The Hon. George S. Messersmith,
Minister of the United States of America,
V I E N N A

My dear Friend,

Many thanks for your letter of the 25th February. I am afraid it will be impossible for me to be in Berlin on one of the dates you mention as at that time I shall be tied up in Brussels and in London. But I may decide to go to the States some time in May, when you will, I presume, still be over there. So if you will let me know your address in America I would make a point of meeting you.

For your strictly personal information I am sending you herewith copies of two Reports which I think you will read with interest. One is by Dr. Felix Somay and the other by Dr. Solmsen.

My wife joins in sending you and Mrs. Messersmith our kindest regards and best wishes for a very pleasant trip to the States, when I trust you will not find your mother's health as bad as you fear.

Cordially yours,

McKenney
