## Town Police Report 31 Arrests In Month; 11 Parking Offenses

Nine Speeders Fined; 14 Investigations Carried Out In April

Newark Police made 31 arrests in April, the majority for parking or speeding, according to Chief William Cunningham's report issued this week.

Eleven cars were tagged for violating the 1-hour parking rule on Main Street, and nine motorists were fined for exceeding the 25-mile limit in town.

The force also carried out 14 investigations, including six accidents, one auto tire theft, one report of a prowler, two car radio thefts, and four cases of breaking and entering, two of which were cleared. Two cases were held for the Court of Common Pleas. One person was sent to the workhouse.

The remainder of the arrests were as follows: passing "stop" sign, two; disorderly conduct, two; passing red light, one; no operator's license, one; knowingly permitting, one; resisting arrest, one; drunk, three.

Magistrate Clarence Foster reported collections of \$160 in fines. The force handled 235 telephone calls. Eighteen street lights were reported out. The police car covered 3249 miles.

## Parking Meters Authorized By Council On 6-Month Trial

Ordinance Calling For 200 Penny-Nickle Meters Given First Two Readings; Councilman Levis Resigns Due To Ill-Health

Despite strong protests by the Chamber of Commerce, an ordinance, calling for the installation of about 200 parking meters here on a six-month trial basis, was given its first and second readings by the Town Council at its May Session on Monday night.

The final reading is scheduled for the June session when the businessmen will have their last opportunity to present arguments against the project. The lawmakers, through their attorney John P. Sinclair, advised the merchants to marshal factual evidence showing that meters are a drawback to retail trade. He suggested they get opinions from Chambers in towns in this area now using meters.

An unexpected development at the meeting was the resignation of Councilman Robert C. Levis in the Western District. In a letter to Council, Mr. Levis, who is now under treatment for ulcers in a Wilmington hospital, said his physical condition would no longer permit him to carry out his duties as a Councilman. His post will be filled by a vote of the lawmakers. No candidates for the job were mentioned at the session.

Another highlight was a request for the appointment of a Negro police officer to the local force. The proposal, in letter form, came from the Isaac Watson Post, American Legion, which pointed out that improved police supervision was vitally needed in the Negro community here, especially at dangerous intersections during the hours children are going to and from the New London Avenue School. The pupils now have no police protection at these times, the letter said.

Council ordered Chief William Cunningham to make a survey of the situation and report his findings at the earliest opportunity. The lawmakers indicated they would give the request serious consideration.

Later, they approved the appointment of Paul Robinson, of Lumbrook, to a full-time position on the police force. Mr. Robinson has been serving as a part-time patrolman for some months.

In voting unanimously for the parking meters, the lawmakers rejected a proposal by the Chamber of Commerce that the question be put to a public vote or at least that an extensive survey be conducted through questionnaires. The Council took the stand that the meters are being installed only on a six-month trial basis, and would be removed if public objection proved strong enough.

The vote on the parking meters was preceded by a lengthy debate spearheaded by a spokesman for the Chamber, among whom were Don Savitch, president, Jerry Weinberg, W. S. Hamilton, and Herman Handloff.

The businessmen argued that the meters would prove a drawback to retail trade, that they amounted to a "nuisance tax" on the motorists and that, as regards the parking problem, they would do nothing that strict enforcement of the present one-hour parking rule would not accomplish. The merchants said the parking law was not being properly enforced. They further claimed that on an issue of such wide concern, the public should be allowed to express its opinions directly through a referendum or at least a thorough survey. The businessmen said the Chamber would be willing to stand by the result of such a vote. Finally, they pointed out that if the meter trial should not be successful, the merchants also would suffer from the experiment.

In addition to assisting the six-month trial period made a referendum unnecessary, the Council pointed (Continued on Page 3)

The driver, Russell Fulton, of Richardson Park, was uninsured but his car suffered about \$150 in damages.

Another accident occurred here on Saturday, when Henry Warner, of Delaware City, ran off the road at the foot of South College Avenue, careened over an embankment and finally came to a stop on the railroad tracks. He said he failed to make the turn into the bridge leading over the tracks.

He also was uninjured. Damages to the car were slight.

The concerts, a continuation of similar affairs held in May for the last two years, will include selections played by the band on its recent tour of down-state schools. The hour-long program will consist primarily of original music of a serious nature, written for bands, interspersed with standard marches and novelty numbers.

J. Robert King, instructor in instrumental music at the university, will conduct. In case of rain, the concerts will be held in Mitchell Hall.

## Rotarians Tour New Elementary Building

Harry Swann, Rotarian from Yarmouth, Nova Scotia, will be speaker at next week's meeting. He will speak on Nova Scotia and will discuss the activities of his club.

## Year's Final 'Smoke Talk' Set For May 10

'Does U. S. Regiment Literature, Science' Is Topic

The English Department of the University of Delaware is sponsoring its final smoke talk of the academic year on Wednesday, May 10. Dr. Theo von Laue, of the Department of History, Swarthmore College, is to be a visiting keynote.

The topic, "Do We Regiment Literature and Science as in Russia?" will be moderated by Dr. William O. Penrose, Dean of the School of Education, University of Delaware. The affirmative keynote will be Dr. Walther Kirchner of Delaware's History Department, whose major field is Russian history. Opposing him will be Dr. Von Laue.

The university is fortunate in having Dr. Von Laue as a speaker. He received his Ph.D. from Princeton University and has done advanced work at the Russian Institute of Columbia University. He has taught at Princeton, the University of Pennsylvania, and Swarthmore.

Following the usual introductions by the moderator and short speeches by the two opposing keynotes, the informal discussion will be thrown open to the audience, which, it is hoped, will include not only students and faculty, but the public as well.

## Still Urgent Need For U. Of D. Housing

Rooms In Private Homes Still Required Despite New Dorm

Despite the plans now being developed for a new girls' dormitory at the University of Delaware, "urgent need" still exists for rooms in Newark homes for women students.

Miss Amy Rextrew, dean of women, attributed the continuing need for off-campus rooms for numerous girls to a "very large freshman class of girls in 1949, and another large class to enter next September."

Most of the girls for whom rooms are being sought will be entering freshmen, Miss Rextrew said. The arrangement will be for the entire college year, she added.

"Virtually every home where girls have been living this year will welcome them back next year, but we need still more rooms," the dean of women explained. She said that the 1949 enrollment of girls was 99 greater than in 1948, and an equally large group of girls will enter in September. The present permanent residence halls accommodate 210 girls, and the various temporary dormitory arrangements take care of 145 more, for a total of 355. The proposed dormitory will not be ready for occupancy until September, 1951.

### Council Meet

The revenue from the meters will be a sizeable item and might be used for a general tax increase, which would be necessary. It is estimated that the meters will bring in about \$12,000 a year in additional revenue, or almost 50 percent of the amount now raised through property taxation. Under the terms of the ordinance, the revenue from the coin machines will be divided without cost to the town, the town being made through a percentage of the meter receipts. If they are satisfactory at the end of the year, they will be removed by the town without cost to the town.

posed the meters, exhibited a batch of letters from officials in towns now using meters in this area. All said the parking devices had proved their worth both as revenue makers and in easing parking congestion. Many claimed that the businessmen, who had originally objected to them, finally had come to agree that meters did not harm retail trade.

At one point, Councilman Carl S. Rankin roused the ire of the businessmen by stating the only objection he had heard to the meters was that they "opposed the interests of the merchants." He said this was not a valid reason but an opinion.

His remarks were immediately challenged by several Chamber representatives, who pointed out that the interests of the merchants should be of prime concern to the lawmakers, since the business group represented one of the largest tax-paying groups in the community.

Town Solicitor John P. Sinclair later attempted to clarify Mr. Rankin's statement by saying that the better that meters will harm the interests of the merchants was not substantiated by factual evidence. There is nothing to prove, considering reports on hand from other towns, that meters harm retail trade, he said. He advised the merchants to gather some evidence to support their arguments by the next meeting.

The ordinance which was finally given its first and second readings calls for the installation of meters on Main Street from Elkton Road to Chapel Street and on South College Avenue, Academy Street and Haines Street between Main and Delaware Avenue. The multi-coin devices will permit 13-minute parking for a penny and an hour for a nickel. They will be in operation between 8 a. m. and 6 p. m. daily except Sunday and holidays, with an additional period on Friday nights until 9 p. m.

In further business, Council agreed to take strong action against delinquent water bill, amounting to \$1259. A 30-day notice will be sent to homeowners whose bills are in arrear. If not paid within that time, the water will be cut off.

A complaint against roving bands of dogs, fighting in the streets, bothering children and raising a din at all hours, was received from residents of Reed Village. The petition of protests pointed out that such a public nuisance is forbidden by the town charter.

Council referred the matter to local Game Warden William Wideman with instructions to clear up the situation as promptly as possible.

### Letter to Editor

Dear Sir:  
Two and two make four; and two headlines on the front page of last week's Post add up to — What?  
This is the headline at the top of the page: Youths Breaking Into U. of D. Gym; Use Pool at Night; Warning Issued. At the bottom: Lagging Fund Drive Dims Hope for Enlarged Recreation Plan.  
And what does that add up to for Newark?

Does it mean that we are too stingy and shortsighted to give those boys (whoever they are) a legitimate means of working off excess energy after school hours and on weekends? Does it mean that we are content to see small children playing, as I have seen them, on a railroad spur and on the embankments leading up to the B. and O. tracks? If harm is done because the community cannot provide proper play sites, are we not all responsible?

Or would a few minutes' thought convince us that the sacrifice of a single evening's entertainment for each member of each family would quickly be forgotten if there was something to show for it; and that the price of the evening's entertainment given to the recreation drive would help set the cornerstone for a permanent program for all the kids in town?

The money we don't spend on ourselves Saturday night may help to shape a future or save a life.

Yours Very Sincerely,  
NORMA HANDLOFF

### Newark Youth Joins

#### Blade And Scabbard

John L. Fosset, son of Mr. and Mrs. Leonard Fosset, 17 Center Street, was one of 13 undergraduates at the University of Delaware recently initiated into the Scabbard and Blade, honorary military society. The ceremonies were held in Old College.

The Scabbard and Blade was originally founded in 1905 at the University of Wisconsin and now has some 85 chapters spread among virtually all universities with ROTC units. The society aims to raise the standard of military training and to foster esprit de corps in the personnel of the Military Department.

### Rites Tomorrow For Mrs. Edna P. B. Reed

Services will be held tomorrow for Mrs. Edna P. Baylis Reed, 60, wife of Joseph C. Reed, who died Tuesday morning at her home, 125 East Delaware Avenue, after a long illness. The funeral will be held from the Jones Funeral Home at 2 p. m., with the Rev. A. J. Jackson officiating. Friends may call tonight at the funeral home. Interment will be in the Newark Methodist Cemetery.

Mrs. Reed was a member of Friendship Temple, No. 6, Pythian Sisters, and of the Newark Methodist Church.  
Other survivors are four sisters: Mrs. James Vansant, Mrs. T. Ray Jacobs, Mrs. Frank Tweed, all of Newark, and Mrs. Paul Ragan of Elkton, and four brothers, Clyde, George, John and Bayard Baylis, all of Newark.

### Local Pastor To Join In Evangelist Meetings

Two weeks of Evangelistic meetings have been planned for Cecilton, Maryland. They are to be held at the Fire Hall, May 7th to May 21st, every night at 8 o'clock.

The Evangelist will be the Rev. Hayes T. Henry, pastor of The Bible Presbyterian Church of Newark, Delaware. Mr. Henry is a former grocery clerk who was called of God to the Ministry. He worked his way through College and Seminary, graduating from The King's College in 1944 and Faith Seminary in 1947, and has been pastor of the Newark Church for the past three years. Mr. Henry preaches the old fashioned Gospel from the Bible, the faith of our fathers. He believes that the only answer to the conditions of our world today, with its sweeping floods of Communism, crime and misery, is a 20th Century Revival: a return to the Bible as the authoritative Word of the Living God and the acceptance of Jesus Christ as Savior from sin and as Lord of our lives.

Special music has been arranged for every night and will be of the finest type. Talent has been selected from The King's College, Faith Seminary and from the Newark Church.

A Column of News Contributed By the Journalism Class At Newark High School

Student Council Officers To Be Elected For 1950-51

Nominees for the office of President of the Newark High School Student Council for next year have been named. James Bueche and James Wollaston will run for the top office.

James Edward Wollaston—Candidate For Student Council President

Tall, blond, blue-eyed Jim Wollaston sounded very enthusiastic about running for President of the Student Council when he was interviewed on May 1st.

Jim was born in 1933 on Wollaston Avenue in Newark and has been a resident of Newark all of his life.

Football is Jim's favorite sport in school. He has two years of Junior Varsity and one year of Varsity to his credit so far.

Jim plans to attend the University of Delaware after graduation from high school to major in Business Administration.

Student Day Observed On April 26

Student day was held last Wednesday, April 26th, at Newark High School to show teachers what students will do when they take responsibility.

Student Day went along according to schedule. Almost every teacher picked a student to teach his or her class.

In the office there was also a change. Bill Reybold acted as superintendent, Cissie Murray as principal, Paul Hodgson and Ann Louise Neave acted as secretaries and Ronald Nagle as custodian.

Krawen Salesmen Are Busy

Krawen sales during the past week have been rather slow and Mr. Gibbs, faculty adviser for Krawen, has informed the salesman that they must increase their sales immensely.

James Bueche—Candidate for Student Council President

"I'd rather have a sister than a brother," said Jim Bueche, thereby startling his audience, when he was interviewed by the Journalism Class on Tuesday.

Before coming to Newark, Jim attended St. Monica's grade school in Berwyn, Pa., where he was taught English, arithmetic, spelling, history, geography, and English.

After school is out this spring, Jim hopes to go to Kansas for a while where he will work. During the summer, he may also do some traveling, as he has done in previous summers.

On the two important questions to teenagers (1) going steady and (2) smoking, he says "I think going steady is a fine idea" and "I think smoking depends on the person. A senior should be able to smoke if he wants to."

For his spare time, Jim has no particular hobby, but he likes to eat, fish, and go to the movies.

In the future, Jim hopes and plans to be a chemist or a chemical engineer and will probably attend the University of Delaware.

Jim gave this interview out of the kindness of his heart because he definitely doesn't like to be interviewed.

NHS SPORTS ROUND-UP

Power! That's what they call it, and this year NHS's intramural league is full of it. So far in the games played all teams have showed surprising power in the field and at the plate.

The faculty, in the estimation of Mr. Matt, a member of the faculty team, have exceptional power at the plate as well as a fine pitching staff.

Ralph Pierce, one of the members of the senior team, informs your reporter that '50's softball team is weak in several departments, especially pitching.

The sophomores are the cellar team so far in the league. They seem to lack the fire needed by a ball club, the hitting and pitching needed to win a game.

The last team in the league is the Freshmen Nine. They have shown a lack of experience thus far. In their first game they had great team work but this seemed to drop off in their last game.

Looking Ahead: All-Sports Banquet Held April 25. The third annual All-Sports Banquet, was held in the new cafeteria of the Newark High School Saturday night at 6:15, April 25.

The All-Sports Banquet proved to be a great event for everybody. The program was as follows: Mr. Wilmer Ehasz gave the blessing, and then dinner was served by Mrs. Burgmuller and her Home Economics girls.

The donors for the athletic banquet were as follows: Richard's Dairy, Powell's Ice Cream Co., Newark New Century Club, Reeves, Parvin, and Co., General Baking Co., Soroptmist Club, American Legion, Snyder Sales and Services, and the Veterans of Foreign Wars.

Mrs. E. duPont Weir's well-regarded Torch of Iran has been working well at New York. Mrs. Weir's trainer J. E. Ryan thinks so well of the gray three-year-old colt that Mrs. Weir paid a supplementary entry fee of \$2500 to make him eligible for the Santa Anita Maturity of 1951.

Change in Size Basis For Children's Clothes

The most revolutionary change in boys' clothing this year will be the use of a new set of standards to indicate sizing. Extensive research disclosed that a boy's height and weight, rather than his age, were the more accurate guides in determining garment size.

NHS Jackets Swamp Elkton, 11-2, To Gain Year's 2nd Victory

Rained Out Twice Last Week; Next Contest Tuesday With Brown

Rained out twice last week, Newark High's Yellowjacket nine finally got a break from the weatherman on Tuesday and proceeded to pound Elkton High for 13 hits to earn a one-sided, 11-3, victory on the latter's diamond.

Tom Barrow, Elkton's hurler, suffered the brunt of the Jackets' attack without relief. Newark opened the scoring with four runs in the third, added two in the fourth and five more in the fifth.

Tom Baker worked smoothly on the mound for Newark, holding the Marylanders to six hits and helping his own victory along with three safe blows in four times at the plate.

Extra base blows for Newark included a timely triple by Roy Bramble and doubles from the bats of Phil Harrison and Bunney Blaney.

The victory was Newark's second of the year against one defeat. The Club lost to Conrad in the opener, later defeating Claymont. Next game will be Tuesday at Brown Vocational.

Gardner Assigned to Destroyer Tender

William E. Gardner, chief torpedo-man's mate, USN, of Route 1, Newark, is serving aboard the destroyer tender USS Yosemite, flagship of the Commander, Destroyer Force, Atlantic Fleet, at her home port in Newport, R. I.

The Yosemite recently returned from a two-month cruise, having visited Norfolk, Va.; Key West, Fla.; Guantanamo, Cuba; Kingston, Jamaica, B. W. I.; New Orleans, La.; and New York City, N. Y.

While the ship was in Guantanamo Bay, all hands were put through a rigorous training period designed to train personnel and test material.

Gardner entered the Naval service in March, 1938.

Local Club To Begin Defense Of Susquehanna League Title; Game Set For Continental Field At 2:15 P. M.

The Newark AA will begin defense of its Susquehanna Baseball League title on Sunday afternoon in a meeting with Andrew's Bridge on the Continental Field. Game will be 2:15 p. m.

Four players will be making their debut before the home fans in Newark starting line-up.

Deacon Pierce, right fielder, played last year with the Newark Cubs. Ford, who will cover second base, saw action last season with Gloucester.

The remainder of the Newark team will be made up of veterans of the league championship team. George Miller, who last year won the team's most valuable player award, will hold the third. Gene Schaefer, the team's starting hitter in 1949, will be at short.

Also slated for action are Ray McCormick, Joe Kulewicz, Ray Okingquist, Warren Kuegel and Carl Carlson. Because of a scheduling change, none of the local high schools will be eligible to play.

On Tuesday, May 9, Newark will compete in the New Castle County competition in the Philadelphia Suburban Golf League over the weekend by defeating the Kennett Square Country Club, 42 to 12.

The 12-man teams were split into two groups, one of which met on the local course and the other in Kennett.

In the matches there, the Newark squad won out 22 1/2 to 4 1/2, with the match results as follows: Al Brosius and George Azderzon (Newark) defeating E. Taylor and Harvey Escott, 6 1/2 to 2 1/2; William Pie and T. Wagner (Newark) defeating Tom Jackson and Henry Shomu, 8 1/2 to 5 1/2; H. ### Presbyterian Youth Plan For Conference

#### Young People Urged To Attend West Nottingham Parley

The opening exercises of last Sunday's session of the First Presbyterian Sunday School was in charge of the delegates attending last year's Young Peoples Summer Conference at West Nottingham Academy. The program led by Barton Mackey, Jr., with Mary Ann Miller presiding at the piano.

The Scripture lesson was read by Marion Lowry and Judy Colburn made the prayer. A vocal solo "Living for Jesus" was rendered by Nancy Lewis accompanied by Mary Ann Miller. Carol Milliken made the announcements.

Barton Mackey, Jr. gave a brief synopsis of the location and facilities of West Nottingham and told the plan and purpose of the Conference. He then called on the other delegates to give a brief report of some phase of the conference.

Mary Ann Miller told about the Commissions or committees to which each delegate was assigned, as part of their religious training there, while Nancy Lewis gave a brief review of the Vespers and also told of the evening entertainment features.

Three of the delegates were unable to be present but sent a report. The report of Phyllis Baker on the instruction classes was read by Judy Colburn and Annette Ely's report on the Candlelight Service was read by Marion Lowry.

The Conference this year will be held during the week commencing Monday afternoon June 19th and ending Monday morning June 26th. Last year Newark tied with Westminster with eight delegates, and it is hoped that as many or more will attend Conference this coming summer.

### Correction

One of the gravest errors a newspaper can make was committed by the Post last week. The signatures of two ads were accidentally reversed with the result that M. S. Dale and W. B. Bridgewater found themselves advertising each other's merchandise.

The worst of it was Mr. Dale was trying to introduce his new silver pattern, Gorham's "Lily of the Valley", which appeared over Mr. Bridgewater's name. Mr. Dale wants it distinctly understood that "Lily of the Valley" is to be found at his store, and Mr. Bridgewater is equally insistent that the diamond rings carried over Mr. Dale's name are in the Bridgewater stock.

Both ads are carried again over the correct names this week.

support in residential areas was far short of expectations. The best response from householders, he added, came from Read Village.

Some canvassers are still expected to turn in reports and local industries have yet to be canvassed. Returns from these sources are expected to make the \$2,000 total.

A director for the summer program will be chosen by a committee including Mr. Steers, Harry Rawstrom and Allan "Whitey" Burnham. The finances Mr. A. P. Colburn.
