Apr 24 and May 31 2017	Dam removal downstream fish survey	Ian Park	Downstream of Dam 1 to North Church Street on east bank		2	5								22	7						6	35							
April 27 and May 11 2017	Dam removal upstream fish survey	Johniny Moore	Upstream of Dam 1 to Dam 2		14	9					6			3	14							18	6						

Greg Murphy data 2006
alopocas north - non-tidal
Additional non-tidal smallmouth
data available from
State line to Alopocas only.

Species
Largemouth bass
Smallmouth bass
Pumpkinseed
Redbreast sunfish
bluegill
White sucker
Northern hog sucker
fatfish
marginied madtom
tesselated darter
rock bass
brown bullhead
yellow bullhead
American eel
cutlips minnow
satinfin shiner
swallow tail
Common shiner
Common carp
Gizzard shad
Brown trout
black crappie
rainbow trout

Targetted Fish Species	Percent
Shad	37
Bass	21
Rockfish	5
Any/All	32
No Answer	5
Total	100

Species	Number Caught	Total Caught
American Shad		0
Hickory Shad	1	4
River Herring		0
Gizzard Shad		0
White Perch		2
Striped Bass		4
Smallmouth Bass	2	8
Redbreast Sunfish	1	3
Channel Catfish		2
American Eel		0
Rockbass	1	1
Largemouth Bass	2	3
Crappie		1
Bluegill		1
		52
