FORTY ENROLL WITH REVIVED NEWARK C. OF C.

Enthusiasm Marks Dinner At Deer Park Monday; New Directors Selected

JACKSON HEADS GROUP

J. K. Johnston Stirs Hearers While Urging Cooperation; Lists Eight Suggestions

Reorganization of the Newark Chamber of Commerce was effected Monday night at the Deer Park Hotel when 40 members enrolled in the revived organization. Thirty of the memberships filed were by new affiliates and former supporters returning to the fold.

The ten member who have served to retain the charter over a dormant period of recent years realigned themselves with the group. A dinner attended by 38 was followed by the business session that marked the reorganization.

Jackson New Head

George F. Jackson, Main Street hardware dealer, was the unanimous choice of the new board of directors for the presidency. He succeeds Weldon Waples of the Newark Lumber Company, retiring president.

Other officers named were: George M. Haney, Wilmington Auto Sales Company of Newark, vice president; Herman Handloff, State Theatre, secretary; and J. E. Dougherty, Farmers Trust Company, treasurer (retained). Directors selected were: Mr. Waples, Dr. G. W. Rhodes, druggist; George Danby, lumberman; J. K. Johnston, National Vulcanized Fibre Company; M. Pilnick, shoe merchant; R. J. Boyd, Newark Trust Company; W. S. Hamilton, Newark Printing Company; and the four officers.

The directors will meet at a dinner session on the second Monday of every month. Meetings of the whole body will take place twice yearly.

Johnston Sounds Ideals

Delivering the principal speech of the night, Mr. Johnston stated that in forming a cooperative body such as a chamber of commerce, the individual desire and willingness to pay the price are essential. "Genuine enthusiasm is necessary," he added, "with the right kind of feeling to one another being vital."

In a brief outline of the history of the Newark Chamber of Commerce, Mr. Johnston paid tribute to former heads including the late George Griffin, founder and first president; the late Everett C. Johnson, Dr. G. W. Rhodes, D. A. McClintock, J. Irvin Dayett, Weldon Waples and E. L. Richards. The speaker was the second president of the body.

Tells of "Old" Newark

Interspersing his talk with bright quips to emphasize a point, Mr. Johnston told of the progress shown by Newark since his boyhood. He recalled winter days when an unpaved Main Street was used as a race course for fast horses hitched to sleighs. "Fox hunting was a popular sport in the open fields back of the Washington House," he reminded.

"Newark has come a long way since those days, and Newark can go a long way from here," the speaker stated in closing.

Eight important things to be considered by a chamber of commerce were set forth by Mr. Johnston during his discourse: (1) to take an inventory of what Newark has to offer to outsiders; (2) to prevent unwise action on the part of the Town Council; (3) to secure civic improvements; (4) to stimulate citizens to improve their own properties; (5) to make a plan and a policy for the development of Newark; (6) to raise money for specific civic needs; (7) to advertise assets and advantages of the city; (8) to start a forward movement and create a spirit of a "Better Newark."

Young Men Stirred

E. L. Richards, retired lumberman, urged young business men to take the lead in advancing the town's position. Dr. Rhodes cited the need for cooperation in a short speech, while Mr. Pilnick, representing the merchants of the town, expressed the need for a chamber of commerce. The nominating committee named the board of directors was appointed by Retiring President

G. F. JACKSON

Prominent figures in the revival of the Newark Chamber of Commerce which took place Monday night at the Deer Park Hotel, Mr. Johnston, a former president, was the principal speaker, while Mr. Jackson was the unanimous choice of the directors for president. Weldon Waples vacated the presidential post to become a director.

PLAY CONTEST FOR STUDENTS

Six Contributions Received at Delaware; To Show at Chestertown

Five plays by students at Delaware College and another by a student at the Women's College were submitted in the playwriting contest for the Dean Edward Laurence Smith Memorial prize of \$50 offered at the University of Delaware. The playwriting contest is a part of the dramatic program.

Plays submitted were "The Dairyman's Daughter" by Jane Trent; "Small At Large" by J. D. Swenhardt; "The Runner" by Percy Roberts; "The Other Mrs. Gordon" by Robert T. Wilson; "It Happened on Deck" by Thomas N. Warren; and "The Swan Song" by Marshall McCully.

Judges of the contest are Professor Winton Tolles, director of dramatics at Washington College; Professor Bruce Carpenter, New York University; and Dr. Richard Allan Arms, Gettysburg College.

Plays at Chestertown

At the invitation of the Washington College Players, the E 52 Players of the University of Delaware will participate in a program of one-act plays to be given at Chestertown on April 16. The local group has selected Pinero's comedy, "Playgoers."

Tryouts for parts were held on Monday and the following cast was tentatively selected:

Kay Castle, Thelma West, Dorothy Counahan, Betty Grimm, Madeline Gooden, Blanche Lee, Benjamin O. Hills, Jr., and William Noonan. Understudies will be Ruth Elliot, Martha Ziebutski and Wilfred Clelland.

The play is being directed by Elizabeth McFarland, a student in the play production course.

Ambulance To Be Brought Here; Delay Presentation

George M. Haney, manager of the Wilmington Auto Sales Company of Newark, announced today that he would leave for Boyertown, Pa., Saturday, to get the new town ambulance.

Official presentation of the vehicle by the committee will be delayed until the return of Dr. John R. Downes, who is now ill.

Partial maintenance of the ambulance will be taken care of through a bill passed by the State House of Representatives this week which provides for a Levy Court appropriation for that purpose.

Card Party Tonight

A card party will be held under the auspices of Newark Chapter, No. 10, Order of the Eastern Star, in Fraternal Hall tonight at eight o'clock.

Mrs. E. V. Armstrong, chairman of the ways and means committee, announced that many prizes will be awarded bridge, "500," sticks, monopoly and bingo winners. Refreshments will be served.

GARDEN NEEDS MET BY AGENT

Worriow Urges Early Start By Preparing Soil When Dry For Working

Get an early start by preparing the garden just as soon as the soil is dry enough to work, urges G. M. Worriow, county agricultural agent. Stable manure should be applied before plowing or spreading and early enough to become well-rotted by the time the garden is planted. Chicken manure, unless it is mixed with litter, is most effective when applied between the rows of growing leafy or green crops.

Rye or wheat sown last fall may be turned down early this spring, or the garden may be rotated with green manuring crops, such as oats and sweet clover. This practice has a sanitary effect on the soil and also greatly improves it by adding organic matter.

Lime Sweetens Soil

Lime may be needed to sweeten the soil, but the amount to apply should be determined by sending a sample of soil to your county agent. The time to apply is just after plowing or spading. Wood ashes contain about a third lime. Sifted coal ashes may be added to lighten the soil.

Grange First Farm Organization To Welcome Women On Equality With Men

By Robert Yearsley

Lecturer, Delaware State Grange

The first farm organization and the only farm fraternity in the world to open its doors to the finer qualities of womanhood, with equal voice and vote with men, the Grange deserves the enthusiastic support and participation of women everywhere.

Just as there can be no real home without the influence of the homemaker, so there can be no Grange that is worth-while without the finer perceptions and influences of women, which leave a stamp for good upon the membership and surrounding country.

Science of Homemaking

For nearly seventy years the science and art of rural homemaking has been advanced and the Grange homemaker has consistently received new and profitable inspirations and experience through the programs of this great rural fraternal organization.

When the Grange was organized on December 4, 1867, the founders, with Oliver H. Kelley as the leader, constantly counseled with his niece, Miss Carrie Hall—"A woman of rare intelligence and education." Therefore, in forming plans for organizing the Grange, women in the Grange have ably assumed the responsibility and sought out the new opportunities which the Grange offers. Farm homes are more convenient, comfortable, efficient and pleasing as a result. Communities are vastly more desirable places for the rearing of our youth

LEGION UNITS TO ENTERTAIN NATION HEADS

National Commander Harry W. Colmery To Visit Delaware on April 16

AUX. HEAD WILL VISIT

(See Pictures Page 8)

Arrangements are being made by the Department of Delaware, American Legion, for the entertainment of National Commander Harry W. Colmery, of Topeka, Kansas, during his visit in Wilmington on Friday, April 16.

Mrs. Oscar W. Hahn, national president of the auxiliary, will also be entertained on the same date. She will be met by a reception committee at 10 o'clock and will make her headquarters at the Hotel du Pont. A trip to Longwood Gardens will be followed by a dinner dance at the Hotel Grande at 7 o'clock that evening.

Committee Appointed

Mrs. J. R. Fader, department president, has appointed Mrs. William N. Cann, president of Delaware Unit No. 1, general chairman for the entertainment and arrangement committees. Committee members are: Mrs. E. A. Bonner, Delaware City; Mrs. Glen Newton, Dover; Mrs. Calvin Afferbach, Georgetown; Mrs. George D. Hill, Dover; Mrs. C. M. Dillon, Wilmington; Mrs. F. Allyn Cooch, Newark; Mrs. Helen Page, and Mrs. Samuel Maroney, of Wilmington.

National Commander Colmery, during the World War, earned the silver bar of first lieutenant of aviation, at a time when flying was far more difficult and hazardous than it is now. As a lawyer and a citizen, he is recognized by all as among the ablest in the state of Kansas, his home.

Practices Law

He was born at Braddock, Pennsylvania, December 11, 1890, a son of Walter Scott and Flora K. Thomas Colmery and received his preliminary education in the grade and high schools at North Braddock, Pa. Before entering college, he spent three years in the employ of the Union Railroad Company, at Bessemer, Pa. Mr. Colmery graduated from Oberlin College, Ohio, in 1913, and received his degree in law at Pittsburgh in 1916.

In 1920 he moved to Topeka, was admitted to the bar there and promptly became active in building up the Department of Kansas of the American Legion. He has twice been chairman of the national legislative committee and the first person to serve

MARKS ANNIVERSARY

DEAN C. A. McCUE

Associated with the School of Agriculture and the Agricultural Experiment Station, University of Delaware, since 1907, Dean McCue will be honored at a testimonial dinner to be given at Old College on April 30.

W. S. KENNADY IS FOUND DEAD

Coroner Gives Suicide Verdict; Discovered In Garage By Help

William S. Kennady, 54, was found dead in the garage of his Kemblesville home, Tuesday, a victim of carbon monoxide poisoning. Coroner Warrington F. Guthrie, Kennett Square, issued a certificate of suicide the same day.

According to reports, Kennady placed a blanket on the floor of his garage, left the motor of his car running and layed down. The doors of the garage were closed and cracks in the building sealed with rags. Two notes were found on the outside of the door, instructing hired hands concerning the handling of the remains. The body was discovered by Charles Logtans and William Logtans, his son, both employees on the farm.

Educated At Delaware

The deceased was educated at the University of Delaware and was located at various periods in Schenectady, N. Y., and Pittsburgh, Pa., with the General Electric Company, prior to taking up work on the farm following the death of his father.

Mr. Kennady was a director of the Farmers Trust Company here and was a member of the First Presbyterian Church of Newark. He is survived by his wife and one son, John W. Kennady.

Services will be held at his late residence on Friday afternoon, at 2 o'clock. Interment will be private.

Dr. Johnson Renamed To State Examining Board

Gov. Richard C. McMullen announced last Friday the reappointment of Dr. Wallace M. Johnson, 257 E. Main Street, to the State Board of Medical Examiners (Homeopathic) for a term of two years.

Dr. Johnson has served on the board since 1931.

Fire Destroys Property of Ralph Hill, Kemblesville

A fire of unknown origin caused complete destruction of the home belonging to Ralph R. Hill, Kemblesville, Pa., this week. \$3,000 was the estimated damage. Fire companies from Christians, Oxford, West Grove and Kennett Square answered the call. The barns of Howard McMullen and George LaMaster, located near the destroyed buildings, caught on fire, but were saved.

Exchange Student Talks Before Milford Gathering

Jean Bailly, foreign exchange student at the University of Delaware, addressed the Milford Rotary Club on Monday night. His topic was "International Relations."

Professor R. W. Heim accompanied Mr. Bailly and spoke on "The Student Loan Activity of the Wilmington Rotary Club."

TOWN COUNCIL ADOPTS LIMIT IN AMENDMENT

Electricity Consumers Will Be Required To Settle Bills Monthly

MAKE MEMORIAL PLANS

Daylight Saving Time Again Adopted; Redeemed Bonds To Be Destroyed

The adoption of daylight saving time, passage of the amendment to the ordinance governing the collection of monthly bills for electricity and the naming of a committee for the annual observance of Memorial Day occupied the spotlight at the April meeting of the Council of Newark on Monday night.

Officially the session was the final of the town's fiscal year and, while the personnel of the body will be unchanged by the annual election carded for April 13, due to the fact that present members seeking re-election will be unopposed, the May meeting will mark the opening of another council year.

Organize After Election

Following the election, an organization meeting will take place on April 20 when appointments will be announced for another term.

Mayor Collins, with Councilmen Johnson, Ferguson and Ramsey, whose terms expired this week, will be returned to office without opposition.

The Council voted to adopt daylight time which goes into effect at 2 a. m., April 25, in keeping with the custom started several years ago.

All members of the body were in attendance except Councilman Wollaston of the Middle District.

Committee Is Named

Members of the Memorial Day committee were named as follows: Major Donald L. Dutton, C. A. C., U. S. A., professor of military science and tactics, R. O. T. C., University of Delaware, chairman; Captain H. W. Cook, Battery E, C. A. C., D. N. G.; C. G. Hubert, representing the Council of Newark; Commander J. Q. Smith, J. Allison O'Daniel Post, No. 10, American Legion; Commander Roy E. Reynolds, J. Allison O'Daniel Post, Veterans of Foreign Wars; William K. Gillespie, principal Newark High School; David Chalmers, Continental-Diamond Fibre Company Band; and Chief Elmer J. Ellison, Aetna Hose, Hook and Ladder Company.

Clean-Up Days Set

Mayor Collins designated Wednesday and Thursday, April 21 and 22, as clean-up days for the collection of rubbish.

Chief of Police William H. Cunningham reported seven arrests for the month while Alderman Daniel Thompson's report showed \$19 collected in fines.

Seventy-seven police calls were answered for the month while 60 transients were provided with overnight lodging.

Town Engineer George C. Price reported the installation of 160 additional water meters in March, making the town about 85 per cent metered. The work is expected to be completed by the end of April.

Light Ordinance Adopted

The third and final reading of the revised ordinance governing the collection of bills for electricity saw the new limits adopted. Meters will be read monthly and any bills remaining unpaid for a period exceeding one month will draw a warning to the consumer that payment will be demanded within 10 days or the service will be discontinued. The measure goes into effect immediately.

Town Treasurer Vernon Steele reported a balance on hand March 1 of \$7,890.85. Receipts for March were \$10,037.23, making a total of \$17,428.08. Disbursements totaled \$7,333.70, leaving a balance at the end of the month of \$10,094.38.

To Burn Bonds

Mayor Collins appointed Councilmen Johnson, Ferguson and Hubert a committee to examine redeemed bonds, originally due in 1949. The bonds, amounting to \$65,000 in value, will be burned at a public celebration scheduled for 11 o'clock Saturday morning at the Council offices.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for April 11

THE SIN OF ADAM AND EVE

LESSON TEXT—Genesis 3:1-15. GOLDEN TEXT—The soul that sinneth, it shall die. Ezek. 18:4. PRIMARY TOPIC—In the Garden of Eden. JUNIOR TOPIC—Trying to Hide From God. INTERMEDIATE AND SENIOR TOPIC—What Sin Is and Does. YOUNG PEOPLE AND ADULT TOPIC—The Consequences of Sin.

"One of the curiosities of the British Museum is a brick from the walls of ancient Babylon which bears the imprint of one of Babylon's mighty kings. Right over the center of the royal seal is deeply impressed the footprint of a 'pariah' dog which apparently trod upon it when it was soft and plastic. Long ages have passed; the king's superscription is visible but defaced; the footprint of the dog is clear and sharply defined.

"Human nature is like that brick. Man originally was made in the image of God, but over the royal beauty of the Divine likeness there has been superimposed the dirty disfigurement of the Devil's imprint" (D. E. Hart-Davies).

Last Sunday we saw the heavens and earth, the animals, yes, the entire creation crowned by man himself, as it had come from the hand of God—"and behold it was very good" (1:31). But, sadly enough, it did not long remain so, for sin which had already entered the universe soon found its way into the world.

God created Adam in his own likeness and image, gave him "a helpmeet unto him," and placed him in perfect surroundings. He gave him congenial employment, and above all the inestimable privilege of fellowship with Him.

But because man was not a mere automaton—a toy in the hands of a superior being—God gave him the power of moral choice, the opportunity to exercise his God-given personality in making that choice. Obedience is the underlying moral principle of the universe.

Today we go with Eve and Adam into that cataclysmic experience which we call "the Fall of Man," for as we read in Romans 5:12, "by one man sin entered into the world, and death by sin; so death passed upon all men, for that all have sinned."

I. Temptation (vv. 1-5). Satan is not a cloven-hoofed monstrosity with a forked tail and a trident in his hand. No, indeed, he is more subtle than anything in creation. We read that he is "transformed into an angel of light" (II Cor. 11:14). His approach in our day is as smooth, and cultured as it was in the garden of Eden. An example is the insidious liquor advertising of our day. Another is his use of the man who stands behind the pulpit or sits in the professor's chair and destroys the Christian faith of young men and women.

Note the five steps in the fall of man:

- 1. Listening to a slander against God (Satan lied about God). 2. Doubting God's Word and love (If we trust God we will obey him). 3. Looking at that which God has forbidden (The eye will betray us unless we guard it). 4. Lusting after what God had prohibited (Compare Genesis 3:6 with I John 2:6). 5. Disobedience to God's command.

II. Sin (v. 6). Sin is deliberate transgression, not a natural weakness, nor a necessity. It showed itself in its true light when it at once reached out and dragged down another. We do not sin alone for very long.

III. Consequences (vv. 7-15, also 16-19).

- 1. The serpent is cursed. 2. Sin, death and condemnation enter the world. 3. Sorrow is linked with motherhood. 4. Responsibility and headship is given to man. 5. The ground is cursed and the burden of labor introduced.

IV. Redemption (v. 15).

Here we have the first promise of redemption, and the scarlet thread of redemptive truth thus runs from this point at the Bible's beginning to its very last chapter. Even in judging the first Adam for his sin God promises the coming of the second Adam who is to redeem the race. You are in the family of the first Adam by natural birth; have you entered the family of the second Adam by supernatural rebirth? (I Cor. 15:21, 22, 45.)

Employing Character A good character when established should not be rested in as an end, but only employed as a means of doing still further good.—Atterbury.

Punishment That Hardens If punishment makes not the will supple, it hardens the offender.—Locke.

To Have Friendship The only way to have a friend is to be one.—Emerson.

THREE DIPH. CASES FOUND AT NEWPORT

All In Same Family; Shick Tests Given By Dover Doctor on Friday

PRECAUTIONS TAKEN

By Miss Emma S. Maclary Newport, April 7.—Because of the development of three cases of diphtheria in one family in Newport, Schick tests were given children of the Krebs School here on Friday. Practically all of the school children had been immunized sometime ago, but the tests were made to ascertain if they are still immune to the disease. The teachers also received the tests, as well as practically all children of the community who are of preschool age were also given the tests. In the absence of Dr. J. R. Bownes, state health board doctor, who is ill, tests were given by a physician of Dover, assisted by nurses. Toxoid will be administered to children if the tests do not prove they are immune to diphtheria. Parents who did not have their children treated at the school are urged to have them immunized by their family physician to prevent any further cases developing in the community. The Newport children suffering from diphtheria are being treated at the Doris Unit of the Wilmington General Hospital.

P. T. A. Postpones Session

The Parent-Teacher Association meeting, scheduled to be held at the Krebs School this week was indefinitely postponed due to the development of the diphtheria cases. No assembly programs are being held in the school, as Dr. D. J. Richey, principal of the school, feels that the children should not assemble in groups at this time, feeling this may prevent further spread of the disease.

The fourth grade of Krebs School, accompanied by their teacher, Miss Jennie Rickards, and some of the parents, visited the University Museum in Philadelphia this week to hear an illustrated lecture on "The Crusades." This trip was made in connection with a unit of work on the Crusades, which they have been studying in school. They visited the Commercial Museum, also. A side trip was an interesting and enjoyable visit to the Breyer Ice Cream plant.

In the absence of the Rev. J. C. McCoy, pastor of the Newport M. E. Church, who was in attendance at the conference session in Salisbury, Md., his son, Mr. Paul McCoy, who is studying for the ministry, was in charge of the service on Sunday, speaking in the morning on "The Sufficiency of Jesus." No evening service was held.

The Minquas Fire Company held a very successful card party last evening in the engine house. The company is also arranging to present the "Sleepy Hollow Boys" in a program of entertainment at the Conrad High School on the evening of April 22. These affairs have been arranged to provide funds for the installation of a new motor in their present equipment.

The Newport Woman's Club held a business session on Tuesday afternoon, at which time chairmen of departments and standing committees made their annual reports. The club observed "Reciprocity Day" with the Garden Club of Wilmington. There were about 60 members and guests present. Mrs. Raymond Massey, chairman of music of the Newport Woman's Club, entertained with a piano solo. Miss Ella W. Johnson of the Newport Club greeted the guests on behalf of the local club, after which Mrs. Richey, president, turned the meeting over to Mrs. Clinton H. Brown, president of the Garden Club, who responded to the address of welcome, and introduced Mrs. Arthur H. Wilkins, reciprocity program chairman of the Garden Club, who took charge of entertainment.

"Help Yourself" Shows At Wilmington Theatre

"Help Yourself," the farce-comedy that kept New York laughing for four solid months, will have its first performance at the Federal Theatre, 909 West St., Wilmington, tonight. It will play Thursday, Friday and Saturday and will be repeated next week in accordance with the new Federal Theatre policy of giving performances the last three days of every week.

"Help Yourself" comes from Vienna, the home of smart stage farce. It was written by Paul Vulpius and adapted into English by John J. Coman. The current production, fourth of the Federal Theatre's season, has been directed by El Thompson, under the supervision of Robert J. Schnitzer. Settings are by Bayard Berndt.

Aux. Session Planned; Members Attend Meeting

Mrs. Leon W. Case, 21 E. Cleveland Avenue, will be hostess of the regular monthly meeting of the local American Legion Auxiliary unit at her home on Monday, April 12, at 8 o'clock. This is a postponed meeting because of conflicts with other auxiliary meetings on the regular meeting night.

Mrs. Harry Gabriel, Mrs. A. E. Tomhave, Mrs. Leon Case, Mrs. K. D. Conrad Lewis and Mrs. Orville Little attended the Sussex County meeting of the American Legion Auxiliary in Georgetown on Monday evening. Mrs. Calvin Afflerbach, county vice-president, was in charge of the meeting.

Delaware Society Given Annual Reports Tuesday

The annual meeting of the Delaware Anti-Tuberculosis Society was held on Tuesday evening in the New Windsor Hotel, Milford, with approximately 70 in attendance.

Miss Emily P. Bissell, president, officiated. The invocation was given by Rev. John J. Brown, while Mayor Harry J. Pettyjohn extended greetings.

G. Taggart Evans, Newark, is executive secretary of the society and was in charge of the arrangements for the affair.

Adrenalin, morphine, oxygen and helium gas are used in treatment of asthma.

IF YOU TAKE PRIDE IN YOUR HOUSE— I Think You'll Want My Kind of House Paint

MOST folks figure their house is their most valuable possession and take pride in giving it the beauty and protection that a real home deserves.

If you're that kind of folks—I think you'll want my kind of house paint—when there's repainting to be done—my 100% Pure Paint. For 39 years I've been making it now—using always the finest materials and mixing it with the greatest care; and it has never failed to live up to my promise.

Here's that promise: A prettier job—25% to 50% more coverage per gallon—and real protection

against sun, wind and weather—protection that will last for years after cheap paint has chipped, cracked, curled up and died. And it will cost you less, in the end.

If you want to be proud of your home—and spared the cost of repainting, for years to come—get a free color card from my authorized dealer today, and take advantage of his special offer on my Davis 100% Pure Paint.

TOWN TO FORCE PAYMENT OF LIGHT BILLS MONTHLY

Following is "an ordinance to amend an ordinance relating to furnishing electric current" as adopted by the Council of Newark this week.

Strike out Section 3 of the present ordinance (Meters to be read monthly; any bills remaining unpaid for three months, notice to be given consumer that if not paid in 10 days time that service will be cut off) and insert in lieu thereof the following which will be known as:

Section 3. Meters to be read monthly and bills rendered monthly; any bills remaining UNPAID for a period exceeding ONE MONTH, notice to be given consumer that if not paid within 10 days the SERVICE WILL BE DISCONTINUED.

JUDGMENT BASED ON FACT

Nowadays, a man who gets "hooked" in security buying and selling has, in the majority of instances, only himself to blame.

The best financial minds in the country have struggled to formulate all practical safeguards for the investor—especially the small investor. These safeguards have been incorporated into law, and into the regulation and rules of security exchanges as well. Everything within reason has been done to keep the fool from being parted from his money.

Naturally, complete success cannot be attained, inasmuch as some of us can't learn a lesson, and persist in maintaining unfounded faith in guessing and hunches. But any man who has sense enough to do it can demand and receive all necessary information concerning a corporation whose securities are listed on a licensed stock exchange. Then, with the facts at his command, he can use his own judgment as to the speculative or investment character of securities.

This doesn't mean that all investors, even though honestly informed, are going to show big profits and no losses on their transactions. The hazards that surround all business and all human actions, cannot be overcome by the wisest laws and rulings. Corporations will fail in the future as they have in the past. But never before was there such an opportunity for any investor to exercise judgment based upon a foundation of fact.

THE HEART AND THE POCKETBOOK

Authorities on safety are finding important parallels between present day efforts to stop traffic casualties and the accident problem which faced industry a quarter century ago.

It is history that in the beginning, management was reluctant to support the industrial safety movement on any but humanitarian grounds. Executives feared that the acceptance of safety standards and procedures, the use of machine guards and other such devices would slow up production. For industry, this reasoning has long since gone into the discard.

Oddly enough, however, a large part of society seems to hold the same fatalistic attitude toward the traffic accident problem. Speaking on the subject recently, Albert W. Whitney, who is in charge of safety activities for the National Bureau of Casualty and Surety Underwriters, struck sharply at the validity of such beliefs in a modern world.

"This reasoning and this psychology are utterly wrong," Mr. Whitney said. "Accidents are certainly not a price we must pay either for industrial progress or for the use of the automobile. Far from slowing up production, safety actually quickens it by increasing efficiency. It is common knowledge today that the causes which produce industrial accidents are also the causes of inefficiency in production. Industry knows that a high accident frequency is a symptom of waste.

"What happened in the industrial field will happen with the automobile. Not only can we solve the traffic accident problem, but in so doing we shall very largely solve the traffic efficiency problem. Communities that are cutting down their accidents successfully are just those communities that are moving their traffic more quickly and more easily."

If America can come to realize that by controlling traffic deaths and injuries it can likewise control traffic economy, the incentive to do both should not be lacking. More and more we realize that the causes which produce traffic accidents also cause us to spend more than is necessary for gasoline, oil, tires, upkeep and insurance, delay us in reaching our business and social destinations and generally slow up the progress of a motorized world. Such reasoning appeals both to the heart and the pocketbook, an irresistible combination.

SCREEN SNAPS

State Theatre House Notes

Friday and Saturday

An intriguing title features David L. Loew's comedy, "When's Your Birthday," starring Joe E. Brown, at this theatre these two days.

But the rather mystifying name immediately becomes clear when it is revealed that the story is concerned with astrology and the planets, which are said to govern the lives of persons born under the different signs of the zodiac. Joe, who becomes a professional astrologer, was born under the sign of Taurus, the Bull, and no bull in a china shop ever created more confusion than does the obtuse soothsayer, who believes implicitly in the infallibility of his chosen profession. Marian Marsh, Fred Keating and Minor Watson play principal roles in support of Brown.

Monday and Tuesday

Katharine Hepburn and Franchot Tone, two of Hollywood's illustrious stars, are teamed for the first time in the screen version of Sir James Barrie's "Quality Street." In this film Miss Hepburn and Tone play the respective roles of a young English girl and an eligible young doctor whose romantic affair becomes complicated after he returns from a ten-year campaign in the armies of the allies fighting Napoleon. Both players are afforded ample opportunity to give full play to their talents, Miss Hepburn's portrayal being richly emotional character, and Tone's that of a sophisticated and humorous young bachelor. Supporting the pair are Fay Bainter, distinguished stage star, Eric Blore, Cora Witherspoon, Estelle Winwood and Florence Lake.

Wednesday and Thursday

The dilemma faced by a young physician; devotion to his society sweetheart, which seal his lips against conditions he sees behind the scenes in a large metropolitan hospital, and devotion to mankind which prompts him to speak out and expose the evils, is the plot of "A Doctor's Diary," a searching drama with John Trent, Helen Burgess and George Bancroft. Trent, as a young doctor, sees patients lose their lives because of the toadying of society doctors to wealthy patients. His nurse, Miss Burgess, loses her job when she dares to lift her voice against this condition. The gripping climax comes after Trent is forced to return to the hospital and ask forgiveness for his courage. He is told he can have his laboratory back only on condition that he lie about the situation against which he revolted.

Celebrates Birthday

At a party given in celebration of her ninth birthday on Thursday, April 1, Miss Audrey Swall, granddaughter of Mrs. Frank Garatwa, entertained the following friends: Marie Reeside, Elizabeth Brown, Patsy Chalmers, Betty Morrison, Doris Morrison, Gladys Sidwell, Doris Carson, Esther Fletcher, Beatrice Keyes, Ella Jane Schaffer, Joanne Patchell, Virginia French. Refreshments were served, games played, and prizes awarded.

Accepts New Position

Louis T. Jarmon, 49 Kells Avenue, has resigned as a member of the sales force of a Wilmington wholesale grocery house with which he was connected for a number of years to accept the position of district supervisor in this area for the Farm Mutual Insurance Bureau. The change took place on April 1.

Mr. Jarmon left for the bureau's headquarters in Columbus, O., on Tuesday where he is attending a convention.

Why Banks Require Strangers' Checks To Be Endorsed

A check is not money. It becomes money when honored by the bank upon which it is drawn. The bank cashing a check on an out-of-town bank requires endorsement of a depositor, as it must have some recourse in case the check is returned unpaid.

AN OLD GUIDE BOOK TO GOOD LIVING

You are always hearing of new ways of making money and of handling it after you get it.

But do not forget that old reliable guide-book to better days—your bank book.

When you deposit money here at interest, it is no exaggeration to say that you are putting it in one of the safest places in the world. You are safeguarded by our own resources and protected, also, by Federal Deposit Insurance, up to \$5,000 for each depositor.

Times may change, but this fact will not change—that money saved and ready at hand, is a mighty help to any man or woman.

Fertilizer is necessary, in addition to manure, for proper maturity of such crops as cabbage, head lettuce, peas, beans, sweet corn and tomatoes. As a rule, fertilizer should be applied broadcast at the rate of one pound to 40 square feet, 125 pounds to 50 by 100 feet, or 1000 pounds per acre after plowing or spading, and worked deeply into the soil. With little or no manure a 4-12-4 or a 5-10-5 mixture is preferred, but with a large application of manure a 4-16-4 mixture or superphosphate alone will give better growth.

ROAMIN' WITH RUTLEDGE

The Gate Opens

With every rive added to the grandstand being erected at the new race track near Stanton, Delaware draws nearer by another step to a stage of hypercity such as exists in Maryland, Florida, Louisiana, Illinois, New York, Massachusetts, Rhode Island, New Hampshire, California and other states, where legalized gambling is conducted for the profit of a chosen few.

Commonly referred to as "the sport of kings," professional horse racing is probably the biggest sucker game in the world, with sap-headed John Q. Public paying the freight, as usual. This is no brief for "poor" Mr. Public. He's such a dumb cluck that if he weren't being taken over the jumps by the horses, he'd find some other "get rich quick" idea upon which to waste his time and money.

He's a perfect version in the flesh of the late Mr. Barnum's famous "there's one born every minute..." It's impossible to protect him. He'll find ways faster to be a sap than "salvation societies" can be rallied to his aid.

Not Consistent

We have no objections to horse racing and do not wish to fill a reformer role against the practice of gambling. People, since time immemorial, have gambled—without regard to laws or objections. We can take it or let it alone. That's what we do. The fact is that we spend our limited income so fast there is nothing left with which to gamble.

What gripes us is the fact that legislators will open the gates for gambling under the law for brief periods only. Gambling should either be legal throughout the year in any form, or it should be declared illegal forever in every phase. The half-way measures of treating it are ridiculous.

Bookies Not Bad

If the State of Delaware can see fit to collect taxes from a betting ring for thirty days in the year, why shouldn't book makers be licensed under the state to add to the public income? What difference does it make whether a man lays a couple of bucks on a horse at Delaware Park or in the establishment of a reputable bookie? And there are reputable bookies too.

Why should patrons of Delaware Park, with a right to wager there under the law, be subjected to arrest for laying a similar wager with a bookie? Why should the bookie be any more liable to a fine for accepting a bet than the heads of Delaware Park? The law is unfair.

A cop and a friend can split a bet on a horse at Delaware Park and it is within the law. The friend, however, is subject to arrest by the same copper if he should chance to buy a ticket on a baseball pool. Silly, isn't it?

In A Dither

College heads throughout the nation are in a mild sweat over the growing "evil" of students betting on football games. They raise a lot of hell and threaten to curtail the sport as a means of breaking up the "evil." Let some storekeeper near a college install a machine with spinning lemons, plums, and other forms of fruit on a series of wheels—a machine that collects and pays off in cash (when it pays)—and authorities of that institution will have the police on the storekeeper's neck.

If a race track opens near the campus, however, students and professors flock there in the same party. And while betting on football games and dropping money into a "fruit" machine are illegal, bets can be placed at the race track with plenty of legal protection, if needed.

Delaware Park will no doubt improve what was formerly barren fields, we suppose, and what's the difference if everyone goes broke there. If not at Delaware Park it's bound to happen at Havre de Grace, so—

HAMPDEN-SYDNEY AND RANDOLPH-MACON TAKE MEASURE OF HENS

Three Straight Setbacks Follow Two Opening Victories As Hurling and Slugging Duels Are Awarded to Opponents; To Meet West Chester Here Saturday

Coach Gerald (Doc) Doherty's diamondmen returned to Newark early Sunday evening with two southern scalps dangling from their belts. Virginia Medical College and Lynchburg, the first two teams to face the Hens on their annual tour, were easy victims by 12-5 and 11-7 counts, respectively.

Streak Started On Thursday, however, the tables turned and Hampden-Sydney edged out the Delaware representatives in a 10-inning pitching duel with Kirby Preston making an outstanding debut on the mound for the local team.

The Southern team went to the front in the fourth frame, lost the lead in the seventh when Delaware pushed two runs across the plate and then evened the count with another run in their half of the same inning. The game was decided in the tenth, when Hampden-Sydney scored to break the deadlock.

Randolph-Macon grabbed two one-run decisions on Friday and Saturday when they eased out victories by 13-12 and 5-4 counts.

Earl Sheats led the hitters on Friday with three bingles. A six run splurge, four in the eighth and two in the ninth, while the boys from the South were held scoreless, fell short of knotting the count by one run, in the first tilt.

Decided in Sixth In the second game, played on Saturday, the Yellowjackets, although out-hit 12-8, annexed two runs in the sixth inning to take the count.

Captain Dick Roberts and Jim Hickman led the Delaware attack with three hits each, while White had three for Randolph-Macon.

Going the whole route for the Hens, Roland (Boney) Jackson, kept the hits well scattered but his loss of control at times resulted in six free tickets to aid in the opponents scoring.

Due to bad weather, the tilt scheduled with the Quantico Marines at Washington on Sunday, was cancelled. Local sport followers will have their first opportunity to see the 1937 team in action on Saturday, when Coach Doherty's hurlers meet a strong West Chester State Teachers' combine.

Martin Loses Final Title Test To Huss

Chester Huss, Oxford, topped Jimmy Martin, Newark, in the final match for the Tri-State Pocket Billiards League crown last Thursday night, 125-92, on his favorite table in the Pennsylvania town. The winner's margin was 500-335 in the play-off test that was necessitated when the pair finished the regular campaign in a deadlock.

Huss again beat Martin in a tournament in Wilmington, 100-68 on Tuesday night. The Newarker sported a lead of 58-47 when Huss ran off a string of 30 ivories to clinch the contest.

Martin defeated Steve Rand, Wilmington, 100-94 in the same tourney last Friday night.

Maryland Passes Bill Legalizing 'Bookie Betting'

Wire service dispatches from Annapolis yesterday disclosed the passage of legalized horse-race bookmaking by the Maryland Legislature on Tuesday. Governor Harry W. Nice has not yet signed the measure, but by vetoing it he would reject a \$5,000,000 relief revenue program.

Maryland looks to this activity, formerly conducted without regard to law, to furnish \$400,000 annually in taxes to help provide relief for the needy.

Places \$5,000 Fee The enactment imposes a license fee of \$5,000 annually on each bookmaking establishment. It also levies a tax of one per cent on all bets handled by bookmakers.

Applicable to Baltimore and four of the 23 counties in the state, the tax will go into immediate effect as soon as the Governor signs the bill.

Cecil County is included in the list of 19 sections exempted under the act.

Approved Other Bills The Legislature also approved parliament betting for a 10-day program of harness racing at some central point.

Just where the program will be held has not been determined although the Pimlico track at Baltimore has been prominently mentioned.

ACCEPTS POSITION

JACK HODGSON

University of Delaware 1936 grid leader, who, following his graduation in June will take up duties as director of athletics and commandant at the Blackstone Military Academy, Blackstone, Va.

KOPPE TO GET COACHING JOB

Perryvillian Named To Line Post at Northeastern U; Tome Graduate

Harold Walter Koppe, Perryville, Md., was named line coach at Northeastern University, Boston, this week. Well known in local athletic circles, Koppe was football captain at Western Maryland College in 1932.

A graduate of Tome School where he was outstanding in football, basketball and baseball, the rugged athlete drifted to the Westminster institution to grab added honors.

As a pupil of the astute Dick Harlow, now head football coach at Harvard, Koppe gained the unusual distinction of being named to All-Maryland teams as a fullback in 1930 and 1931, and as a guard in 1932.

First In 15 Years Koppe's feat of earning a place on the mythical eleven both as a back and lineman gave him the distinction of being only the second man in history to gain the double honor.

With Harlow at the helm, Koppe filled a guard post on the 1932 All-South eleven that downed a rugged All-North array coached by Jock Sutherland, University of Pittsburgh, 7-6, in the Baltimore Stadium. With a blizzard raging throughout the battle, Koppe was the only performer on either team to play the entire game.

Captained Baseball In addition to leading the 1932 gridder, Koppe was also captain of baseball in his final year at Western Maryland. He earned basketball letters in his sophomore and junior years.

As a catcher for Perryville's Bi-State League entry in 1935, the "Big Indian," who is actually of Pennsylvania-German extraction, slammed three home runs in a game at Havre de Grace. Mike Peterson, Providence receiver, duplicated the feat last summer, also against Havre de Grace.

Ranked High By Harlow At the 1932 football banquet tendered the Western Maryland team, Harlow presented Koppe with a high-priced wrist watch on which was engraved "To my greatest captain."

Filling the assignment as line coach at Northeastern, Koppe will be first assistant to a former team mate, Jimmy Dunn, who ranked as one of the greatest bucking backs in Maryland.

Dunn was an assistant under Harlow at Harvard last year where he was also associated with J. Neil Stahley, football mentor at Delaware in 1934.

PLAYERS HERE PRACTICE FOR SEASON START

Weekly Workouts Being Held At Continental Field; Cullen To Travel

FEDERALSBURG IS FOE Twilight Loop To Raise Lid April 26; Bi-State In Meeting Friday

By "The Roamer" With 17 players turning out for practice at Continental Field last Saturday and workouts scheduled for all remaining Saturdays this month, the local baseball season is shaping up for the official opening on April 26 when the revamped Newark Twilight League swings into action.

The date was agreed to at a meeting of the loop's heads held Tuesday night in the offices of the Continental Diamond Fibre Company.

Stealing a march on the opening gun when his team of all-stars trimmed the University of Delaware in a practice tilt two weeks back, Ellis Cullen's combine will travel to Federalburg, Md., on Sunday, April 18, for a meeting with the new Eastern Shore League team there.

Gathering Material Cullen, who has been making yearly treks to Federalburg for a long period without success, is gathering a hand-picked group of tossers in another attempt to throttle the Marylanders.

Four players from the Perryville team, 1936 pennant winner in the Bi-State circuit, Lloyd, third base; Lucas, shortstop; Cooney, second base; and Ryan, catcher, have been signed for the trip, in addition to Dennie Herstine, clever Elkon infielder.

Reggie Conway, ace hurler with Providence last summer, will likely work a portion of the game for Cullen's team.

Bi-State Meets Friday Another meeting of the Bi-State loop is scheduled for Friday night at the New Central Hotel, Elkon. The naming of umpires, selection of an official ball and the adoption of a schedule drawn by Thomas Kay, Sr., are among the affairs likely to occupy the directors.

According to Mr. Kay's tentative card, the season will open on May 1 with the first half ending on June 27. No extra holiday games will be played under the schedule.

Other results were: Ernie Cornog, 14 x 26; Paul Whiteman, 12x18; Kinsey Whiteman, 13x22; Biff Hopkins, 16x25; Lawrence, 3x10; Davidson, 8x12; Racine, 8x12; H. Whiteman, 4x6; Johnston, 3x5; Gruwell, 2x5; Lohm, 2x5; Morton, 0x5; Cole, 4x5; Phil Cornog, 0x5; and Edmansson, 2x5.

post... the Teachers center for sports a good club this year. A big daisy (if it ever blooms) to Shields, one of the parents of internal athletics at Delaware, for his championship form in the Delaware State badminton finals staged in the Wilmington Y. M. C. A.

knocking off Larry Thomas, defending champion of the modified tennis game. Shields was forced to give the "hit" to Ed Bardo, who was runner-up to Thomas last year and who taught his cohorts many tricks of the game—a few too many, perhaps.

Twenty-one home contests are slated for local sport followers this year... what with baseball, now in the spotlight, and track, tennis and golf just behind the scenes, local sport followers will see a lotta action on the home grounds... surprising as it seems, all prospects with the possible exception of track, are better than they have been for several years... with only four letter men back, it would be fatal to record any opposition on our opinion of the possibilities of the pacers and weight havers.

COACH LYAL CLARK knocked the props from under the athletic plans of Tommy Ryan and "Husky" Payne the later since departed from the institution, at the beginning of the basketball season.

In reorganizing the Training House rooming allotments because of the arrangements at that time was created too much H E double LL, Coach Clark turned to Ryan and Payne, rooming together in a small quarter and said, "You boys go into the room, we only want athletes in here."

And Tommy was so proud of his athletic prowess, too.

CONGRATULATIONS are in order for Jack Hodgson ex-Bien Blue grid captain who takes up duties as director of athletics at Blackstone Military Academy in September.

It's not often that graduates step into a job carrying the responsibility that Jack will have but if hard work will help a guy scale the success ladder, then he won't be long to get up.

Jack has worked just as hard on the gridiron, diamond and cinders as he has on the dance-floor and will vouch for the fact that calorie expansion is at a maximum when it comes to hoof slinging.

It's a good start for a good man and we wish him plenty of good breaks and good fortune.

Badminton Title Captured By Delaware Instructor

Joseph A. Shields, popular intramural director and instructor at the University of Delaware, defeated Larry Thomas, defending champion, in straight sets 17-14 and 15-9, to capture the Delaware State Badminton Championship held at the Wilmington Y. M. C. A., Saturday.

In capturing the title, Shields defeated Ed Bardo, head of the local institution's phys-ed department 15-8 and 15-4 in the semi-final round. Bardo was runner-up to Thomas last year.

The local duo dropped its semi-final double match to Thomas and Crawford Greenwalt in three sets, 15-9, 8-15 and 15-8.

OBITUARY

Albert R. Strahorn

Albert R. Strahorn, aged 73 years, died at the home of his son, Charles W. Strahorn, on Tuesday, April second.

Mr. Strahorn was one of the most widely known men in the neighborhood for miles around and his cordial greeting and genial manner won for him many friends.

About six months ago he was stricken with paralysis. Since that time he has gradually grown weaker, at times lapsing into unconsciousness.

Funeral services from the residence of C. W. Strahorn, South College Ave., on Friday, at 2 p. m. Interment Sharp's Cemetery, near Fair Hill, Md.

J. M. Duncan

James M. Duncan, aged 56 years, died at the Washington House, Newark, early Tuesday morning after a short illness.

Mr. Duncan came to Newark about ten days ago and began work on the store which was opened in the Opera House Building last Thursday. He contracted a heavy cold that rapidly developed into pneumonia which resulted fatally.

Mr. Duncan's home was in Coatesville, Pa., where he owned a store similar to the one established in Newark. A wife and three sons survive.

The body was taken by Undertaker Wilson to the late residence in Coatesville today. Services will be held on Thursday, April 4th. Interment in charge of the Good Templars.

Although Mr. Duncan had been in town only a few days, he had made a most favorable impression. His expressed opinions showed he was interested in civic improvement, etc., and lead us to feel that Newark has lost a good friend.

Congratulations

Mr. Edward Wilson, Newark's oldest resident, celebrated his 97th birthday yesterday. Mr. Wilson enjoys the best of health and takes much pleasure in his home and surroundings as in younger days.

He is interested in gardening and already has some early delicacies planted and in a fair way for an unusually early return.

The Post, along with hosts of friends, extends congratulations and best wishes for many happy returns.

Delaware Society For Child Care
Marks 37 Years of Active Service

Article I

The Delaware Children's Home Society has rendered 37 years of consistent, constructive service to the State of Delaware. Organized in 1900, it was the first child welfare agency to face the difficult task of meeting the problems presented by dependent, neglected and deserted children within the state. The society was incorporated in 1904, becoming a membership organization through which interested individuals could express their desire to help meet in a practical way, the problem of correcting conditions that lead unfortunate children into poverty, delinquency and crime.

Placed Neglected Children

Under the leadership of Rev. W. Kay Lord and Mrs. Alva Rawlins Seagren the society has taken hundreds of children from broken homes, and from conditions of neglect, cruelty and depravity. These children were placed in homes where they were given care, guidance, schooling

and a chance to live at their best. Hundreds of these children have grown into law-abiding citizens who have been a credit to their state. An interest in their welfare and needs at a critical time has saved countless boys and girls from correctional institutions and from becoming permanent wards of the state. The vision of the society has proven the statement that it is better to save a child than to attempt to reform him later.

Methodist at the Helm

Prof. James H. Bishop of Dover became executive secretary of the society in October, 1936. Formerly director of religious education of the Wilmington Conference, Methodist Episcopal Church, Prof. Bishop brings to the service of the society a rich background of 18 years of experience in dealing with childhood and youth and dealing with the intricate problems of organizational and administrative procedures.

Active Auxiliary Head

Mrs. Hahn, of Wynne, Nebraska, one of the auxiliary's prominent members for years, was elected to the organization's highest post by unanimous choice. Her advancement to this office followed years of service in local and state offices. She was a charter member and organizing president of the auxiliary unit in Clarkson, Nebraska.

The department of this state first utilized Mrs. Hahn's services as chairman of its rehabilitation committee. After a successful year in directing the work for the disabled veterans of the state, she was elected department president. She has served in many states and national offices.

Mrs. Hahn was formerly a public school instructor, teaching for ten years with mathematics as her specialty. Her husband is a well-known Nebraska banker. They have one son, nine years old.
