service project. There was no fee for the use of any equipment.

A card party will be held next Tuesday night at 8 p.m. at the hall.

Mr. and Mrs. Rollin Farmer and children, Rollin, Jr., Francis, and Linda, are vacationing with relatives in Virginia and West Virginia.

The annual jubilee was a great success despite bad weather which shifted the affair to Harmony Grange Hall in place of Little's Grove. More than 300 were served at the baked ham supper with Mrs. Alex Butlik as chair.

The afternoon speaker was the Rev. James H. Hughes from Grassville, Md. He discussed "Relationships." The original variety show "Flavia Floop's Fling" delighted the audience. Mrs. Melvin Dempsey in the role of Flavia, a spinster, was equal for any situation which she met while visiting countries in Europe, Hawaii, Japan, and the big cities in America. She was entertained with songs and dances enroute. Mrs. Kinsey Whiteman was the accompanist assisted by Miss Anne Beyerlein, and Mrs. W. Floyd Jackson. Granville Greenplate was the announcer with Mrs. Gilbert Unger, the ticket agent. Miss Joan Heizenroder of Newark, gave the dance numbers. Twenty nine young people participated in the show. The scenery and costuming was designed and planned by Mrs. Paul Nelson, Mrs. Richard La Fountain, the Rev. E. J. Horney, Mrs. K. Whiteman, and Paul Arays.

Mr. Horney will be on vacation for the next two Sundays. Paul Lovett, a layman of Newark Presbyterian Church, will speak this Sunday and Lindsay Greenplate on Aug. 24. ### Paul D. Lovett Lauds Work Program Of Delaware Commission On Youth

"It is my firm belief and hope that many constructive results will accrue from the efforts of the Delaware Commission on Children and Youth. Our State has set up this permanent follow-up to the 1951 White House Conference on Children and Youth to study services and facilities available in Delaware to this age group. We hope to find where gaps may exist and what can be done to fill them. The cooperation of all individuals, agencies, institutions and organizations is remarkable and satisfying," so stated Mr. Paul D. Lovett, vice president of the Delaware Trust Company, a member of the executive committee of the Commission and a resident of Newark.

"The accomplishment," Mr. Lovett stated further, "of a few clearly defined objectives by the Commission on Children and Youth will be an encouragement to all of us in Delaware who feel that our State is enlightened, always moving forward, always increasing opportunities for its citizens to develop into worthwhile individuals."

A past commander of the Newark American Legion Post and past president of the Newark Lions Club, Mr. Lovett has also spent several years as a Sunday school teacher at the First Presbyterian Church here.

When asked at what point his interest developed in community progress, Mr. Lovett related that, "Shortly after graduation in 1918 from the University of Delaware, I became associated with the Boy Scout movement and the University's Alumni Association."

Through the years, I realized the importance of helping people to help themselves. This naturally led to my work with the Commission for the Feeble Minded and the Ferris School for Boys. Now my interests have focused upon the work of the Commission on Children and Youth which holds its second annual conference at the Dover Field House on December 6, 1952. All of us — fathers, mothers, children, youth, businessmen — no matter what fields we are in, we should gather together that Saturday to share our thinking and action. It is indeed gratifying to live in a State where cooperation in the social service field is so advanced and mature," Mr. Lovett concluded.

### No Delay Expected In Regular Social Security Payments

September Checks Include Increased Amounts Due To Recent Law Amendments

Myron Milbourn, manager of the Delaware social security office, does not believe that the job of increasing four million social security payments will cause any delay in mailing the September checks, due about October 3. More than 11,000 persons in the State are entitled to the monthly payments because of retirement and practically every family or the rolls will receive more money as a result of recent amendments to the social security law.

"If the increase does not show on a check when it arrives early in October, and an increase is due, a later check will make up the difference," Mr. Milbourn added.

Most retired workers whose payments are based on wages after 1936, will get payment increases of from \$3 to \$9.50 a month. The average increase for retired workers will be about \$4. In general, benefit payments to wives, widows, children or parents will be increased proportionately; the local manager pointed out, however, that the increases for dependents and survivors will be less than those for retired workers—in most cases, these increases will be about \$2 to \$5. In a few families the increase to the retired worker himself will bring the family total up to the maximum amount permitted by the law and no increase can be made to the dependents in these cases.

"The 1952 amendments also provide for larger benefits to people whose social security payments are based on earnings after 1950," Mr. Milbourn

declared. A few benefits now being paid are based on earnings after 1936, and in the future more and more will be. For these, the former law provided that the amount of these payments would be 50% of the first \$100 of the average monthly wage after 1936 plus 15% of the next \$200.

The effect is an increase of up to \$5 a month. The increases provided for dependents and survivors are in proportion to those for retired workers. The amount of the payment for a dependent or a survivor depends on the amount of the worker's benefits.

## COURTESY PAYS on party-line telephones, too

Little courtesies, like sharing the road, help to make life happier.

Consideration for the other fellow is the basis of good party-line telephone service, too. If you are always courteous on the telephone, you're sure to find your party-line neighbors the same. Remember the three R's of party-line courtesy — Relinquish the line as soon as possible when you hear others try to use it; Replace the receiver gently when you find the line in use; Regulate your calls so that others may use the line in-between.
