

DEPARTMENT OF STATE
WASHINGTON

November 4, 1940

Dear George:

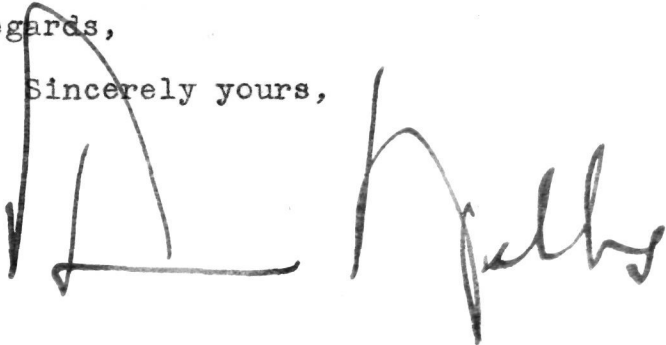

I believe that you will be interested in the attached copy of a memorandum prepared in the Division of the American Republics with regard to our discussions with the Cuban delegation now in Washington. I will keep you currently informed of the conversations which I plan to have with Ambassador Martinez Fraga.

The analysis of the Cuban political situation contained in your letter of October 22 was particularly interesting.

Your despatches have been a very decided help to us in our examination of the memorandum which was presented to us by the Cuban delegation.

With cordial regards,

Sincerely yours,

Enclosure:
Memorandum.

The Honorable

George S. Messersmith,
American Ambassador,
Habana.
