

Robertson's Garage And Equipment Lost In Fire

Fire of undetermined origin Tuesday night completely destroyed the garage and all equipment owned by Raymond Robertson on the Ogletown Road near here.

The flames were well underway when the Aetna engine arrived, but the volunteers managed to confine the flames and save the house which was on the verge of catching fire.

Mr. Robertson operated a repair shop employing three men in the garage.

STOCKHOLDERS MEETING

The Annual Meeting of the Stockholders of the Farmers Trust Company of Newark will be held at its office, 111 State Street, Newark, Delaware, on Tuesday, January 14, 1947, at 11 o'clock A. M.

CERTIFICATE OF REDUCTION OF CAPITAL OF WORTHINGTON MOWER COMPANY STATE OF WISCONSIN )

WORTHINGTON MOWER COMPANY, a corporation organized and existing under the General Corporation Law of the State of Delaware, does hereby certify:

First: That at a meeting of stockholders of said Worthington Mower Company held on the 16th day of December, A. D. 1946, pursuant to due and legal notice thereof in the manner provided for by the By-Laws of said corporation and the laws of the State of Delaware, there was in attendance at said meeting in person or by proper proxy the owners and holders of all of the issued and outstanding capital stock of said company, namely, the owners and holders of 3175 shares of common stock of said company and the owners and holders of 2600 shares of preferred stock

of said company. Second: That by the Certificate of Incorporation of said company, the voting power of the stockholders of said company is vested exclusively in the holders of the common stock; that there was presented to said meeting and filed with the records of the company the written consent of the holders of record of the total number of shares of the corporation having voting powers at that time issued and outstanding, namely, 3175 shares of common stock, to the reduction of the par value of the common stock of the company from \$100.00 per share to \$50.00 per share; that thereupon a Resolution was duly adopted by the affirmative vote of all of the issued and outstanding common stock of said company, namely 3175 shares of common stock, to reduce the capital of the company by the amount of \$225,000.00 in the following manner: By reducing the par value of the shares of the common stock of the company from \$100.00 per share to \$50.00 per share in conjunction with appropriate proceedings under Section 26 of the General Corporation Law of the State of Delaware.

Third: That the assets of the company remaining after such reduction are sufficient to pay any debts, payment of which has not been otherwise provided for.

IN WITNESS WHEREOF, said Worthington Mower Company has caused its corporate seal to be hereunto affixed and this certificate to be signed by O. T. Jacobsen, its President, and E. A. Jacobsen, its Secretary, this 16th day of December, A. D. 1946.

WORTHINGTON MOWER COMPANY By O. T. Jacobsen President E. A. Jacobsen Secretary

WORTHINGTON MOWER COMPANY CORPORATE SEAL DELAWARE 1920

STATE OF WISCONSIN ) SS: RACINE COUNTY

Be it remembered that on this 16th day of December, A. D. 1946, personally came before me, Donald A. Butchart, A Notary Public in and for the County and State aforesaid, O. T. Jacobsen, President of Worthington Mower Company, a corporation of the State of Delaware, the corporation described in and which executed the foregoing certificate, known to me personally to be such, and the said O. T. Jacobsen, as such President, duly executed said certificate before me and acknowledged the certificate to be his act and deed and the act and deed of said corporation; that the signatures of the said President and of the Secretary of said corporation to said foregoing certificate are in the handwriting of said President and Secretary of said company, respectively, and that the seal affixed to said certificate is the common or corporate seal of said corporation.

IN WITNESS WHEREOF, I have hereunto set my hand and seal of office the day and year aforesaid.

Donald A. Butchart Notary Public, Racine County, Wisconsin. My Commission expires July 10, 1948.

DONALD A. BUTCHART NOTARY PUBLIC RACINE COUNTY, WIS.

The FORD Six is a Powerhouse, too! GET UP AND GO! Touch your throttle and you're OFF! In the hills, on the level—anywhere you drive—the brilliant new Ford "SIX" Engine gives you smooth, flexible power. LOW FUEL CONSUMPTION! This big Ford "SIX" has a small appetite. You'll marvel at the higher mileage you get per gallon. More power per dollar, more power per gallon than ever before! BIG-CAR ROOM! You can have this economical power in any of Ford's large roomy models—De Luxe or Super De Luxe. You'll like the soft roomy seats. You'll like the comfort combination of smooth power and the smooth ride you get from "Rest-ride" springs. TWO GREAT ENGINES! Whether you choose the Ford "SIX," or the famous V-8, you'll save gas with balanced carburetion, save oil with 4-ring aluminum pistons. And you'll ride in safety in the unit-welded "Lifeguard" body, with sure stopping power in Ford's large king-sized hydraulic brakes, largest in the low-priced field. Plan now to own the BIG new Ford. THERE'S A Ford IN YOUR FUTURE

FADER MOTOR COMPANY Newark

## DELAWARE FARM FRONT THIS WEEK

### Poultrymen Advised To Cull Flocks Regularly

The application of fertilizer to soil conserving crops will again be one of the conservation features of the 1947 Agricultural Conservation Program in Delaware, according to C. E. Ocheltree, state director of the Production and Marketing Administration.

There will be credits paid for both the application of phosphate and potash. These materials may be applied for credit only to the following crops: permanent pastures, established hay crops or rotation pastures, legumes and grasses seeded alone in the fall of 1946 or during the 1947 program year, or seeded with a small grain nurse crop, and winter legumes or ryegrass seeded after June 30, 1947, with or without a nurse crop.

The credit rate for phosphate will be 80 cents per hundred pounds of 20 per cent superphosphate or its equivalent.

For the application of potash alone, there will be a credit rate of \$1.50 per hundred pounds of 60 per cent muriate of potash.

If you want to make money with poultry, continue culling flocks, urges Frank Gordy, Extension Poultryman for the University of Delaware. Constant culling of birds showing signs of poor production will reduce mortality and increase efficiency of egg production. The hen that lays well is usually a contented bird, a good worker—not a "roost-sitter," a hearty eater, friendly and not too nervous. Consider these general characteristics along with physical qualities in deciding which birds to eliminate, thereby maintaining the efficiency of your flock. For more detailed information on culling, Extension Circular No. 53, "Poultry Culling and Selection," is available at the University of Delaware, Newark; or from county agricultural agents' offices.

Home gardening will still be important in 1947, it was stressed at the National Garden Conference meeting in Washington, December 5 and 6. Among the chief incentives for the 1947 garden program will be assisting the families of America in meeting the cost of living, and aiding in the development of cultural values that come with home gardening and home grounds and community improvement. For the past five years, Delaware families who have grown victory gardens have realized the benefits of home produced food, and they are urged to continue their gardening activities in 1947.

War Food Order 135, which has given preference to World War II veterans in the purchase of farm machinery, will be terminated on February 8, 1947, and no new preference certificates will be issued after December 9, 1946, the U. S. Department of Agriculture has announced. Veterans who now hold preference certificates and can show continuing need for farm equipment may request that their priorities be extended to the termination date.

This order, which became effective June 25, 1945, provided for the issuance of preference certificates by County Agricultural Conservation Committees of veterans who could show need for new farm machinery to establish or reestablish themselves in farming. Dealers were required to give priority to the holder of these certificates.

## DATE FIXED FOR END OF CROP LEVELS

### 2-Year Deadline Is Set On Farm Price Supports

The President's proclamation of the cessation of hostilities establishes definite termination dates on the price support program for a number of Delaware farm crops, reports C. E. Ocheltree, state director of the Production and Marketing Administration in a review of the effect of the proclamation on agriculture. He says that the terminal date of the wartime price support programs will be December 31, 1948.

Under the Stabilization Act of 1942, prices of the two "basic" commodities produced in Delaware—corn and wheat—are to be supported for two full calendar years following the cessation of hostilities at 90 per cent of parity.

The Steagall Amendment required that prices of certain commodities be supported through loans, purchases or other operations at not less than 90 per cent of parity or other comparable price of the commodities for which the Secretary of Agriculture by formal announcement had requested an expanded production for war purposes. The Steagall Amendment provided that these supports should also be in effect for a period of two full calendar

years following the proclamation. The "Steagall Commodities," those for which expanded production was formally requested, produced here in Delaware are hogs, eggs, chickens over 3½ pounds live weight, turkeys, milk and butterfat, soybeans for oil and white potatoes and sweet potatoes.

The President's proclamation has the effect of setting December 31, 1948, as the definite termination date for the termination of the supports for these farm products.

### Edwin Wallace Elected Guernsey Club Member

The American Guernsey Cattle Club announces the election of Edwin M. Wallace, Harmony Farm, Route 3, Newark, to membership. Mr. Wallace has a herd of registered Guernseys on his farm.

The American Guernsey Cattle Club is a national organization of more than 30,000 breeders of purebred Guernseys. It records the registrations of purebred Guernseys which trace to the Island of Guernsey, the original home of the breed, in the English Channel. It also supervises tests of production and through Golden Guernsey, Inc., supervises the marketing of Golden Guernsey Milk.

## LECTURE AT U. OF D.

Guest speaker at the University of Delaware today will be Mr. Earl P. Hanson, renowned authority on geography and consultant to the U. S. Army during the past war on jungle warfare and survival methods, who will have as his subject New Worlds in the Tropics. The lecture will be held in Mitchell Hall at 11:15 a. m., according to an announcement made by Mr. Francis X. Gallagher, chairman of the University Hour Committee.

Mr. Hanson has gained a wide reputation both for his explorations and for his platform lectures, having explored such widely differing areas as the polar regions, desert and mountain sections, and the entire Amazon River Basin and lectured on them to representative scientific societies as well as to the general public.

Mr. Hanson has had five full-length books published between 1938 and 1944. He has edited several others and has collaborated on a number of works, in addition to publishing numerous articles and reports on technical subjects.

**BANG! BANG!** You owe me 2000 bucks!

Cough up, Pop, or he'll let you have it!

You've always wanted him to go to college, isn't that so?

And you know how much college costs. About \$1000 a year . . . and that's just average. (At some colleges, it's considerably higher.)

Well, if he's the age of this youngster, he's half-way to college now. That means you should have two years' college expenses saved up for him already.

Have you that much already set aside . . . just for that purpose?

**A good month to start catching up, Pop!**

If you haven't, here's a sensible way to catch up a bit:

Go to your paymaster or office cashier today and say, "I want to buy an *extra* U. S. Savings Bond." Or . . . get one at your post office or bank.

**Get the 4th year of college free, Pop!**

Remember, U. S. Savings Bonds are more than just the safest investment in the world.

They enable you to save for 3 years of education for your child and get the 4th year free!

Because for every \$3 you put in, you get back \$4 when your Bonds mature.

You don't want your child to miss out on the advantages of a college education.

Take one more step to make sure he doesn't. Get an *extra* U. S. Savings Bond now.

**BUY YOUR EXTRA BOND NOW!**

# Don't Dial

until you hear the steady hum-m-m of the DIAL TONE

If you do, you'll get the wrong number . . . or no number at all. And you'll tie up the equipment. There may sometimes be a slight delay before you hear the familiar hum-m-m-m. But it will pay you to listen for it.

## HINTS FOR HOUSEWIVES

The following homemaking suggestions are compiled by the home economics specialists of the Delaware Agricultural Extension Service:

How to keep food costs in line with the family pocketbook without overlooking good nutrition is a common problem for homemakers, but it can be done by using some of the following budget-saving ideas:

Buy standard packs of canned vegetables or fruits instead of choice or fancy packs . . . just as high in food value.

Use B or C grade eggs for some cooking purposes.

Try evaporated milk or top milk on cereals or puddings and in beverages instead of expensive cream.

Buy commercial and utility grades of meat frequently. They are just as good as more expensive grades when properly prepared.

Make use of leafy tops of young beets and turnips—inexpensive sources of vitamin A.

Keep the sink drain in good condition by pouring boiling water down it every few months. This softens and carries away clogged grease. Before using drain cleaners on the market, know how lye reacts with grease. Soda lye combines with grease to form hard soap—potash lye forms soft soap. Sometimes if the drain is badly clogged with grease, soda lye forms enough hard soap to close the pipe entirely, causing more difficulty than the grease.

If dishes must stand before washing, be certain that coffee and tea cups are rinsed out, otherwise these beverages may leave a dark stain that is hard to remove. If a cup does become badly stained, rub with a moist cloth dipped in baking powder. Do not scour china or pottery, for this may cause color or glit to fade and damage the smooth finish. Chipped or cracked dishes or those with the glaze off are not sanitary, however, they are washed. Wash and handle with care to prevent such damage.

### New Dog and Hunting Licenses Available

State hunting—fishing licenses and dog licenses for 1947 are now available here, it was announced yesterday. Those interested may secure the permits at Magistrate J. H. Rumer's office in the Town Council offices.

### Last Rites Monday For Helen Kerr Wood

Funeral services were held Monday at State College, Pennsylvania, for Mrs. Helen Kerr Wood, widow of Professor Arthur J. Wood.

Mrs. Wood was a former resident of Newark, the daughter of George and Clara Chamberlain Kerr.

At the time of his death, Professor Wood was head of the Mechanical Engineering Department of Pennsylvania State College. Prior to 1904, he was head of the Engineering Department of Delaware College.

Mrs. Wood is survived by a son, Reginald D. Wood and a grandson, Arthur S. Wood, of Syracuse, New York. A brother, Andrew Kerr, Sr., of Bethlehem, Pa., and two sisters, the Misses Mae and Alice Kerr, of Newark, also survive.

### Vets Hold Rank If ERC Enlistment Rules Are Met

Former Army enlisted men discharged after January 1, 1947, must enlist in the Enlisted Reserve Corps within sixty days from date of discharge if they are to retain their rank in the Enlisted Reserve Corps.

Former Army enlisted men discharged after May 12, 1945, but before January 2, 1947, may enlist in the ERC in grade held at time of separation but must enlist before July 1st, 1947, in order to do so. For more information see your local recruiting officer.

### Visiting Nurse Makes 232 Calls In December

A total of 232 visits, including 212 nursing instructional calls, were made during December by Miss Alice Leak, visiting nurse for this section of New Castle County, according to her monthly report released yesterday.

The cases and the number of visits each required are broken down as follows: prenatals, 3, visits, 3; maternity cases, 2, visits, 2; heart diseases, 7, visits, 46; kidney diseases, 5, visits, 29; fractures, 2, visits, 14; arthritis, 1, visits, 12; paralysis, 4, visits, 38; asthma, 1, visits 8; anemia, 1, visits, 2; intestinal diseases, 10, visits, 33; cancer, 1, visits, 7; miscellaneous and treatments, 35.

### Employment Of Former Out-Of-State Workers Up

Reports of the Unemployment Compensation Commission show employment of former out-of-state residents in Delaware, increased 7,685 in the nine months ended Sept. 31, 1946.

On Jan. 1, 1946, there were 26,849 persons carrying social security cards issued in other states employed in Delaware. By Sept. 31, 1946, the number of such persons had increased to 34,534.

## 11.7 PER CENT OVEN MEALS HIKE IN DEL. TAX RETURNS EASY TO GET

### Over 8 Million Is Collected By State Last Year

Receipts for the State Tax Department for the past fiscal year showed an 11.7 per cent increase over the previous twelve months, according to Pierre S. duPont, state tax commissioner in a recent report.

During 1946, a total of \$8,149,749.23 was collected by the department, which exceeds receipts of the previous year by \$858,074.73. Collections exceeded yields of any other year in the history of the state, notwithstanding the cigarette tax law which expired in 1945 and the war emergency gross income tax law which expired in 1944.

Collections from inheritance and estate taxes represented the highest increase in source of revenue, amounting to \$3,065,805.19, an increase of \$2,563,616.23 over the previous year. With the exception of 1929, this total constituted the largest source of revenue from death taxes in the history of the state.

Largest revenue producer was the franchise tax, which yielded \$3,134,748.55. The number of new companies incorporated under Delaware law indicate an additional increase in franchise taxes for future years, according to the report.

## PLAN 3-DAY FARM SHOW

### Crop Exhibit

The 38th annual exhibit of Delaware farm crops is being held Thursday, Friday, and Saturday, of this week, January 8, 9 and 10, in the Georgetown High School, Georgetown, as an activity of the Delaware Crop Improvement Association.

Featured in the scores of exhibits at the high school will be ten different classes of farm products which will include entries of corn, small grains and seeds, forage, sweet potatoes and white potatoes.

The association will hold its 40th Anniversary Dinner, Friday, January 10, in the Georgetown Grange Hall, at 6:30 p. m.

The principal speaker at the banquet will be Carlton S. Garrison, extension agronomist, Rutgers University.

Another highlight of the program will be the official announcement by the association of the state's champion corn and champion barley growers as determined through the five-acre corn and barley yield contests sponsored by the association this past season. Each of the winners of the state contest will be awarded trophies and county winners will be presented other awards.

### Baked Dishes Simplify Menu

When the rush of entertainment puts a time limit on meal preparation, a reserve meal plan of oven and casserole dishes will save the day, says Miss M. Gertrude Holloway, nutrition specialist of the Delaware Agricultural Extension Service.

Quick preparation and long baking without watching are among the advantages of oven-cooked meals, and casserole dishes make good use of left over meat and vegetables. Miss Holloway suggests a scalloped potato casserole with sausage topping or a meat pie as a time-releasing one-dish meal.

A variation of the meat and potato casserole is as follows: Line a baking

dish with mashed potatoes. Fill the center with vegetable stew and left-over bits of meat or fish. Cover with mashed potatoes, bake in a hot oven (400 degrees F.) until hot through and brown on top. If you have just a little potato, make only the upper crust.

The dessert, gingerbread made from already prepared mix, or baked apples, goes into the oven along with the casserole. Homemade mixes will save much time when pastry, biscuits, cornbread and gingerbread are needed in a hurry. Ingredients for these may be mixed ahead of time, except for the eggs and milk, then kept in tightly closed jars in a cool place until needed.

The holiday season is the time to rely on canned foods which take only a few minutes to warm. A main dish of canned beef with tomato, onion and vegetables can be concocted in a hurry. Canned chicken can be creamed or used in cream soup or chowder. A ham omelet is a quick dish that takes only a few minutes to make, while a fluffy cheese omelet is a supper dish fit for any special occasion.

### Tax Declaration Deadline Jan. 15

A reminder to federal taxpayers that Jan. 15 is the deadline for filing, amending, and paying 1946 declarations of estimated tax, was given recently by Norman Collison, collector of the Delaware District U. S. Bureau of Internal Revenue.

This deadline should not be confused with the March 15 deadline for filing final 1946 income tax returns.

Mr. Collison said approximately 11,000 will make payments through the 1946 declarations of estimated tax and 4,000 will file estimated and amended estimates on Jan. 15.

It is estimated only about one out of every five taxpayers in Delaware are required to file any return on Jan. 15 since this date affects only those taxpayers whose tax is not substantially paid up by withholding from wages.

Principal groups concerned are farmers, business and professional people, and wage earners who receive more than \$100 income from other sources than their wages and those with wages not subject to withholding taxes.

### Accidents Fatal To 116 In U. S. Over New Year's

Violent deaths over the New Year's holiday totaled 116 throughout the nation compared with a Christmas Eve of 297.

Traffic accidents caused 80 deaths from 6 p. m. (local time) Tuesday to midnight Wednesday. Deaths from miscellaneous causes totaled 36. On a similar period of time at Christmas there were 213 traffic fatalities.

Inclement weather was believed to be a big factor in holding down traffic deaths.

California led the nation again with 23 violent deaths, 16 of them from traffic mishaps. California also led Christmas with 70 traffic deaths.

## Wareabouts

Vinnie Mayer is minus a \$3,000 Guernsey heifer as the result of a motorist's carelessness, according to a suit filed in U. S. District Court for \$3,000—the loss, Vinnie claims, he suffered when an automobile killed his pure-bred heifer and broke a "blood-line."

The suit, filed on Mayer's behalf by Attorney Abraham Hoffman, claims that on June 28, John Hall, of Maryland, drove "a motor vehicle into plaintiff's herd of purebred Guernsey cattle which was crossing Elkton Road at a cattle crossing. As a result a 2½-year-old purebred Guernsey heifer was run into and killed. The loss breaks a blood line which plaintiff has been breeding for 14 years and represents a loss of \$3,000. Mayer also asked for an additional \$500, claiming that another Guernsey was injured in the collision, resulting in loss of a calf."

All of which sounds perfectly logical for purebred Guernsey lines, especially after 14 years of breeding, are rather valuable assets to owners—but it certainly will teach us to be extremely careful in the future, when approaching cattle crossing the road . . . and that's no bull.

Coincidentally our own Jack McDowell, U. of D. publicity director, and Jack McDowall, coach of the Rollins College Tars, which the Blue Hens defeated at Tampa on New Year's Day, bear the same name with the exception of a single letter in the spelling of the last name.

Incidentally, did you hear the radio announcer mention that Ralph Smith was at the game, celebrating his birthday? Other notables present were Walter Sparks, who had a close shave, and "Bud" Williams who had a closer shave—from serious injury—when the car he was driving ran into the concrete dummy at Main Street and Elkton Road, breaking his legs and requiring hospitalization . . . imagine that, driving all the way from Tampa only to have disaster overtake you just about four blocks from home sweet home.

Letter from Brandon Davis, at Duke, says North Carolina weather is better than Delaware's. Also says that his psychology prof (who has been there a good many years) also taught Bill Murray, Shaek Martin and Emory "Knocker" Adkins, former basketball coach at the U. of D., prior to entering the Navy. Delaware does all right by Duke athletes, it seems.

Consents to Wm. O. White, elected treasurer of the Curtis Paper Company at a meeting of the Board of Directors held Friday, December 20—it couldn't have happened to a nicer guy. A piece in the Sunday Star says: One of Delaware's five remaining covered bridges—long a delight to local artists and historians—is on its way out. It is the old Curtis Mill Bridge that spans the White Clay Creek on State Route 72 north of Newark.

But before it joins the limbo of forgotten bridges, the State Highway Department will pick it up bodily and transport it to a nearby temporary location, there to take care of its public as a final gesture of service while its successor is being built. It will be established on temporary foundations 100 yards downstream. A detour highway will divert traffic while the modern steel and concrete span is being erected on the spot where the covered bridge now stands.

Construction operations, which will require an estimated four to six months, will cost the State Highway Department \$70,000.

Whether, after its brief terms of grace, the Curtis Mill covered bridge will be destroyed or preserved as a landmark by local historical societies has not yet been decided.

Curtis Mill Bridge has a 96 foot span. The new bridge will have a total length of 170 feet with a roadway width of 26 feet.

Of the four other covered bridges in Delaware only three are in use. They are: Smith's Bridge at Granogue, a 136½ foot span over the Brandywine River; the Wooddale Bridge, a 67 foot span, and the Ashland Bridge, a 42½ foot span.

Another covered bridge at Ashland, 45 feet, 10 inches in length, is a private thoroughfare and too dilapidated to be safe for any but foot traffic.

The State Highway Department is replacing Delaware's covered bridges as they become too old for continued use.

The colorful landmarks were originally built with roofs in order that the untreated timber floorings could be protected from the destructive influences of the weather.

As concrete and steel came into use the roofed bridges were dispensed with as unnecessary.

Thus another old landmark gives News-Journal, Dover State News, Middletown Transcript and Newark Post erroneously stated: "When Dr. Geo. W. Rhodes becomes president pro-tem of the Senate at the organization of the 114th General Assembly, on January 7, it is believed that he will become the first member of the Legislature to have served as both Speaker of the House and president pro-tem of the Senate."

That little phrase "it is believed" is the bone of contention . . . for whoever believed it didn't go far enough to check the records which, we are told (there's another loophole) reveal that this same situation did exist, not once but twice before . . . the last time the same man served both as Speaker of the House and president pro-tem of the Senate was in 1831 and the time before that was too darn far back for anyone to remember.

## LOCAL HOUND WINS HONORS IN 13-INCH CLASS EASTERN BEAGLE CLUB TRIALS HERE

### Cochran's Little Creek Dottie Takes First In B Section Of Trials Sunday; Martin's Polly Wins A Section Of Same Class

Little Creek Dottie, local hound owned by Francis Cochran, took first in the B section of the 13-inch class at the monthly A. K. C. trials sponsored Sunday by the Eastern Beagle Club over the course on the estate of S. Hallock duPont at Milford Cross Roads.

Little Creek Dottie is sired by F. C. Champney's Mac out of Concord Connie.

An unusual large number of entries made it necessary to divide the 13-inch class into two sections with identical prizes being awarded the winners in each.

Red Martin Polly, owned by William S. Martin, Salisbury, Md., was the A section winner.

Banker's Jimmie, owned by Herbert Thornette of Marshallton, nosed out Kettle Drum Ann, owned by Larry Lohman of Wilmington, to take first place honors in the 15-inch class.

Other winners were:

15 inch class—Second, Kettle Drum Ann, owned by Larry Lohman, Wilmington; third, Becker's High Star, owned by J. W. B. Pollett, Salisbury, Md.; fourth, Littleton's Judy, owned by John Littleton, Salisbury, Md.; reserve hound, Brookmar Trudy, owned by George Marine, Salisbury, Md.

13 inch class—A section—Second, Kelley's Letha, owned by John Mac Pottstown, Pa.; third, Red Martin, Miss Moffett, owned by William S. Martin, Salisbury, Md.; fourth, Slicker, owned by William Scholar, Penn's Grove, N. J.; reserve hound, Connell's Dixie Line, owned by Robert Connell, Newark.

13 inch class—B section—Second, Limestone Lassie, owned by Thomas Rogers Penn's Grove, N. J.; third, Connell's Dixie Man, owned by Vernon Connell, Landenberg, Pa.; fourth, Oakwood Bess, owned by Edgar Lawson, Newark, reserve hound, A's Little Lady, owned by Alonzo LeCates, Wilmington.

The hounds were judged by James Springer, Wilmington; Vernon Connell, Newark; James Bowman, Pikeville, Md.; Henry Paraczewski, Wilmington; Stewart Schwartz, Baltimore, Md.; and Roy Bundick, Philadelphia.

Worth Steel handed Newark its first defeat in the New Castle County Basketball League Tuesday night and, with the same blow, toppled the locals from the circuit lead.

The Steelers won by a 47-34 count to take over the loop helm. On Monday night, they downed Elmburst to secure second place.

Reed with 14 points, on five field goals and four fouls, was the leading scorer against Newark for the Worth quintet.

Ken Barnes, gave a stand-out performance for the locals, pouring in eight action shots and a free toss for 17 points. Lee was runner-up with seven points.

Only sixteen games remain to be played by each team in the league, and competition is tightening for the right to play in the Shaughnessey play-offs.

At the end of the regular season, the first four teams will play for the league championship.

## WILD LIFE RESOURCES HARD HIT

### Financial Aid Being Sought

The nation's wildlife resources face "critical times in the years immediately ahead," according to a House special committee report recently.

"Already the increase in hunting and fishing pressure," the report said, "has been greater than most people expected, even though administrators had generally realized there would be a large increase immediately after the war."

The House Select Committee on Conservation of Wildlife Resources, which was headed by former Representative Robertson (D-Va) before his election to the Senate, recommended:

1—Greater financial aid for wildlife management.

2—Special emphasis on research in wildlife management.

3—That appropriations for the new fiscal year include grants-in-aid to the states in an amount equal to the current receipts from the special excise tax, and funds for the conservation agencies of the federal government "in an amount sufficient to enable them to do the increased work expected of them."

4—Stream pollution legislation.

5—Continuation of the House Select Committee on Conservation of Wildlife Resources during the new Congress.

## Bill Murray To Be Guest Of Phila. Sport Writers

William D. (Bill) Murray, coach of the University of Delaware football team which is undefeated in 31 games and Jack Kelly, Jr., U. S. and Canadian single sculls rowing titlist, will be guests at the Philadelphia Sports Writers Association annual dinner, January 30.

Stan Mustal, St. Louis Cardinal outfielder and 1946 National League batting king, will be the guest of honor.

## NEW TOWN COURT LOOP OPENS HERE

### Twin-Bill Will Launch League In Gym Tonite

Competition in the newly organized basketball league, sponsored by the Newark Recreation Association, will get underway tonight, with two games scheduled for the high school gymnasium, the first beginning promptly at 7:45 o'clock.

The league consists of four teams composed of local youths around 21 years of age. The Red Men Lodge is sponsoring a team, as is the Newark Athletic Association, which also has entered quintets in the New Castle County League and the Susquehanna League. The latter's team in the town circuit will not include men playing on the group's other quintets, it was said.

Tonight's twin-bill at the high school will pit the Dukes against the Spiders in the opener, after which the Newark A. A.'s Pinballs will tangle with the Red Men.

The remainder of the schedule for January is as follows:

Thursday, January 16—Dukes vs. Red Men Spiders vs. Pinballs.

Thursday, January 23—Spiders vs. Red Men; Dukes vs. Pinballs.

All games will begin promptly at 7:45 p. m.

A longer schedule has not been worked out as yet, since it is hoped that by February additional teams will be ready to join the league.

Recreation officials also repeated their former announcement that the high school gym will be open for girls' basketball every Wednesday evening from 7 to 8 o'clock, following which mixed groups may join in volleyball or badminton from 8 to 10 o'clock.

4,547 Script-Pages Is Radio's Daily Word Output

You think YOU'RE tired of radio commercials? The Federal Trade Commission said in its annual report recently its job in 1946 included reading an average of 4,547 pages of radio script each working day.

## JACKET COURTMEN SET TO MEET P. S. DUPONT TONITE; DROP FIRST TWO CONTESTS

### P. S. Game Moved Ahead One Day; Jackets Downed By Sallies And A. I. DuPont; Take Early Leads But Lack Final Staying-Power

After faltering in their first two starts this season, the Newark High courtmen venture to Wilmington again tonight, this for a try at P. S. duPont High. The game, originally scheduled tomorrow night, was moved ahead at the duPonters request.

The Jackets will return to the home floor next Tuesday, when they are booked to take on the Claymont Hawks, the Jayvees starting at 7:30 p. m.

In their first two engagements this year, the Jacket quintet displayed much the same flaws that plagued last year's five, which usually spurred to the lead in the first half, but, lacking stay-power, was beaten out by a slim margin in the final sessions.

Against both Salesianum and A. I. duPont, the diminutive Jacket, outmanned in height and reach, set the pace in the first half, with fast, hard-charging, ball-stealing play, but were unable to keep it up in the final periods, when the superiority of their taller opponents began to tell.

The Jackets almost turned the trick against A. I.'s Tigers Tuesday evening, when they jumped to a hefty 12-5 lead in the opening period and boasted it to what seemed a secure 26-16 margin at half-time, but it was a different story when A. I. came back to gobble up Newark's lead with a flurry of goals, mostly by McCash and Gailey, and inched into a 32-31 lead by the end of the third period. They quickly extended it to 38-31 in the final session, but the Jackets, in a final desperate spurt managed to quench the Tiger rally and closed the gap again 38-38 in the last 10 seconds. Gailey sank the winning goal for A. I. with a one-hand dribble shot.

Gregg led the Jacket scorers with eight action shots and four penalty goals for 20 points. Cozzetti was second with 7 counters.

In their debut against the Sallies here last Friday evening, the Jackets also moved into a first-half lead, only to be overwhelmed in the final session. The game opened slowly, with most of the scoring coming from the penalty line, the Jackets coming out on 7-3 at the quarter. Thins speeded in the second canto as the Jackets began to find their eye sinking action shots to give them an 11-7 half-time lead.

The second half was almost wholly Salesianum's as the Wilmington wrecked up 13 points in the quarter, seven contributed by four—in Blackburn. Once in the lead, Sallies never yielded the advantage.

Bobby Gregg topped the Newark scorers with 10 points and Sallies knocked 7.

# AUXILIARY ORGANIZES NEW UNITS

## Executive Committee Holds Meet

Three new American Legion Auxiliary units were recently established at the state at Lewes, Harrington and Anston Heights and four more are in process of organization. It was announced at a recent meeting of the executive committee of the Department of Delaware in the Legion rooms at Dover.

Mrs. Llye Mowlds, chairman of Americanism announced that the department will again participate in the National Americanism Essay Contest, the subject of the essay this year is America's Contribution for a Permanent Peace." A set of World Book Encyclopaedia will be presented by the Harris Corporation to the winner of the contest in each department. A \$5.00 prize will be awarded by the department of Delaware as well as three and two dollar prizes for the 2nd and 3rd winners. A cash prize of \$100 will be awarded to the National winner.

Delegates from the Auxiliary to the Women's Patriotic Conference for National Defense at Hotel Stadler in Washington, D. C., on January 24, 25, 26, will be Mrs. John Benson, department president; Mrs. Fred Smith, national executive committee woman; Mrs. William N. Cunn, Mrs. J. Harvey Dickey and the national defense chairman from each unit in the department.

Mrs. Elizabeth Dressner, rehabilitation chairman, reported that approximately 700 gifts were received for the Christmas Shops at Veterans Hospitals at Perry Point and New Castle. These gifts as selected by the patients were wrapped by the Auxiliary members and mailed to veterans' families in nearly every one of the 48 states. One hundred and twenty-six Delaware patients of World War I in various Veterans Hospitals throughout the nation were remembered by the Auxiliary with individual Christmas gifts.

The department presented 1,000 holiday trays favors to the Veterans Hospitals at Perry Point and New Castle. These favors were made by various organizations throughout the state. The Miniature House made by a veteran at Perry Point Hospital was sold for \$25.00 and the money presented to the veteran.

Mrs. Orville Little, chairman of education of war orphans, reported that the department is sponsoring tuition for a war orphan at Beacon College.

# LANDLORD AND TENANT CLASH HERE

## Nardo Opens Store In Effort To Oust C. Dean

Following is an article of local interest which appeared in last week's issue of the Sunday Star:

"A disgruntled Newark landlord, who was informed by the Court of Common Pleas that he could not evict his grocer tenant until May, tried another method last week when he opened a competitive grocery store in the same building with slashed prices that seem like prewar standards.

Clarence B. Dean, who has been running a little neighborhood grocery store on South Academy Street since 1939, said that he was "out to fight the cutthroat prices" of his landlord, who "aims to put me out of business."

Flore Nardo, who owns the building in which Dean operates the grocery store, opened his own establishment last week in the adjacent store in the same building. He splashed his window with posters showing slashed prices, which included: all popular brands of cigarettes at 15 cents, two cents lower than elsewhere; milk at 18 cents a quart, three cents under regular prices; hot dogs at 10 cents a pound cheaper than standard prices and other meats, dairy products, and canned goods as low in prices as "super-markets."

Dean's prices dropped also to meet his landlord's. The tenant promised he would match his competition, and would not be thrown out of the building until his time was up in May. "He may have more stuff than me," said Dean, "but the customers are still coming here." Many of his customers are embittered by the fight, Dean pointed out, and pay the extra pennies for which the items normally sell.

Nardo halted Dean to court last December in an attempt to evict him. The struggle had been going on since July, when Nardo asked Dean to vacate after increasing his rent 45 per cent. In the Court of Common Pleas, Judge P. Warren Green, ruled that Nardo could not evict Dean, and the landlord must stand by a verbal agreement to lease the property until May."

### 38TH STATE FARM WEEK OPENS HERE JANUARY 27

#### Noted Cornell Farm Educator Heads Speakers' List At U. Of D.

Dr. H. E. Babcock, chairman of the Board of Trustees of Cornell University and widely known educator and agriculturist, will head a group of 42 speakers and discussion leaders at the annual Farmers' Week at the University of Delaware, January 27 to 31, announces George L. Schuster, dean and director of the School of Agriculture.

Dr. Babcock will speak at the general session of the Farmers' Week which will be held Wednesday afternoon, January 29. His subject will be "Inside Our Refrigerator." Dr. William S. Carlson, president of the University of Delaware, will extend greetings on behalf of the university at the general session. Wednesday has been designated as Farm Family Day and sessions for that day are scheduled for both farmers and homemakers.

Throughout the week all the facilities of the School of Agriculture will be devoted to a full program of educational lectures, exhibitions and demonstrations on all phases of Delaware agriculture.

In his announcement, Schuster stated that farming is a business and like any other business, new practices and improved methods of carrying on established practices must be adopted if the business is to be successful.

Farmers' Week, he says, is another opportunity for Delaware farmers to become better informed on the new and improved farm practices and thus advance their businesses.

### JOBS OPEN IN NATIONAL GUARD UNIT

16 Vacancies Receive Only 6 Applications

Although 16 vacancies for full-time employment in the Delaware National Guard, covering jobs paying from \$200 to \$250 per month are available, only six applications have been received. Capt. Leroy Hartsch, maintenance officer with the state staff announced recently.

On'y requirement is that the successful applicants enlist in the Delaware National Guard. One vacancy, that of signal repair supervisor, is for one who will hold a commission in the National Guard. Others will be non-commissioned officers.

The vacancies are for: Artillery chief mechanic, auto electrician, anti-aircraft gun fire control electrician, journeyman machinist, anti-aircraft automatic weapons mechanic, seacoast artillery mechanic, motor engine mechanic, hand and shoulder weapons mechanic, fire control instrument repairman, radar repairman, telephone and telegraph repairman, and auto master mechanic.

Applications should be made to the National Guard headquarters at the New Castle County Airport.

### 4-H Banquet

(Continued from Page 1)

Toastmaster will be Boyd Cook, of the Pencader Club. Clyde and Robert Kirk, brothers from the Kirklin Club will give vocal and piano solos. Group singing will be led by C. E. McCauley, former 4-H Club leader in Delaware.

The committee in charge of arrangements and tickets for the banquet includes Junior Council officers: President, Katherine Frazee, Korner Ketch Club; secretary, Barbara Thompson, White Oak Club; treasurer, Bayard Steele, Forest Oak Club; and members-at-large: May Walther, Bear Club; Johanne Beppler, Forest Oak Club; John Maloney, Kirklin Club; and Steven Barczewski, Pencader Club.

### Food Specialities

Sandwiches to Take Out Imported Olive Oil - Salomi Cakes Full Line of Table Delicacies Open Daily Until 11 P. M. Sundays From 11 A. M. to 11 P. M.

Nardo's Delicatessen 24 Academy St.

### BACK PAY FOR GOBS

#### Urged to File For Leave Pay

All personnel in the Naval Service on September 1, 1946, with more than 60 days unused leave to their credit should file immediately for bond and check payment equal to the value of their excess leave, according to an announcement by the Navy Department.

All claims of service personnel filed after January 1, 1947, must bear their endorsement as to their rate of pay as of September 1, 1946, and the claims forwarded to the Terminal Leave Disbursing Office, Naval Training Center, Great Lakes, Ill.

Claims are now being paid daily at the rate of about 20,000 and less than half of the estimated 3,500,000 claims have been received at the Great Lakes disbursing office.

### Meters Cancelled

Continued from Page 1

Main Street congestion. George Neighbors countered with the contention that the parking lot was useful merely in absorbing the overflow of Main Street parkers and claimed that the one hour rule, if properly enforced, would prove as effective as the meters, especially since the latter also require patrolling and, further, permit a maximum of two hours parking.

The discussion ended on a note of general agreement, with both businessmen and town authorities planning to cooperate in publicizing the free parking lot. Placards urging motorists to use the lot will be placed by the town over the one-hour parking signs on Main Street.

A novel suggestion was put forth during the meeting by Joseph Shields who advised installing the meters and using the receipts to build a fund for erecting a large-scale recreation center here, which would include a swimming pool. Both groups rejected the proposal, claiming the money could be raised more efficiently through subscriptions and benefit affairs.

### Excessive Salt In Diet Bad For Congestive Heart

If your trouble is a congestive heart disease, the current issue of the Journal of the American Medical Association warns against excessive salt in the diet.

The Journal reported that physicians in the Massachusetts General Hospital, Boston, listed improvements in 22 of 35 patients treated. The others showed no improvement, but apparently were none the worse after the experiment. "Musts" in the diet, the Journal reported, included no salt, soda or baking powder. In cooking or at the table, use saltless butter, salad dressings, canned foods, and avoid salted foods such as nuts, potato chips, olives. The physicians also advised not to use medicines containing sodium.

The salt-restricted diet prevents over-accumulation of fluid which swells tissues.

### NHS Students Hear Dr. Earl Armstrong

Dr. W. Earl Armstrong, dean of the school of education at the University of Delaware, was the speaker at the regular Wednesday morning assembly of the Newark High School in the auditorium yesterday. Dr. Armstrong discussed "How to Amount to Something."
