SOCIETY TO STAGE DRIVE FOR MEMBERS

Music Group To Present Curtis Concerts Again This Year

A meeting of the executive committee of the Newark Music Society was held recently for the purpose of discussing the program of activities and plans for the coming year.

In addition to Anthony J. Loudis, president of the society, the following members of the committee were present: Robert J. Boyd, Miss Freda Ritz, Dr. George H. Ryden, Dr. W. Owen Sypherd, H. K. Preston, Dr. G. Cuthbert Webber, Leon D. Beuhler, Frederick B. Kutz, Mrs. H. Pearce Cann, and Miss Nellie Wilson.

It was pointed out during the discussion that the Newark Music Society has been organized to encourage local talent to foster good music for the community at a time when few musical programs were given, when there was no music department in the public school and when the Women's College music department, then in its early years, embraced only the musical activity on the campus.

"To these ends," Mr. Loudis pointed out, "the society has served its purpose by financially aiding local band concerts, by providing a leader for a high school chorus when there was no music in the public schools, by encouraging local talent, by holding musicals in the homes of members, and by providing for all members of the community free of charge concerts by artists from the Curtis Institute of Music, all of which has been made possible through the annual membership dues of one dollar."

Although many of its early purposes have been largely achieved, Mr. Loudis said, in part due to well-established music departments in the public school and the University of Delaware, and to other musical programs such as the Community Concert Association, nevertheless it was decided that the society should continue in its main objectives.

Two Curtis concerts will be given this year, one of which will be held at Mitchell Hall and the other in the auditorium of the high school. Arrangements are also being made to provide a program of opera for the children of the public schools.

To finance the program, the society will stage a membership enrollment campaign to gain the support of all music-loving people in the community.

PEACE OR WAR?

AT HOME ABROAD

RIVETS TO BUILD DEFENSE or BULLETS FOR INTERVENTION

We need planes, ships, tanks, guns—need them for our *own* defense. We need lots of them. We are spending billions for them now. Let's be *sure* we are spending for arms to defend *our* soil, but not to intervene with wars on foreign soil.

And above all, let's *keep* our weapons while we're getting more. Let's defend America by aiding *America!*

THINK, AMERICA! YOU CAN DECIDE IF YOU

ACT NOW!

WE BELIEVE:

1. **The United States must build an impregnable defense for America.**
2. **No foreign power nor group of powers can successfully attack a prepared America.**
3. **Our government's sending more of its own ships, planes, and materials of war to a belligerent overseas, dangerously weakens national defense at home and threatens to involve America in war abroad.**
4. **American democracy can be preserved only by keeping out of war in Europe and Asia.**

PEACE . . . or War? Defense at home . . . or war abroad?

That is the most important question that America has ever had to answer. And *you* have to answer it. *Every* loyal American must answer it before it is too late.

Our future . . . our democracy . . . everything that Americans hold most dear, depends upon making the right answer.

Today the decision is yours. Tomorrow the decision may not be yours.

At this very moment we find ourselves threatened with self-made "emergencies" that may involve us in a war with Japan (and instantly hereafter in the European conflict). Nobody even pretends that such a war would be in our own defense. We would have everything to lose. Nothing to gain.

This Committee believes that the overwhelming majority of the American people demand Defense. But they do *not* want to engage in a war thousands of miles from home . . . do not want American youth sent abroad to Europe or Asia to be killed or crippled.

Some people would have us believe that war is inevitable. That is *not* true. It is *not* inevitable. The decision is still yours.

The idea is also being deliberately spread around that if we do not soon enter the war abroad, we will be invaded from overseas.

That is sheer hysteria. No competent military authority believes it. And no other idea could do more to undermine our true defense. No idea would better serve those who would welcome the picture of an America, vulnerable and ineffective.

The America First Committee believes that our first duty is *national* defense. We need guns. We need men. We need tanks. We need ships enough for a two-ocean navy independent of any other power. Let nobody take them away from us. Let nobody give them away.

Hysteria can sweep us into war. It can blind us to the real problem, that of defense. But it can be stopped if we keep our heads and make our democracy work for us while there is time.

Remember, that Communism, Fascism, Nazism—all types of dictatorship—are the products of war, not of peace! Our entry into war would not destroy them; on the contrary, it would make American ground more fertile for their spread.

Today, while Congress remains in session, you have a voice and can make it heard. Your Congressman and your Senator are in Washington as your elected representatives. But they cannot act on your wishes if they do not know what they are.

Read the message below. Act on it before it is too late. It tells you how you can help DEFEND AMERICA . . . FIRST.

Write your Congressman and your Senators today. Let them know your sentiments. You have a right to tell them, and they have a right to know. Don't wait! Tell them today—a post card, a letter, a telegram . . . just so you speak up! GET THE NAME OF YOUR CONGRESSMAN AND YOUR SENATOR FROM YOUR LOCAL POST OFFICE! WRITE THESE MEN—YOUR REPRESENTATIVES IN WASHINGTON—TODAY! TELL THEM (1) TO KEEP THIS COUNTRY OUT OF WAR, (2) TO KEEP OUR WEAPONS FOR OUR OWN DEFENSE, (3) TO STAY IN SESSION UNTIL A SANE, SENSIBLE FOREIGN POLICY IS FIRMLY ESTABLISHED.

WE NEED MORE HELP TO SPREAD THIS MESSAGE NOW!

Yes! I agree with you and want to do my bit in helping to preserve our democracy. Tell me what I can do to help build a better, happier America!—An America strong and unafraid! Send me more information.

DEMAND FOR E 52 PLAY ON INCREASE

Almost three hundred persons have already made reservations for William Saroyan's play, "Love's Old Sweet Song," to be presented by the E 52 players of the University of Delaware on Friday evening, Nov. 1, in Mitchell Hall. Curtain time is 8:15 o'clock.

Tickets may be purchased at Mitchell Hall any afternoon this week between the hours of 4:15 and 5 o'clock. Starting Monday the ticket office will be open from seven until nine o'clock in the evenings.

"Love's old Sweet Song," latest vehicle of the modern playwright, William Saroyan, is a tale involving a lonely spinster, an itinerant vendor of bottled panaceas, and a migratory worker accompanied by his wife and fourteen children.

The play, six months off Broadway, is another of Saroyan's attempts to combine pathos, comedy, satire, and circus into a complete whole. George Jean Nathan, drama critic for "News Week," says that the play "makes the tale end of the theatrical season wag itself in delight."

Nathan goes on, stating that "Love's Old Sweet Song," is "embroidered with some of the most beautifully inventive humor that the local stage has given us in a long time."

The basis for the play is the migration of all seventeen of the Yearlings, an Oakie hill-billy family, to California where they take over the front yard of the house in which resides Miss Ann Hamilton, spinster. Other complications are Baranby Gaul, a pitchman extraordinary, a photographer from "Life" magazine, and an enthusiastic salesman for "Time" magazine.

BRACK-EX TEST CASE PLANNED

Brack Ex, Oct. 23—Following a meeting of the six purchasers of unclaimed lots in the town of Elsmere at a sheriff sale nearly two years ago, with the town commissioners and J. Paul Green, town attorney, it was announced a test case will be entered at the November term of the Superior Court of New Castle County in order to obtain authority to issue clear titles to the purchasers. The town law which authorized the sale of the lots for delinquent taxes did not provide for the delivery of a clear deed by the sheriff following the sale and the Court Action is necessary for that purpose.

The commissioners are drafting an amendment to the town charter to be sent to the General Assembly of Delaware, which would change the law so no reoccurrences of the situation will develope.

The Elsmere Girls Club met last week at the home of Miss Barbara Springer in Richardson Park. Four new members were received. The club basketball team played Marshallton last Friday night. A special meeting was held Tuesday evening at the home of Miss Barbara Hackett in Oak Grove.

The Parent - Teacher Association held a card party Friday evening at the home of Mrs. T. Garret Robinson. This is the first of a series of card parties to be held at the home of Mrs. Robinson.

Miss Gertrude Fenimore of Price's Corner, daughter of Dr. William N. Fenimore, who was recently operated on at the Joseph Price Memorial Hospital, Philadelphia, has returned to her home.

Students of Miss Rosalie Lawlesss' seventh grade of Oak Grove School have organized a hobby club in their home room. The club meets regular every Thursday. The officers are: President, Harold Horn; secretary, Miss Mary Anna Johnson and treasurer, Eugene Reardon.

Charles G. Green, new president of the Acacia Square Club of Elsmere, appointed standing committees at a meeting Friday night in the Elsmere Civic Club.

Six — The Newark Post, Newark, Delaware, Thursday, October 24, 1940

Flashes By Bill Fletcher

EVERYTHING TAKEN INTO CONsideration, the University of Delaware alumni weren't treated any too kindly during their annual visit here on Saturday and if they feel like biting a piece out of Jack McDowell's shapely calf, we can't blame them a bit.

In the first place, McDowell, who is executive secretary for the association, should have known better than to order snow for the annual homecoming and in the second place, he should have had the "old grads" back for a game that the Hens were reasonably sure of winning. As it was, the defeat coupled with the bitter cold and the snow, was almost too much for the homecomers to stand.

But who'd have thought that the Ursinus Bear, after a three-game hibernation, would come out clawing the way he did? Who'd have though that after being knocked off twice and held to a scoreless deadlock by Dickinson, he'd suddenly get tired of being caged up and suddenly cut loose?

Seems to us, the Hens are playing too many of these fugitives from a menagerie—first it was the Hampden-Sydney Tigers, then the Dickinson Red Devils, then the Grizzlies—and on Saturday, the Drexel Dragons.

We'll feel a lot better when the team starts swappin' grunts and groans with less horrible names like the Shoremen or the just plain, old Johnnies.

ON PAPER, ONE COULD HAVE drawn a conclusion in favor of the home club for the Ursinus tilt, but in this case, as in many others, pencil marks didn't show the real strength of the Pennsylvania team.

Held to a scoreless tie by Dickinson, a team that eked out a one-touchdown win over the Blue and Gold, Ursinus was a far superior team that its record would indicate.

In Paul Augustine, the Bears had one of the best passers the Hens will be called upon to face all year and although the Ursinus cause was aided no litle by the negligence of Delaware backs, still he was hitting the mark with practically every heave.

This deadly aerial attack, against which the Hens had little defense, was one of the unheralded phases of the invader's offensive that failled to put in an appearance in the first three games.

IN ALL FAIRNESS TO COACH Bil Murray and the University of Delaware team, however, it might be well to bear in mind that a new system of play is being installed this year, a system to which all veterans on the squad must adopt themselves.

The timing of plays and coordination of all the movements of the backfield is one of the most important parts of the offensive for without these factors there is no deception. If the Delaware attack seemed impotent at some times and at others ragged, bear in mind the fact that a new coach and a new system means more time before perfect execution of maneuvers is accomplished.

THE DRAGONS, WALLOPED IN four straight contests, will invade Frazer Field for Saturday's clash and despite a poor record, Blue and Gold representatives may find themselves in plenty of hot water. The Philadelphia school has a habit of turning out hard-hitting teams that play for blood and they've always proved a problem to local elevens. Unless the Hens show noteworthy improvement, this year will be no exception.

Special Contest Prizes

A ticket to the Newark High School-Conrad game to be played here on Thanksgiving Day morning will be awarded to five contestants in the Newark Post Football Forecasters' Contest predicting the correct score of the Jackets' clash with A. I. duPont this week. In case more than five selectors name the score, the five having the highest number of winners on the contest will receive the passes. The complimentaries are being offered through the courtesy of William K. Gillespie, coach of the Jacket eleven.

BLUE AND GOLD ELEVEN TO CLASH WITH DREXEL

Victoryless Elevens To Battle For First Win On Frazer Field; Coach Bill Murray Shakes Up Hens In Search For Winning Combination

Handed an unexpected overwhelming defeat at the hands of Ursinus College, Coach Bill Murray put his University of Delaware gridders on a diet of lengthy scrimmages in preparation for the Drexel Tech battle here on Saturday. The kick-off is slated for 2:15 o'clock.

Changes Planned

Dissatisfied with the combination that has failed to produce a victory in its last three starts, the Blue and Gold mentor served notice that several changes in the starting lineup can be expected unless the present varsity shows a marked improvement both in spirit and performance.

No less than eight "regulars" were shunted to the sidelines on Monday as Coach Murray inaugurated the first of the series of scrimmages. Only John Grundy, veteran tackle, survived the cut while Lew Selby, who has occupied the pivot position since the opening of the season, and Jack Castevens, who earned a starting berth at tackle for the Ursinus tilt, were set back to the second eleven.

Kept out of the scrimmage for more than half the time were Bill Wendle and Fred Sloan, ends; Wilmer (Lunk) Apsley and Bill Laurelli, guards and the entire backfield that opened fire against the Bears on Saturday, consisting of Melvin (Ripper) Brooks, Conrad Sadowski, Bill (Red) Hogan, and Al Newcomb.

Freshmen To Front

Four freshmen occupied spots on the revised forward wall as Milne Schmid and Bob Furman were handed flank assignments; Marvin Zeitz was given Castevens' tackle job, and Tony Stalloni took over a vacated guard berth. Hugh Bogovich, a sophomore, whose defensive work against the Bears was outstanding, was at the other guard spot, while Ed Carullo, another second-year man who was an alternate varsity center last season, was returned to his old position.

Just how permanent the changes will prove to be is problematical, however, but Blue Hen followers can expect to see several new faces in the team that opens fire against the Dragons in the fourth battle.

Thus far, the Dragons have been turned back on four fronts, by Juniata, Buffalo, Gettysburg, and Rensselaer Poly Institute, but the Philadelphia school has always proved tough for the locals and this year promises to be no exception with Mike Halas, a son of Coach W. Halas, pacing the attack.

"There were several apparent reasons for our defeat," Coach Murray pointed out in the third weekly football letter published by the University of Delaware Alumni Association.

Cause of Defeat

He cited the following contributing causes to the setback: "1—Ursinus was all steamed up for this particular game; 2—our defense against forward passes folded completely as linemen failed to rush the passer as well as we had expected and backs were caught completely out of position six or seven times during the game; 3—our blocking, which had been improving, was poorer than at any time this season; 4—our kicking game, which started out good, was a dismal failure in Saturday's encounter; 5—our line was outcharged during most of the plays.

"The story can be told in these statistics," Coach Murray concluded. "Ursinus completed ten passes out of fourteen attempts without a single interception and all of their touchdowns resulted from successful pass plays. Delware tried seventeen forwards but was successful in only four. Eleven first downs were registered by the Bears while the Blue Hens accounted for nine."

JACKETS TO PLAY HERE ON FRIDAY

Local Eleven To Play Host To Invaders From Penna.

Coach Bill Gillespie and his Newark High School Yellowjackets, defeated in their last start, expect to re-enter the win column tomorrow afternoon when they entertain the North Coventry eleven on the local field. The game will get underway at 2:30 o'clock.

Jackets Confident

Handed their first defeat of the season by the Dynamiters after registering wins over Brown Vocational and Wilmington High School, the Jackets are confident of victory over the Pennsylvania contingent in tomorrow's clash. The series with North Coventry was started in 1936 with the Jackets taking three of the four contests played to-date. Last year's tilt resulted in an overwhelming 26-6 victory for the local eleven.

Only one change in the starting lineup is contemplated by Coach Gillespie who expects to start Martin McCallister in the fullback post which has been occupied by Jim Duffy. The latter was shaken up in the P. S. conflict and is nursing a sprained back while McCallister has shown up well in practice workouts and is entitled to a shot at a varsity post.

One serious casualty came as a result of last Saturday's game as Albert (Ace) Aiken, who has borne the brunt of the Jackets' offensive thus far, emerged with a bruised hip. This, coupled with an old arm injury, seriously handicaps the locals' star quarterback, the only triple-threat man on the squad, who runs, kicks, and passes with equal ability.

Although he is slated to start against the Pennsylvania invaders tomorrow, his action may be limited and the man-sized job will probably be handed to Joe Moore, reserve ball carrier.

SELECTOR BACKS PENN

(Each week a guest selector will name his choices in the Newark Post Football Forecasters' Contest This week's guest for games to be played Oct. 26, is Joseph A. Shields, assistant coach of the University of Delaware eleven.)

Besides naming Delaware to hand Drexel a 13—0 setback, Joseph A. Shields, assistant coach of the Blue and Gold eleven, predicts that the University of Pennsylvania will continue its winning streak by bowling over Michigan.

Other choices are:

Cornell to beat Ohio State; Duke over Wake Forest, L. S. U. to down Vanderbilt, Columbia to trounce Syracuse, Harvard to take over Dartmouth, Temple to submerge Penn State, Rice over Texas, and Oberlin to defeat Swarthmore.

William K. Gillespie, coach of the Newark High School team, the guest selector last week, was correct on eight of the ten counts. His own team's defeat and Delaware's failure to take over Ursinus ruined an otherwise perfect card.

Repair AND MODERNIZE

Folks used to put off making needed home repairs because they "couldn't afford it". Delayed home repairs lead to bigger repairs and it's extravagance not to make them.

Especially is this true, now that the ABC Monthly Payment Plan enables you to make needed improvements now and pay for them on easy monthly payments arranged to suit you.

BOY, THIS IS REAL LAUGHING WATER..

SAY what you will about shaving creams and razor blades, it's hot water—and plenty of it—that takes the fight out of whiskers. Hot water for shaving—any time you want to—is just one of hundreds of conveniences made possible by having water continuously hot—without fuss or bother.

The Ruud Automatic Gas Water Heater with a Monel tank gives you hot water like that. But with a big difference. Every drop is clean and clear—and it stays that way, year in and year out. Why? Because it comes from a solid Monel tank that can't rust, that's guaranteed against leaks or failures due to corrosion for 20 YEARS.

Stop in and see the display models, and ask us how really economical it is to buy and operate the best gas water heater on the market.
