Gold Key Dance To Follow Lehigh Basketball Game

By DON KIDDOO

This Saturday evening, following the Lehigh basketball game, the Gold Key Society will sponsor the second in its series of "After-the-Game" dances. Dancing to recordings will begin shortly after the varsity game ends, which is usually about 10:00 p.m., and continue until midnight.

The first of the free dance series was held after the King's College basketball game on February 3, and was featured by an informal program during which Coach Bill Murray addressed the student body for the last time as the Delaware head football coach. It was attended by some 600 persons and considered a great initial success.

IFC To Back Blood Drive; Donations Accepted March 1

On Thursday, March 1, 1951, the Inter-Fraternity Council, in cooperation with the Delaware Chapter of the American Red Cross in Wilmington, under the direction of Mrs. Ethel Jean Myers, will sponsor a blood drive for the U. N. Fighting Forces in Korea. Mobile blood bank units from the Philadelphia Regional Blood Center will set up equipment in the Carpenter Field House and be available for taking donations between 10:00 A. M. and 4:00 P. M.

The fraternity system can pledge the first one-hundred donors to enable holding the drive. However, a drive such as this is not just an opportunity for fraternity men to give their support by giving their blood for the men in Korea, who are giving their blood to preserve our national and individual security. This drive is an opportunity for all students and all student organizations on campus. For this reason the Inter-Fraternity Council wishes to call on the entire student body to give their support. For each one-hundred donors a mobile unit will be sent to the university from Philadelphia to meet the need.

All Ages Welcome
Everyone from ages 18 through 59 is invited to donate. Those interested may register in the office of the Dean of Men, 8:30 A. M. - 4:30 P. M., from Monday, February 12, through Saturday, February 24. Student organizations wishing to donate as units should contact the President of the Inter-Fraternity Council through College Mail.

Below are listed the general donor requirements:
Age: 18 through 59 inclusive. Single minors must have written legal permission from parent or legal guardian. Married minors who are self supporting will not need parental permission, but will need permission of spouse. (Forms for the permission to donate, in the above listed cases, will be available (Continued on Page 8))

The idea for informal record dances after the home basketball games on Saturday evenings was brought to Coach Fred Emmerson's attention by the members of the varsity squad who miss practically all social activities during the basketball season because of games every Saturday night. Emmerson secured the o.k. of Bill Murray, then Director of Athletics, and turned the arrangements over to the Gold Key Society, which is the honorary varsity sports managers association.

The dances are expected to increase attendance at home Saturday night games because couples will be more likely to come to the games when they know dances will follow. Representatives of the Society emphasized, however, that the dances are not strictly date affairs, and that stags are very welcome.

Dick MacIver is president of the Gold Key Society. Clark MacWright, head football manager for the coming season, is chairman of the dance arrangements.

Varsity Club Donates \$25 To Rally Committee

A short plea from Art Diver of the Rally Committee netted a \$25 donation by the Varsity Club at its meeting last Thursday night. The money is to be used to defray expenses for signs and posters made by the Rally Committee in its aim to foster school spirit.

Don Boorse, president of the Varsity Club, also announced that the annual Varsity Club dinner will be held on February 24. Bill Butler, vice-president of the club, is in charge of arrangements.

Also discussed Thursday night was the Varsity Club Variety Show which is to be held in March. Final arrangements are as yet incomplete, but the proceeds obtained from the show are to be donated to the Handicapped Childrens' Fund in Wilmington.

Ray Anthony and his orchestra will be featured at the Junior Mardi Gras on February 23. Anthony's organization was named the top dance band of the year in 1950 by the nation's disc-jockeys.

Silent Period Will Climax Fraternity Rushing Campaign

Hank Hammond, President of the Inter-Fraternity Council, wishes to remind freshmen and fraternity men that the rushing period will close and the silent period will begin at midnight, Friday, February 16. The silent period will continue until 9:00 A. M., Tuesday, February 20.

During the silent period, no freshman is to engage any fraternity member, and no fraternity member is to engage any freshman in conversation or demonstration which will influence either a fraternity's selecting its pledges, or a freshman's choosing his fraternity.

The silent period is not a time period designed arbitrarily to curb freshman and fraternity efforts in rushing. Rather, the silent period is a regulation of rushing efforts so designed as to best afford both the freshmen and the fraternities an unimpeded opportunity to evaluate each other in the light of observations made during the rushing period. Only in this way does it seem that the freshmen and the fraternities can do justice to themselves and their aims under the deferred rushing system employed at this university.

Ray Anthony's Orchestra Will Furnish Music For Junior Prom

By ARLENE McGEE

On Friday, February 23, the Junior Class will hold its highly advertised "Mardi Gras." Ray Anthony and his famous orchestra will be dishing out the music, and a large segment of the local student populace is expected to be swaying in rhythm in lavishly decorated Carpenter Fieldhouse.

Joe Lank is general chairman of the dance, which has been called by previous junior classes, "The Junior Prom." Bill Hearn and Ida May Ladd, co-chairmen of decorations, will be in charge of preparing the Field House for the gala event.

Ray Anthony's musical organization is nationally known as a top dance band, and will be here in full force for the Mardi Gras. In 1950, disc-jockeys all over the country elected this orchestra as top dance band of 1950, and hailed the group as the greatest name band since the days of Glenn Miller. Due to the fact that Ray's first job in the musical bigtime was as a member of the Miller band, his own orchestra shows the effect of Miller's training and style of presentation. Like the late Miller, Anthony stresses a lot of versatility in his music. His orchestral presentations include jazz and swing, novelties, and sweet ballads that provide a well balanced program designed to please almost any taste.

Ronnie Deauville, Betty Holiday, and the Skyliners quintet are featured vocalists with the Anthony orchestra. In the band are also some of the top instrumental soloists, and Ray himself as a trumpet star paces the eight-man brass section on both slow and jump arrangements.

Ray Anthony's sudden skyrocket to fame has been via records and personal bookings. Such disc hits as "Darktown Strutter's Ball," "I'll See You in My Dreams," "Sentimental Me," "Count Every Star," "In the Mood," and many others, gave his musical stock a tremendous boost.

Tickets went on sale on Monday at \$3.60, and early sales indicate a large attendance.

Home Ec's Annual Banquet Held Wed.

The Home Economics Club of the University of Delaware, will hold its annual banquet for Home Economics students and faculty on Wednesday, February 21, in Old College, at 6:15 p. m.

This year the guest speaker will be Miss Beth Peterson, Home Economist for the DuPont Company in Wilmington. She will talk on Careers in Home Economics, making special reference to her own career.

This banquet has been given for several years now, and each year as the school of Home Economics is growing, the banquet is becoming a bigger affair.

Tau Beta Pi Plans Picture Renovation In Evans Hall

Byron D. Babcock, recently elected president of Tau Beta Pi, the honorary engineering fraternity, has announced that the fraternity's project for the coming semester will be the renovation of the pictures which decorate the halls and class rooms of Evans Hall.

Most of the pictures on the walls of Evans Hall now are of distinguished engineers and engineering projects of little personal interest to the University of Delaware. A new group of photographs of successful graduates of the Delaware School of Engineering, of engineering classes and organizations, and of local engineering projects will be procured, mounted, and arranged by Tau Beta Pi. Al Skinner is chairman of the project.

The recent election of officers which named Babcock President, also named Mark McDonough, Vice President; Don Kiddoo, Corresponding Secretary; Tom Clements, Recording Secretary. Dr. Jack Gerster of the Chemical Engineering Department was re-elected Treasurer.

Also on the list of coming Tau Beta Pi events is the election of new members, which will begin soon after the smoker to be held on February 28. Candidates for membership must be of high personal integrity, active in campus affairs, and meet rigid scholastic requirements. Members of the junior class must be in the upper eighth of their class, seniors in the upper fifth. The present membership is 19, with 16 seniors and three juniors. Babcock, Clements, and Kiddoo.

University Men's Chorus Gives Concert February 22

The University Men's Chorus will make its first public appearance in a concert at Mitchell Hall, on the night of Thursday, Feb. 22. Guest soloist with the 50-voice chorus will be Michael Therry, baritone, of New York City, who will sing three groups of songs.

Directed by Marvin R. Fennema, instructor in choral music, the chorus is a newly organized group on the campus. The Music Department and the Inter-Fraternity Council cooperated last fall in recruiting many of the best male voices in the university. The chorus' one previous appearance was at an athletic awards dinner in December, and following that successful performance, the forthcoming concert was arranged.

Mr. Therry, who recently sang under the direction of Arturo Toscanini in a performance of the Verdi Requiem in New York City, is from Tennessee and studied (Continued on Page 8)

Lecture-Recital On German Folk Tunes Is Set for March 1

A lecture-recital by Mrs. Fritz Freyhan, soprano, and Mrs. Kurt Wohl, pianist, will be held in the Hilarium of Warner Hall, at 8:15 p. m., on Thursday, March 1.

The recital will consist primarily of a demonstration of "the lied" from early German folk tunes to Hugo Wolf, with the main emphasis on Schubert. Other composers whose works will be heard will be Locheimer, Liederbuch, Bach, Mozart, Schumann, Brahms, and Wolf.

The recital is sponsored by the university's Cultural Activities Committee, and it will be open to all interested persons without admission charge. "It is hoped that this lecture-recital will be the first of many in a similar vein designed to acquaint the university community with various aspects of music which heretofore have not been available," according to Dr. G. Gorbam Lane, chairman of the committee.

Sophomore Minstrel Show Scheduled for Feb. 19 & 24

BOB WILCOX

The Sophomore Minstrel Show to be presented on February 19 and 24, in Mitchell Hall, with Bob Wilcox, general chairman, is now in its final stages of completion. A dress rehearsal will be held on Sunday afternoon.

The main action of the show is guided by the interlocutor, Tom Waters, assisted by six end men, Joanne Kawalewski, Aleson Buckley, Dave Allen, Neal Robbins, Bill Lewis, and George Nagy. There are two dancing groups and several solo numbers.

We hope that all our fellow students will attend and help to make this, our first big class project, a great success.

Tickets are on sale at the booth near the mailboxes and at the Sophomore Store. Drop all your cares and homework for one evening and come on over and have some fun with us.

Letters to the Editor

University of Delaware
Dear Sir:

I have been following your campaign to better the intramural sports with a lot of interest. I don't like to see the little guy pushed around either. Remember when we were Freshmen and life was fairly simple here? It would be great to return to the good old days with fewer rules and regulations.

Last week at late chow at Commons I saw five Freshmen turned away because they only had Kent tickets. Seems they had been swimming or playing lacrosse and this was the only dinner they could make. This rule is pretty rough on the boys in the barracks who are out for sports. Might even convince some of them that sports aren't worth the effort of running back down to Kent.

On the other side, some of us Commons ticket holders like to wander down to Kent once every two weeks or so—to charge our battery—and try to find a date for the weekend. With the constant interchange, there is probably a fairly even balance. This restriction doesn't hurt the boys out for basketball, track, swimming, etc. who hold Kent tickets. Perhaps the SGA might help us return to the good days.

Sincerely,
William S. Hearn

Dear Sir:
Isn't it about time something was said and done about the lack of suitable facilities for hanging coats during mealtime in the foyer at Old College? The fact that it has been possible for such a stupid situation to exist for so long a time is actually amazing. In the four years that we've noticed coats piled ten high on the banister, on the floor, on the stairs and even lately on the bulletin board. Has this situation actually gone unnoticed by the proper officials or have other students been as lazy as we when a letter of complaint was in order? We feel that the majority of the students who eat at the Commons Dining Hall are just as perturbed as we are when they find their coats at the bottom of a pile all crumpled or worse, knocked on the floor and soiled. It is our desire that this letter won't go unnoticed but will catch the eye of the proper officials (S.G.A. or otherwise) and that this situation will be remedied by the appearance of ample coat racks in the near future.

Respectfully,
John Koch
Albert Cruciano

IMPORTANT NOTICE

Only during the first two weeks of school may courses be dropped without the student receiving an F. Students wishing to make a change in their schedule should go to the registrar's office now to get their drop-add slips since the deadline for doing this is February 16. This rule will be strictly enforced.

Review Policy

The main purpose of *The Review*, as a student newspaper, is to publicize the activities of the many student activities on campus. The Editors of *The Review* feel that this coverage has been somewhat neglected in the past and are planning to greatly increase the emphasis placed on student organizations and the activities of students. The front page of this issue will illustrate the new trend.

As a matter of policy, *The Review* will place news on the university, the faculty, the administration, etc. secondary to news on the students. Important news in these fields will certainly be published, but only important news of interest to the general student body. We feel that *The Review* can do its part in building greater school spirit more effectively by featuring student news than by featuring university news.

During the past week, many of the organizational leaders on campus have been contacted and requested to appoint a publicity agent in their organization to be responsible for *Review* articles. It is impossible to assign a staff member to every organization, and we are relying on the publicity agent system for organizational coverage.

If *The Review* seems to cover some organizations thoroughly, and others not at all, it is because of a difference in the work being done by the respective organization agents. While we want to get coverage on all organizations, we cannot print news that is not turned in. Any organization that feels it is being slighted by *The Review* should contact the News Editor through its publicity agent.

EDITORIAL

Dining Hall Difficulties

There is in Kent Hall noticeable bad feelings between ticket holders and the dining hall needs. It is not the waiters and waitresses who irk diners, but those members of the executive staff who do not make suggestions without nasty tones of ordering the diners. It is these people who have brought about the ill feeling and disgust with the whole dining hall system which exists. The diners have their failures, but only a more considerate attitude from both sides will bring peace at mealtime. The authorities are directors, not dictators.

The pre-dinner mob irritates both students and waiters. If there was a longer period for entrance, and assigned tables, the crowd could come in gradually. With the present system, even on rainy nights, the students must stand outside the vestibule, it is so crowded inside. In this, the authorities have no consideration for the several hundred students who must fight the elements while waiting for admittance.

Unfortunately, meals at Kent are a necessary chore rather than an enjoyable period of time. Many diners have indigestion from the uncomfortable psychological background of the hall.

Since we all must eat in one of the two dining halls on campus, or be subjected to the mercies of the DeLuxe, it is the duty of the University officials to improve existing conditions. If the conditions are not improved, it will be all too soon that most of the diners at Kent are the freshmen women who are required to buy tickets.

Kent Hall is an attractive building with a seating capacity of 300 to 350 (according to the original plan). During the last term over 500 Kent meal tickets were sold. Fortunately the two dinner system was started after considerable delay. Then the dining hall authorities failed to take advantage of the system by dividing the diners into two less crowded groups. They refused many students who requested admission to the less crowded and more quiet late dinner.

The crowded condition of Kent Hall is one of the reasons which caused only part of the potential Kent diners to purchase mealbooks for the present semester.

Food, of course, is the major complaint, but it is not entirely valid since tastes differ so much. However, there are some things which should be done: Coffee and vegetables should be hot . . . at least warm rather than their usual cool temperature. There is no reason why those who have bought meal tickets should not be assured of adequate food, either. There is usually a shortage of green vegetables although there seems to be a limitless supply of potatoes. Too often there is a "No seconds" cry when the food has served only eight of the ten diners at a table. This shortage must be obvious to the cooks and dieticians, and should be remedied by a better planning of amounts.

EDITORIAL

Your Responsibility

We feel that it is appropriate at this time to cite portions of an editorial which appeared in the Randolph Macon college paper a year ago. It is now, that action is imperative if things are to be accomplished. It does no good to merely complain to your neighbor when things go wrong. It is up to you as an individual to voice your complaints where they will do the most good. We offer this paper as your vehicle to speak your mind. Whether you want to improve existing conditions or add new things which you feel would help this university, the *Review* is the way you can express your ideas.

The following is a direct quote from a column by Scott Stephens of Randolph Macon: "There is too little agitation toward reform and improvement, too little organized effort among the students which takes on the nature of public protest or positive suggestion of desirable change. The challenge of the students and faculty today is to rise above the complacency and paternalist philosophy that is bringing about a creeping paralysis of development in our country, not to succumb to it and join the tired crowd."

BJK

Freshman Elections

A large number of freshmen are expected to turn out on Friday, February twenty-third when elections to freshman class offices will be held. The voting will be in front of the Library from 9 A. M. until 3 P. M. or in Mitchell Hall in case of inclement weather. The following freshmen in this sample ballot have been petitioned for by at least twenty-five classmates to run for these positions and have the 2.00 average required.

Place a check in the appropriate box.

Theta Chi Host to Regional Conference On March 10

Ever faced with the problem of arranging 250 blind dates all for the same evening? That is the problem that Dick Grossman and his Date Committee for the Theta Chi Regional Assembly is tackling.

The Delaware chapter of Theta Chi, Alpha Xi, will be the host chapter for a regional convention of the national fraternity on the weekend of March 10. Titled, "The 1951 Assembly," it will include members from 10 other colleges and universities of the Middle Atlantic States. Between 350 and 400 guests are anticipated, and already some 200 requests for dates have been placed with Grossman's committee for the Assembly Dance, which will be held in the Gold Ball Room of the Hotel duPont on Saturday, March 10.

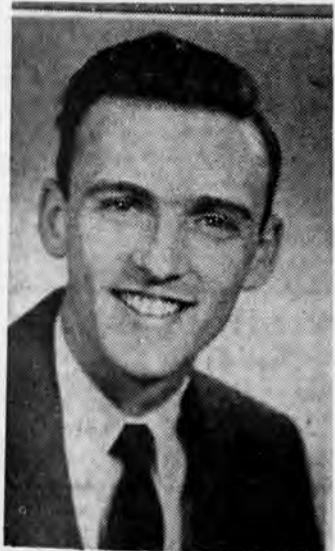

Grossman and his committee contacted each of the girl's dorms on campus earlier this week and explained the situation to prospective dates. Emphasis was placed on the fact that each date will be carefully prearranged.

According to the committee: "An enjoyable evening will be assured for all who sign up. Each date will be prearranged and matches will be made according to height at least 10 days before the big night. Each visiting chapter will be assigned a member of the local chapter who will be responsible for making personal arrangements and introductions."

Groups from Lehigh, Lafayette, Drexel, Bucknell, Penn State, Pennsylvania, Dickinson, Washington College, Rutgers, and Susquehanna will attend the conclave, with an average of about 27 or 28 men from each chapter. The committee hopes to secure enough dates on the Delaware campus to supply all requests.

Girls interested in signing up for the dance who have not already been personally contacted by the committee, should contact Dick Grossman through the College Mall, or phone Theta Chi House, 2969. Date arrangement forms have been placed in each of the girls dorms.

The Great Matchmaker

Dick Grossman is chairman of the Theta Chi committee responsible for securing dates for some 250 visiting Theta Chi's for a dance on March 10. The event is the 1951 Assembly of Region III of the fraternity, and will be held in the Gold Ball Room of the Hotel duPont.

Hutton Addresses Chem. Engineers

Dr. J. C. Hutton of the General Electric Company laboratories in Schenectady, N. Y., will be guest speaker before a special meeting of seniors and graduate students in chemistry and chemical engineering here on Friday afternoon.

Dr. Hutton, who is sections engineer of the nucleonic and high voltage instruments sections of the GE laboratories, will speak at 1:10 p. m. in room 204, Chemical Laboratory building. His topic will be "Chemical Analyses with Mass Spectrometers."

NOTICE

A Standard Red Cross Course will be offered on campus for girls. The hours are still to be arranged. If you are interested please contact either Miss Hartshorn or Miss Rextrew immediately.

Murray Campbell Commissioned As Lieutenant in Army

W. Murray Campbell, of Wilmington, who held the rank of cadet major in the ROTC regiment, received his commission as a second lieutenant in the Artillery Corps of the U. S. Army Reserve.

Lieutenant Campbell's commission was presented to him by Dr. John A. Perkins, president of the university, in a brief ceremony in the president's office.

A mechanical engineer, Campbell had been designated as a "distinguished military student," an honor reserved for a few of the topflight cadet officers in the regiment each year.

For four years he was a letter-winner on the Delaware varsity swimming teams. He holds the Middle Atlantic collegiate championship in the 150-yard backstroke, and swam as a member of the Middle Atlantic championship medley relay team. Undeclared in intercollegiate dual meets as a senior, he is the holder of the university 150-yard backstroke record.

At the University of Delaware, in addition to his military and athletic activities, he was a member of Theta Chi fraternity and the American Society of Mechanical Engineers.

Scabbard & Blade Holds Initiation

The Scabbard & Blade Honorary Military Fraternity Co. I 7th Regiment of the R.O.T.C. initiated ten new members at a formal initiation held Monday night.

Present members include Al Graves, president, Joe Kwiatkowski, vice-president, Fred Kelleher, secretary, Dick Diver, treasurer, Jim D'Angelo, Ed Fahey, Jack Fosssett, Greg Gause, Joe Higgins, Bill Grotzinger, Frank Locke, Bob Norton, Dick Williams, Ed Wadsworth, with Major Arthur as faculty advisor.

The new initiates were W. E. Benoit, J. Christfield, J. F. Downham, R. R. Goldberg, J. F. Hart, R. W. Harold, E. A. Milligan, W. E. Hart, N. I. Wilcox, and J. W. Ponton.

Plans were set for the annual Military Ball, which is to be held 28 April in the women's gym with the Delmelodians furnishing the music. General Chairman for the dance is Jim D'Angelo. The dance committee includes Joe Kwiatkowski and Walt Benoit, tickets; Frank Locke, arrangements; Al Graves, guests; Greg Gause, decorations; and Ed Fahey, publicity.

"Always Kickin! First it wasn't FRESH enough, now it isn't COLD enough."

Prize-Winning Photo

Robert Gibson, '52 Captures 1st Prize In Photo Contest

First prize in the Photography Club's photo contest was awarded to Robert P. Gibson, class of '52, for his portrait study of model-for-the-night, Lois Alava.

Fifty-seven pictures were entered by fifteen club members for judging by a combined student and faculty panel. Gerald Shpeen, president, supervised the presentation of the entries and acted as technical advisor for the judges.

Second prize went to Robert E. Stark '52 for his expert use of lighting. Alan Spang '53 and Alden Bugher '54 jointly won third place. Honorable Mention was given Charles Van Meter, Werner Stallman, Yoshito Kudo, Russell Able and Robert P. Gibson, whose work was judged the most notable of the contest.

President Shpeen announced that another "model-night" will be held in the near future as soon as a suitable model can be chosen from Delaware's co-eds.

Lois Alava Poses

E-52 Elects Play For Childrens' Theater, King Midas Chosen

"King Midas and the Golden Touch" has been selected by the University of Delaware's E52 Players for their fourth annual children's theatre tour.

The play will be presented at Mitchell Hall, on the evening of March 9 and the afternoon of March 10, and in the following week it will be taken to several schools of lower Delaware and Maryland for approximately a dozen performances.

Dr. Kase, who will be assisted by Norma Levine with Herman Middleton as the technical director, said that the casting for "King Midas" will be completed in the near future.

2 Fraternities Commence Serving Meals in Houses

On February 5, two fraternities at Delaware, Sigma Phi Epsilon and Alpha Epsilon Pi, had meals served in their houses for the first time. This is a step which all fraternities and dormitories will probably take in the years to come.

Even though both fraternities have found that eating in the houses is slightly more expensive, the extra quality and quantity is worth it. At Sig Ep, dinner is the only formal meal of the day and each brother must wear a coat and tie for this meal. The president and other officers are seated at the head table and everyone remains standing until the president has said grace. Such rules are set up to instill proper conduct and manners at meals. Sig Ep asks all brothers to eat in the house, but does not make it compulsory. AEPi's set up is practically

same. Coats and ties are required at dinner time. The president is seated first and there is a prayer and a blessing at all meals. All brothers must eat at the fraternity house unless given special permission to do otherwise.

These new kitchens have not affected the number of meal tickets at the university dining halls too greatly since many men from both houses ate off campus last semester. Both fraternities want to thank Miss Miller, Common's dietitian for her comments, help, and useful suggestions. Since the kitchens are only a week old, changes will have to be made before everyone is satisfied with their operation. Nevertheless, the success so far provides much encouragement for continuance and further development.

At the present time, at least two other fraternities have active plans for kitchens in their houses. Alpha Tau Omega has over half of the funds and equipment necessary for their project, but Sigma Nu plans a complete addition to their house so that it will probably be several years before their kitchen becomes a reality. The plans for all new dormitories and fraternities on campus call for eating facilities. It appears a new idea is beginning to take a firm hold.

Student Used Book Exchange Redone

The Student Used Book Exchange, located in a basement room of Robinson Hall, has recently been completely renovated. During the last week of exams, a labor force including carpenters, plumbers, and electricians, moved into the formerly dingy room and proceeded to give the Exchange a much needed new face.

The Used Book Exchange was started about a year ago by Alpha Phi Omega to alleviate the high prices students have to pay for textbooks. Up till now the students have sold about \$1,000 worth

C'est La Vie

Definitions worth remembering:

Socialism: If you have two cows you give one to your neighbor.

Communism: If you have two cows, you give them to the government and the government then gives you some milk.

Fascism: If you have two cows, you keep the cows and give the milk to the government; then the government sells you some milk.

Nazism: If you have two cows, the government shoots you and keeps the cows.

Capitalism: If you have two cows, you sell one and buy a bull.

New Dealism: If you have two cows, you shoot one and milk the other; then you pour the milk down the drain.

May nightmares be his dismal lot,
His bed like stone to lie on,
Who moves into the parking spot
Which I just had my eye on.
—From the Providence College COWL

The major menaces on the highway are drunken driving, uncontrolled thumbing, and indiscriminate spooning. To put it briefly: HIC, HIKE, and HUG.
—The Conn. CAMPUS

For the Too Hot to Handle Department:

The girls in a gym class at Phillips University, Enid, Oklahoma, were eager to try out the new swimming pool after the installation of a new boiler. The girls dived in and came up screaming. It seems that the temperature of the water had been set at 110 degrees by mistake.

"Vos-Papa, vat is science?"
"My, how could you be so dumb Science is dose tings vich says: No Smoking."
—Georgetown. (Ky.) Georgian.

The George Washington University HATCHET reports that a poll of the students of Wayne University, the University of Detroit, and the Lawrence Institute of Technology to determine the prevalence of cheating and the advisability of an honor system discovered that thirty-eight per cent of students polled had cheated on the final exam. Seventy-three per cent admitted cheating on quizzes other than midterms and finals. The poll-takers were nonplussed when one student wrote in the space for additional remarks: "I copied the answers to this poll from the guy sitting next to me."
—Ed. note: C'est la vie.

of books to the Exchange and in turn have saved an estimated additional \$1,000 in the resale of these texts.

Any suggestions students might have to offer about obtaining texts or more convenient operational hours should be addressed to Alpha Phi Omega, College Mail.

Bill Murray, Reclaimed by Alma Mater, Goes South Martin Meanwhile Named Successor

By HUGH DOUGHERTY

Off to the Duke University campus on Monday evening went William D. "Bill" Murray, Director of Athletics and head football coach at Delaware since 1940, to assume his new duties as head football coach at his Alma Mater. Murray departed immediately after the Sports Banquet given by the DuPont Country Club in Wilmington, at which he was one of the honored guests.

Murray, after quick farewells to his staff members, left immediately to drive to the Duke campus where he will open spring drills on Monday. His family is expected to join him this summer in Durham.

The lean Tar Heel received a tremendous ovation at the star-studded banquet at the DuPont Country Club. Introduced by Mr. R. R. M. Carpenter, chairman of the trustee's committee on athletics, Murray took the rostrum amid a standing ovation by the huge crowd, and in a few brief words, thanked his many friends in Delaware for making his stay here such a pleasant one.

Martin Appointed

As a temporary successor to Murray, the university announced last week that William S. "Shack" Martin, one of his top-drawer assistants for the past ten years, will direct the Division of Health, Physical Education, and Athletics until a successor is appointed. Martin, head baseball coach and backfield coach of football, will probably direct spring football drills until the new coach is appointed and will be assisted by Joe Brunansky, Fred Emmerson, and Marty Pierson. No plans have been made as yet as to the opening of spring drills, and there is a possibility that they might be delayed a short time until a permanent successor is appointed. Martin will continue as head baseball coach.

Successor Not Named

No word was received as yet from the President's office as to a possible successor to the man who, in one decade, had lifted Delaware athletic fortunes out of the doldrums and into the Eastern sports limelight. There was much speculation as to a successor, although the President announced that no names would be released until a decision had been reached by the Trustees. The President did announce that many applications had been received, and that the Trustees contemplated no difficulty in filling the post.

Pictured above is Tom Schultz, newly elected captain of Delaware's wrestling team. A Newark boy, 19-year-old Tom suffered his first defeat Tuesday night when he dropped a decision to Ursinus' Bill Helfferich, current Middle Atlantic Conference heavyweight champion.

Gymnastic Team Bows to Maryland

The Delaware gymnastics team fell to Maryland on Saturday by a score of 51-45.

Joe Herring of Maryland provided the decisive performance, taking three first places, horizontal bar, rope climb, and parallel bars. Stevenson, on side horse, McMichael, on the rings, and Le Cates, tumbling, took first for Delaware. The gymnasts will meet West Chester on the home floor Wednesday, Feb. 21, at 7 p. m.

Summaries:

Side Horse: 1. Wm. Stevenson, Del., 200; 2. Ray Wilhelm, Del., 196; 3. Pete Martinez, Maryland, 188; 4. Harvey LeCates, Delaware, 178; 5. Charles Oppenheimer, Maryland, 170.
Horizontal Bar: 1. Joe Herring, Maryland, 245; 2. (tie) John Wilkerson, Maryland and Al Kuckhoff, Maryland, 210; 4. Harvey LeCates, Del., 204; 5. Harold McMichael, Del., 192.
Rope Climb: 1. Joe Herring, Maryland, 54; 2. George Kramer, Maryland, 53; 3. Al Kuckhoff, Maryland, 62; 4. Harold McMichael, Del., 68; 5. Gilbert Koffer, Del., 72.
Parallel Bars: 1. Joe Herring, Maryland, 228; 2. Charles Fox, Maryland, 210; 3. George Kramer, Maryland, 200; 4. Ray Wilhelm, Del., 194; 5. Don Renshaw, Del., 165.
Rings: 1. Harold McMichael, Del., 226; 2. Ned Koser, Maryland, 214; 3. Robert Moore, Del., 195; 4. Sherron Pepper, Del., 191; 5. Al Kuckhoff, Maryland, 183.
Tumbling: 1. Harvey LeCates, Del., 218; 2. Harry Loose, Del., 202; 3. John Bredin, Del., 165; 4. Charles Fox, Maryland, 95; 5. George Kramer, Maryland, 55.
Total team score: Maryland 51; Delaware 45.

Hen Fencers Lose To Johns Hopkins

The Delaware swordsmen lost to Johns Hopkins by a score of 20-7 on Saturday at Baltimore. Delaware dropped the foil bouts 7-2, the epee 5-4, and the sabre 8-1.

Wilbur Johnson of Delaware accounted for the team's lone wins in foil, defeating Schleck 5-2 and Colarusso 5-4.

Annet won two bouts in epee for Delaware. Manvil and Gause each took one for the home team, making the score 5-4.

Prettyman of Delaware defeated Kaiser of Hopkins, 5-2, for the only Delaware win in sabre.

The team was at a definite disadvantage in this meet. Captain "Doc" Walls was out of the lineup with a sprained shoulder; and Robert Young, star eppeeman, was out with influenza.

Delaware Matmen Win 5th of Season

Coach Whitey Burnham's Blue Hen Grapplers copped their fifth win of the campaign the night before last as they downed the Ursinus musclemen by 23-11.

Bill Helfferich, twice Middle Atlantic Champion, handed heavy weight Tom Schultz his first defeat in intercollegiate competition. Helfferich tipped the scales at 230 while Schultz weighted in at 205. The Ursinus heavy gained his four points by virtue of time and a reversal. Don Rumer, Paul Catts and Jim Michaels pinned their opponents and paved the way to the Delaware triumph.

Summaries:

123 pound class—Richard Nelst, Ursinus, pinned Robert Hanby, Del., with bar arm and body press. Time: 2:30.
130 pound class—Don Rumer, Delaware, pinned Loren Zimmerman, Ursinus, with half-nelson and body press. Time: 3:45.
137 pound class—Paul Catts, Delaware, pinned Paul McCleary, Ursinus, with half-nelson and crotch. Time: 5:39.
147 pound class—Richard Gellman, Ursinus, decisioned Charles Carr, Delaware, 2-1.
157 pound class—Charles Rodriguez, Delaware, decisioned Gerald Donahoe, Ursinus, 7-6.
167 pound class—Ursinus forfeit to Courtney Cummings, Delaware.
177 pound class—Jim Michaels, Delaware, pinned Floyd Justice, Ursinus. Time: 4:32.
Heavyweight—William Helfferich, Ursinus, decisioned Tom Schultz, Delaware 4-0.

NOTICE

Dr. F. Loren Smith, assistant professor of psychology, will address the Mathematics Club on February 21, at 7:00 p. m. in Warner Hall Lounge. His topic will be "Statistics and Life — Some Areas of Application in the Social and Biological Sciences."
All interested students are invited to attend. Refreshments will be served.

Lighting Failure In Field House Forces Postponement of Swarthmore Contest

Chicks Swamp Frosh 99-29 for 9th in Row

Last Wednesday night, a power failure caused postponement of the basketball game between Swarthmore and Delaware. After seven minutes of the first quarter the Carpenter Field House was plunged into partial darkness and a few minutes later the remainder of the lighting system went on the blink. At this point in the ball game Coach Fred Emmerson's Blue Hens held a 15-7 advantage. Captain Frank Albera's hot hand had granted the Birds their short lived margin.

For approximately 40 minutes the authorities and coaches attempted to restore light to the Field House and after this had failed it was decided that the game would be replayed on March 7.

In the preliminary contest, the undefeated frosh five vanquished hapless Swarthmore 99-29. Under the capable leadership of acting captain Skip Crawford, the Chicks romped to a first quarter lead of 14-4, lengthening this margin to 44-10 at the half.

Then with Frank White joining in the festivities, the Blue & Gold juggernaut shifted into high. Swarthmore was out-scored 23-14 in the third quarter and 22-5 in the fourth.

An interesting side-light on this game is that the first quarter was shortened to six minutes to allow extra time for a gymnastic exhibition planned for between the halves of the varsity game. The big question in the minds of local enthusiasts is whether or not Coach Seiman's Chicks could have passed the century mark if they had played the additional four minutes.

According to Coach Bob Seiman the frosh quintet snapped five unofficial records in their 36 minutes of play; most field goals scored by one team, 44; highest score made by one team, 99; most points scored by one player, Crawford, 37; and most field goals scored by one player, Crawford, 18. Also, the spread was the largest between two teams in a game held in the Field House, 70 points.

Wednesday night's victory stretched the yearling string to nine in a row and it seems more than likely that Coach Bob Seiman is destined to have his first undefeated frosh cage squad. Of the five remaining contests on the frosh card, four are rematches with teams they have already beaten this season. The fifth game is with Lehigh which will be played Saturday night on the Carpenter Field House floor.

Blue Hen Mermen Win Over Favored Penn State, 39-36

Harry Rawstrom's University of Delaware mermen pulled an upset win over a favored Penn State team before a thrilled capacity crowd in Taylor Pool in Newark. The score was 39-36 and the meet wasn't decided until George Ester pulled in second in the 440 yard freestyle event behind Penn State's Gene Kolber. Ester again was the big gun for Rawstrom's Blue Hens. He won the 220 and 100 yard races, and Rawstrom threw him back in the 440 for the needed points. He delivered as he has on every such occasion this year.

Summaries:

300 Yd. Medley Relay: 1. Delaware (Mayer, Lloyd, Presnell); 2. Penn State (Waters, Kenyon, Long). Time: 3:11.6.
200 Yd. Freestyle: 1. Ester, Delaware; 2. Kolber, Penn State; 3. Bronk, Penn State. Time: 2:24.4.
50 Yd. Freestyle: 1. Borowy, Penn State; 2. Wilson, Penn State; 3. Clements, Delaware. Time: 25.2.
Diving: 1. Presnell, Delaware; 2. Kenyon, Penn State; 3. Jones, Delaware. Winning score: 97.9.
100 Yd. Freestyle: 1. Ester, Delaware; 2. Borowy, Penn State; 3. Long, Penn State. Time: 55.9.
200 Yd. Backstroke: 1. Mayer, Delaware; 2. Hamilton, Penn State; 3. Presnell, Delaware. Time: 2:30.8 (new Delaware school and pool record).
200 Yd. Breast Stroke: 1. Lloyd, Delaware; 2. Brady, Delaware; 3. Bainbridge, Penn State. Time: 2:46.8.
440 Yd. Freestyle: 1. Kolber, Penn State; 2. Ester, Delaware; 3. Bronk, Penn State. Time: 5:19.
400 Yd. Relay: 1. Penn State (Wilson, Long, Hamilton, Borowy); 2. Delaware (Bardo, Brady, Schupp, Clements). Time: 3:50.7.

NOTICE
A meeting of all men interested in track was held last Tuesday, February 13. Anyone who wants to go out for spring track should see Coach Steers in the Athletic Office. There is also an opening for a Varsity manager—report to Coach Steers.

SATURDAY PLAY DAY

By ARLENE McGEE

Let's take a peek behind the scenes and find out what makes up a Play Day. Reason? Because once again it's time for the annual High School Play Day at the University of Delaware. For several weeks the Junior P. E. majors have been busy sending out invitations, lining up officials and equipment, planning a luncheon, and selecting activities. They've been helping out W.A.A. and the women's Physical Education Department, who each year invite students from several high schools to meet together and form mixed color teams to carry out a program of athletic activities. Saturday, February 17th, is the date, and the visitors are expected to arrive between 9:15 and 9:50 for registration at the Women's Gym.

The Play Day set-up is arranged so that within a three year cycle students representing every high school in the state will have had a chance to visit the university and to meet each other and work together as mixed teams. Schools sending participants this year are: Claymont, Laurel, Middletown, Smyrna, and Wilmington High.

The program officially begins following the completion of registration. After the eight representatives from each school have been divided into the various color

teams, first on the agenda comes a mixer activity, designed to give the participants a chance to get acquainted. Following the mixer, each color team, at a given signal, takes an assigned playing space to begin the round robin tourney which includes these activities: basketball, table tennis, ring tennis, bowling, darts, and quoits. Play is terminated at definite intervals and the groups rotate from one activity to another. Sophomore P. E. majors will serve as hostesses for each of the teams in order that they will find the correct playing space and will rotate properly.

After lunch there will be both a dance demonstration given by the Modern Dance Club and a swimming demonstration presented by the Aquatic Club. The day's activities will be concluded by a recreational swim in the women's pool and a few recreational games.

There is no doubt that such a Play Day means good publicity for the university, especially since most of the student representatives are expected to be high school seniors. However, the primary purpose of the day is as a service to the participants, providing an informal competition where they can mix up, play with others, and meet people from other places.

AMERICAN RED CROSS
FIRST AID INSTRUCTOR'S
COURSE

A comprehensive thirty-hour First Aid Instructor's Course will be offered to interested students and faculty members of the University of Delaware, and to residents of Newark and vicinity. Enrollment in this course will be limited to those who definitely plan to teach first aid to local community clubs, groups, etc., within the year.

This Instructor's course will be given in ten 3-hour sessions on Thursday evenings from 7-10 P. M. in the classroom in the Physical Education Office building.

An organizational meeting will be held Thursday, March 1st at 7 P. M.

Any questions may be directed to Mr. C. R. Rylander, Department of Physical Education, who will be the instructor.

Expands Facilities

E. M. Clark, president of the Table Tennis Club, announced that funds furnished by the S.G.A. enabled the club to expand its facilities through the purchase of nets, bats, and three new tables.

The club is open to both male and female students and thereby provides one of the few opportunities for coed recreation on campus.

The club will meet on March 2 and 9 at 7 p. m. in the Women's Gym. All interested students are invited to attend.

NOTICE

Mr. Robert H. Johnson, prominent architect will address the Art Club at 8:00 p. m., in the art gallery of the library on Wednesday, February 28. He will speak on modern architecture, and discuss "New Methods of Cutting Costs in Building" and "What Modern Architecture Is Trying To Do."

All students and faculty members are welcome.

Compliments of

'POP' ROBERTS

NOTICE

The University of Delaware's Rifle Team will be actively engaged in firing in the National Intercollegiate Rifle Match the next few days. The match is open to all Colleges and Universities having ROTC Units throughout the United States. Delaware's team is comprised of fifteen members from both the Basic and Advanced ROTC units.

2 Records Broken
Swimmers Swamp
Valley Forge 43-32

The Delaware tadpoles swamped the soldiers from the Valley Forge Military Academy. The score was 43 to 32. The meet was held here last Saturday at the Taylor pool.

Even though some of the team had an off day, two, out of a hoped for, four records were broken. The first one to be cracked was the 100 yard breaststroke. This was done in smooth style by Tony DiMaio in 1:08.8. The previous record was set by Henry Aughey in 1:11.5. The second record set was by the 150 yard medley relay team. The team was made up of Ted Zutz, backstroke; Tony DiMaio, breaststroke, and Lorin Krusberg, freestyle. Their time was 1:27.8 over the previous record set by Mayer, Aughey and Cunningham of 1:31.5.

The team was somewhat hampered by the fact that they were subject to high school rules which allowed only two events per man. After making up the lineup, Coach Rawstrom found himself with exactly enough men, none short and none left over. The events also differed but due to the fact that most of the team was in good shape the obstacle was overcome.

Summaries:
50 Yd. Free Style: 1. Dick Goodley, Del.; 2. Ed Riuna, V. F.; 3. Bob Taylor, V. F. Time 28.1.
100 Yd. Breast Stroke: 1. Tony DiMaio, Del.; 2. Rios, V. F.; 3. Books Hallman, V. F. Time 1:08.8.
200 Yd. Free Style: 1. Lorin Krusberg, Del.; 2. Bill Reybold, Del.; 3. Phil Swingle, V. F. Time 2:16.0.
400 Yd. Back Stroke: 1. Ted Zutz, Del.; 2. Rick Halack, V. F.; 3. Dick Thomas, Del. Time 1:10.1.
100 Yd. Free Style: 1. Pat Kelly, V. F.; 2. Walt Martin, Del.; 3. Dan Robertson, Del. Time 1:02.8.
150 Yd. Medley: 1. Dick Goodley, Del.; 2. Rios, V. F.; 3. Jack Wells, V. F. Time 2:02.4.
Diving: George Comegys, Del.; 2. Charles Oriani, V. F.; 3. Alfredo Gonzalez, V. F.
150 Yd. Medley Relay: 1. Delaware (Ted Zutz, Tony DiMaio, Lorin Krusberg). Time 1:27.8.
200 Yd. Free Style Relay: 1. V. F. (Phil Swingle, John Ague, Bob Taylor, Pat Kelly). Time 1:51.0.

Navy Announces
Reserve Program

In view of the recently announced policy by the Secretary of Defense regarding the status of draft eligible college seniors and graduate students who have been granted educational deferments, the Navy Department is pleased to announce that a number of appointments to commissioned grade in the U. S. Naval Reserve are now being offered to students in this category.

Commissions are now available in the fields of Engineering, Business, Electronics, and Communications and for duty as General Line Officers. Applications may be accepted from draft eligible students enjoying educational deferments, regardless of whether or not they have received their "pre-induction physical examination" and provided, of course, they can be processed and granted a commission prior to their actual date of induction.

NOTICE

The University of Delaware's Rifle Team will be actively engaged in firing in the National Intercollegiate Rifle Match the next few days. The match is open to all Colleges and Universities having ROTC Units throughout the United States. Delaware's team is comprised of fifteen members from both the Basic and Advanced ROTC units.

Mugwumps, Clowns, and
Sig Eps League Champs

The three leagues participating in the Intramural Basketball set-up here have just about concluded their regular season activities.

Blood And
Sweat?

Look magazine has conducted a survey of four college campuses, California, Northwestern, Princeton, and North Carolina, to determine the attitude of war-eligible students toward the draft.

University of California students are reported as saying, "We are bitter and resigned, frustrated and disillusioned, but we aren't mad at anybody specifically, and we're not saying 'to hell with it'."

The majority of students, if they must serve at all, prefer to serve in the Navy or Air Force. The Infantry and Marines are regarded as having "mighty little future." There is little confidence evident in President Truman, and general dissatisfaction with Washington leadership, though the primary blame for the world's situation is placed at the doorstep of the Kremlin.

Look sees a realistic acceptance of the future among the college students, however, noting that they are ready for "blood and sweat, but no tears."

Committee Has
Four Scholarships

The Committee on Student Economic Services would like to announce the following Scholarships that will be available for the Academic Year, 1951-52.

The J. Brook Jackson Scholarship — \$500.00. Open to Freshmen, Sophomores, Juniors, or Seniors, Boy or Girl, who is a graduate of a Kent or Sussex County High School. Application should be made to the Dean of Men or the Dean of Women.

The Theodore F. Crawford Scholarship — \$125.00. To be awarded to a Sophomore, Junior, or Senior, male student in need of financial assistance and a member of the Christian Church. Application should be made to the Dean of Men.

The Louise Janvier Crawford Scholarship — \$125.00. To be awarded to a Sophomore, Junior, or Senior, female student in need of financial assistance and a member of a Christian Church. Application should be made to the Dean of Women.

The Ellsha Conover, Jr. Scholarship Six (6) in number — \$400 each. Open to Freshmen, Sophomores, Juniors, and Seniors in the School of Arts and Science in need of financial assistance. Preference will be given to graduates of Sussex County High Schools. Open to both boys and girls. Application should be made to the Dean of Men or to the Dean of Women.

Application for any of the above Scholarships should be in the hands of the Deans not later than March 12, 1951.

The testing to determine the Applicants' qualifications will be held at the University on March 17, 1951. The tests to be given will be Scholastic Aptitude, Reading, and Mathematics.

There are still a few contests which were previously postponed, and now have to be played off, but these games won't have any bearing on the various league titles, since Sig Ep hustled through the season to take the fraternity title, while the Clowns just nosed out Theta Chi "B" team for laurels in the National League. In the one remaining loop, the American League, the Mugwumps supposedly conquered the Hustlers Monday night to cop the championship. But the Hustlers, at the bottom end of a 47-28 score, protested the game, claiming that only one referee, Bill Craver, was on hand to officiate. By the time this issue of the Review comes out, the Intramural Council will very likely have settled this dispute. And it seems probable that the Mugwumps will retain their title, since there have been other instances this year of contests only having one referee, and no protests were filed.

Because the entire schedule hasn't been played out yet, we are unable to list the complete, final standings. As soon as all games have been completed, the final standings will be printed.

It might be well to know some of the leading contenders who were beaten in each league. Sigma Nu, of the fraternity league, won 7 and lost only a single contest, that to Sig Ep champions (8-0) on the first day of the season, Nov. 27. Theta Chi comes next with a 5-2 card, having yet to meet PiKA. K. A. emerges with a 5-3 record for a probable fourth place.

In the National League, the Clowns (7-0) grabbed the honors away from the Theta Chi "B" team which posted a 6-1 mark. The Goobers had a 4-2 record, with the Panthers close behind carrying a 4-3 season total.

As previously stated, the Mugwumps or the Hustlers will be decided upon as the victors in the American League, with the Mugwumps probably getting the nod over the Hustlers' protest. As it stands now, they both have 7-0 records. Harter Hall boasted a total of 5 wins and 3 defeats, and the Cobblers set a mark of 4-3, a contest with the Phillistines yet remaining.

This Tuesday night, the American League champs will meet the Clowns, and Wednesday the Clowns engage Sig Ep. And finally, Sig Ep will meet the American League title holders Thursday. From this series of playoffs, the king of the 1950-51 Intramural Basketball ranks will come.

Dr. Rees Names
Recreation Director
For Summer School

For the third successive year, J. Robert King will direct recreational activities at the University of Delaware's summer school.

Announcement of the appointment of Mr. King, who is band leader and acting chairman of the Department of Music, was made today by Carl J. Rees, director of the summer session.

In 1949, when Mr. King became the first full-time summer recreation director, he organized and carried out a greatly expanded program of varied activities for the several hundred students studying throughout the hot weather. This program was continued last summer. The activities included motion pictures, popular lectures, informal book-reviewing sessions, entertainments, dances, concerts, picnics, athletics, and group trips to points of interest and to major-league baseball games.

Already at work on the 1951 summer recreational program, Mr. King expects to be able to list a full program for the season within the next few weeks.

In appointing Mr. King, Dr. Rees pointed out that the summer students, who include many of the state's school teachers, are handicapped in seeking summer diversion while studying on their accelerated schedule, save for the facilities offered in the university's program.

It Happens Everyday!

"STOP breathing so loud, turn those pages more quietly, remove that LOUD jacket AND take your feet off that table. This is a LIBRARY, NOT a public meeting house!"

'Neath the Arches'

By DICK BURTON

It seems as if the top topic of conversation among the Freshmen (men) was Fraternities these past two weeks. Of course everybody knows what Rush Week is: it's that time of year when frustrated Freshmen become frustrated Fraternity men. But as everyone knows, Rush Week is a necessary evil.

So let's take time out to recap the social events that transpired during this calamitous period. Naturally there were a bevy of smokers; that's when all the Fraternity men take up the nasty weed habit . . . "what the hell, they're free aren't they!"

Good authority has it that a group of AEP's made a few nickels down at the Nation's Capitol last weekend. The excuse for the trip was supposedly a Fraternity Conference. Among the conferees were: Joe Yucht, Garry "the Flea" Greenstein, and George Chamlin. All these boys had blind dates . . . As for the AEP's House Party Saturday evening, it was strictly a bedlam affair.

On Friday night, Theta Chi threw open its massive doors to many of the prospective pledges. As per usual the entertainment was staged by "Dev" McCarthy and Parke Perine. Dev, besides being M. C., made with a few choice impersonations, while Parke did "Guzzler's Gin" . . . with some beforehand prompting by Jim Maxwell. Some of the happy couples in attendance were: "V. M." Greeley having a wonderful time with Andy Schmidt, Ed Cunningham and Maggie Pyle, Dick Goldberg and Doty Horty, Jack Messick with his downstate queen, Vince Stalloni and Pat Phillips, and Tony Catoya with Lou Gibbs. Cruising around the cellar were: "Punchy" Craver and the new dietitian at Commons, Priscilla Coons, Moon Mullins and Rae Cericola, and Bill Butler with Peggy Mooney. Comment has it that Jim DiAngelo has been seeing a lot of Jane Sherman while Fred "hots" Hartmann has been doing likewise with Pamela . . . a sharp number.

But to leave mention of the various House Parties for just a second, here is a few Valentine scoops: Joanne Touchton and John Tosh were made one last Friday, while within the past week Ellen Carmichael was plinned by Bill Hughes.

Now moving from Quality Hill to Frazer Hill we find that ye olde Sigma Nu House was really alive on Friday evening also. Much of the credit for the success of the affair should go to Ray Salamone and "Operator" Wilcox who turned themselves inside-out and rounded up fifteen dates to set a new house record. Among the merry-makers at this affair were: Jock Ponton and Pat Fleming, Bill Nicoll and Bobby Martin, Eddie Lindsey and Shirley Thomas, and "Smilin' Jack" Runkle with Robbie Stevens. A skit was presented, starring Jack Kinter, which depicted a well-known campus character taking a girl out in his new car . . . a la Thomas. On the same bill was the perennial success "Pablo," handled by Paul Catts and Jack Kinter. There was quite a commotion when Charlie Presnell

walked in wearing his swimming trunks. When reached for comment he said, "this is a sneak preview of how I'll look in the paper tomorrow." Some of the other couples present were: Art Vandepoole and Rusty, Paul Potocki and Nancy Murphy, and Kenny McClellan chaperoning Audrey Butler. At Sussex Hall on February 12th, a birthday party for Joan McCain was held up in "Jabbie" Jablonski's room. Included among the well wishers were: Ruth Purdy, Jane Reigart, Manny Richeson, and Jean Wilson.

Down at 230 E. Main St. last Saturday night the Delts were in the swing of things with a raucous House Party. A happy crew was on hand to heighten the festivity. Among the notables were: Dave Allen and Ann Ferguson, Art Diver and Alice Martin, Dick VanBeek and Louise Hann, and Mr. and Mrs. Ann Mitchell. The entertainment proved no problem with such offerings as "If Men Played Cards as Women Do" — ably staged by Jack Chrisfield, Frank Locke, and Co., the Lucky Strike Quartet, and finally some lyrics from the "velvet fog" — Art Eglinton.

At Amstel Ave., KA was at the same time holding a gala affair. Most of the traditional crew was present and accounted for, excepting of course, the "gunners" . . . Stump Harris and Co. The humor was handled by Neil Robbins, John

Photo by Teitworth

George C. Izenour, designer of the new electronic control system for stage lighting in the University of Delaware's Mitchell Hall, shows three dramatics students the large switchboard which has just been installed in the control booth. Others (from the left) are Parke Perine, president of the U. of D. E52 Players; James S. Berry, and Turner W. Edge.

The new electronic controls eliminate mechanical limitations which have handicapped stage lighting. The U. of D.'s auditorium becomes the fourth theatre in the country in which the controls have been installed. Installation of the system now is complete, and the new stage lights will be used for future dramatic productions in Mitchell Hall.

Better Switchboard Lighting for E-52

The week before examinations a brand new \$22,000 lighting switchboard was installed in Mitchell Hall. This Izenour Switchboard is the most modern in the United States. There are only four others in the country. Mr. George Izenour, who invented the switchboard, made a personal visit to the University of Delaware campus to supervise the installation.

While he was here, he made a few statements which might interest the student body. Mr. Izenour said he became interested in designing a modern switchboard because he was appalled by the poor equipment with which the crew had to work backstage. The very idea of lighting a play backstage, where the artist has no way to see his work, and the clumsy methods used, made him think that there would be a more practical way of lighting. On the average from 8 to 200 cues can be handled by this switchboard. As many as 60 different things can happen at once by a single control.

Although Mr. Izenour had been working on the idea for 18 years, it took four and a half years to build the first one, and this had to be rebuilt four times before the system would operate perfectly.

THE DU PONT DIGEST

Bringing Up Alathon*

Du Pont scientists find great promise in this young member of the wax family

One of the most interesting and versatile of the new plastics is Du Pont "Alathon" polythene resin, chemical cousin of paraffin.

Because of its unusual combination of properties, it is now being used in everything from "squeeze-bottles" for toiletries to cable insulation and chemical-resistant linings.

"Alathon" was born when English scientists used high-pressure synthesis to create polythene, the solid and semi-solid polymers of ethylene.

Du Pont scientists and others added their background in high pressure work to the field of ethylene polymers. This concerted effort produced a greatly expanded range of uses.

Taking First Steps

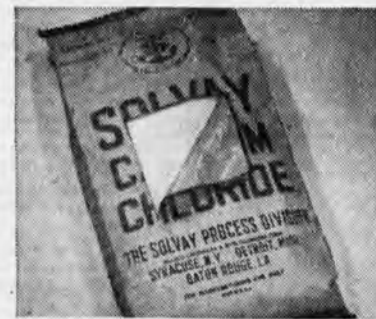

The first step of Du Pont chemists and engineers was to produce polythene in the laboratory to confirm earlier findings. Then the product was turned over to chemical engineers for pilot-plant work. Finally, a plant for full-scale commercial production was designed by chemical, mechanical and electrical engineers and metallurgists.

Many of the most promising uses

Blow-molded "Alathon" bottle, with molded closure. It emits a fine spray when squeezed.

for "Alathon" could not be realized until technical difficulties were overcome. For example, the chemical inertness, which is one of the outstanding properties of the material in film form, also made the casting of film from solution impractical because it could not be dissolved in suitable solvents. In devising a special extrusion technique to solve this problem, Du Pont engineers opened up a whole new field of possibilities.

Multiwall bags for chemicals and foods are made of kraft paper coated with "Alathon."

Acid-Defying Paper

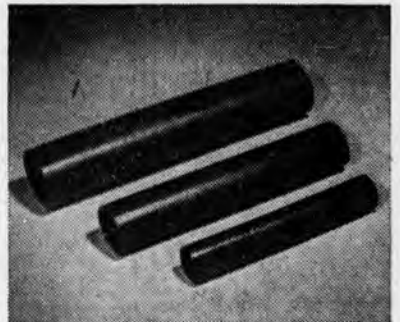

In film form, "Alathon" lends its strength, chemical inertness and resistance to grease and moisture to packages for chemicals, foods, metal parts and moisture-sensitive powders. In still another form in which these properties are employed, paper coated with "Alathon" is used as wrapping for bakery products and moistureproof containers for chemicals that would attack uncoated paper. (Experimentally, "Alathon" coated paper has been exposed to concentrated sulfuric acid for days without harm; the same paper, uncoated, was ruined within a few minutes.)

The protection of "Alathon" was extended to metal tanks and drums when Du Pont engineers developed a spray-flaming coating technique.

In the field of electricity, too, "Alathon" is proving of great value. Its outstanding electrical properties

All "Alathon"—ice-cube trays, refrigerator bowls, tableware and protective coverings.

Pipe made of "Alathon" is used for handling corrosive chemicals, solutions and gases.

make it an ideal insulator for wire and cable, particularly in the high-frequency applications necessary in television and radar.

"Alathon" in powder form is used for molding a wide range of light, tough and flexible plastic articles. In addition to bottles, these include tumblers, dishes, jar caps and ice-cube trays. Extruded as a film, it serves for garment covers, tablecloths and rainwear.

The future looks bright for "Alathon." New applications such as extruded pipe for mines and separators for storage batteries seem about to be realized. Other uses, yet undreamed of will no doubt emerge from the close, continuous teamwork of technical men that typifies Du Pont research.

BETTER THINGS FOR BETTER LIVING . . . THROUGH CHEMISTRY

Entertaining, Informative — Listen to "Cavalcade of America," Tuesday Nights, NBC Coast to Coast

HONEYMOON YOURS . . . ALL YOURS!

DAYS AND NIGHTS in a dream world. . . Life's enchanted hours are doubly dear in a beautiful cottage, hidden in living hills. A cottage just for you . . . in a world apart . . . yet company when you wish other young people, sharing life's happiest hours.

LEISURELY LIVING (breakfast until 11:00), luscious meals with plates heaped high; jolly gatherings of gay young people starting life together. Dream by the fire, or play outdoors . . . happiness every wondrous moment.

OPEN ALL YEAR for newly married couples only. Likeable young folks facing life together. Mention dates and we'll send our helpful "Three Honeymoon Plans" and complete information.

Greek Column

Sigma Nu

This week, Sigma Nu plays its final Inter-Fraternity basketball game of the season, and once again its opponent will be K. A. Last year the contest was a battle for first place, and this year a win for Sigma Nu will clinch second. Curt Turner, Joe Higgins, and Jim Thomas all will play their last basketball game for the fraternity. And while we're on the subject of sports, brother Art Mayer has once again broken into the news by continuing his sensational back-stroking for the swimming team. In Delaware's victory over Penn State, Art turned in his best time to win his race and set a new pool record. Delta Kappa's latest pledge, Charlie Presnell, also captured a first for the team and for himself as he totaled 97.8 points to win the diving event.

Last Friday night brought about another house party which, attended by members, Freshmen, and their dates, was nothing short of terrific. Everyone had a swell time, and really enjoyed the bang up entertainment put on by brothers, Jack Kinter, Dixie Foster, and Paul Catts. Congratulations go to Bob Wilcox and Ray Salamone for the fine job they did acting as a Dating Bureau.

Pi Kappa Alpha

As the Rush Season draws to a close the Pikes sincerely take pleasure in having met so many good freshmen. We are sure that these men, in the years to come, will fully realize that the spirit of brotherly regard is one of the primary factors in college life. We look forward to welcoming our "future pledges" and hope that other freshmen will keep up the acquaintances we have made during the 1951 Rush Season.

Delta Eta announces that four men, absent from our ranks last semester, are back with us this term: Brothers Jack Torkelson and Hal Dexter, and Pledges Lou Garzite and Ronnie Annett. But with their arrival was the trip back to the farm of our Bear Dog (Jack Dolby) who felt he had to swap college's erudition for a well paying partnership.

Many thanks for good chaperoning last Friday night to Gen. and Mrs. Whaley and Prof. and Mrs. Young.

Alpha Epsilon Pi

True I've seen super parties
At one-fifty-one West Main,
But likes of February tenth
Will ne'er be seen again!

Enthralled by those immortal words of Alfred Lord Fudnick, poet laureate of Alpha Epsilon Pi, there is no need to describe in detail the goings-on at the Rush Week house party of February 10 . . . no need to speak of the terrific "Bone Moats" of Farmer Joe "Davenport" Yacht and George "I'll-be-the-life-of-the-party-even-if-it-kills-me" Chamlin . . . the Charleston marathon given by Gary "Racing-mit-der-Moon" Greenstein . . . the midnight yodeling by the entire company which Theta Chi probably thought was an A-Bomb attack . . . the ukemanship of "Cooper" Cooperman and Spike "Abbadabba" Fink. Thanks be given to Romanticist Lord Fudnick who has saved us the space of cumbersome detail. All that can be said in passing is, "Ho! Ho! 'Twas rich!"

Seriously, however, congrats are in line to Larry Cooperman, Social Chairman, and Arnie Lieberman, Chairman of AEPi Rush Week.

Best wishes to Brother Larry Lipstein who has just been engaged to lovely Barbara Jacobson . . . lucky guy!

Theta Chi

Despite the miserable weather last week, the men of the freshmen class seemed to be out in force for the smokers and house parties. We are happy to welcome our many new friends and hope that all who can will be up for the big house party, Friday night.

We entertained two pledges from Lehigh last weekend, who claimed to have been sleepless for two or three nights. After having obtained their quest, they promptly hit the sack for 13 hours. It is agreed, however, at 153 W. Main St., that next to brotherhood, there's noth-

ing greater than the fraternity pledgeship training.

The last house party, featuring fruit punch, Parke Perine, chips and pretzels, Dev. McCarthy, & Fred Hartmann, had the usual markings, "Great time had by all." It is our hope that our special guests, dated or otherwise, had the time we planned for them.

Late but important news—Brother Dick Wells returned from Ohio with a very cute wife named Shirley. Congratulations, folks.

Alpha Tau Omega

Things have really been buzzing around the ATO House lately, with rushing parties and smokers in the spotlight. Rushing Chairman Dick Hammond, and Social Chairman Bill Bauerband deserve our heartiest congratulations for their superb jobs and careful planning on these affairs. Also, hats off to Elbert Chance for his entertainment at the House Party last Friday night, and to Bob Hopkins for his direction of the dramatic presentation entitled "Lorna Loon's Fate" (or "Kidnapped in a Pillow Case") in which Brothers MacWright, Walker, Bauerband, Long, and Hanby had the leads.

Coach Roland Mills leads his "Hummers" to Washington last Saturday morning for the second game of the ATO Intra-Province League, and when the smoke had cleared away, American University's ATO's had won by a narrow margin. (41-25). This evened Epsilon Rho's record in the League at 1-1.

ATO would like to congratulate both Don Vansant and Peggy McGrath who will walk the aisle together this Saturday in Smyrna. Brother Vansant and his wife will reside in Newark.

Phi Kappa Tau

In recent initiation ceremonies, the Phi Taus welcomed the following men as brothers: Don Feeny of Wilmington, Dick Harper of Wilmington, Lindsey Johnson of Delaware, Fred Becker of Gloucester City, N. J., and Jack Beatty of New Castle.

We're glad that so many of our freshmen have stopped in at the house to see us. We hope you'll come for the last smoker and house party, tonight and tomorrow night respectively. They're going to be the best yet! Don't worry about dates for the house party as the men who attended this past Saturday's party will tell you. Just cut in on one of the brothers' dates.

Hot rods Bob Lytle and Jack Scot went to Linden, N. J. to see an auto show held Sunday at the Linden Airport.

Congratulations to Charlie Keyes who recently became engaged to Miss Barbera Borda.

Sigma Phi Epsilon

One of the most successful house parties of the year brightened the chapter house Saturday night. Under the combined leadership of rushing chairman Bill Shockley and social chairmen Ralph Gessell and Roger Betty the affair could not have been planned better. Due to the crowded condition it was impossible for the brothers to get to know all of the rushees. This problem can be remedied by more frequent contact on campus or in the house (not a hint, but an invitation).

The first string SPE basketball team climaxed a successful season by defeating ATO last Thursday night. Under the capable management of Don Huston the team gained one leg on the current inter-fraternity basketball cup.

Brother Bruce Warren joins the ranks of married brothers this Friday when he takes the step with Nancy Hunter.

Among the more nationally renowned brothers in the house is Tom Holland. Initiated this fall, Tim is the 36,000th man to join Sig Ep.

Delta Tau Delta

The first party of the rushing season went over in the usual Delta tradition—that is everyone had a good time. The annual skit "If Men Played Cards as Women Do" was presented by the E-69'ers. Among the Thespians were Frank Loch, Jack Christfield, Dick Burton and Dave Allen. The Dull

Tones sang a few appropriate numbers and "Hoppalong" Diver ended the entertainment with group singing.

After the party Norm Glassman and a few hep AEPi's headed down our way for a real gone jazz session that lasted into the wee hours.

One of the big deals of the year took place on Saturday when grad Wayne Warner handed over the keys of his car to Bob "Canvass top" MacFarlin. Hereafter when you hear the death rattle of a 34 Ford, you'll know Bob is in the vicinity.

Two of the end men of the forthcoming Soph Minstrel, George Nagy and Dave Allen tell us that it should be a great show—so don't forget the Sophomore Minstrel on Feb. 19 and the 24th.

In closing we'd like to remind you of the house party on Friday night. Tom O'Donnell is cooking up a real gone affair—so don't miss it.

Kappa Alpha

The K. A. Kastle was really bustling with activity last week. Our two smokers and house party were highly successful with large turnouts. The entertainment was provided by Brothers Neal Robbins and Bob Schechinger, with musical assist from the K. A. Kats and the Gauzian quartet.

Two pinnings took place last week with Brother Bill Hughes' adorning Ellen Carmichael and Brother Jim (Punchy) Gordon pinning Suzanne Legates. The engagement of Brother Bob (J. F. C.) Young to Ann Huhn was also announced.

Brothers Jim (Dodo) Kruzinski and "Butterfly" Billy Utt gave a big scoring assist to the varsity in the Ursinus game. They gathered 13 and 12 points respectively. The tough contest was lost in the

last few minutes by the margin of one field goal.

A small party has been suggested by Brothers Walter Swenchart for the wardrobe of a certain three-fingered chicken farmer of K. A. Invitations to the affair are being sent out by Brother Dick (Gilda . . . Da) Cecil.

Brothers Fred Kinkler, Bob Carpenter, and Buddy Kee plan a sorubg vacation visit to Dr. Dave Kirkby's home state of Florida. The trip has been indirectly financed by acting members of the recently organized Skobe Association.

Campus Interviews on Cigarette Tests

Number 12...THE MOURNING DOVE

"Some of them
are pretty sad!"

Melancholy and dejected, this gloomy miss

found little to titillate her in the recent deluge of quick-trick cigarette tests! She was not enthralled by the idea of judging cigarette mildness with just a fast puff or a single sniff.

But, joy of joys! . . . happiness came to her when she discovered one test that left no doubt in her mind.

It was the sensible test! . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke — on a pack after pack, day after day basis. No snap judgments needed. After you've enjoyed Camels — and only Camels — for 30 days in your "T-Zone" (T for Throat, T for Taste) we believe you'll know why . . .

**More People Smoke Camels
than any other cigarette!**

IFC To Back Blood

(Continued from Page 1)
 in the Dean of Men's office.)
 Sex: Male and female donors will be accepted.
 Race: Members of all races may donate.
 Nourishment: 1. Eat a regular meat meal at least four (4) hours before giving blood.
 2. Avoid eating the following during the 4-hour period before donating: Fats (such as cream, butter, mayonnaise, ice cream, fatty meats), fried foods, and eggs.
 3. The following foods may be eaten during the 4-hour period before donating: Fruit, fruit juices, bread, crackers, dry toast, raw vegetables or vegetables boiled in plain water, jam, jelly, honey, skimmed milk, black coffee, or tea with sugar.
 Frequency: Eight (8) weeks must elapse between donations. Only five (5) donations are permitted during any 12-month period.
 Here is a great chance to render a great service. Let's make it a great success.

'Neath the Arches

(Continued from Page 6)
 Witherford, Bill Draper and "Hopalong" Scheckinger. Robbins, Witherford and Draper collaborated to produce a heart-rending skit entitled "The Ice Worms" . . .
 Phi Tau hopped on the party bandwagon also last Saturday evening. The atmosphere was enriched by the appearance of several prominent alumni: Mr. and Mrs. Al Perry and Bill Conrad. There was plenty to celebrate since Chuck Keys and Barbara Borda had become engaged. Some of the illustrious people in attendance were: Bob Hirt and Co., Dave Hoyer and Bette Badertscher, Earl Toll and Betty Boyce (of the Placement Bureau Boyces), Courtney Cummings and Jane Day, and last, but not least, "Chick" Carey and Maryln Colwell.

Well, good people, that wraps it up for this week, but there are many more weeks to come, for instance the Junior Prom is just around the corner, so get those dates now before it's too late.

University Men's

(Continued from Page 1)
 voice in Manhattan with the noted concert singer, Theodore Webb. He later sang on the radio network program, "This is Fort Dix." For nearly four years as a soldier he performed in many concerts, oratorios, and radio shows. Since returning to civilian life he has given additional concerts and broadcasts.
 Tickets for the concert are to be available from all members of the chorus beginning Feb. 13. They also will be on sale at the Mitchell Hall box office on the night of the performance.

Chit - Chat

It was 4 years ago, near the end of February, that the Main Street door to our new shop was opened and you, dear customers, could enter without ladders that blocked the "Petticoat Lane" entrance. (Time passes, doesn't it?)

We're still building—improving our facilities, becoming more particular (if that were possible) about our fashion selections, more fastidious about the fabrics, the workmanship—more sure of our fashion-rightness and customer guidance!

*'Fashions with a flair—
 At prices that are fair'
 . . . and thus the story of
 Peggy Cronin Fashions is told)*

Sale! Satin Scuffies, 85c. In two-tone lingerie colors with airefoam soles that make you feel you're walking on air—were \$1.25, now only 85c. Buy 2 or 3 pairs. You'll love 'em!

For your best gal—may we suggest a single red rose that looks, feels and smells like a real rose? It is only \$1.25 and will delight her time and time again! (See it on our window)

The little navy faille suit with the so-smart flared skirt, pert jacket and rhinestone studded pique collar, over a self-collar that stopped window shoppers is only \$15. Sizes 9 to 15.

Peggy Cronin
 Newark, Del. Elkton, Md.

ANNOUNCEMENT

A meeting for those interested in playing on the golf team will be held in the athletic building at 5:00 p. m. on Monday, February 19, 1951.

NOTICE

Mr. Tom Livisos, manager of the Student Union, wishes to announce that the Student Union will serve hot meals at the noon hour. This meal will be similar to the one now served in the evening.
