"Tom" Wilson Dies At Delaware Hospital

Battled Against Odds For Life

After putting up a fight for life during a period of thirteen months, "Tom" Wilson, Delaware College student, lapsed into unconsciousness last Saturday, never recovering from the coma. The end came on Sunday afternoon.

Thomas R. Wilson, Jr., son of Lawrence Commissioner Thomas R. Wilson, of near Milton, was a member of Delaware College, Class of 1917, and received the injuries which resulted in his death in a wrestling bout, a feature of the entertainment planned for the annual reunion of the Alumni in June, 1917. He was completing his junior year when injured and would have graduated last month had he continued in college.

Following the accident he was removed to the Delaware Hospital, where he has been a patient ever since. The case was one of the

most wonderful ever brought to the attention of local physicians, and in many respects was similar to the case of "Bob" Layfield, son of Mr. and Mrs. W. A. Layfield, who several years ago, while a student at Johns Hopkins University, had his neck broken during a football game and lingered for some months.

The fact that young Wilson lived more than a year with his neck broken was due largely to his wonderful vitality and cheerful disposition. The case attracted wide attention and several of the most noted specialists in the country were called in consultation with local physicians. The deceased was a nephew of former Governor (Continued on Page 4)

RURAL MINISTERS INVITED TO DELAWARE

To Consider Problems Of The Country Church

Circulars were distributed last week describing the short course for rural ministers to be given at the Delaware College Summer School August 6-18. The course represents a further attempt to place the resources of the college at the service of the State. The course offers to the rural ministers the services of the college in the solution of modern rural church problems.

The Presbyterian Church has offered to the college for this course the service of one of its most distinguished workers in this field—Rev. Matthew B. McNutt, of the Presbyterian Board of Home Missions. The same Board of the Methodist Episcopal Church has promised the services of Rev. W. W. Voght, a specialist in rural work and country life.

Many of the members of the faculty of Delaware College and the Women's College will offer lectures in co-operation with the representatives from the Methodist and Presbyterian churches. These lectures will be limited to the various fields in which the various members are specialists.

Room and board may be secured at one of the college dormitories and in the town. In order to make the expenses as small as possible each minister is asked to provide his own blankets, sheets, pillows, pillow cases and towels. Information concerning the course may be obtained by writing to George S. Counts, director of the summer school and Mary E. Rich, dean of the summer school, will furnish information concerning room and board.

FARMERS DAY CALLED OFF

Students Entertained At State Farm

Owing to war conditions Dean Hayward, director of the Delaware College farm, has decided to hold no Farmers' Day exercises this year. Students at the Delaware College Summer School were entertained by the agricultural faculty at the farm on Tuesday. The students assembled at five-thirty and viewed a cattle show. Later they divided into groups, visiting the agronomy plots and the orchards.

MR. KOEHLER ADDRESSES STUDENTS

Emphasizes Importance Of Investigation

Robert J. Koehler, principal of the Newark Public Schools, addressed the students of the Summer School at the chapel exercises on Tuesday morning. Mr. Koehler, by his splendid work as instructor in Methods in the Summer School has won for himself a place high in the esteem of Delaware teachers. His talk in Chapel on Tuesday had as the theme, the idea of basing education upon facts rather than opinions; the necessity of going out and finding what will be the needs of the child rather than trusting to some educator's opinion.

Mr. Koehler illustrated the idea by a reference to the subject of spelling, declaring the average speller used in our school rooms contains perhaps twenty thousand words. Dr. Leonard P. Ayres, of the Russell Sage Foundation, in a recent investigation collected 2000 letters of all types—business, personal, love letters—tabulating the number of words found there. He found in all these letters only 2001 different words, while 1000 words made up 90 percent of all those used. "Where, then, is the logic," Mr. Koehler asked, "in asking a child to study 20,000 words when he will use only a few thousand of them?" Is it not better to center the child's attention upon the few that we know he will use than to divide his attention upon a larger vocabulary?"

OFFICIAL DRAFT LIST NOT YET RECEIVED

Notices To Be Mailed To Men

The master list of the drawing last Friday which has fixed military liability under the draft act will not be ready for distribution to the local exemption boards until tomorrow.

It had been hoped to mail it tonight to governors of states for distribution, but a delay resulted from mechanical difficulties in printing.

Pending publication of this official result of the drawing, no authentic information is available to check the unofficial report transmitted to the newspapers during the drawing. It is probable a copy of the official list will be given out here tomorrow.

The governors will be furnished with two copies for each local board in their states. They will be asked to mail each copy separately to local officials so as to insure delivery. Immediately on receipt of their list each local board will cancel the numbers higher than the top red ink number in its district, and then from the remaining numbers the district's quota will be notified to appear for physical examination.

Provost Marshall General Crowder ruled today that posting at the board headquarters of the list of men ordered to appear constitutes legal notification. It therefore is incumbent upon all registered men to learn their red ink numbers at once and to see that the board headquarters is watched when the list is posted. Those ordered up also will be notified by mail, but the period allowed for appearance will count from the posting of the list.

W. C. T. U. Meeting

The local W. C. T. U. will meet this Friday afternoon with Mrs. Mary Cloud.

Underground Wires On Delaware Avenue

Through the efforts of Mayor Frazer the Diamond State Telephone Company, co-operating with Delaware College, is installing a conduit for underground wires on Delaware Avenue, from Academy Street to South College Avenue. The Company has under consideration an extension of the conduit to Elkton Avenue. Work of macadamizing Delaware Avenue is also progressing.

Sunday School Picnics At Welsh Tract

The annual Sunday School picnic of the St. Thomas P. E. Church was held today in the grove adjoining the Welsh Tract Baptist Meeting House. The Presbyterian Sunday School will picnic on the same grounds tomorrow, Thursday, July 26th.

Speaker Next Sunday

Mr. Harry Link, of Wilmington, will be the speaker at the Twilight Service to be held on Old College Hall steps next Sunday evening at six-thirty.

Playground Apparatus To Be Installed

Trustees of the Newark Academy are improving the campus in the rear of the high school building this week. Several out-buildings and a shed have been removed, and considerable grading has been done. Following the carnival to be held on the grounds July 28 to August 4th, simple playground apparatus including a frame for swings, a slide, and seesaws will be installed.

Change In Harvest Home Program

The committee in charge of the Harvest Home, of Ebenezer Church, to be held in Whiteman's Grove on Thursday, August 9th, has announced a change in the program. Hon. George W. Crabbe, Superintendent of the Anti-Saloon League of Maryland, will speak, instead of Mr. Hare, as announced last week.

CARNIVAL OPENS ON SATURDAY

Firemen and Red Cross to Benefit by Gaiety of Week

Carnival week is here! With a flash of color, and a gay marching tune, the visiting Fire Companies will fall in line next Saturday at three o'clock and again the big fair will be on. Never before, perhaps, have so many interests centered in the success of the venture—the firemen as an organization, and behind them every man, woman and child whose home is under their protection in Newark; the Red Cross organization, which is to receive 25 percent of the proceeds; the Boy Scouts, who are working in every way to further the project. The presence of two companies of the First Delaware Regiment, stationed directly opposite in the armory, promises to add color and interest to the scene. "Four Minute Men," recently appointed by the Council of National Defense, will be present and address the audience in the big show tents, on patriotic subjects, each evening.

The Carnival will open with a parade on Saturday, July 28th, at three o'clock, the line forming on East Main Street and marching on Main to the Deer Park Hotel, countermarching to the carnival grounds. Fire Chief Wilson today had received letters from the Susquehanna Fire Company, of Harveyside, the Citizen's Hose Company, of Smyrna, the Avondale Fire Company, of Avondale, and the Singery Fire Company, of Elkton, stating that they will be in the line of parade. There will also be the local firemen, the Boy Scouts, and representatives of the Red Cross organization.

Carpenters and electricians are at work on the grounds which will be according to an entirely different plan of arrangement this year. The big vaudeville tent, where the

Local Four Minute Men Named

E. W. Cooch, C. A. McCue, and Rev. W. J. Rowan, have been named "Four Minute Men" by the Council of National Defense. The duty of the "Four Minute Men" is to give short talks on patriotic subjects, at public gatherings throughout the neighborhood. Members of the local committee have appeared at the Opera House this week and will also address the crowds at the carnival next week. The government will later furnish moving picture performances to further this work.

Mr. Pence Assumes Duties

Mr. M. O. Pence, former county agent in Indiana, recently appointed assistant State leader of county agents in Delaware, arrived in Newark last week, and assumed his new duties. Mr. Pence has offices in the Experiment Station. With his family, he is occupying the dwelling formerly vacated by Herbert Hitchens.

Classes Under Dr. Steel Complete Work

Five young women of Newark last week completed the course in First Aid given by Dr. Steel. They were examined this week by Dr. Blake. The number included Misses Alice Kerr, Eleanor Harter, Audrey Miller, Edith Frederick, and Eleanor Fader.

Delaware College men who enlisted for Ambulance Corps work have also completed the ten week's training under Dr. Steel. No examination has as yet been given. The group includes Paul Cleaver, Paul Lovett, Knowles Bowen, Roland Herdman, and Francis Lindell.

Receives Appointment At Delaware

Frank A. Hays has been appointed assistant in the Animal Husbandry department, Delaware College, to succeed Mr. M. F. Grimes who recently resigned to accept a position at Penn State. Mr. Hays is a graduate of Oklahoma Agricultural College and has been awarded the Ph. D. degree by Iowa State. He will assume his new duties September first.

DELAWARE REGIMENT MOBILIZED TODAY

Two Companies Quarters At Newark Armory

Governor Townsend, on Friday of last week, announced officers for the newly raised First Delaware Regiment as follows:

Colonel, J. Warner Reed. Lieutenant Colonel, J. Austin Ellison.

Major, William E. Lank; E. C. Parks, L. B. Jacobs.

Captain, J. P. LeFevre; J. A. McKay, J. W. Cannon, A. S. Hirschel, H. M. Jones, J. D. McKeon, H. E. Smith, William Berl, Jr.; R. B. Kelton, D. M. Slater, C. R. Jeffries, Jr.; J. W. Ramsey, L. J. Ellison, H. B. Van Seiver, J. D. Bush.

First Lieutenant, H. P. Schuler; J. A. Davis, L. D. Townsend, W. F. McCann, E. J. Wells, Irwin Duncan, F. L. Manion, H. P. Layton, H. N. Wilkinson, William Turner, Robert D. Simmons, Thomas W. Miller.

Second Lieutenant, B. R. Foster; Clifford J. Sawdon, A. F. Amodia, Joseph C. Berger, James L. Scotten, Edwin S. Valliant, Thomas M. Small, Charles D. Northrup.

Medical officers, Major William Marshall, Jr.; First Lieutenant Mark M. Holzman; First Lieutenant Abram Halprin; First Lieutenant L. B. Yergler.

Colonel Reed was born near Newark, Delaware, on November 3, 1875. When a year old he moved to Wilmington, where he has lived for the most of his life. He enlisted as a private in Company A, of the Delaware National Guard on September 10, 1894, and was rapidly promoted to the grades of corporal and sergeant. In 1901 he was made a second lieutenant of Company C; captain in 1903; and major of the First Battalion on March 7, 1906. He served through the Spanish War, was in the Federal service while on the border and has been in command of the soldiers on duty throughout the State since the nation's latest call.

The appointment of the Senior Major to the Colonelcy of the new regiment has meant promotions all along the line for the Delaware men. L. B. Jacobs, formerly captain of Company E, is now major of the third battalion; J. D. McKeon has been made captain of the local company; Joseph A. Davis, of Wilmington, first lieutenant; B. Ramone Foster, second lieutenant. Newly appointed sergeants in the company are Archie H. Dean, Gilbert D. Chambers, Joshua W. Davis, and John R. Shultz; Corporals, John H. H. Hall, John M. Brice, George G. Kalmy, Harold T. Sammons, Arthur G. Heinel, Henry R. Goggin, and Enos W. Coover.

Company E mobilized at the local armory at nine o'clock today, where the men will be held awaiting orders to entrain for the southern training camp. The company roster this morning showed 75 men. It is understood others from Wilmington arrived during the day swelling the number to 150. A machine gun company, also, from Wilmington, arrived at the local armory, where the unit will be organized and equipped. The men will be quartered in the armory. W. R. Powell, of Newark, will serve meals to the men.

Action On Dormitory Postponed

Members of the General Development Committee of the Board of Trustees of Delaware College, met in Wilmington last Saturday, relative to the new dormitory for the Women's College, the contract for which will be let in the near future. In the absence of the chairman, Mr. Sharp, H. B. Thompson, president of the Board, presided. Other members present were Eben B. Frazer, Chancellor Charles M. Curtis, Charles B. Evans, ex-governor Charles R. Miller, Miss Robinson, Dr. Mitchell, and representatives of the engineers and architects. At the conclusion of the meeting the plans were referred to the architect for further consideration, the report to be considered at a subsequent meeting.

Field Day At Summer School

Picnic Supper and Community Singing Features

Miss Turek, athletic director at the Delaware College Summer School, is arranging a Field Day for Tuesday, July 31st, to which the entire community is invited. The program will include games under the direction of Miss Turek, a picnic supper on the campus, and community singing led by Mrs. Carter. The first event of the afternoon will be a swimming contest, 3 p. m., in which boys of the practice class will participate; at 3:30 the girls of the practice class will contest; and students of the Summer School at 4 p. m. There will be a baseball game at five o'clock between Summer School students and members of the faculty. A track meet at five-thirty; picnic supper at six o'clock. Residents of the community are cordially invited to bring baskets and spend a social hour with the Summer School students. At six-thirty there will be folk dances on the campus; at seven, community singing on Old College Hall steps; and at eight a basketball game, between resident men students and commuters. The committee extends a cordial invitation to everyone.

Newark Boy At Columbia

Arthur S. Chillas, who enlisted in the navy several weeks ago, has been ordered to the training school at Columbia. Mr. Chillas is now in the School of Pharmacy, upon completion of his work he will be assigned to the Ambulance Corps, U. S. Navy.

CLUBHOUSE OFFERED FOR RED CROSS

Formal Invitation Forwarded To Organization

The Board of Directors of the New Century Clubhouse Company has this week renewed their offer of the clubhouse as the local headquarters for Red Cross work. The club offered the use of their rooms several months ago when the branch was first formed. Officers of the Red Cross, however, from a standpoint of convenience, chose the rooms proffered by the trustees of Delaware College, in the property formerly occupied by Dr. Steel. Clubwomen, anticipating the early occupancy of this building for college purposes have again invited the Red Cross branch to use the club rooms. A formal note to this effect was forwarded on Tuesday of this week.

Huge Refrigerator Installed At The Commons

A great refrigerator with five distinct compartments, recently installed as a part of the equipment of "The Commons," at Delaware College, was accepted by Miss Caldwell, matron in charge, on Monday of this week. The great ice box is a model of its kind, with distinct compartments for meat, dairy products, vegetables, smoked meats, and fruits. On an average of 1 1/2 tons of ice per day is used in tempering the chests during the summer weather.

SURVEY FOR LINCOLN HIGHWAY BEGUN

Trees And Hedges Over The Line

Local officials of the State Highway Commission who are in charge of the survey for the Lincoln Highway between Wilmington and Marshallton find themselves confronted with a proposition which may result in it being necessary to institute condemnation proceedings in order to get rid of private hedges, steps leading to private properties and a large number of privately owned Norway maple shade trees.

In running a preliminary line for the highway through Elsmere, Price's Corner and several other places it has been found that many property owners have placed private hedges and shade trees, and in some cases, steps leading to their houses, on the public highway, some of these being as far as three feet over the line. The problem is to get the highway surveyed so as not to hit these obstructions or to get rid of the obstructions.

It is feared that if the latter plan is resorted to that condemnation proceedings will be necessary in several cases, in which event there would be a delay in getting the highway constructed. Some of the owners, it is reported, are not willing to give up their hedges and shade trees without a contest.

Efforts are being made by the State highway department to solve this perplexing problem without incurring any legal battle and with as little delay as possible.

Puree Of Tomato

For Winter Use

Since tomatoes contain a very high percentage of water it often is desirable to can only concentrated tomato products. This is true especially when cans or jars are difficult to obtain. A delicious concentrated tomato sauce may be made and canned as follows, says the United States Department of Agriculture. Small or broken tomatoes and large tomatoes unsuitable for canning whole, may be used in this recipe.

Cut the tomatoes into fairly small pieces and add one large-sized onion chopped and one cup chopped sweet red pepper to one gallon tomatoes. Cook until tender. Put through a sieve and add a mixture of 1-3 salt and 2-3 sugar in a proportion of one teaspoonful to each quart of the mixture. Cook until the consistency of ketchup, stirring constantly. Pack hot into sterilized jars or bottles. Adjust rubber and cap—place the containers on a false bottom in a vessel of water sufficiently deep to reach almost to their tops and allow to remain at a boiling temperature for 25 minutes. Remove jars from the water bath and tighten the lids immediately.

Schoolboy Farmer Dies From Injuries

The first death of a schoolboy farmer doing a "war bit" was reported Tuesday of last week.

The victim was Harry L. Staats, 12 years of age, of Townsend, Del. The lad was working on the farm of his brother-in-law, at Mt. Pleasant, Del., Saturday, when he was fatally injured.

While operating a hay rake, Harry fell to the ground, and one of the prongs of the rake entered his body. First aid treatment was administered at Mt. Pleasant, but blood poisoning developed. The boy was taken to the Medio-Chi Hospital, Philadelphia, where he died Tuesday. His father is a farmer at Townsend, Del.

WOMEN AT THE STATE FAIR

Special Features Announced For This Year

Women will have an important part at the Delaware State Fair this year. Mrs. Clawson S. Hammitt, who will judge the cooking exhibits, will give private lessons in cookery for the best variety of loaves of bread made according to recipes which are given in a special catalogue issued by the fair management.

Mrs. Alfred I. duPont offers a gold medal for the best loaf of wheat bread exhibited. This prize stimulates interest in the wheat bread section. Women and children can compete, the blue ribbon loaf in each section being the ones judged for the medal. The first year of the offer, an exhibitor in the children's department won it, and last year a woman. No previous winner of the medal can compete this year.

The judging in all the departments will be impartial and just. Mrs. Harriet Knight of Lancaster,

Pa., will judge the needlework, assisted by another woman who judges with her at the Lancaster fair.

Changes have been made in the art department this year, and certain exhibits will receive larger rewards. The revised list for amateurs is as follows:

Potato Growers Urged To Spray

State Zoologist Saunders of Pennsylvania has issued a warning that the potato crop is threatened by attacks of pests known as aphids, which have been favored by the wet weather. The pest is reported as assuming proportions in Ohio, Maryland, Virginia and New Jersey. It is suggested that growers of potatoes spray them on the under side of the leaf.

SCOUTS MISS THEIR SCOUTMASTER

Invite Men Interested To Come To Meeting

Troop 2, Boy Scouts of America, held a meeting in the Armory last Friday evening. Assistant Scoutmaster Lindell and the Hospital Corps gave a first aid and bandaging exhibition. After the exhibition we had some drill.

As many Newark people may know by this time, our scoutmaster, Arthur Childas, reported for duty in the navy last week. Mr. Childas was a student at Delaware College and well-known in Newark. He was a fine fellow and a good scoutmaster. We certainly missed him at our meeting last week but as he is doing duty for Uncle Sam it is alright. As yet we have found no one who will take his place and Assistant Scoutmaster Lindell will be acting Scoutmaster. We would be glad to have any men who are interested in the Scouts to come around to our meeting some Friday.

During the meeting Chief Wilson came in and asked us to attend the Carnival as we did last year. Now, Scouts, Mr. Wilson want you all to turn out in uniform for the big Firemen's parade on Saturday, July 28, at 3.30 o'clock. All Scouts report at the fire house at 3.00 o'clock. Now, Scouts, lets go to work next Saturday and show them what we can do, and give three big cheers for the Firemen.

James Longfellow, Jr. Scribe, Troop 2.

Delaware Quota For National Service

The quota for the selective army for the several districts of Dela-

ware, based on information received by Governor Townsend from Provost Marshall Crowder, is as follows:

Gross quota for the State, 2565. Less credits of State and Federal enlistments of 1363, leaves Delaware's new quota of 1202 men.

The gross quota of Wilmington is 1496 men. Less credits of State and Federal enlistments of 882, leaves Wilmington's net quota of draft to be 614.

Rural New Castle county's gross quota is 406, with credits of State and Federal enlistments of 193, leaves the net quota for draft 213. Kent county's gross quota is 234, with credits of 188 in State and Federal enlistments, leaves the net draft to be but 66.

Sussex county's gross quota is 409 men, and with 100 credits in both State and Federal enlistments brings her net quota up to more than half the city of Wilmington.

FROM FARM TO PALACE

Screen Story To Be Shown On Thursday

"Sunny Jane" is the title of the first of the Jackie Saunders' new feature pictures, marking her return to the screen after a vacation of nearly a year. This picture was produced at the Horkheimer studios at Long Beach, where Miss Jackie is making a whole new list of big pictures for release through the Mutual Film Corporation.

"Sunny Jane," to be shown at the Opera House on Thursday, July 26, is a five-part production, with a love story and a wealth of incidental material—an ideal vehicle for this frolicking, tomboy star, with her sunny hair and laughing disposition.

The story was written by H. O. Stechhan and the picture was made under the direction of Sherwood McDonald.

Jackie Saunders will take you back to your childhood days when you used to spell out words on your fingers behind mother's back and play with mice and all the other mawly things which you would not even dare to touch now that you have grown up.

Jane is a harum-scarum country girl who plays all kinds of tricks on her parents and her country

boy chum. Besides being up to all kinds of pranks Jane is also a highly imaginative child and her statement, "I am not what I am," is always the signal for her sailing into visionary realms in which she is always a heroine and some brave knight is rescuing her from some terrible disaster.

To anyone brought up on the farm or loving farm life "Sunny Jane" will bring a pang of homesickness and a longing for the "simple life." There are scenes of cattle in the fields, of flocks of sheep, goats, chickens, big collie dogs, hay mounds stacked high and all that goes with a well kept farm.

Jane has a most romantic love affair, which is not a matter of imagination, but an honest-to-goodness romance. A millionaire becomes enamored of the little country girl and sends her off to school to have her educated—with a half promise that if she turns out what he believes she may he will marry her. There is also a second love affair in the story, very different from Jane's. It is a romance of high society, a mother's ambition and a daughter's determination to marry the man she really loves, which ends in an elopement. —Adv.

A Little Talk about Printing

Cheap investments never pay. Of nothing is this more strikingly true than of printing. Every man of affairs knows the cheap little folder that comes in the morning mail. Whether it advertises farm machinery, cow feed, or a pumping system—the one impression it gives is cheapness. Cheap paper, cheap printing, cheap ideas, from cover to cover. Isn't it logical to conclude the wares for sale are also cheap? And so the pamphlet travels on—straight through, from mailbag to scrap basket.

But then, too, there comes the attractive little folder, modest or pretentious, to suit the value of the commodity or the firm's pocket book. Everything about it is well done. It is well thought out from cover to cover; typography, arrangement, and press work are of the best. "My firm is on the job," it shouts at everyone. Somehow the little folder seems too good to throw away. We drop it into a drawer for reference, and unconsciously classify all that it represents with efficient service and thorough-going business.

SAVE TIME and LABOR and YOU SAVE MONEY

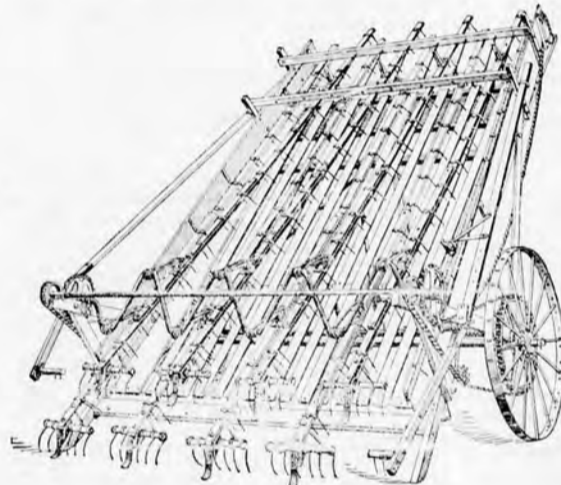

Time and Labor are the great problems of the Farmer. Just now, the Labor problem is facing the farmer more than any other class of the Nation's Industry. Harvest is coming. PREPARE is a big word. Get every piece of machinery you can to help.

We have mowing machines, rakes, binders, hay loaders ---everything needed in the harvest field. Our types are the result of investigation and trials. We want your business. Further, we want to hold it. Thus our care in the selection.

A mowing machine, a rake, or a loader means economy

of time and labor--a better harvested crop.

Without boast, we claim to be the pump experts of this Community. Don't buy at random. Investigate,---then we are sure of your business and you are sure of satisfaction.

"TOM" WILSON DIES AT DELAWARE HOSPITAL

(Continued from Page 1)
Judge David T. Marvill and Joseph Marvel of Wilmington, who with his parents, were faithful in having every thing possible done for the comfort and welfare of the patient.
In all his three years at Delaware College young Wilson was one of the most popular students in the institution. He was especially active in most all branches of sport. He made his varsity letter in both football and basketball. He played guard on the 1915 football team and also guard on the basketball team that year. While he never made his letter in baseball, he took part in several close games, and was a participant in a number of indoor athletic tournaments. He had been a leader in practically all colleg activities. He was a member of the Kappa Alpha Fraternity, and would have been a captain of one of the cadet companies had he returned to college last September. He observed his twenty-first birthday while in the hospital early this year.

The same spirit that made "Tom" a favorite in college life stayed with him to the end. Through the long months of suffering, with the consciousness of increased weakness, from day to day, his courage never faltered, his spirit of hopefulness, rather, reacting upon all who came in contact with him. He ever greeted the many friends who visited him with a smile, and appreciated everything that was done for him.

On June 5, registration day for military draft, he was especially keen about being registered and he was listed as No. 181. On Friday during the military drawing in the great lottery he watched all day for his number to be listed. It was drawn, but was far down on the list, and he would not have been called for examination on the first draft.

His funeral took place from his parents' home near Milton at 2 o'clock this afternoon. Many college men from Newark attended the funeral.

Box Social And Lawn Fete

A Box Social and Lawn Fete will be held for the benefit of the Wiling Workers' Society of Flint Hill M. E. Church, at the home of J. Sherman Dayett, near Strickersville, on Thursday evening, August 2nd. Cake, candy, and ice cream will be for sale. If stormy the committee announces their plans will be carried out the following evening.

"If it be your wish that we be incorporated in the army organization, we will arrange to be enlisted as individuals and assigned as you may direct."

The movement has received nationwide endorsement. Personal assurances, letters, and telegrams have been received from the Governors of several States, endorsing this work.

It was suggested that the American Purple Cross Association should bear the same relation to the Quartermaster General's Department as the Red Cross does to the Medical Department. This plan was greeted with enthusiasm by Major General Henry G. Sharp, Quartermaster General of the United States, and was accepted by the War Department.

A bill has been drawn up for presentation to Congress for the acceptance of the American Purple Cross Association as an auxiliary of the Quartermaster General's Department. This bill is now in Congress and will come up for vote in a few days. It is vital that every member of Congress be impressed with the necessity for, and the humane aspects of this work.

Therefore, as an active member of this Association, I want to urge the mothers and fathers and friends of all enlisted or draftable men to write to the Senators of this State—Hon. Willard Saulsbury and Hon. Josiah O. Wolcott; and to our Representative—Hon. Albert F. Polk, asking them to vote for the Purple Cross, House Bill No. 5410, a "Bill to render possible the return of the bodies of our soldier dead to their home burial grounds in a sanitary and recognizable condition."

This is the only way in which you can help the Association at the present time, for until one hundred cents of every dollar contributed can be lawfully used for the purposes of this organization, no initiation fees, dues, nor contributions will be accepted.

Unless this movement succeeds, it will not be possible to bring the bodies of our soldiers home in a sanitary and recognizable condition. None knows quite so well as the undertaker what this means.

Every true American has, deep in his heart, the hope that, when his days are done, all that is mortal of him may be laid at rest in his home burial ground, beside the bodies of his forefathers. This wish is inherent in our nature.

It must be apparent, however, that if the bodies of our soldiers, who die in hospitals or are killed in battle abroad, are ever to be returned to this country, they must be scientifically treated by trained hands and permanently embalmed as soon after death as possible.

Realizing these facts, a small group of men who have made the care of the dead their life-work, have been for the past few months in almost daily correspondence and consultation with the high officials of the War Department on the subject. By the advice of the highest officials in the Army, a national organization, known as the American Purple Cross Association has been formed and incorporated under the laws of the District of Columbia.

This organization under the leadership of Dr. Howard S. Eckels, of Wyncote, director general and Dr. Jay H. Mowbray of Swarthmore, field director, has made the following offer to the Government:

"We will furnish such number of embalmers for the preservation of the bodies of soldiers killed in battle or dying in hospitals as you may deem necessary for the purpose.

"We will divide these into such units as you may direct.

"We will equip and train these men.

"We will furnish such number of automobile ambulances as will be necessary for this service.

"We will pay all expenses incident to their equipment, training, transportation, and maintenance.

"These will be available for all sanitary work, asking only that these may be allowed to keep their own individual formation.

FARMERS IN MIDST OF HARVEST

Draw On Loan To Finance Work

Figures made public at the Treasury Department, Washington, recently show that the farmers of the country are borrowing from the Government under the Federal farm loan system in amounts totaling more than \$500,000 a day.

These loans, which are made at five per cent interest, are being availed of by the farmers to help them in harvesting the large crops which they have planted in response to President Wilson's war appeal.

The volume of loans asked for by farm loan associations chartered up to the close of business July 15 shows that 432 associations chartered obtained loans to the amount of \$20,600,337.45.

During the past two weeks there has been a great increase in the number of loans sought by farmers in the East, in consequence of which, and owing also to the fact that farms in this section are smaller, the average amount loaned has been smaller.

Farmers of New York State borrowed only \$31,850, which was the lowest amount taken by those of any state with the exception of New Jersey, which showed a total of \$24,800. Texas led with \$21,112,313.50.

Drunk In Halted Auto

State Detective Murphy, Sheriff Vansant and County Constable James, of Dover, on Friday were told by telephone that an automobile with two men in it, dead or "dead drunk," was standing in the middle of the State road just below Cheswold. The officers made a record auto run of six miles in less than 15 minutes and found Charles and Daniel M. Boone, of Wyoming, one inside and the other on the running board of the halted car. Both were drunk. They were put in the officers' car and Chief Hurd took charge of the Boone's car, and when Dover was reached it was searched. Seven pint bottles of whisky were found which were held as evidence. The car was impounded and may be sold. The Boones will be charged with violating the motor vehicle and the Anti-Liquor Shipping laws and face revocation of license, loss of their car and fines or jail sentences as penalties for their folly.

Hay Rake Puncture Fatal

Harry Staats, aged 12 years, of Townsend, who was spending school vacation with his brother-in-law, Fletcher Daniels, a farmer, while helping with the hay crop on July 14, was thrown under the teeth of a heavy rake when the horses bolted. One prong passed through his back, piercing his body and puncturing the bladder and several intestines. He was hurried to a city hospital where he lingered for several days before succumbing to the effects of the frightful accident.

Elkton Firemen's Carnival

The fourth annual carnival of the Singery Fire Company of Elkton held July 16-21 was well-attended, despite unfavorable weather. The opening night was marred by a soaking shower which began as the parade, in which the Elkton, Newark, Dover, Smyrna, and Harve de Grace Companies participated, was closing Saturday night brought one of the largest crowds seen in the town since the old Fair days, and the receipts from all sources were large. The profits have not yet been announced but are likely to largely reduce the debt incurred by the Company for its new apparatus. Quite a number of Newark residents attended on several evenings.

Large Fruit Yield Anticipated

Farmers in the section of Laurel are anticipating the largest yield of peaches and apples that has been grown in many years. An unusually large crop of cantaloupe, watermelon and sweet potatoes is also expected.

Despite the heavy rains there has not been as much damage done as at first reported. The growing crops are all the better for the downpour and the bettering of food prices and market conditions.

Second Blaze At Steel Plant

The breaking of a furnace gate at the plant of the Wilmington

Steel Company, part of which was destroyed by fire several nights previous, on Thursday night released 60 tons of molten metal which flowed over the floor of the No. 4 furnace section and set fire to all woodwork with which it came in contact. Several of the fire companies were quickly on the ground but the workmen had confined the blaze to the one furnace building. None of the workmen were injured and the damage, it is stated, will not exceed \$2,000. The fire alarm and many steam whistles brought a great crowd to the scene.

Cecil Red Cross Fund \$3,757

Treasurer Irwin I. Kepler reports a total of \$3,757 contributed in Cecil County to Maryland's share of the National Red Cross fund as follows: Port Deposit, \$1,011; Chesapeake City, \$810; Elkton, \$750; Cecilton, \$380; North East, \$257; Providence, \$160; Charlestown, \$108; Rising Sun, \$95; Elk Mills, \$76; Cherry Hill, \$61; Perryville, \$46. Further contributions from Elkton and other points will swell the total.

Suicide On Trolley Rails

Martin Hardena, aged 65, an inmate of the county hospital at Farnhurst left there on Friday saying he would return in a few days. In the evening he met John Dugan, Walter Brown, and Linford Rash, three boys, along the line of the New Castle trolley road and told them he intended to kill himself. Later he threw himself in front of a car, near Eden Park, and was run over and instantly killed. The boys identified him.

HERE AND THERE

The Republican majority of Wilmington Council on Thursday rejected C. Simmons, clerk to the body for two years. John Simmons, colored, was chosen bailiff, succeeding Wilson Wiggins, colored. John B. Connell was chosen oil inspector and William P. Goodman, superintendent of the Eighth Street Park.

Strawberry growers received for fruit shipped at Sebyville and Georgetown during the season upwards of half a million dollars, one preserving plant paying \$70,000 for its supply.

Burglars, who had broken into the Millsboro postoffice, one night last week, fled when persons living nearby raised an alarm.

The young daughter of Lemuel Warrington, of Georgetown, was badly scalded by escaping steam from a kettle, one day last week, and it is feared may lose her eye sight.

Miss Ruth Haggerty, who had been missing for a week from her home in Little Creek, was found by her brother last Monday at a boarding house in Chester, Pa.

Several cities are moving to secure the locations of the two government-owned shipyards, and Mayor Lawson is working with Senators Saulsbury and Wolcott in the interest of Wilmington as the site of one of them.

C. Spencer Richardson, associate director of the Russell Sage Foundation, has made an extensive survey of children's institutions in Delaware, at the request of the Child Welfare Bureau.

Rejected because of a deformed toe when he sought to enlist in an ambulance company, Edward Bradley has had it amputated and will make another trial.

Camden Camp Meeting opened on Friday in the camp woods between that town and Dover and will continue for three weeks.

The first basket of this year's peaches was sold in Bridgeville on Saturday for \$1.25.

State Treasurer W. J. Swain, on Wednesday, delivered to the Penn Mutual Insurance Company of Philadelphia, the \$125,000 of bonds issued for new buildings at the Woman's College, Newark, for which they offered par and accrued interest.

The first home grown sugar corn sold at Seaford on Wednesday at 30 cents a dozen ears.

After the Smyrna firemen had left last Monday to attend the Carnival opening at Elkton, a small blaze started in Miss Kate Smith's grocery store which was soon controlled.

Two fine Holstein cows, valued at \$500 each, owned by Daniel O.

Hastings, of Wilmington, died on his farm, near Dover, last Tuesday from arsenic poisoning, resulting from their eating paris green used on potato plants.

A valuable horse owned by William A. Broadway, of Smyrna, broke loose from a hitching post on Wednesday and dashed down the street. In front of Postmaster A. L. Cummins' home the animal butted against a tree and broke its neck.

Mrs. George Cordrey died at her home in Laurel on July 15, from blood poisoning caused by a fish fin which pierced her finger a week previous.

Among charters filed at Dover last week was that of the Pathfinder Motor Company of America, Wilmington, Del., with a capital of \$52,000,000, to manufacture automobiles, trucks, engines, etc. The Kentucky Petroleum Company filed a certificate, of increase of capital stock from \$1,000,000 to \$40,000,000.

James E. White, Superintendent of the water works in Silver City, N. M., is visiting his brother, Herbert C. White, at his home between Wilmington and New Castle after an absence of thirty years. He visited the Delaware Guards' Camp at Deming early last winter and longed to visit his former home. He attended the Elks recent convention in Boston and stopped off at Wilmington on his return trip to visit his brother.

While Captain William A. Vickers and wife, of Seaford, were returning in their automobile from Bethany Beach on Wednesday, their car ran against a concrete wall at the junction of the Seaford-Laurel road and the duPont Boulevard. The front of the car was smashed and the windshield shattered. Mrs. Vickers was cut about the face and Captain Vickers was hurt about his breast and stomach.

Eight colored passengers in an automobile bound from Snow Hill, Md., to Philadelphia on the night

of July 14, were nearly caught by the Norfolk express near Bridgeville station. The driver, by a quick turn of the wheel, swerved the car which ran over a switch signal and struck the watchman's box. The car was more or less damaged. People on the platform thought the entire party had been killed or mangled.

Members of the Red Cross branch at North East are about to urge the Cecil County Commissioners to take action toward securing the alteration of the approaches to the dangerous overhead bridges on the Elkton-Perryville road at Bacon Hill and Charlestown. Plans submitted by the railroad were reported approved several months ago but nothing practical has yet been attempted toward their execution.

Anna Regina, aged 18, comely and well-groomed, was arraigned in the City Court in Wilmington on last Tuesday on five charges of larceny of jewelry and cash from homes and apartments and was sent to the workhouse in default of \$2,300 bail. She claimed to have been under the influence of a Siengali, but gave no hint as to his identity.

The State Board of Pardons last Tuesday, by a vote of 3 to 2 refused the petition for a commutation of the death sentences passed upon Prettyman, Hargis and Purnell, the three colored murderers of Harry Parker, convicted at Georgetown in April last. Their execution is fixed for Friday, at the Workhouse at Greenbank.

Lee McCallan, of Brooklyn, N. Y., a representative of the New York Metal Ceiling Company, died of heart disease on the 3:31 train north from Dover, just before it reached Cheswold, on last Tuesday. The body was left at Clayton and later was forwarded to New York. Mr. McCallan had letters in his pocket from Secretary of State Johnson upon whom he had called in Dover to seek an order for supplying automobile tags for next year which established his identity.

IRON HILL BASE-BALL NEWS

Manager Joins Uncle Sam's Forces
 Providence redeemed themselves for their defeat by Iron Hill on July 14, when they won out over Iron Hill last Saturday by the score of 8 to 6. Inability to bunch their hits caused the Iron Hill sluggers to lose the game. Joe Slack, twirler for Iron Hill, held the Providence boys hitless and scoreless until the fifth inning, while in the same time Iron Hill had collected eleven hits and four runs. Louis Ash, the star second baseman, playing his last game with Iron Hill before called to the colors on Wednesday, distinguished himself both in the infield and at the bat, getting four hits out of five times up.

Next Saturday Iron Hill will play the fast New Castle team at home, and local fans are expecting an interesting game.

Iron Hill To Lose Manager

Iron Hill will lose its manager of two seasons and its star second-baseman on July 25, when Lewis Ash is called to the colors with Company E of Newark. Ash began his baseball career several years ago with the old Iron Hill team of the Pen-Mar league, and helped to win the league pennant through those years. After the league disbanded and Iron Hill began to play independent ball, no one has worked harder for the club's success than he. Ash has virtually been the life of the team for the past two years. Under his able management it has developed from a team of low rating to one of the foremost independent teams of Delmarvia. In addition to the performance of his duties as manager, Ash was an infielder of no mean ability, and has frequently distinguished himself at the bat. At the outbreak of the war Ash was among the first to answer his country's call to duty by enlisting in the Delaware Militia, although he did not relinquish his duties with the team until this past Saturday. All the members of the team and the numerous Iron Hill fans extend him their thanks and most fervent wishes of success for the earnest and efficient work he has done to make the team what it is today.

To "Bus"

We wouldn't try to keep you, Bus. But we are sorry to see you go. That you'll always done us you're always done. Is the surest thing we know.

Your place will be hard to fill, Bus. Both in and out of the game. And wor what you've done for our old ball team. Your name is in the hall of fame.

And some day when the score is tied, And the team has gone to smash, We'll sadly miss, as the batters are called, One by the name of Ash.

Barn Fired By Lightning

Lightning during a storm which passed over Dover on the evening of July 14, fired a barn on H. H. Danner's farm on the town's outskirts, destroying the building along with seven tons of hay, put in the loft on the previous day. Two horses, a carriage and the implements were saved. Other out-buildings were also burned. Neighbors, by hard work, saved the dwelling. The dwellings on the America and the Paradee farms, near Dover, and houses around Harrington and Farmington were also struck by bolts but none of them were fired.

Supplying Drinks To Soldiers

The State and Federal authorities, it is reported, are about to investigate the sale of liquor to Delaware Guardsmen and the

purchase of liquor for them by civilians as a result of the paroling of Private Bowers in the Common Pleas Court on Wednesday. He pleaded guilty to driving off a team, but said he was drunk and a man he did not know gave him liquor. Captain Parks told the Court that parties are furnishing liquor to soldiers and conferred with Judge Rice and Deputy Attorney General Green on the subject. United States District Attorney was also consulted.

Fired Dynamite Too Soon

Harley Smith, aged 21 years, formerly of New Castle, who lived at 618 Orange Street, Wilmington, and a friend, Albert Gray, went sailing on the Christians on Monday afternoon of last week in a canoe, which collided, near the western end of Market Street bridge, with a rowboat in which there were several men. Smith was thrown overboard, and as he could not swim was quickly drowned. Efforts were made to find the body but without success, until Wednesday when it was recovered by John Wright, the bridge tender. While Preston Rash and John Davis, two rivermen, were preparing to explode dynamite in the river to bring the body to the surface, 18 sticks of the explosives, which they had in a small boat, were set off prematurely by a man on shore who had charge of an electric battery. Both men were tossed 30 feet in the air. Rash fell on the wreckage of the boat and was badly hurt. He was removed to Delaware Hospital where his chances of recovering were thought to be doubtful. Davis fell in the water and escaped with slight injury. Men on the bridge rescued both men. Their boat was shattered.

Cherry Water Ice

Doesn't that sound refreshing at the end of a hot day? And in this day of conservation and economy who can think of a more economical dessert.

- 1 quart of cherries
- 1 pound of sugar
- 1 quart of water

Mrs. Rorer says. A few minutes work, and behold, a delicious dessert! There are hundreds of others just as appealing. Buy a GEM FREEZER and you'll learn the trick. You can't afford to be without one. It's a valuable part of every household equipment.

WEDDINGS

Robinson-Tweed

Miss Elsie Tweed, chief operator at the Newark telephone exchange, and Mr. James Robinson of Newark, were quietly married on Saturday evening, July 21st, at the home of the bride, by the Rev. E. P. Roberts. After September first they will be at home at their farm near McClellandsville. Mr. and Mrs. Voshell Robinson, the former a brother of the groom, attended the young couple.

Clark-Kirts

Among recent midsummer weddings was that of Miss Viola Pearl Kirts, of Norristown, and Mr. Frank Henry Clark, of Newark, solemnized in All Saints' Episcopal Church, Norristown, on Wednesday, July 11th, at five o'clock, in the presence of many relatives and friends. A Norristown paper gives the following account of the wedding:

"While the guests were assembling Albert Nickklovs, organist of the church, rendered a musical program. As a processional for the wedding party Mr. Nickklovs played the bridal chorus from Lohengrin and as a recessional Mendelssohn's Wedding March. During the ceremony he played the Sextette from Lucia.

"The bridal party entered the church led by the ushers, Elmer Morrison and John Johnson, of Newark, followed by the two bridesmaids, Miss Marion Thomas and Miss Helen Thomas, both cousins of the bride. Then came the maid of honor, Miss Nellie E. Murdy and last was the bride with her father who gave her in marriage. They were met at the chancel by the bridegroom and his best man, Walter Powell, of Newark, Del. After the betrothal vows plighted, the bride and bridegroom

proceeded to the altar and the bride.

"The bride appeared most attractive in a beautiful gown of ivory satin and silver lace. The skirt was draped with lace and satin bands. The bodice of satin and silver lace was fashioned with V neck and long tulle sleeves. A train of satin fell from the waist. Her tulle veil, a cap effect, fell to the end of her train and was held with sprays of orange blossoms and roses. The bride carried a white prayer book and a shower of lilies of the valley. She also wore a string of pearls which was worn by her mother on her wedding day.

"The maid of honor's dress was of Turquoise blue pussy willow taffeta. The skirt was made of the taffeta, over which were gracefully arranged cascades of pink Georgette crepe. The waist of blue was trimmed with pearls and iridescent beads and had sleeves of pink Georgette. She wore a large leghorn hat with crown of pink roses intertwined with pink velvet ribbon, which also formed streamers. Her bouquet was of pink snap-dragons, tied with pink tulle.

"Miss Marion Thomas wore a lovely frock of Georgette crepe in a pastel shade of lavender. Cascades of lavender tulle fell over the skirt and the waist was trimmed with lavender satin and silver lace. She wore a Leghorn hat similar to that of the maid of honor, except that it had streamers of black velvet. Her slippers and stockings were of silver and she carried a bouquet of yellow rose buds.

"Miss Helen Thomas, the other bridesmaid, was exquisitely gowned in a dress of silver cloth, over which was draped corn-colored and blue tulle, trimmed with touches of silver lace. She wore

a Leghorn hat and carried a bouquet of yellow rose buds. Silver slippers and stockings completed her costume.

"Mrs. Kirts, mother of the bride, wore a handsome gown of silver cloth, with over drapery of beaded black silk net. Her hat of black braid was trimmed with jet. "Pink hydranges, pink phlox, palms and ferns were used in the beautiful decorations of the church.

"A reception followed the ceremony at the home of the bride's parents. Here the floral decorations were masses of pink rambler roses and palms.

"Mr. and Mrs. Clark spent a honeymoon in the New England States, stopping for a short visit on their return with Mr. Clark's parents in Newark. They will reside in Milton, Pa., where the bridegroom is in business."

Have been built and actually delivered to retail buyers since August 1, 1916. These figures—320,817—represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales. We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, then, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months.

Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.
