VOLUME 34

NEWARK DELAWARE, OCTOBER 23, 1917

NUMBER 3

## Judging Team Goes To Columbus

The Delaware College Dairy Judging Team left Wednesday morning to take part in the dairy judging contest at the National Dairy Show in Columbus, Ohio., on Friday. The team has been coached and was accompanied by Dr. F. A. Hays of the Department of Animal Husbandry. The team is composed of three Juniors—Martenis, O'Rourke, and Pennel.

## STUDENT COUNCIL DANCE

### Initial Social Event of Season

On last Saturday evening "Old Delaware" opened up its social season by holding an informal dance in Old College Hall, under the auspices of the Student Council Association. The dance was one of the most unique, and, at the same time, one of the most successful which has ever been given by the college. The Council is to be congratulated for its efforts in arranging for such a pleasing affair.

One of the chief factors which contributed toward the success of the dance was the fact that it was held in Old College Hall. This building, since it has been reconstructed, has been the center of all student activities and is admirably adapted for college dances. Last Saturday night's affair was the first dance which has been held in the building. Old College Hall in its former condition was the original structure of the college, about which all of the improvements and additions have sprung up. The real and loyal spirit of "Delaware" which originated in this old edifice, was very much in evidence at the dance. The 85 couples enjoyed themselves to the utmost and the only expression of regret was evidenced, when the leader determinedly laid down his fiddle after the closing waltz.

The music which, was under the direction of P. L. Sumwalt, '18, was of a high calibre, and time and time again, the orchestra was stormed with applause for encores.

Another novel feature of the occasion was the cafeteria which was held in the west wing of the hall. For a moderate sum, dainties and refreshments were purchased by the dancers. The cafeteria is run by the college and is an improvement in several respects over the old method of serving refreshments at dances. The guests can not only secure a quarter variety of refreshments under the new system but they can also enjoy the sociability of the tables as they are.

In previous years these parades cafeteria was indorsed by the satisfaction and approval of all who were present and it will very probably become a feature in future dances.

It is to be hoped that the dance is an example of those which are to follow as it was satisfactory in every respect. In addition to the students a number of out-of-town guests were present. The patronesses of the dance were: Mrs. S. C. Mitchell, Mrs. Hayward, Miss Begelow, and Miss Winslow.

## WESTERN MARYLAND DEFEATS DELAWARE

### FIELD GOAL AND TOUCHDOWN IN SECOND HALF GIVES 10-0 VICTORY FOR OPPOSING TEAM

In an uninteresting lifeless game Western Maryland handed Delaware a 10-0 defeat on Joe Frazer Field, last Saturday. Our men lacked the fight and punch from the start, while the Western Maryland team was brimming over with "pep."

The fact that we defeated Haverford last Saturday week had a good deal to do with the cause of the defeat. For Western Maryland, to beat Delaware, was something worth fighting for because Delaware had defeated Haverford 7-0. This victory caused the "Blue good deal of the poor playing on and Gold" men to be just a little bit over confident. However, a good deal of the poor playing in Delaware's part can be accounted for in the fact that a good number of the men seemed to be over trained.

Western Maryland had the advantage throught the game. The ball was kept in Delaware's territory most of the time. The opponents played a superior game in every respect. They were really not a superior team as far as players went, but they possessed that fight which Delaware lacked.

Keller, at quarterback, was the shining light for the opposing eleven. He kicked a pretty drop kick for a field goal in the third goal and scored a touchdown in the fourth quarter. Capt. "Ernie" Wilson played a good game in the line while "Mike" Plam was the only one who played any kind of consistent football in the backfield.

This coming Saturday Delaware meets Dickinson on Joe Frazer Field. Lets see some more of that fight and "pep" that was shown in the Haverford game.

The game by plays:

### First Quarter

Captain Wilson won the toss and decided to defend the west goal with the wind at his back. Keller kicked off for Western Maryland, 35 yards and out of bounds. Loose made 6 yards. McCaughan hit center for 2 yards. M. Plam gained 1 yard around end. Loose was tackled for a loss, Western Maryland's ball on downs. Dent made 4 yards through center, and then 5 yards. Wolford failed to gain. Spencer attempted a dropkick but fell short of the mark. Delaware's ball on the 20 yard line. McCaughan attempted a punt but failed to get it off. On the next play he booted one for 35 yards and Loose tackled Keller in his tracks. Spencer gained 1 yard. Keller, 2 yards. Keller punted behind the line and it was Delaware's ball on the 20 yard line. McCaughan made 5 yards through center. Plam made two yards. McCaughan with the aid of a stiff breeze punted 40 yards. Dent made 2 yards but was stopped on his next attempt. Keller punted 25 yards out of bounds. McCaughan failed to gain. McCaughan punted 25 yards, Meyers dropping Keller. Keller made 3 yards through center. Wolford made 2 yards. Lauritsen stopped Dent on the line. Keller punted 30 yards and Miles, the Western Maryland end, grabbed the ball and started toward Delaware's goal, a boner that was appreciated by the spectators. The ball was brought back to where he touched it. Plam made 3 yards. McCaughan punted 25 yards but Western Maryland was off-side and Delaware gained a 5 yard penalty. Tonkin made 3 yards and Loose 2 (Continued on Page 4)

## BIG MASQUERADE

### Parade For Freshmen

Next Friday night, preceeding the Dickinson game, has been set aside for the annual Freshmen masquerade parade. It is considered the duty of every Freshman to show his loyalty to his college and his interest in the football team, by turning out for parade in some kind of masquerade uniform.

In previous years these parades have proven instrumental in arousing spirit and pep, which is a great factor in the team's efforts. This year, if ever, we want to trim Dickinson, and we who have done nothing can at least contribute one share by making this parade a success. The Student Council, which is the instigator of the affair, has offered three prizes of \$5, \$3, and \$1, respectively for the three Freshmen dressed in the most unique or most original costumes. This in itself is no small inducement, but should be secondary to an earnest and willing desire for victory.

As a climax for the parade a rousing smoker, to be held in Old College Hall, has been arranged for. Those in charge have been making an effort to secure several alumni or prominent men to address the meeting. Just a word is

necessary to remind you of the smoker held on the night preceeding the Haverford game. It is undeniable that it had its share in bringing home the bacon. Co-operate with the Freshmen in their parade, and let every "Sophs" and per classman be on hand at the smoker. Nothing is as encouraging as numbers! We expect to take this game from Dickinson but to do so we must pull every available string. A football squad can't do it all. It takes a college of men who are in back of them with spirit and push. Every man turn out and lit's raise the roof!

As a final word to the Freshmen: See to it that you are on hand good and early, in costume. But don't stop at that! Take it upon yourself to see that every other member of your class is out also. Don't look upon this as a duty. It's a privilege! Help the team win, and then say, We won. Every man out!

### Dean Hayward At Springfield

Dean Hayward has been appointed one of the judges at the Eastern States' Exposition, held at Springfield, Mass. He will serve in this capacity on Thursday of this week.

## STUDENTS HAVE GREAT BONFIRE

### Take Day Off And Celebrate Haverford Victory

Delaware College students on Monday night jubilantly celebrated with a bonfire and parade the first victory the Blue and Gold football team has won over Haverford in 16 years. On Saturday Coach Baumgartner's team defeated Haverford 7 to 0 after a hard fought game. This was the first win for Delaware over Haverford since 1901 when the team which was captained by John W. Huxley, now a Wilmington lawyer, defeated the Scarlet and Black at the Front and Union streets grounds, Wilmington, by the score of 6 to 0. In between there were several tie games.

The entire student body was excused from all classes on Monday to prepare the bonfire and they put in a busy day of it. The bonfire was held on the new college campus between Wolf Hall and the Women's College and the blaze could be seen for many miles. Several hundred alums, and relatives and friends of the students came to Newark to watch the celebration. The torch was applied at about 8 o'clock.

As soon as President Mitchell announced yesterday morning that they would be excused from all classes practically the entire student body having waited on him to make the request, the plans for the celebration were started. It was a great day for the "Sophs" as it gave them the opportunity to boss the "Freshies." The Freshmen were divided into teams with a Sophomore as team captain, and members of the upper classes directing the entire work. Wagons were borrowed and in these the students hauled the boxes, barrels and anykind of material that could be secured. Three large trees were chopped down three miles away and carted to the scene of the bonfire. At 7:30 o'clock the band came out and started a short parade. By this time there were a large number of visitors in automobiles on the campus and along Depot Road.

As soon as the torch was applied the Freshmen started a snake dance around the blaze after which the cheer leaders got all the students together and gave the college yells. Near the end of the celebration the students found Coach Baumgartner in the crowd and he was made to mount a large box and make an address. Baumgartner commended the work of the team against Haverford and said if the players fight that hard in every game they will be sure to win. Captain Ernie Wilson and other members of the team also made short speeches. Dean E. Laurence Smith, president of the Athletic Council, was the last speaker.

## Sophs Trim Fresh In Dual Track And Field Meet

On Joe Frazer Field last Friday afternoon the class fo 1920 trimmed the class of 1921 in a dual track and field meet. The reason for the meet was to look over the new material in the Freshman Class. The track team for the coming season will be greatly handicapped by the graduation of Steele and Marshall. For this reason it is strongly hoped that some of the Freshmen will show up well in the spring. The conditions for the meet were very poor owing to the lack of training on both classes' part and the inclement weather.

### Chapel Addresses

On Monday Dean A. R. Culmore addressed the students upon the subject "Why are You in College?" He pointed out that at the present time the people of the country are very naturally asking of the college students why they are in college instead of in some more directly patriotic form of endeavor. He urged the men to make definite plans for their life work while they are in college, and he impressed upon them the necessity for cultivating a professional pride in their work.

On Friday Professor G. E. Dutton spoke to the students upon their responsibility as college students. He particularly requested the men to take care of such little details as dress, manners, and general appearance—details which, tho apparently slight, go a long way in making up a just impression. He cautioned the men to put their studies first, but not to neglect the social and cultural side of their education.

### Highway Work For Engineers

Thro the efforts of Dean Culmore, a plan has been arranged whereby Senior Civil Engineers may specialize in highway construction. The plan, which has been worked out by Dean Culmore and Chief Highway Engineer Upham, consists of a cooperative arrangement between the college and the State Highway Department, by which those men specializing in highway work may get their theoretical instruction in college, and their practical instruction in the field under the direction of the highway department. The usual college credits will be given for this work. A laboratory will also be built in which road oils, tars, and the other materials used in highway construction may be given practical tests.

OCTOBER 23, 1917

**Delaware's Victory**

The victory over Haverford last Saturday is one that followers of the "Blue and Gold" will not soon forget. For fifteen years "Delaware" has made every effort to produce a combination that would be able to trim the Main Line institution—but in vain. In 1912 Haverford met the "Blue and Gold" in the first game ever played on Joe Frazer Field. This game resulted in a 7-0 victory for our opponents. The two following years also brought victories to our rivals. But last year, in a game which was hard and clean fought throughout the spell of defeats was broken—the game ending in a scoreless tie. Compared with the proceeding fourteen years this almost seemed like a victory, but "Delaware" men could not so regard it. Their slogan was "A real victory or nothing." It was with this attitude that the squad entered the game last Saturday. It was this spirit that finally brought victory—and a sweeter one was never gained by any "Delaware" team.

At the opening of college this September prospects for football were anything but encouraging. Many of last year's men had joined the colors, some had graduated, while others had failed to return. The scarcity of varsity material was not the most important problem, however. The big gap was made when Coach McAvoy entered the Officers' Training Camp. For eight years "Coach," as he was always known to "Delaware" men, had piloted all "Blue and Gold" teams. During that time we won many notable victories. Every September for the past eight years, "Coach" was here to welcome the new class, and get the football men on the job. But this year it was difficult—"Coach" was missing.

It was not an easy task to find a man to fill Coach McAvoy's shoes; it was even more difficult to secure someone at once. This was the situation that confronted the Athletic Council at the opening of college. That it wisely and successfully met this issue is evidenced by the showing of the

team in the two games already played.

With the handicap mentioned above, "Delaware" started her football season. For ten days the candidates practiced under the direction of Captain Wilson. Just one week before the first game, Coach Baumgartner reported to take charge of the team. Records speak for themselves. With a squad of thirty men he "whipped together" a team which made a creditable showing against Maryland State in the opening game. What he accomplished last Saturday is history to all "Delaware" students. To him goes the greatest share of credit for this triumph. True it is that every man on the team cannot be praised too highly; but to Coach Baumgartner we must all accord congratulations and wish him as great success in the games to follow.

**FURNISHINGS OF OLD COLLEGE HALL.**

**Some Plans of The Men Whom The Building Represents**

Some of the students are under the impression that Old College Hall is finished as it stands. The building, with its panelling, brass, and hardwood, and the hospitality of its interior proportions, indeed seems complete, without furniture. But it is very far from complete. It is hardly too much to say that when the plans of its friends are realized it will be as wonderfully changed as it has been already. As yet it is simply the splendid shell which the architect has delivered. Not an electrical fixture has yet been installed; and everyone knows what tricks light can be made to do in transfiguring an interior. And the rooms on every floor, including the Lounge, where the present furniture is only temporary, have yet to be equipped to suit them to their various purposes, business, scientific, religious, social.

It is no easy matter to select furnishings for such a building. They must be harmonized with the style of architecture. A Versailles chandelier may look splendid in a Bellevue-Stratford parlor, but it will not do in our Entrance Hall, which is colonial, and which is approached thru a portico that is pure Greek. But to the minds of those who are interested in Old College Hall, the question is not simply the one of appropriateness. They are striving to realize the dream they have had of a better sort of college community at Delaware, something far, other and better than a good imitation of college life elsewhere; and the environment in which that better community life already hopefully stirring, will grow up, must be not only harmonious, but must be homelike, and something that the boy who comes here will learn to love more and more as his tastes refine and ripen, and, will be unwilling when he goes out to omit from his new surroundings any longer than he can help it. In other words, they want the very furniture and lights,—as everything else about a college should,—to be a part of education. Now this is no easy time to accomplish this end,—particularly when the price of kitchen chairs is something like four dollars apiece.

Such considerations should be interesting as helping to account for the delay in completing the Hall, as well as admitting the students to the spirit of the men whom the Hall represents. After careful studies and consultations, Mr. Sharp, chairman of the Building and Grounds Committee, has ordered the furniture. Much of it is specially designed and will have to be built; and there will inevitably be delays in shipment

The offices will be provided with heavily constructed desks, tables, and convenient accessories. As to the furniture in the Living Room, which will inevitably become the most popular spot in college, may be of interest. It will consist principally of two very large divans, covered with blue leather. These probably will flank the fireplace, which will be fitted with andirons, screen and firetools and made ready to blaze out hospitably when the wind blusters on winter nights. Other important furnishings will be great dark oak tables for the floor, a pier-table, at the side-wall under the mellow glow of reading lamps, the desks of which has not been determined yet; eventually decorative curtains at the windows, which will enrich the effect of the panelled walls; and a great number of chairs, of the comfortable Vendsole type,

and others, finished dark. The lights will come later, when just the right thing is found, and the means are available. The policy of the committee has been to add to the building only when they can afford to add what will at once grow into place, and become an integral part of its beauty,—permanent by right of fitness; and this will appeal to every student interested in the building as wisest. It can be authoritatively said that they have been beyond measure gratified by the appreciation of their idea which the students showed in buying the piano. The only additions to the building which will serve its purpose are those which grow directly out of the student life, as this piano did, or which are conceived, as the whole building and every furnishing are intended to be, in the finest spirit of that coming life.

**Third Annual Founder's Day At The Women's College of Delaware**

The third Annual Founder's Day of the Women's College of Delaware will be celebrated at Newark on October 27, 1917. The exercises this year will have far greater significance than ever before, because of the fact that the cornerstone of the new dormitory will be laid at this time. Governor Townsend is to be present, also Ex-Governor and Mrs. Chas. R. Miller. Another part of the program, which will be held in Warner Hall, is the usual exercises and addresses in harmony with the occasion. Mrs. Grice of Philadelphia, will be the principle speaker at this time, her subject being "Democracy, its appeal to womanhood." Mrs. Chas. R. Miller will speak of her work on the State Committee of the Council of National Defense. The ex-governor has also consented to speak. Addresses will be made by Dean Robinson and President Mitchell. The Glee Club, under the direction of Miss Selma Bachrach, will furnish the music. The third part of the program will be in the hands of the Sophomore Class. It is the ceremony in connection with the planting of the class tree. The exercises will be held promptly at two o'clock in order not to conflict with the Delaware-Dickinson game on Frazer Field on the same date.

The committees in charge are the following:

Program and Invitation, Dean Robinson, Miss Powell, Dr. Rawlins of the Faculty, Anna Beebe '20, Mary Mitchell '21; Tree-planting, Margaret Reynolds, '20; Decoration, Esther Dodson, '21; Ushers, Lilly Ferguson, '19; Reception, Elizabeth F. Jones, '18; Publicity, Dorothy G. Carley, '21; Music, Selma Bachrach, '18; Marshalls, Misses Bigelow and Ware, of Faculty.

**NEW MEMBERS RECEIVED INTO Y. W. C. A.**

The impressive ceremony of the recognition of the new members of the Y. W. C. A. at the Women's College took place on Sunday night. The ceremony is that used by all Y. W. C. A. organizations. The meeting is held in a room lighted only by a candle. The new members file in carrying small candles which represent the contributions of each to the whole organization.

Those who joined the Association on Sunday were members of the Freshman Class, and a number of the wives of members of the faculty, whose active membership will contribute to the usefulness of the association. The meeting next Sunday night will be in charge of Miss Kathryn Jackson of the Bible Study Committee. The subject is, "Is Your Book Dusty?"

**Delaware Alumnus Shows Interest**

Sporting Editor Wilmington Morning News.

Dear Sir: Having just read in your paper of Delaware's defeat of Haverford last Saturday being the first time in 23 years. I beg to advise that Delaware beat Haverford 6 to 0 in the fall of 1901 at Front and Union streets, Wilmington.

For confirmation inquire of Captain J. W. Huxley of your city.

Yours truly,  
T. M. Gooden, Jr.  
Dover, Del.

**The Engineering Society**

Last Tuesday evening the Engineering Society of Delaware College held its initial meeting for the year. As this meeting was primarily for the purpose of getting together the engineering students and organizing the society,

no formal program was prepared. Dean Cullimore gave an informal talk to the Society and explained to its members the new course in highway engineering which has been established this year.

For the next meeting of the Society on Tuesday, October 30, a big program has been arranged. At this time, Mr. Upham, who has been appointed State Highway Commissioner, will address the Society. Mr. Upham has a very sincere interest in the engineering welfare of our State and of our college, and his talk will be of vital interest to every engineering student. On account of the very general interest in which highway engineering is now held, moreover, the Society has decided that next Tuesday's meeting shall be open not only to the engineering students but to any interested persons, whether they be students in college or not.

**CAFETERIA OPENED**

**A New Feature Added To Our College**

Last week marked the beginning of another new feature in our Commons—the cafeteria. Miss Cauldwell has arranged to open this cafeteria every evening from 8.30 to 10.30 in the west wing of Old College Hall. The primary object of this cafeteria as now planned is not to run in opposition to anyone in Newark but to present to the college students an opportunity to make a more extended use of Old College Hall than is now being made. As planned at the present time, the cafeteria is in no way pretentious. The food served comprises simple, well-cooked and wholesome edibles, hot drinks, pies and ice cream. A different cooked dish is served every evening, but the pies, cocoa, and ice cream are always on sale. Miss Cauldwell hopes to develop the cafeteria in such a way that the fellows may buy ice cream and the like to eat outside the dining hall. Such a plan as this should certainly prove of benefit to the fraternity men and to the fellows living in town.

Two students are now employed to sell the food every evening and to clean up the hall at closing time. Each fellow secures his own food on a tray in the usual cafeteria fashion, and pays for it when he leaves the hall. The cafeteria was first opened last Tuesday, and although the patronage was not what had been expected, number of students were present. Wednesday was reported as a dull day, but Thursday and Friday were both more promising. On Saturday, however, the cafeteria proved its genuine worth. Miss Cauldwell had everything in readiness for the intermission in the Student Council dance and naturally most of the dancers took advantage of this opportunity to use the new service.

The dining hall in the Commons building has proved its real worth to the students of Delaware. The new cafeteria should prove of no less value; for it too fills a real need in our student life. Particularly as the severity of the winter increases should this new feature be of benefit to the whole student body. It is designed to please every student and now it is up to the men to take advantage of it. Miss Cauldwell will gladly receive any suggestions from the fellows for improving this cafeteria, and it is now up to us to show that we can appreciate her efforts.

**Wolf Chemical Club Organized**

Last Thursday evening at a meeting of the Chemical Engineers and the Arts and Science students specializing in chemistry, the Wolf Chemical Club of Delaware College was organized. All Sophomores, Juniors and Seniors rae considered charter members. The Freshmen are associate members until they have presented some paper and are voted a member by the organization. Beginning with September, 1918, both Sophomores and Freshmen will be considered associate members until they have fulfilled the requisites for membership of the club. It is hoped in the restrictions placed on membership that there will be a greater interest aroused specially in the lower classes.

The officers of the new chemical society are Ernest M. Marks '18, President; W. Scott Levy '19, V. President; Louis Hoffman Plam '19, Treasurer; George W. Franklin '20, Secretary. The program committee which was appointed by the president and consisted of J. G. Craig '19, chairman; J. W. Humphrey '19; D. P. Barnard '19.

Dr. Penny was elected counselor for the society and Professor Tiffany, honorary member.

The club will meet but once a month. The meeting night is the first Thursday in each month at 7.00. There will be no dues unless it is seen fit by the organization. The first meeting is November first.

**WESTERN MARYLAND DEFEATS DELAWARE**

(Continued from Page 1)

yards. McCaughan punted 30 yards and Graves dropped Keller. End of quarter.

**Second Quarter**

Western Maryland's ball on the 35 yard line. Keller hit right end for 4 yards. Dent 2 yards through center. Spencer 1 yard. Keller got off a 35 yard punt and Tonkin ran the ball back 10 yards. Loose gained 3 yards through center. Plam 2 yards. Loose failed to gain from kick formation. McCaughan punted 25 yards. Keller made 9 yards around left end. Dent made 1 yard for the first down of the game. Wolfred fumbled and Carter fell on the ball. McCaughan made 2 yards. M. Plam fumbled and Western Maryland recovered. Wolfred made 2 yards. Dent failed to gain on a criss-cross. Spencer gained 1 yard and Delaware was penalized 5 yards for off-sides. Keller 1 yard and then 2 yards. Dent hit a stonewall defense at center. Keller lost 2 yards. Delaware's ball. McCaughan made 20 yards through center, the longest Delaware run of the game. Tonkin lost 4 yards. McCaughan punted 30 yards and Meyers tackled Keller. Dent gained 1 yard. Wolford and Spencer in turn, failed to gain on criss-cross plays. Keller punted 40 yards to Loose, who fumbled, Tonkin recovering. Kinley for Miles. McCaughan punted 10 yards out of bounds. Dent gained a yard through center. Keller made 2 yards around left end. A forward failed. Keller attempted a dropkick but his kick was wild. Delaware's ball on the 20 yard line. Loose made 3 yards. McCaughan punted 18 yards. Meyers tackling Dent. Tonkin blocked a forward. Langrall caught a forward but as he was not the end man on the line the ball was taken back and given to Delaware on downs. McCaughan punted 32

yards. End of half. Score, Western Maryland 0; Delaware 0.

**Third Quarter**

Marston for Loose; Mackie for Roach. Wilson kicked off for Delaware, 40 yards and Keller ran back 30 yards before he was stopped. Keller made 8 yards. Dent's gain could only be measured by inches. Western Maryland off-sides, 5 yards penalty. Wolford gained 4 yards through center. Tonkin and Tinley collided in an effort to grab a forward pass, Delaware being off-sides on the play, 5 yards penalty. Keller made 1 yard around left end. Dent gained 7 yards around left end. Keller made 3 yards through center for a first down. Spencer gained 2 yards, Wolford 3 yards and Keller lost 1 yard. Keller made a drop kick making the first score of the game.

Keller kicked off, McCaughan receiving. Plam gained 1-2 yard. Marston 4 yards, McCaughan 5 yards. L. Plam for Graves. Tonkin 3 yards for first down. Plam 9 yards. Loose recovered McCaughan's fumble and made 2 yards for first down. Two forward passes failed. M. Plam 5 yards. An incomplete forward gave Western Maryland the ball on downs. Lauritson stopped Dent on the line. Wilson tackled Keller after a 1 yard gain. Wolford 4 yards around left end. Keller attempted a dropkick from the 45 yard line but it fell short, Loose bringing the ball up to the 20 yard line. Plam and Marston each made 3 yards and McCaughan failed to gain. McCaughan punted 25 yards, Lauritson tackling Den. Keller 4 yards. Western Maryland off-sides. Dent made 15 yards around left end. End of quarter. Score, Western Maryland 3; Delaware 0.

**Fourth Quarter**

Wolford fumbled but recovered, gaining 1 yard. Spencer failed to gain. Keller made 2 yards around right end. Keller attempted an-

other dropkick but failed, Tonkin gringing ball to 25 yard line. M. Plam 2 yards and then 14 yards. M. Plam made 1 yard. Foulk for L. Plam. Alexander for Ward. H. Alexander for Marston Western Maryland off-sides. Delaware's ball. McCaughan fumbled and the Maryland team recovered. Dent failed to gain. Spencer made 8 yards. Wiford 2 yards. First down. Wingate for Spencer. Keller ran through center for a touchdown and then kicked the goal. Mackie for Roach. Ritz for Tonkin.

Wilson kicked off for 35 yards, and Wingate ran back 14 yards. Keller made 2 yards. Wolford 1 yard. Western Maryland penalized 15 yards for holding. Dent made 8 yards. Wolford failed to gain. Keller punted 35 yards to H. Alexander. Alexander 3 yards, Plam 5 yards. Ritz failed to gain on a criss-cross. A forward failed. Western Maryland's ball. Dent 2 yards. Five minutes to play. Meyers dropped Keller for a loss of 6 yards. Dent failed to gain. Plam ran Keller's 25 yard punt back 30 yards. H. Alexander failed to gain. McCaughan punted 20 yards. Ball on 15 yard line. Keller 5 yards. Wingate gained 4 yards. Carter stopped Keller on the line. Keller punted 25 yards out of bounds. Delaware off-sides, 5 yards penalty. Plam made 9 yards. McCaughan 4 yards. Time.

FREE AUTOMOBILE DELIVERY TO NEWARK

**Delaware College**

For the purpose of fitting young men to take positions of responsibility in the business world and to fill them intelligently and efficiently, Delaware College has established a course in Business Administration as a part of the work of the Arts and Science Department. The course is conducted by Dr. Fred Clark, who came to Delaware this year from the University of Michigan, where he has been an instructor for several years. In addition to taking subjects which are designed to give a broad cultural training, the students in the new course will have work in economic problems and in the problems and practice of actual business.

**DIRECTORY OF ADVERTISERS**

We believe in reciprocity. "If you deal with us, we will deal with you" is a fair and square business proposition.

The Review is dependent upon its advertisers. Without their help in the form of advertisements it could not be published. Therefore it is only right and proper that the students and entire constituency of the College should patronize those concerns which patronize the Review. Your trade and business dealings should preferably go to them.

Below is a classified list of those advertisements which appear in "Our" paper and "Your" paper. Look it over and then follow that doctrine of Reciprocity.
