To the

Nationale Radiator Gesellschaft m.b.H.,

Berlin W 8,  
Wilhelmstrasse 91.

Having satisfied ourselves that the direction and the workmen of the Nationale Radiator Gesellschaft m.b.H., Berlin W 8, Wilhelmstrasse 91, are purely German and that the products of this firm are made out of German raw materials with German machinery and by German workers, the leadership for Germany of the Militant Organization of Middle-class Trade considers the Nationale Radiator Gesellschaft m.b.H. as a German undertaking.
