PRICE FIVE CENTS

ENROLLMENT OF WOMEN CURTAILED AT U. OF D.

**Applications
Of Residents
Of State Only
Now Accepted**

The enrollment of women students in the University of Delaware for the year 1945-46 has grown to the point where it has become necessary to decline applications of out-of-state students and to accept applications of only a few more Delaware girls.

Dr. W. O. Spherd, Acting President, said today that any resident of Delaware wishing to enter the Freshman Class of the University in September should make application at once. Already over a hundred girls have been accepted for the Freshman Class, and more applications are being considered by the Committee on Admissions, and more come every day. It is evident that the largest number of women students the University has ever had in the Freshman Class will be enrolled this fall.

The increased number of women students has led to a change in the dormitory accommodations. Heretofore all women have been housed in Warner, New Castle, and Sussex Halls, with a few upper classmen in the two small one-story buildings on the lower campus. In September, for the first time, Harter Hall on the upper campus will be used for women, 75 freshmen being accommodated there. Brown Hall, the new men's dormitory, will be used by men civilian students, and the ASTRP students will be on the Old College campus, in Old College, the Training House, and two fraternity houses.

Harter Hall was erected in 1916, the name being in honor of the late Dr. George A. Harter, formerly president of Delaware College. It is located on the campus just south of Main Street. The building is being renovated and redecorated in preparation for its occupancy in the fall.

DOUGLASS BATTERY IS COMMENDED

**C. O. Praises
Anti-Aircraft
Battalion**

With the 537th Anti-Aircraft Artillery Battalion in Europe—Battery D, Anti-aircraft Battalion, commanded by Captain William E. Douglass, 175 Haines Street, Newark, has received a commendation for superior performance of duties from Lieutenant Colonel Bob T. Hughes, commanding officer of the 915th Field Artillery Battalion.

Lt. Col. Hughes said: "Though official records show few enemy aircraft shot down in action by Battery D, I am personally satisfied, as are the organization accounted for many more members of my command, that this for which they did not receive credit, and I am certain that the large volume of fire thrown up against the enemy on the many occasions on which this battalion was attacked prevented the German air army from inflicting inestimable casualties upon men and damage upon materiel."

Lt. Col. Hughes gave special commendation to First Lieutenant John A. Moore's 1st Platoon, Battery D, for the manner in which they beat off the attack of 47 German aircraft which struck the battalion just as it was going into position in the vicinity of Willershausen, Germany on April 2.

Lt. Moore's home is at 304 Howard Avenue, Rockville, Indiana.

U. S. Sues To Condemn Coch's Properties

Although use of the area has been terminated preliminarily to a suit for condemnation of land for roadways, and fixing of awards to property owners had already been taken in connection with the Army's Ammunition Backlog ground near Coch's Bridge.

The suit which will determine the damages to be awarded property owners was filed by the government Monday in the U. S. District Court against the State Highway Department and the New Castle County Levy Court for 6,246 acres for roadways to the area. The land is situated in both White Clay Creek and Pender Hundred. Assistant U. S. District Attorney W. Thomas Knowles filed the suit for the government.

U. Of D. Dean Of Women Began Duties Yesterday

The new dean of women at the University of Delaware, Dr. Gwendolyn Crawford, has arrived in Newark and officially assumed her duties at the university yesterday. She has spent the past few days in consultation with members of the faculty to become familiar with her work.

Dr. Crawford comes from Wilson College, Chambersburg, Pa., where she has been teaching economics and serving as student adviser. She is a graduate of Wilson and received her master's degree and doctor's degree from the University of Virginia. At Delaware she will serve as counselor for women students and adviser to the academic deans and directors of divisions as to programs of study for women and as advisory officer with the placement bureau.

200 ASTRP STUDENTS TO ENROLL AT U. OF D.

**University
Has Excellent
Army Rating
For 14 Years**

New Jersey and Delaware youths who are about to begin army college scholarships in August have been assigned to the University of Delaware.

Lt. Col. Frank B. Chapman, recruiting induction officer for New Jersey and Delaware, announced designation of the University of Delaware for the August class of the Army Specialized Training Reserve Program in Second Service Command.

Approximately 200 high and preparatory school graduates from the two States, and from New York State, all 17 years old, were scheduled to leave for their college training August 1.

They will be pre-engineering freshman students prior to entering the army for full-fledged active duty after they reach 18. In the meantime they will receive military instruction and army physical training in addition to their academic work at the university.

All of the 200 17-year-olds established eligibility for the army college scholarship by successfully passing the Army College Qualifying Test while secondary school seniors last April 12 and subsequently enlisted in the army reserve.

The military unit at the University of Delaware, which consisted of the ROTC in peace-time and is now the ASTRP, has been rated "excellent" by the Secretary of War annually for 14 years, a record achieved by only 25 universities in the United States. It is commanded by Colonel Donald M. Ashbridge, a Regular Army Coast Artillery officer of long service.

July classes for ASTRP men from New York, New Jersey and Delaware went to New York University and Rutgers University, New Brunswick, N. J. The final class of candidates from the April 12 test will start their college training in September, probably at a university in New York State.

1st Lt. E. N. Dunphy, officer-in-charge of the U. S. Army Recruiting Station, Camden, N. J., and 1st Lt. Catherine H. Perry, WAC, of the Wilmington army recruiting station, have been designated to accept applications from central and southern New Jersey and the State of Delaware.

CALLS MADE BY NURSE

**Mrs. Coverdale
To Substitute**

Miss Alice Leak, visiting Nurse for this section of New Castle County reports 223 nursing calls made during the month of July with a total of 245 visits made during the period.

Mrs. Coverdale, nurse at Newark Public Schools, will substitute for Miss Leak during the month of August, while she is on vacation. Anyone needing the services of the visiting nurse during the month is advised to telephone for Mrs. Coverdale, Newark 6773.

Visits by Miss Leak during July are classified as follows: 7 prenatal, 7 visits; 4 maternity cases, 18 visits; 2 paralysis cases, 25 visits; 2 apoplexy cases, 34 visits; 2 cancer cases, 5 visits; 1 arthritis case, 9 visits; 1 neuralgia case, 1 visit; 4 heart cases, 29 visits; 1 tubercular case, 1 visit; 8 intestinal cases, 37 visits; 5 kidney cases, 19 visits; 2 fractured femurs, 8 visits; 7 nervous cases, 21 visits; 9 miscellaneous cases, 31 visits.

Twenty-two instructional calls were made during the month.

CHEMISTRY ASSOCIATES APPOINTED AT U. OF D.

**Three Added
To University
Engineering
Station**

The Engineering Experiment Station at the University of Delaware has enlarged its staff by three new appointments. Mrs. Kathleen Spencer Rostler has been appointed as Associate Research Chemist; Miss Rachel Morrison, as Research Assistant in Chemistry; and Richard M. White, as Research Technician in Chemistry. These three new University employees will work on research projects in the fields of petroleum and rubber chemistry in the department directed by Dr. Fritz S. Rostler, who is Research Professor of Chemistry in the Engineering Experiment Station.

Mrs. Rostler has published articles in chemical journals and is known as the co-author of calculating tables for use in rubber testing which are widely used in rubber laboratories throughout the country. She received her degree of Bachelor of Arts from the University of Delaware, where she was graduated in 1937, with honors and distinction in chemistry. She received the degree of Master of Arts in chemistry from Connecticut College, where she held a graduate fellowship and was assistant in the chemistry department for two years. Since 1939 she has been employed as a chemist in the laboratories of Wilmington, Wilmington Chemical Corporation and Mr. White also comes to the University from the Wilmington Chemical Corporation, where he held the position of head technician of the laboratory there. He has been employed by that company since 1942, previous to which he attended the State Teachers College in Salisbury, Maryland.

Miss Rachel Morrison, of Marshallton, is a graduate of the July 1945 class of the University of Delaware, where she majored in chemistry.

LLOYD AT CASABLANCA AIR BASE

**Local Sergeant
Assists ATC's
Green Project**

ATC AIR BASE, CASABLANCA — Sgt. David M. Lloyd, son of Mr. and Mrs. S. E. Lloyd, 129 1/2 East Cleveland Ave., has been assigned here to Cazes Air Base, Casablanca with the Air Transport commands North African Division commanded by Brigadier General James S. Stowell.

Sergeant Lloyd is one of the men brought here to assist in the ATC's "Green Project" — the movement by air of 40,000 veterans of the European and Mediterranean Theatres back to the United States for redeployment and discharge. From Cazes Air Base the four engine transports leave for the long flights across the Atlantic on the way home.

The enormity of the project necessitated a large increase in ATC personnel in Africa—mostly ground crews drawn from the combat air forces in Italy and England. In this redeployment of troops, the greatest air movement in history, more than 1,300 veterans per day, from five theatres of war, will shuttle through Casablanca to the United States where some will be discharged and others will move on to the South Pacific.

Overseas 33 months, Sergeant Lloyd served with the famous 303rd Bomb Group of the Eighth Air Force in England before his assignment here to Cazes Air Base. He entered the army May 19, 1942.

Draft Board Asked Not To Release Seamen

Local draft boards in Delaware were requested yesterday in a memorandum from State Selective Service Headquarters, not to approve the release of any man from the Merchant Marine unless the circumstances are exceptional.

"These seamen have some skill and everyone of them who quite the sea cripples the Merchant Marine," the note said. It also pointed out that men 18 to 25 as well as older men may enlist in the Merchant Marine if they get the permission of their local draft boards. The memorandum said the Merchant Marine has urgent need for 115,000 additional seamen and officers.

ASKS BIDS FOR NORTH CHAPEL ST. SURFACING

**Much Needed
Repairs; Curb
And Gutters
Proposed**

North Chapel Street, from the overhead B & O bridge to the Paper Mill covered bridge is in for a complete repaving, according to an advertisement for bids authorized by the Town Council and published this week.

According to the Notice to Bidders, signed by Mayor C. C. Hubert and information gained from town Supervisor George Ramsey, bids will be accepted for the construction of concrete curbs, gutters, drainage and resurfacing of North Chapel Street and opened at Town Council office at 8 P. M., Friday, August 17.

It is understood that curbs and gutters will be installed only on the West side of the street. Bids must be submitted on standard forms available either from the General Engineers, Inc., at Wilmington, or at the Council office.

Each bid must be accompanied by a certified check for not less than ten percent of the amount bid. The council reserves the right to reject any or all proposals.

COLBURN IS SPEAKER AT LIONS CLUB

**Tells Problems
Of Air Cooling
Plane Engines**

President T. D. Smith conducted the regular weekly dinner meeting of the Newark Lions Club, held Tuesday evening at the Country Club, before turning the meeting over to Charles Cooper who introduced Dr. Alan Colburn as guest speaker for the evening.

Dr. Colburn, professor of chemical engineering at the University of Delaware, gave a very interesting as well as educational discussion on problems concerning air-cooling of engines, used in fighter planes during the present war.

Corporal Paul Edwards, of the Bainbridge Naval Hospital, at nearby Baltimore, Md., was the guest of Robt. E. McFarlin who is home on leave from the U. S. Marine Corps.

Program chairmen for the month of August are as follows: August 7 — George Danby; August 14 — Edward A. Curtis; August 21 — Fred C. Evans; August 28 — N. M. Clark, with a director's meeting scheduled to follow presentation of the regular program.

It is interesting to note that programs for the next three consecutive weeks will be in charge of three past presidents of the organization.

SWIM POOL PROGRESSES

**Volunteers
Aid Work**

Despite inclement weather, this week saw the actual start of work on the 'swimming hole' project on the May farm, just East of Newark, on the Ogletown road.

Due to activities of Osceola Lodge No. 5, Knights of Pythias, and many civic minded citizens of the community, leveling of approaches to the proposed pool and other improvements have been begun.

The project is gaining widespread approval among residents of Newark, many of whom have volunteered aid. The lodge intends to follow up the work now being done and keep strict supervision over the project and grounds to see that it is completed in time for use next summer.

Additional volunteer labor can still be well utilized, lodge officials declared and anyone desiring to help with the work is invited to contact any member of the committee.

DIVIDEND DECLARED

The Treasurer of the Delaware Rayon Company, at New Castle, Delaware, has announced that a meeting of the Board of Directors of the company, held July 27th, a dividend of fifty cents per share was declared on the Class "A" stock payable August 16 to stockholders of record August 6, 1945.

Meet In Solomons

Renard J. and Lt. Ernest George

Pictured above, on the left, is Renard J. George, husband of Mrs. Mary Moore George, of East Main Street, now Chief Petty Officer, U. S. N., who has been stationed on the Solomon Islands for the past sixteen months.

The above picture of the cousins was taken during a chance meeting in the South Pacific Islands several weeks ago. Renard J. George is assistant officer of recreation and rehabilitation with his unit.

Lt. Ernest George, on the right, is a former U. of D. athlete, now home on furlough. He is a member of the U. S. Marine Corps.

AIR FORCE EXHIBIT ON EDUCATION HERE TODAY

**Demonstration
For Public At
Field House
At 1:15 P. M.**

Local educators will have an excellent opportunity to see the latest developments in the Army's program of streamlined educational efficiency, when the Educational Demonstration Unit of the Army Air Forces presents its program at the University of Delaware in Newark on this afternoon. The demonstration will be conducted in the University Field House on the upper campus near Frazer Field, beginning at one-fifteen o'clock. This program was first announced for Friday, August 3, but it has been necessary to advance the date to August 2. A similar demonstration will be given in Georgetown on August 6.

The personnel of the Unit is composed of former civilian instructors who have been successfully engaged in the tremendous AAF wartime program of training three and a half million specialists. The unique teaching devices and training methods, developed from this wartime experience, are now being presented to the civilian educators of the nation.

The outstanding feature of the Demonstration is the typical model AAF teaching lesson with which the program begins. By means of mechanical "mock-up" devices, it illustrates for the academic classroom teacher the Army's colorful, concrete way of presenting the abstract scientific principles taught in the standard civilian school courses.

Information will be given which will enable civilian schools to procure certain AAF equipment, and educators will be shown the most economical and efficient methods of putting this equipment to its maximum educational use.

The greatest educational benefit will be derived from this program by the following type personnel: superintendents, principals, department heads, supervisors, key teachers, science teachers, instructors in Vocational and Industrial Arts, representatives of Boards of Education, and outstanding civic leaders, but anyone interested is invited to be present for the demonstration.

Tin Can Collection On Monday, August 6

Dr. Charles N. Lanier of the Salvage Committee announces that the regular flattened tin can collection will be held at the Kerr farm Monday at 2 p. m. with interment in St. John's Church Cemetery, Lewisville.

Please have the tin cans ready early Monday morning.

CUB PICNIC

Members, officials and families of Newark Cub Packs No. 55 and 56 enjoyed an outing with business Saturday afternoon when they held a picnic and Pack meeting at Ball Run Park, a few miles East of Newark, on Capitol Trail.

JAYCEES TO COLLECT OLD PAPER EACH MONTH

**Postoffice
Designated
As Depository
For Collectors**

The Newark Junior Chamber of Commerce has announced that it will collect waste paper every month as long as the critical need for paper exists. Collections will be made the second Saturday of every month beginning August 11.

Newark residents are urged to have their paper tied and on the curb before one o'clock on the Saturdays collections are made. Two trucks will make a complete coverage of the town. For the benefit of residents of rural districts arrangements have been made for the Post Office to serve as a central collection point on Saturday, August 11.

People living outside town are requested to leave their scrap paper on the back platform of the Post Office before 3 o'clock on the day collection is made. The Postmaster has requested that all paper left here be carefully tied so it will not be scattered about the Post Office grounds.

The importance of saving waste paper cannot be over-emphasized. The end of the European war has actually intensified the need for salvaging paper. This is due to the fact that the enormous quantities of supplies being shipped to the Pacific have to be packed in double and triple waterproof wrapping to withstand the long sea voyage and the humid climate.

In the words of Lieut.-Gen. Somervell, Army Supply Services chief, "There is absolutely no exaggeration in the statement that waste paper may be as deciding an influence in the war's outcome as the mobilizing of the pleasure craft fleet that saved the British army at Dunkerque."

OSBORNE IS A GRADUATE AIR GUNNER

**Completes
Navy Course
At Miami, Fla.**

Aviation Radioman, third class, William J. Osborne of Orchard Road Apartments has been graduated from the U. S. Naval Air Gunners school at Miami, Florida.

With the Pacific as his eventual destination, Osborne now will be transferred to an air station where he will receive operational training as an aircrew member.

Under command of Comdr. John C. Tyler, the gunnery school developed the Radioman into an accurate gunner who will take his skill into the air as a member of a fighting team bent on wiping out the enemy forces in the Pacific.

In the top 20 per cent of his class, he was rated a third class petty officer at graduation ceremonies. He is the son of Mrs. Arlyn M. Osborne of the Orchard Road Apartments. Osborne was graduated from Newark Public high school and attended the University of Delaware for two years before joining Naval Service.

Gunshot Wounds Fatal To W. R. Kerr, Friday

William Ray Kerr, 56, farmer and butcher, was found dead from gunshot wounds at his farm on the Fair Hill-Newark Road Friday by his son, Sergt. W. R. Kerr, Jr. A gun was found beside the body.

Mr. Kerr, who lived in Elkton, was in the habit of going to his farm Thursday nights to prepare meat for delivery on Fridays.

He was the son of the late William and Melissa Kerr, formerly of Lewisville, Pa. He is survived by his wife, son, and daughter, Miss Betty Kerr, a student at the University of Delaware, Sergeant Kerr recently returned from overseas. Funeral services were held at the Kerr farm Monday at 2 p. m. with interment in St. John's Church Cemetery, Lewisville.

DIVIDEND DECLARED

The Board of Directors of the New Bedford Rayon Company, New Bedford, Mass., have declared a dividend of seventy-five cents per share on the Class A stock of the company, payable August 20, 1945, to stockholders of record at the close of business August 10, 1945.

CERTIFICATE OF REDUCTION OF CAPITAL

INTERNATIONAL RESISTANCE COMPANY, a corporation organized and existing under the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY as follows:
(1) That on the 23rd day of July, A. D. 1945, there was filed with said corporation a written consent of the holders of record of the total number of shares of the corporation outstanding and having voting powers authorizing a reduction of the capital of the corporation by the amount of Seventy-Four Thousand Seven Hundred Ninety Dollars (\$74,790.) in the following manner:
By retiring 400 shares of Class A stock and 328 2/3 shares of Class B stock owned by the corporation; and providing that an amount not exceeding that part of the capital of the corporation represented by the shares so retired may be charged against the capital of the corporation in respect of such shares.
(2) That the assets of the corporation remaining after such reduction are sufficient to pay any debts, the payment of which has not been otherwise provided for.

IN WITNESS WHEREOF, said **INTERNATIONAL RESISTANCE COMPANY** has caused its corporate seal to be affixed and this certificate to be signed by Ernest Searing, its President and Ernest W. Braun, its Secretary, this 23rd day of July, A. D. 1945.

CERTIFICATE OF REDUCTION OF CAPITAL

GRANT PHOTO PRODUCTS, INCORPORATED
Grant Photo Products, Incorporated, a Corporation organized and existing under the General Corporation Law of the State of Delaware, (hereinafter called the Company), DOES HEREBY CERTIFY AS FOLLOWS:
(1) That at a meeting of its Board of Directors duly held and convened, a resolution was duly adopted setting forth and

authorizing a reduction of the capital of the Company in the manner and to the extent hereinafter set forth and calling a meeting of the stockholders having voting powers for the consideration thereof.
(2) That thereafter at a meeting of the stockholders of the Company called upon at least ten days notice, given in accordance with the by-laws thereof, for the purpose of voting upon the question of reducing its capital, a resolution supplementing said resolution of the Board of Directors of said corporation was duly adopted by the holders of record of more than a majority of the shares of stock of the Company, having voting powers, at the time outstanding, to reduce the capital of the Company by the amount of Forty-one Thousand Two Hundred and Ten Dollars (\$41,210.) by retiring 4,121 shares of Preferred Stock of the Company, and that the resolution so adopted provided that an amount not exceeding that part of the capital of the Company represented by the shares so retired may be charged against the capital of the company in respect of such shares.
(3) That the Agreement of Merger and Certificate of Consolidation of the Company, filed in the office of the Secretary of State of the State of Delaware on September 5, 1942, prohibits the issue of said 4,121 shares of Preferred Stock so retired, and pursuant to the provisions of Section 23 of the General Corporation Law of the State of Delaware, upon the filing and recording of this certificate as therein provided, said Agreement of Merger and Certificate of Consolidation, as amended, of the Company shall be amended further so as to effect a reduction in the authorized Preferred Stock of the Company to the extent of Forty-one Thousand Two Hundred and Ten Dollars (\$41,210.) being the aggregate par value of 4,121 shares of such stock so retired.
(4) That the assets of the Company remaining after such reduction are sufficient to pay any debts, the payment of which has not been otherwise provided for.

IN WITNESS WHEREOF, said Grant Photo Products, Incorporated has caused its corporate seal to be affixed and this certificate to be signed by its President and its Secretary this 26th day of June, A. D. 1945.

FRIENDSHIP OFFICERS INSTALLED

Stanton M. E. Officers School Picnic Held

The Stanton Methodist Sunday School members and friends enjoyed their annual outing Saturday at Riverview Beach. The party took picnic suppers, and enjoyed the amusements of the park.

Officers elect of Friendship Lodge No. 4, Shepherds of Bethlehem were installed at their meeting this week by Deputy Kathryn Hartman of Wilmington. The installing officer was assisted by visiting deputies and supreme officers from various lodges of Wilmington. Mrs. Hartman was presented with a gift by the local lodge, in appreciation of her services. Refreshments were served.

Mrs. Sue Smith, Mr. and Mrs. Clinton Abrams and family are the guests of the Rev. and Mrs. Charles Loubhoff of near Ocean City. Rev. Loubhoff was formerly stationed at Stanton. They were also guests of Mr. and Mrs. Orin Passmore of Harrington, Del.

Mrs. Viola McCrone, Mrs. Elizabeth Williams and Mr. Harry D. Williams and Mrs. Crum have returned from a vacation spent in Atlantic City, N. J.

HOLTON RITES

Funeral services and interment will be private for William J. Holton, 81, of 414 South College Street, Newark, who died Monday in the Delaware Hospital.

He is survived by four sons, William E. and Walter D. Holton of Newark, George C. of New York and Charles R. of Bethlehem Pa., and two daughters, Mrs. Jennings Sparks and Mrs. Edward Hurlock, both of Newark.

HOLD JOINT SESSIONS AT NEWPORT

198th Veteran Is Moved To Navy Hospital

At the Church School session at 10 a. m. Sunday morning, E. E. Alexander, Adult Superintendent, was in charge in the absence of George L. Biddle, Superintendent, who is on vacation. During the summer months, joint sessions are being conducted because of smaller attendance and fewer teachers due to vacation periods. On Sunday, Marion Green taught the joint session of Adult Classes, and Miss Bessie Lynam conducted the Youth joint session. Rev. Paul E. McCoy, pastor, preached at the 11 a. m. worship service.

The Rev. Alex W. Boyer, Rector of the St. James P. E. Church conducted Holy Communion Service at 7:30 a. m. Sunday morning. At 11 a. m., there was Holy Communion and Sermon. James Harkness, of Silview, who was recently released from service, having served with the 198th in the South Pacific, and has since undergone an operation for appendicitis, suffered an attack of malaria and on Thursday was removed to the Naval Hospital in Philadelphia, through the efforts of the Red Cross.

Five Points Chapter No. 13, Order Eastern Star, held a Covered Dish Luncheon on August 1st at 12 noon at the home of Mrs. Lorraine Putzier, 202 Boxwood Road, Woodcrest. Proceeds are for the benefit of the Shut-In Committee, of which Mrs. Putzier is Chairman.

Mrs. Arthur L. Hampton of Lyndalia who recently underwent an operation in the Delaware Hospital, is still a patient there. Her condition is improving.

Mrs. Leon Gallagher of Lyndalia is confined to her home by illness.

Mrs. S. W. Day of Salisbury, Md., was the guest this week of Mr. and Mrs. Harrison M. Day.

Mr. and Mrs. A. C. Hall left today for a vacation trip to Ocean City, N. J. Sgt. Howard Ware of Newport who is a member of the A. T. C. service and located in Utah, has returned home on furlough, to visit his wife and new baby

JAHNS AT ROTARY

Gives Talk On Fibre Glass

Sam Handloff presided at regular Rotary Club meeting held at the Country Club Monday, July 30. After the dinner, the visiting Rotarians and guests were introduced. The members of other Rotary Clubs present were: W. W. Buckingham, Middletown, N. C. Quillon, Major N. Travers, and George A. Murphy, from New Castle. The guests who were brought to the meeting by Bill Swan, "Mac" MacDougall and "Doc" Tiffany respectively were: Millard Ritchie, manager of the local American Store; Kingdon Watt, Technical Director of Curtis Paper Company; and Frank Jerry, special investigator of bombs, booby traps, etc. for the Navy.

The speaker of the evening was William Jahns from Continental-Diamond Fibre Company who told those present about some of the new developments in the field of plastics. Most of his talk was about "Fibre Glass Melamine" which product was developed for and used by the Navy.

Next week's meeting will be held out of doors, weather permitting. By the courtesy of Doc Manns, it will be held in his orchard with the dinner being arranged by Herb Mobley. The meeting will be for open discussion among the members.

When the dwindling number of enemy planes doesn't provide enough targets for anti-aircraft guns, work still goes on. The gunners simply lower their barrels and convert the guns to field artillery work.

Meetings of other granges are in the process of being scheduled.

Mr. and Mrs. Thomas Hale are spending a two week's vacation in Atlantic City, N. J.

Jobbing

CORPORAL WILLIAM S. BARRY of the U. S. Army. Before entering the Service in June, 1944, Corporal Barry drove for the Delaware Coach Company, operating a "swing run" on Vandever Avenue. Following seventeen weeks engineer training, he was shipped to the South Pacific where he was under almost constant bombardment by Jap bombers. Seriously injured during one severe raid, he was returned to the United States in April, 1945.

Jobs... for our returning servicemen

CORPORAL BARRY is typical of the Delaware Coach Company personnel who served, or are serving in the Armed Forces. As our former employees return to Wilmington, they are assured of a job here at Delaware Coach Company... are welcomed back proudly from the fighting fronts. Like you—our passengers—we shall welcome the return to normal conditions when we hope to improve on our modern, progressive and friendly service.

50% more Gas now!

Must that mean more Accidents?

It need not—but it will unless we all realize the increased danger. Drive more carefully than ever—have your car checked for safety—and be sure you have adequate Automobile Insurance that gives you all the protection you need against accident claims and damage suits. Rates are at the lowest levels in history—ask us for details.

PHONES 581-2929 WE DELIVER

PHONES 581-2929 WE DELIVER

PHONES 581-2929 WE DELIVER

We're going to miss Bill Gillespie. He's a peculiar sort of dachman from the cool regions of Pennsylvania who has made Newark his adopted home for the past seventeen years...

We'll set your mind at rest before you become concerned over Bill's misfortune. He's hale and hearty. The misfortune of his leaving is Newark's — not Bill's. Associated with Newark Public Schools as high school principal and coach of athletics for fifteen years, Bill has put his best foot forward and taken a step which we believe, and hope, will prove to be the smartest thing he ever did in his life.

Bill has accepted a position as high school principal of the Butler, N. J., schools. A job that entails no teaching, no coaching and no four-man appointed Board to kowtow to. (We know that sentence is grammatically incorrect—but, you get the point). Situated in the heart of the eastern metropolitan area, the Butler schools are credited with being the most outstanding in their section... and their section is recognized as the best in the country (meaning the United States, not the rural districts commonly called country).

He'll get more money and have less active duties in his first year there than he did after eleven years service in Newark. The shame of it all is that Bill, who hates to leave Newark, never got a fair shake in the Newark school system after Ira S. Briner resigned as superintendent... and most of you know the why of that better than we.

Why Bill ever remained at the local schools as long as he did is a mystery to us. Just put it down to a greater love of work than self-interest and you won't be far wrong. We're glad to see him go... for his own good. Butler's gain is Newark's loss... we hope, and are confident they will, that they appreciate his ability, loyalty and unselfish interest in the institution he serves more than Newark apparently did.

You realize that the foregoing is only one man's opinion. But, that's just the way we feel about Bill Gillespie. If anyone has a different idea, and wants it aired, we'll publish it here next week.

Glasgow Arms, popular pre-war eating establishment at Glasgow, expects to reopen about the middle of this month according to Gus Slavov, proprietor also of the former Colonial Arms tea room at Elkton.

Gus displayed his loyalty to the U. S. by closing the Glasgow Arms when gasoline rationing went into effect and accepting a minor job in one of the State's defense plants. We wish him every success in the reopening... may his difficulties be few and trivial and may he once again enjoy the success he deserves.

The body of Staff Sergeant William J. Cox, of New Gulf, Texas, was found along the B & O railroad tracks, about a half-mile west of Newark, Thursday night. It is thought that he either jumped or fell from a New York bound passenger train.

His body was discovered when Louis Byrd, conductor, and F. E. Martin, engineer, of a passing freight train saw a leg protruding on the track, about 6:45 P. M., and stopped to investigate. Deputy Coroner Kelley said the sergeant, who was about 28 years old and stationed at Camp Lee, Va., had died of a fractured skull.

Rumors and speculation of the possibility of impending Japanese surrender are encouraging. According to some sources, the unconditional surrender or complete defeat of Japan is predicted before Christmas.

Eight months ago, a gentleman we know wagered two-to-one that the war with Japan would not be over before January 1, 1946. It looks now as if he might lose his bet. And, we know he'd be happy to lose it if this ghastly conflict is ended before that date.

Glad to see George Anderson out of the Army and back in civvies again. Understand he is weighing the advisability of accepting a peace-time commercial flying job with one of the larger airlines... possibly following in the footsteps of Wm. D. (Sheik) Holloway, another recently discharged local flyer who served his stint overseas.

Sgt. Joe Felix, of California, home after three years spent with Filipino guerrillas after the fall of Bataan, in discussing the lack of foods available on the islands said, "the main items of food were bats, lizards, civet cats, frogs, snails, fried monkeys and occasionally a horse or donkey... but, monkey meat was best of all." We know some monkeys we'd like to see fried, but would hate to try to eat 'em.

We visited the Harford County Fair Associations grounds at Bel Air, Saturday... in company of a couple of other gentlemen and we were truly 'all boys together'. The fair wasn't in progress but they had several interesting equine contests that fascinated us. We particularly admired an animal called "Big Sneeze" but he failed to perform up to expectations... another fugitive from a milk wagon, called "New Face" won the laurels in the nighttime event. (please note—horse racing hasn't been mentioned on time this week, so far).

But, getting back to the fair (that wasn't there), we saw more people from Newark than we usually do on a stroll down our own Main Street. Strange what a wonderful appeal a country fair (that wasn't there) has for people.

Take a hint—don't go on Saturday, if you value your life.

The Newark Post

The Newark Post, Newark, Delaware, Thursday, August 2, 1945

Six

NEWARK AND BELLEFONTE LEGION TEAMS BATTLE TO SEVEN INNING 0-0 TIE

Fredrick And Strusowski Pitch Flawless Ball As Locals Flash Airtight Defensive Play; Six More League Games This Week

George Fredrick pitched a no-run, no-hit game for the Laurence Roberts Post No. 21, Junior Legion baseball team, at the Tower Hill diamond last Wednesday night to partially avenge a previous 7 to 0 defeat at the hands of the Newark Legion team. Newark batters were set down in order for the first five innings, with only four runners reaching first base throughout the seven inning scoreless fray.

CUB PACK OUTING AT BALL RUN SATURDAY

Lads And Dads Compete For Supremacy In Games, Contests

Newark Cub Packs No. 55 and 56 enjoyed a picnic and novel outing at Ball Run Park Saturday afternoon with families of the Cubs in attendance. At the infield, The Bellefonte post made repeated serious threats but were nipped in the bud by Newark airtight defense. Fielding honors were accorded Bob Gregg for a perfect throw to the plate, barely catching the runner only a few feet from home plate in what was the most serious threat of the game. Ed Lewis contributed to the excellent defensive play by nabbing a sensational one-handed catch of a foul ball, making the catch while on a dead run downhill.

The game between Newark and Delaware Post No. 1, scheduled for earlier this week, was postponed because of wet grounds and, weather permitting, will be played this evening. Newark has five more league games to be played this week with only six days in which to play them. Contests with Fort DuPont on Tuesday and with Claymont on Wednesday were scheduled.

Errors were evenly divided with one miscue chalked up against each team. Strusowski, of Newark, and Brown, shortstop for Bellefonte, both being credited with one error. Strusowski permitted one walk.

Handicap foot race for girls — Gayle Kauffman, Sylvia Kauffman, Margaret Hendrick. Foot Race — 12 year-old boys and over — Richard Burns, Jay Steinoeur, Francis McCann. Foot race for Dads — George L. Townsend, III, Lowell E. Hendrick, Jay S. Steinoeur. Bag race for 9 and 10 year old boys — Wm. Knotts and George Lowry, Kenneth Kadow and Pete Stiltz, Daniel Palmer and Robert Townsend. Bag race for 11 year old boys — Norris Smith and Anthony Urban, Raymond Long and Wayne Sparks, Glenn Skinner and James Draper.

Pack No. 56 won a tug-o-war from Pack No. 55 but mothers and dads of Pack No. 55 were victorious over mothers and dads of Pack No. 56. Prize winners in a peanut scramble were Paul Smith, Joseph Donnelly, James Sul, Charles Skinner, Shirley Smith, and Mrs. M. L. Draper. The novel feature was a costume bathing beauty contest staged by several dads with the following interpretations: Francis E. B. McCann as Mis-Tatement; Howard F. Long as Mis-Hap; Hoke S. Palmer as Mis-Fit; Jay S. Steinoeur as Mis-Chief; Howard H. Patchell as Mis-Conduct; James Greenplate as Mis-Cellaneous; Milton L. Draper as Mis-Behave; Glenn Skinner as Mis-Represent and E. Bowen Milburn as Mis-Erable. Jay S. Steinoeur was adjudged the winner and received a peach custard pie as his prize.

Following a picnic supper the gathering went to the Newark Methodist Church for the combined meeting of the two packs. William Doyle and Charles Kelley were inducted as Bobcats in Pack 55 by Cubmaster Steinoeur.

Pack 55 awarded Bear rank and gold Bear Arrow Point to Eric Schumann, Lion rank and silver Bear Arrow Point and Webelos badges to Rodney Smith and silver Bear Arrow Point to Wayne Sparks. Edward Sobolewski received a 1-year service pin. Pack 56 awarded Lion rank to Thomas Baker, gold Wolf Arrow Point to Daniel Palmer, gold Lion Arrow Point and Webelos badges to Howard Long.

Pack 55 graduated Rodney Smith who was accepted into Troop 55 by Assistant Scoutmaster Francis E. Reinhardt. Each Den presented a short skit.

Local Men Aboard The USS Guam In The Pacific
Walter R. Campbell, water tender third class, son of Mr. and Mrs. John Campbell, and Joshua P. Schorah, seaman first class, husband of Mrs. Margaret E. Schorah, both USNR, are serving aboard the USS Guam in the Pacific.

These Newark men have been on the Guam for nearly six months while she was proving her worth in combat from Okinawa to the fringes of Japan's Inland Sea.

Private Famous Hamm Wins Infantry Badge

Pvt. Famous Hamm, son of Walter Hamm, St. Georges, has been awarded the Expert Infantryman Badge, at Camp Blanding, Florida, after completing a rigorous course in the replacement center there.

Award of this badge calls for additional compensation above base pay and means that Private Hamm is an expert in the use of infantry weapons and has done a satisfactory job of learning military skills required of doughboys in this war.

MEAT POINT REDUCTION PREDICTED

Rationing May Be Eased Up Next Month

Further reductions in ration point values on beef, veal, and lamb during September were indicated today in view of expected seasonal increases in that period.

This would be in addition to the cuts of one and two points a pound ordered by the Office of Price Administration on these meats for August.

It is likely, however, that as of present conditions the September downward adjustment will equal the point-free period ordered in the fall of 1944 on utility grade beef and the lowered ration values on other types of meat.

Pork will continue scarce during September due to lower hog production. It is not probable that the OPA will reduce ration points on pork cuts in that month. More pork will be available next spring when this fall's pig crop is sent to market.

Overall meat production this year, Agriculture Department officials point out, is below that of 1944 when heavy flows of animals gutted many packing centers and resulted in ample supplies for civilians.

Large numbers of cattle and sheep are expected to move markets this fall in view of the shortage of livestock feed and indications of a short corn crop in the Mid-West. Peak of the fall marketing will be reached in September.

An Agriculture Department spokesman predicted that more better grade beef will move in from the feedlots of the corn belt this fall.

One factor which might reduce the amount of civilian meat supplies in September, however, would be heavily-increased military purchases. This is dependent on the progress of the Pacific war, it was explained, and may occur in November and December.

Marketing of the large fall pig crop next spring will add substantially to the overall civilian meat supply, department officials anticipate.

Navy To Drop 30,000 Under Discharge Plan

More than 30,000 men will be discharged from the Navy by next Jan. 1 under the new "adjusted service age" system, Vice Admiral Randall Jacobs, chief of naval personnel, disclosed yesterday.

Enlistments, however, will keep the Navy at its present strength of approximately 3,369,000 officers and men, Admiral Jacobs said in an interview.

He declared the Navy hopes to keep half a million enlisted men and 52,000 officers after the war, Congress willing.

CONTINENTAL SOFT BALL LASSIES BEST WAC'S BY 11-10; LOSE TO LUKENS

Coatesville Steelers Prove Too Much For Locals As They Pile Up Mounting Score In Early Innings Of Friday Evening Game

Newark's Continental-Diamond Fibre softball artists lost out a 11 to 10 victory over the New Castle Air Base Lassies, on home diamond, last Wednesday evening in an extra-inning slugfest that saw the home team slugging out seven hits with the Misses Swan, Boyd and Oliver each collecting triple plays to help edge out the New Castle nine in one of the hottest tests waged on the local diamond in many a day.

AUTO FEES CONFUSING

Pleasure Car Fees Reduced

Checks which fail to bear the correct fees for registration of pleasure cars are being returned to the senders by officials of the Motor Vehicle Division.

Frank L. Reed, manager of the Wilmington office, said that many car owners are not familiar with the new fees effective July 1 and are continuing to send in fees charged previously.

The new fee for cars up to and including 4,000 pounds, "fee class", is \$8 and for those weighing over 4,000 pounds, \$12. This is a reduction of pleasure car fees.

In figuring the gross weight for registration fee purposes for carry-all types of cars, station wagons and passenger-carrying buses, the weight per passenger, is now counted as 150 pounds, an increase of 25 pounds per passenger over the weight of 125 lbs. used last year.

The office has had to return scores of registration cards and incorrectly made-out checks to applicants for renewal of registrations. Use of the fee-class weight in determining the fee of passenger vehicles and the new passenger weight, 150 pounds, for station wagons, buses, and carry-alls will eliminate this duplication of work, Mr. Reed said.

Notice to Bidders

Notice is hereby given that sealed bids will be received by the Town Council of the Town of Newark, Delaware, for the construction of concrete curbs, gutters, street surfacing and drainage on North Chapel Street, in the Town of Newark, New Castle County, Delaware; and opened and read in public at the Council office on August 17th at 8:00 P. M. Eastern War Time.

Instructions to bidders, specifications and forms of bids, plans, contracts, and bond for the proposed work, prepared by General Engineers, Inc., will be found on file in the Office of General Engineers, Inc. at 2129 Market Street, Wilmington, Delaware, and at the Council office after 4:00 P. M. August 7th and may be inspected by prospective bidders during business hours. Bidders will be furnished with a copy of the specifications and copy of the drawings by the Engineer on proper notice and payment of cost of preparations.

Bids must be made on standard proposal forms in the manner designated therein and required by the Specifications and must be enclosed in sealed envelopes bearing the name and address of bidder and name of project on the outside, addressed to the Town Council, Town of Newark, Delaware.

Each proposal must be accompanied by a bid bond or a certified check for not less than ten (10%) percent of the amount bid, and delivered at the place and on the hour above named.

The Town reserves the right to reject any or all proposals and to waive informalities in bids received.

By order of the Town Council

OPA Drops Plan To Cut High Clothing Prices

The OPA suspended until next year its program to roll back inflated clothing prices, and angry Senate Republicans threatened to organize a special committee to keep a record of OPA operations.

Chairman Robert A. Taft, (R-O.) of the Senate Republican steering committee, outlining plans for a close check on OPA activities, said the suspension is typical of OPA "muddling."

"The whole clothing situation is in a mess," he added. He said he and his Republican colleagues are impatient at Democratic refusal to heed their criticism of OPA and that they intend to create a committee of their own unless there is prompt action on G. O. P. resolutions to set up a bi-partisan investigating group.

1946 RYE, WHEAT GOAL SET BY WFA

Large Crops Expected To Meet Demand

State wheat and rye goals have been approved by the War Food Administration, C. E. Ocheltree, chairman of the State AAA Committee, announced today. Delaware wheat goal is 70,000 planted acres, and the rye goal, 15,000 acres for harvest.

National wheat and rye goals amount to 88.8 million acres and 2.8 million acres, respectively.

At a joint meeting of the State AAA Committee and the State War Board on July 9 State goals for these crops were considered.

A large wheat crop is indicated for the Nation this year, but because of anticipated heavy requirements, the carry-over on July 1, 1946 is not expected to be excessive. With average yields, production from an acreage as large as last year's is expected to fulfill requirements.

Increased production of rye is particularly important this year, and farmers are asked to plant as much acreage for harvest as grain as possible after considering the need for other crops.

Each year during the war, national goals on major crops have been worked out by the War Food Administration, based on requirements for military, domestic, and export use, plus reserves. Suggested goals are then submitted to the States for consideration in the light of local conditions.

WHEAT CROP MEETINGS

A schedule of general meetings in each county of the State to explain the wheat crop insurance program was announced by C. E. Ocheltree, Chairman of the State AAA Committee.

Every farmer, miller, banker, or business man, or any interested in the Delaware wheat crop is cordially invited to attend these meetings. They are to be held at the respective A. A. A. offices at 8 p. m. on the following dates:

Thursday, August 2, at Dover, Friday, August 3, at Newark. Representatives of the Federal Crop Insurance Corporation will be present to explain the program and to answer questions.

With the serious losses by wheat growers this month, the liberal terms of the program should be particularly attractive, and if successful, the program is planned to cover most of the crops produced commercially in Delaware by the addition of from one to three new crops each year.

STATE OF DELAWARE OFFICE OF SECRETARY OF STATE CERTIFICATE OF DISSOLUTION

To All Whom These Presents May Come, Greeting:

Whereas, it appears to my satisfaction by duly authenticated record of the proceedings of the voluntary dissolution thereof, by the consent of all the stockholders deposited in my office, the

METROPOLITAN HOSPITAL, INC. a corporation of this State whose principal office is situated at 900 Market Street in the city of Wilmington, County of New Castle, State of Delaware

Corporation Service Company being agent therein, and in charge thereof, upon whom process may be served, has complied with the requirements of the Corporation Laws of the State of Delaware, as contained in 2353, Section 1, to 2346, Section 214, Chapter 65, of the Revised Code of 1935, as amended, preliminary to the issuing of this

CERTIFICATE OF DISSOLUTION. Now, therefore, I, William J. Storey, Secretary of State of the State of Delaware, do hereby certify that the said corporation did on the

twenty-fourth day of July A. D. 1945 file in the office a duly executed and attested consent, in writing, to the dissolution of said Corporation executed by all the stockholders thereof, which said consent and the records of the proceedings aforesaid, are now on file in my office as provided by law.

In Testimony Whereof, I have hereunto set my hand and official seal, at Dover this twenty-fourth day of July in the year of our Lord one thousand nine hundred and forty-five.

(OFFICIAL SEAL) William J. Storey, Secretary of State

DELAWARE FARM FRONT THIS WEEK

June Second Highest Month For Hatching

War II veterans who have returned to agriculture are doing a good job of operating newly acquired farms, USDA The Farm Security Administration which has made 2,534 loans for farm purchase loans reported that the veterans approved farming methods themselves to the life of the community, and repaying the debts made a start in agriculture. Under USRA's anti-inflation program loans have been made for the purchase except where a local farmer certifies that the land would be purchased at its long term capacity value.

Number of chicks hatched by hatcheries during June, as reported by the BAE, was second highest for that month, June production of chicks for this year was 8 percent under the record in June 1943. Demand for chicks is without precedent in the history of the hatchery industry. Only July 1 the number of chicks hatched for later delivery was higher than last year's. Demand for turkey poults continued strong. Hatching turkey operation during June showed 37 percent more poults than for last June. For the season as a whole, the output of poults by hatcheries this year probably the largest on record.

Land lease claimants are their better requirements for this means that approximately 100,000 pounds, as compared with 50,000 pounds for the past few years, will be available to civilians.

USDA announced that set-aside for Cheddar cheese will be 60 percent of August production and 50 percent of September production as compared with the 65 percent set-aside for August.

July, ODT district managers have full authority to allocate light trucks and to issue certificates of transfers. At present such requests are forwarded to Washington for approval. No changes are made in the method of submitting applications.

Increasing concentration of DDT in the Pacific areas, corresponding quantities of DDT, the war-need insect killer, continue to be needed by the military, according to WPB. Limited quantities, however, continue to be made available for use for civilian purposes, money added. Only one approved use of DDT has been authorized to date. WPB warned that if "leaked out" for any but strictly military purposes where research conducted by competent trained personnel, it may be necessary to place a ban on its use.

movements of the Federal Seed Act applicable to labeling new-crop bluegrass seed for germination have been suspended from August 15, 1945, as recently announced by the U. S. Department of Agriculture. This action was taken to facilitate movement of 1945 seed in which it is needed for fall seed-supplement below-normal carry-overs.

Labeling of bluegrass, advocated by agronomists generally is done in August, September, and October. The germination test requires 28 days. A suspension applies only to labeling for germination on shipments of crop Kentucky bluegrass seed. Other seed is required to be labeled with percentage of germination.

New-crop bluegrass seed must be labeled to show all other information required by the Federal Seed Act when shipped in interstate commerce. Persons who ship new-crop bluegrass seed interstate commerce are urged to label to show the percentage of germination and the date of test. It is possible, and to furnish a copy with the germination as soon as possible after the date of shipment. During the period of exemption, labels made after October 15 are required to be labeled to show the percentage of germination.

Point System Release In Effect. The Navy has put into effect its program for release of certain personnel on their request. The program, under which approximately 30,000 reserve officers, warrant officers and enlisted men are expected to be eligible for release by next year, sets up a formula by which a point system is used. Each year age figured in the nearest year and one point for each year of active duty since Sept. 1, 1941.

eligible, reserve line officers, warrant officers, Navy inductees and regulars serving under exemption of 12 points. Reserve officers of supply corps must have 35, and other officers of the civil engineers

HISTORICAL GROUP GETS NAZI KNIFE

Gen. O'Daniel Gift Made By Miss Wilson

Bereft of the "blood and fire" threat inscribed on its blade, a Gestapo knife, brought back by Maj. Gen. John W. Cron Mikeel O'Daniel, has been presented to the Historical Society of Delaware by his aunt, Miss Etta Wilson.

Included in the presentation made last week is an autographed studio portrait of General O'Daniel which has taken its place among portraits of other Delaware war heroes in Old Town Hall's military cabinet. The society previously had only a news photograph of the Newark Army chief.

The knife, a forbidding weapon in a swastika-adorned holster, bears the inscription "Blut und Ehre!" (blood and fire) on the six-inch blade. According to Miss Wilson it was taken from a German prisoner by her nephew and was one of the few souvenirs he brought on this trip since he was limited to 85 pounds of luggage.

General and Mrs. O'Daniel spent a few days with Miss Wilson and her sister, Miss Nellie Wilson, last week before going to Washington. The General is en route to Fort Benning, Ga., to take over his duties as commandant.

The Gestapo knife and General O'Daniel's picture, both requested by the Historical Society of Delaware, are now on display there.

FEDERAL MESSENGER EXAMS OPEN

Applications Of Veterans Get Preference

Examination for Messenger, \$1500 a year, including overtime, has been announced by the Third U. S. Civil Service Region, according to Woodrow Singles, Local Civil Service Secretary at the Post Office.

Under the veterans' preference laws, those who have the right to veterans' preference must be considered for this position before all other persons. Persons not entitled to such preference may file application but they will not be certified until such action becomes necessary by reason of a lack of sufficient preference eligibles. The places of duty for these positions are Philadelphia, Pittsburgh, and Harrisburg in Pennsylvania and Wilmington, Delaware.

In order to qualify applicants will be required to take a written test of approximately one hour. Experience is not required. Applicants must be citizens of or owe allegiance to the United States and must be physically capable of performing the duties of the position. The minimum age is 18. There is no maximum.

Further information and application forms may be secured from Mr. Singles at the Post Office. Applications will be accepted until the needs of the service have been met.

TRIUMPH IN STOCK DEAL

Under an exchange offer announced Friday the \$2-par common stock of Triumph Industries, Inc., of Elkton, Md., would be transferred to the Noma Electric Corporation of New York.

Noma Electric registered with the Securities and Exchange Commission 247,361 shares of its \$1-par common stock to be offered to Triumph stockholders on the basis of one share of Noma for each two shares of Triumph. The plan will become effective upon deposit of 30 per cent of the 494,722 outstanding Triumph shares.

Ansonia Electrical Company, a wholly-owned subsidiary of Noma, owned 200,000 shares of the common stock of the Elkton company, which was formerly known as Triumph Explosives, Inc.

As a result of the exchange, Triumph will be converted into a controlled subsidiary of Noma as of July 31, "notwithstanding the fact that the exchange offer will not be consummated until some date later," the registration statement said.

State Gets \$1,045,189 In Taxes From Racing

Delaware received a total of \$1,045,189 in taxes on the pari-mutuel betting at Delaware Park during the recent 30-day racing meet. The figure is \$156,176 more than the \$889,473 in taxes received by the state last year from betting at the track.

The federal government's tax on admission totaled \$93,739.10 this year, as compared with \$65,826 last year.

The federal and state receipts totaled \$1,143,928, a new record for the track and \$164,629 more than last year's figure.

Sunday Morning Services At Head Of Christiana Church

Services will be held in the morning at the Head of Christiana Church on Sunday, August 5 with Sunday School beginning at 10 o'clock and morning worship at 11 o'clock.

The Sunday School classes will discuss the lesson topic, "Isaac's Heritage".

The pastor will be on vacation during the month of August. Norman L. Sharp, of Wilmington, will supply the pulpit at the morning church service. The choir will present the anthem, "Day of Rest and Gladness."

MORE BEEF ASSURED THIS MONTH

Quota Increase, Point Value Cut Promised

Slightly more beef for civilians in August was assured with announcement that the armed forces will not raise their requirements.

The volume of slaughtering is now exceeding estimates by a margin wide enough so that the armed forces, while continuing to reserve the same amount of beef, can reduce their percentage of the total supply. This leaves a proportionately larger share for civilians.

The armed forces which, until July 1, took half of all federally inspected choice, good and commercial grade beef, will take only 20 percent starting July 29. This follows earlier reductions to 30 and then 25 per cent.

The military set-aside of utility, canner, and cutter grades, formerly 80 per cent, will drop from the present 65 to 55 per cent at the same time.

Food officials said that if the armed forces had continued to take the high percentages, they would have had a surplus. Civilians, who have been getting less than the 125 pounds of meat theoretically allocated to them, now should be able to buy more nearly the amount they should be getting.

This is due also to the government's recent action in halting the set-aside on lamb, and reducing the share of pork and veal earmarked for government agencies. These cuts were made possible in part by suspension of lend-lease shipments of meat.

In line with the improved civilian outlook, OPA will make a slight reduction in point values of beef, lamb, and veal.

WILLIAMS TO PREACH

Rev. Robert R. Stephens, Pastor of Zion Methodist Church, North East, Maryland, will preach the sermon in the Newark Methodist Church on this coming Sunday morning, August 5, at 11 o'clock. Rev. Stephens was well received when he preached in the Newark Church before and will be cordially received at this service.

On the following Sunday morning, August 12, John D. Williams of Haddonfield, New Jersey, will preach the sermon. Mr. Williams, the son of Mr. and Mrs. Howard P. Williams of Ogleton Road, is at present Sales Manager of the D. L. Ward Paper Company in Philadelphia and is a graduate of the University of Delaware.

He is a local preacher in the Haddonfield Methodist Church, Haddonfield, New Jersey. A number of people will want especially to hear this home town boy and their attention is called particularly to the change in the date of his coming.

EBENEZER SERVICES

Plan Picnic Lenape Park

Sunday School of the Ebenezer Methodist Church will convene Sunday morning at ten o'clock with classes for all ages. The adult topic will be, "Opportunities Bring Responsibilities".

A Sunday School picnic is being planned at Lenape Park on August 7. In case of rain, the picnic will be held on August 9.

T. Blair Ely, Lay Leader of the Peninsula Conference of the Methodist Church, will be the special speaker at Ebenezer Church services Sunday morning with Lindsey Greenplate conducting the service.

Weather permitting members and friends of the church will enjoy a picnic lunch on the Church lawn at six o'clock Sunday evening. An outdoor service will be held at 7:30. Mrs. W. Floyd Jackson and the choir will bring special numbers.

Short inspirational talks will be given by two of the men and the pastor, A. Dudley Ward.

Britain Cites U. Of D. Alumnus, Marine Chief

Great Britain's Distinguished Service Order was awarded to Marine Maj.-Gen. Julian C. Smith, Second Marine Division commander in the battle of Tarawa.

General Smith, now commanding general of the Marine Corps Department of the Pacific, was cited for "outstanding gallantry and leadership shown as commanding general of the Second Marine Division in the operations for the re-conquest of the Gilbert Islands."

Britain's Admiral of the Fleet Sir James P. Somerville presented the award to General Smith.

A native of Cecil County, Md., he was graduated from the University of Delaware in 1907, and received his commission as Second Lieutenant in 1909.

BOY SCOUTS AT RODNEY

The Newark Boy Scouts are taking an active part in the Rodney Scout Camps' summer program. Two of the local scouts, Ronald Ewing and Hugh Miller, are members of the Counselor staff. Troops 55 and 56 joined in a unit camp at WAZIYATA Camp for a week. That they are good campers and well directed is shown by the fact that they won the daily camp inspection twice during the week. Conrad Lewis was leader of the group from Troop 55 and Charles Eastman of Troop 56.

The boys of Troop 55 were Dick Burns, Andrew Evans, Howard Folks, Ralph Fouracre, James Lewis, James Matson, Don Renshaw, Don Rittenhouse, William Reybold, Robert Thompson, and Eugene Trivitts. Those from Troop 56 were Don Boyden, Joseph Brown, Merritt Buchanan, Donald Knauss, Francis McCann, Joseph McCormick, Clifford Moore and John Speicher.

Other scouts now at Camp Rodney or going are Ricky Diehl, Milton Draper, Phillip Harrison, Douglas Rankin, Joseph Stout, Edwin Stout and Charles Sullivan.

Recently the "Growler" Sea Scout patrol was organized in Troop 56 by John Cronin, Assistant Scout Master. Hugh Miller, a member of this new patrol will participate in a nine day Sea Scout cruise starting at Camp Rodney August 20th.
