Delay Of Beltway 'Choking' Newark R.A. Martin Claims

24th District Democratic House Candidate Proposes Legislation For Progress - A Newark-area Democratic candidate for state representative took state highway department engineers and planners to task last night for "fooling around" with the projected Newark beltway and said he would introduce legislation to speed beltway construction if delays in building it continue.

"It's time the state highway department stopped fooling around with the beltway that is not only vitally necessary for Newark's future but is, in fact, badly needed right now," was the way Roger A. Martin of the 24th Representative District put it to a Democratic rally at Brookside Elementary School.

"The beltway idea was conceived in 1957," Martin said, "but at the rate it's going it won't be completed before 1977 at the earliest, and 20 years is too long to wait."

Martin, whose district includes part of the city and a large suburban area outside it, said the beltway is important to the entire Newark metropolitan area.

"There's scarcely anyone in Newark who doesn't go into Newark at least several times a week," he declared, "if they can make it. The city is choking to death on through traffic that doesn't want to stop there but has no way around."

Martin pointed out that Routes 696 and 273, Elkton Road and Kirkwood Highway all converge in Newark. Cars and buses, he said, must go right through the middle of the city.

"Newark is Delaware's educational capital, the home of the University of Delaware," he said, "and the second largest city in the state. Its streets would be busy enough with its own traffic, and the traffic passing through is more than the city or its suburbs can bear."

"We need that beltway right now, not 10 years from now, and I intend to introduce legislation in Dover to speed its construction if no other way can be found to get the highway department moving on it."

When completed, Martin said, the beltway will be a multi-million dollar project, but so far the state has committed only \$50,000 for a preliminary engineering study this year.

"That's peanuts compared to the urgency of the traffic problem in and around Newark," he said.

Airman Thomas D. Kuntz, At Maine Naval Station - An aviation electronics technician, Airman Thomas D. Kuntz, USN, 21, son of Mr. and Mrs. Clarence T. Kuntz of 5 Tufts Lane, Newark, has reported for duty at the U.S. Naval Air Station in Brunswick, Maine.

Naval Air Stations are home to seagoing squadrons of all types when they are not deployed aboard aircraft carriers.

Aerophysicist John Becker To Lecture Here Friday - John Becker, Chief of the aerophysics division, NASA Langley Research Center, will speak at the University of Delaware at 8:30 p.m. This Friday, in 140 DuPont Hall.

Becker will discuss "Research and Development on Long Range Supersonic Aircraft."

'I Spy' Bill Cosby To Appear At Newark In 'Evening Of Comedy And Music' Show

TV, radio, and recording star Bill Cosby will give two performances of an "Evening of Comedy and Music" at 7 and 9 p.m. Friday, Nov. 6, in Carpenter Sports Building on the University of Delaware campus.

Advance ticket sales are at the Student Center, and Cosby's appearance is sponsored by the Student Center Council and the classes of '68, '69, and '70.

Bill Cosby began his career as a professional entertainer in New York City's Gaslight Cafe in Greenwich Village. Publicity in the New York Times led to other club engagements, and the recording of his first album.

Hollywood producer Sheldon Leonard filmed Cosby to co-star in NBC-TV's "I Spy" series.

Rooms were decorated with arrangements of chrysanthemums in yellow and bronze.

Budget With 15-Cent Tax Raise Presented By Stiff For 1969

City Manager Reports More Than 500 Man Hours Spent In Preparation Of Budget; Coverdale Calls For Cuts In Spending; Silverbrook Rezoning Proposal Deferred

City Manager Edward R. Stiff presented a proposed municipal budget for 1969 at the regular meeting of Newark City Council last Monday night. The budget includes a 15-cent property tax increase; expenditures of \$4,816,110 and income of \$4,359,780 with a surplus of \$43,670.

"The budget document is the most important single report considered yearly by city council," Stiff said. "It is designed to assist city council in policy determination and... as an aid to the taxpayers and the citizen in better understanding the city's operating and fiscal programs."

"The budget represents more than 500 man hours of preparation, Stiff reported, with original budget requests reflecting a deficit of \$125,000 at the current 65-cent tax rate.

"After several weeks of review the budget was balanced with the exception of providing for expanded or new programs and the increased debt service required by the April bond referendum," Stiff said. New and expanded programs and increased debt service required the 15-cent tax increase from 65 to 80 cents per \$100 - to provide an additional \$69,000.

Other budget highlights include creation of a business tax with income of \$15,000; increased usage of utilities to provide \$320,000 for a total return of \$2,500,000; state and federal aid of \$76,700 for parks and sewer projects; and the sale of general improvement bonds in the amount of \$499,000.

"More Cutting" - Councilman William M. Coverdale urged a reduction in city spending with city's time sharper for the period for more cutting. Increased taxation is not warranted, he said. "Cuts in spending are."

Coverdale called for elimination of "frills," including some budgeted expense for conference attendance and for professional society membership dues.

He cited "limitation of how far we can go with revenue on the property owner's back."

Budget discussions were scheduled for council meetings on Nov. 18-19 and 25, with a first public hearing to be held on the first Monday in December.

Concerning consideration of the proposed zoning ordinance at a meeting scheduled by Mayor Norma B. Handorf, discussions were scheduled for council meetings on Nov. 18-19 and 25, with a first public hearing to be held on the first Monday in December.

Record Brevity - "I will thank Henry Folsom's record for the shortest meeting on record," Deputy Mayor Arthur P. Mayer said in presiding during Mrs. Handorf's absence last Monday night.

Reporting on last Friday's meeting and local field trip with State Highway Department Director Ernest Hodget, and New Castle County Division Engineer Robert Wetzel, Stiff said that the state will improve maintenance of its routes in the City of Newark, and that a meeting had been scheduled for this Friday in Dover to explore the federal TOPICS program with funds of \$200,000 allocated for Delaware.

Stiff said that with upgrading of Newark's traffic plan, the city could qualify for federal funds and serve as a pilot project under the TOPICS program.

Retired Director Reginald Rockwell Of Hercules Dies

Industrial Executive, Local Businessman, 77, Launched New Career - Reginald Rockwell, 77, a retired member of the board of directors of Hercules, Inc., died Oct. 23, in Wilmington General Division after a long illness.

Mr. Rockwell, who lived at Fairfield Apartments, Newark, started a second career after his retirement from Hercules in 1956. He and his son, Reginald B. Rockwell, established Newark Stationers in 1958, and the elder Rockwell retired from that firm last year.

At the time of his retirement from Hercules - after 36 years' service - he was general manager of the company's paper makers, chemical department.

Mr. Rockwell, a native of Nova Scotia, attended Pictou Academy there and graduated from the Worcester (Mass.) Polytechnic Institute with a bachelor's degree in electrical engineering.

In World War I he was an aviator cadet in the U.S. Army Air Corps and later served as a flight lieutenant with the Royal Canadian Air Force.

He joined Hercules in 1920 as a draftsman and became assistant superintendent of the company's nitrate stores plant at Hattiesburg, Miss. He was transferred to Brunswick, Canada, and became plant manager there in 1937.

At the outbreak of World War II he was appointed manager of the Volunteer Ordnance Works at Chattanooga. He was named general manager of the paper makers chemical department in 1946 and named to the post a year later.

Mr. Rockwell was a member of St. Thomas Episcopal Church, Newark. His wife, the former Francis Simons of Talladega, Ala., died in 1960.

In addition to his son, he is survived by a grandchild, a brother, William, Jr., of Montreal; and a sister, Mrs. Eugene Smith of New Brunswick, Canada.

Friends called at the Robert T. Jones & Son Funeral Home Sunday night.

In lieu of flowers the family asks contributions to the American Cancer Society.

His last week of training was spent in guerrilla warfare exercises.

During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages.

He was taught methods of recovering booty traps, setting ambushes, and avoiding enemy ambushes.

Two Newark Girls Win New Hampshire Honors - Joanne E. Howard, 717 Beal Lane, and Barbara E. Louis, 21 Winslow Road, Newark, are among 500 non-resident students honored on the dean's list at the University of New Hampshire this semester.

Reappointed - Dr. George V. Kirk, Newark Superintendent of Schools, has been reappointed to the state superintendent's advisory committee of 10 superintendents representing areas of the state.

State Superintendent Kenneth C. Madden brings items to this committee before taking them to the State Board of Education. The advisory committee meets with the attorney general, insurance commissioner and other state officials concerning school issues.

Post Office Santa Special To Get Gifts To Vietnam - Tons of Christmas gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office venture.

A fast U.S. cargo ship will be designated the "1968 Santa Claus Special," sailing from Oakland, Calif., next month with Christmas parcels.

To meet the sailing deadline and assure preholiday delivery of gifts sent with surface postage, items should be mailed by Nov. 8, and marked "Santa Claus Special" just below the stamps. Acting Postmaster: Dr. Wilfredo of Newark, N.J.

Dr. John M. Dawson U. of D. Library State Coordinator For Teletype Plan

The University of Delaware Library, with the largest collection of books and library materials in the state, is coordinator for a state-wide teletypewriter communication system which became fully operational on Oct. 14.

The Delaware Rapid Interlibrary Loan and Reference Service is an outgrowth of a long-range committee report headed by Dr. John M. Dawson, director of libraries at the university.

DRILL establishes a teletypewriter network in selected libraries of the state through which all libraries may request the loan of books or reference services.

Teletype centers are located in the Wilmington Institute Free Library, the State Library Commission, the Delaware State College Library in Dover, the Delaware Technical and Community College Library in Georgetown, and at the university.

During its first year of operation, DRILL will extend service to public, college and junior college libraries. According to officials at the university, the DRILL network on campus handled 60 requests in its first week of operation.

Keep your County moving forward!

How has the new County Government
been able to expand its police force
from 19 to 54 men in 22 months?

By placing the emphasis on training, opportunity, and the establishment of a fair pay scale, the new County Government . . . under the direction of Bill Conner and Doug Buck . . . has been able to attract qualified applicants and to nearly triple the force since January 1967.

Recruiting standards have been raised, clear rules have been laid down, and new equipment has been provided. It is now common to see well-marked County Police cars patrolling the highways and neighborhoods. Emergency telephones have been placed at strategic points.

Let's keep moving forward!

Re-elect your team...

BILL CONNER / DOUG BUCK
County Executive / County Council President

THIS TIME, VOTE LIKE YOUR WHOLE WORLD DEPENDS ON IT.

In fact, the direction that Delaware and the nation will take does depend on your vote. Your vote—for Richard Nixon for President and Russ Peterson for Governor—can increase the power of the people . . . of you! Nixon and Peterson agree that power has been flowing to Washington too long. Now it's time to start power flowing back to the states, to the communities, to the people. They apply this standard to every program: Does it increase the power of the people or diminish it? Does it enhance the self-respect, the pride of the individual human being, or reduce it? We need that standard today. And Richard Nixon needs Russ Peterson—to accomplish on the state level what Nixon hopes to accomplish on the federal level. According to Nixon, "The election of Russ Peterson as Governor is essential if the coordination between the federal government and the State of Delaware is to be free from political consideration and dedicated to the public interest. In addition, the proposals advocated by Russ Peterson for crime control, education, and state fiscal responsibility are deserving of full support by all the people of Delaware."

So the kids go off to college. And for a while the quiet they leave behind is not totally unpleasant, is it? But soon enough you find you're actually missing things like the dulcet-toned: "Hey, Mom, didja iron my sports shirt?" Well, that's what the telephone's for... to bring you and the people you miss closer together. Use it tonight, why don't you. See how good it sounds.

COMMUNICATIONS GAP—Besieged by salesmen since her move into her new home, one annoyed housewife answered her doorbell with: "Can't talk. I'm on a long distance call." But the bell rang again. Irrate now, she threw open the door to tell the pest, in no uncertain terms, to stop bothering her, and... "Hi," he said, grinning. "I'm here to install your phone service."

NOW, YOU'RE TALKING—It won't surprise you to learn that we consider extension phones among the all-time leaders on any list of convenience items. You put them wherever you need them, and then you can take or make calls the easy way. That is, without doing the

track star bit 15 or 20 times a day. No... we'd never say extension phones are as important as bread on the table. The spread on the bread? Now, you're talking.

KIND OF A PHONE POEM
If most of our phone talk should somehow be lost, But you retain this: "High value, low cost..." Then we'll light up like a switchboard full of Jack-o'-Lanterns.

It's Time For... EYE CARE

Dr. Newton K. Wesley
"SAVE YOUR VISION WEEK"
"Save Your Vision Week" will be observed from March 2nd through March 9th this year. I believe such a week should be observed 52 times every year.
Our civilization requires the use of our eyes more today than at any other time in our history.
Our eyes were made to see at a distance and yet, today, we use them more indoors than out. We have created stresses and strains that are far greater than normal. Therefore, it is extremely important to have our eyes examined regularly and to wear the proper prescription.

Wesley
Most of us do not see as well as we could if we were to have our eyes examined and wear the correction recommended by our eye doctors. We accept a world not quite clearly defined—mostly because we were not aware of gradually fading vision. It happens so slowly, we are not always aware of it. As we approach middle age, nature forces us to realize that our vision is not all we could desire if it to be. It is then we take action and visit the eye doctor for an examination.
If we would only realize that eye examinations every six months could prevent blindness—sometimes our own blindness—I am sure it wouldn't be necessary to continue to remind the public.
The National Eye Research Foundation suggests you have your eyes examined every six months. It's good advice—take it! See your eye doctor soon!

THE ROCK

One of the empire builders in every good sense of the phrase, Reginald Rockwell built well, indeed, as a vital individual in a generation of mighty men responsible for America's unparalleled industrial progress after the first World War.

Serving as a United States air cadet and a member of the Royal Canadian Air Force during World War I — a tense time when aviation was in its infancy and successful flying required a tremendous store of skill and courage, Mr. Rockwell returned to civilian life as a young engineer behind what could have been a deadening drafting board.

Instead, the Nova Scotia scire sacrificed some security and equanimity for the constant challenge of an executive post — and rose to the heights and challenge as a director of Hercules.

Tours of business duty took him to the Deep South where he lived and worked in Georgia and Mississippi — and as an ardent outdoor sportsman, he taught his son well in nature lore along the trail of quail, turkey, deer, big black bass and salt water game fish in the bayheads and bays of the South.

Few top executives are noted for their kindness and warmth, but Reginald Rockwell was the rare exception. He endeared himself to legions along the way, and Newark was privileged to have him as a resident and Main Street businessman who launched a second successful career after retiring as a Hercules director.

ELECTION DAY

"Turn the Democratic switch at the top, and then flick the levers on the Republican side if you want to split your votes," a GOP lady advised a Democrat husband in some simplified explanation of the voting machine operation for next Tuesday's national, state, county, and district elections.

But whether you "turn the Democratic switch," lock in an all Republican slate, support the American party, or split your votes, the important thing is to register your carefully considered choice at your polling place next Tuesday.

Unfortunately, many able candidates for lesser offices are eliminated from stellar public service by the individual voter's lack of familiarity with machine balloting. It is so much easier to vote a straight ticket.

Former Resident Marie B. Thomas Dies In Seaford

Mrs. Marie Byers Thomas, 71 a resident of Newark for 40 years, died Oct. 22, in the Manor House, Seaford, after a brief illness. Before entering the Methodist facility, Mrs. Thomas made her home with a niece, Mrs. George L. Townsend, in Rehoboth Beach for about three years. While in Newark she lived with a sister, the late Mrs. John K. Johnston. Her husband was the late Adolph Thomas. Besides her niece, Mrs. Thomas is survived by a sister, Mrs. George C. Hodson of Easthampton, Mass.

LEAVES HAZARDOUS

Autumn leaves are pretty on the trees, but they can be treacherous on the pavement, motorists were warned today by Paul E. Burke, executive director of the Maryland Traffic Safety Commission.

It's Time For... EYE CARE

Dr. Newton K. Wesley DRIVING AND VISION

Vision requirements in most states have tightened for drivers. Only South Dakota permits a person to drive a car without taking a driver's test. Some states permit the driver to wear contact lenses, asking only that he present a card showing he is a wearer of the tiny vision aids.

Motor transportation has increased at such a high rate in recent years that 6 million people are examined each year for driver's licenses, 13 of our states require visual examinations upon license application. Much pressure is presently being exerted to include such examinations in the other 29 states. At 6 million drivers each year, it seems reasonable to suppose that many of these new motorists need some type of vision correction.

One good law missing in all 50 states is a test for night vision or glare resistance. Some states restrict a driver to daytime motoring if he has a deficiency, but some provision should be made to include a night driving test. Many people know they should be wearing glasses while driving and do not wear any type of correction. The Driving Research Laboratory of Iowa State College states that 60 percent of the general adult population require glasses but only half of them wear them. If you are one of the 6 million drivers in this country, you should be sure you are driving with your vision at its best. Have your eyes examined soon.

Nile, Wertz Win FMC Promotions At Newark Plant

Growth of operations at the local Avicel microcrystalline cellulose plant of FMC Corporation's American Viscose Division has led to the appointment of George W. Nile to the new post of plant engineering supervisor and the promotion of Robert B. Wertz to plant technical supervisor. Both men will report to Donald F. Smith, plant manager. Nile, a graduate of New York State College of Forestry at Syracuse University, has been with American Viscose since 1953, except for service with the U.S. Army from 1954 to 1958. Nile was a chemist in the research and development department until 1964 when he was transferred to Newark.

On Election Day next Tuesday, an oyster and ham luncheon and supper will be served from 11 a.m. through 7:30 p.m. at Glasgow United Methodist Church in Glasgow. Take-out orders will be available and there will be special rates for children. The Rev. Irvin R. Pussey, pastor, advises.

Keep your County moving forward!

William J. Conner County Executive
C. Douglas Buck, Jr. County Council President

How did the new County Government change a \$420,000 deficit into a \$350,000 surplus in 22 months?

By instituting modern practices of budget control and by sound investment of County funds, the new County Government... under the direction of Bill Conner and Doug Buck... has been able to change deficit spending into "paying bills from a balanced budget!"

In the last two years, over \$120,000 has been earned by the investment of County money that in the past had been allowed to stand idle. While dramatically increasing services, the County Government has been able to hold the line on taxes during 1968 after a modest increase in 1967. Taxes have been reduced for city residents and businessmen.

Let's keep moving forward!

Absenteeism!

If you are now represented in the State Legislature by a Democrat, the chances are a whopping one in five that he wasn't there when you needed him. For the records show that, on average, Democratic members of the General Assembly were absent for a staggering 19 percent of the roll call votes! A comparison is dramatic: in the House, Democrats missed 21 percent of the votes, Republicans 6 percent; in the Senate, Democrats missed 17 percent, Republicans 4 percent. As others have noted, missing one vote in five demands a compelling explanation to avoid the conclusion that these legislators are carelessly disregarding the responsibilities entrusted to them by the voters. This time, make sure you will be represented. This time, vote Republican.

Bob Tucker Fires Four TD Passes, Scores On Quarterback Sneak As NHS Wins 29th

Lobbed to a slim six-point lead for their 29th straight win the preceding Saturday in the Dickinson deluge and mud, Coach Bob Hoffman's state champion Yellowjackets opened all stops in a blast of power with the dry going at home against Wilmington High School Saturday to rack up No. 29 straight with a 45-7 victory over the Red Devils.

All-State Quarterback Bob Tucker fired four touchdown passes and scored himself on a one-yarder to pace the Yellowjacket win, with All-State Halfback Pedro Swann taking a pass for a 14-yard TD, running 27-yards for another, and End Gary Hayman kicking a 27-yard field goal, five extra points, and catching a Tucker toss for a 10-yard scoring play.

After a scoreless first period, Newark stormed back in the second quarter for a 21-0 lead at halftime. End Gary Connell took Tucker's pass for a 29-yard touchdown to unleash the flood of scoring; Swann snared Tucker's toss for a 14-yard TD; and Halfback Rick Matthews collected another Tucker aerial

bomb for a 27-yard punch in the Wilmington end zone, with Hayman kicking all three conversions. In the third quarter, Swann sprinted 27 yards for a touchdown. Fullback Paul Watson ran for the extra point, and Tucker sneaked for a yard and six more points with Hayman kicking the conversion for Newark's 33-0 lead at the end of the period.

Hayman added three more points in the fourth quarter with his 27-yard field goal, and then Newark's All-State end scored a touchdown with Tucker's pass in a 10-yard maneuver.

In action for Hoffman's champions last Saturday were Tucker and Ray Bias quarterbacks; Swann, Connell, Matthews, Keith Melin, Gil Jones, Ed Conkey, Mike Stravari, Rich Aronko, Hutch Roy, Ed Warren and Andy Marantoni, halfbacks; and Fullbacks Watson, John Frame, Dave Johnson and Doug Baker.

Playing in the Yellowjacket forward wall were Centers Jeff Brown, Steve Stengari and Chuck Lewis; Guards Randy McDonald, Dave Chapman, Wayne Lynch, Chuck Barba and Dave Knight; Tackles Gary Pyle, Lee Hesselbine, Walt Williams, Bill Records, Dan Brady and Tom Krapt; and Ends Hayman, Tom Jackson, Tom Mayer, Steve Jones, Ken Robinson and Bob Henry.

Hoffman's Yellowjackets face Coach Billy Cole's 4-1 Colonials at New Castle this Saturday afternoon at 1:30 p.m.

NO. 29!
Coach Bob Hoffman's champion Yellowjackets, unleashed their power against the Red Devils of Wilmington High School to walk off their quest for 49-7 last Saturday for Newark's 29th straight victory.

All-State Quarterback Bob Tucker threw four touchdown passes and scored another with a one-yard sneak as Hoffman's champs romped on solid ground after eking out a 6-0 squeaker in the mud at Dickinson the week before. The Yellowjackets meet Billy Cole's Colonials at Wm. Penn this Saturday afternoon at 1:30.

THE NEWARK POST

Eight The Newark Post, Newark, Delaware, Thursday, October 31, 1968

Pat Walker Joins Hayman, Kelley For Starting Trio

Much has been written about the contributions of Newark High School products Dick Kelley and Conway Hayman to the Delaware football team this year — but the play of another Newark graduate has gone almost unnoticed.

"Pat Walker has been playing very well at tight end," says offensive end coach Ted Kempki. "He has blocked very well and he has really helped strengthen our offensive line."

Walker, a 6-5 and 296-pounder who holds the Delaware record for the 123-yard high hurdles, was converted from tackle to end this fall and has been doing a fine job since breaking into the starting lineup for the Buffalo game.

"Pat is an excellent athlete," Kempki says. "He blocks like a tackle, but he has good speed and is catching the ball well in practice. He could become a very fine receiver as a tight end."

Walker, a former Delaware state decathlon champion, bruised a shoulder in the Hens' 50-27 win over Temple, but he should be ready to play this week against Rutgers.

Kempki points out that Walker and the 240-pound Hayman are the key blockers on many of Kelley's runs. All three players are sophomores.

"Walker is blocking down the end and Hayman is pulling out of the line to lead the interference on most of Kelley's long gains," Kempki notes. "Those three Newark players have really worked well together."

Newark is the only high school to contribute three players in the starting lineup, either offensively or defensively. Columbia High School in Maplewood, N.J., has two players in the defensive lineup — captain and linebacker Bob Masini, and safetyman Bob Masini.

Newark's Dick Kelley In Rushing Lead With 178-Yards In 50-27 Rout Of Owls

Sophomore Halfback Dick Kelley from Newark High School has regained the rushing leadership of the 1968 Delaware football team. The 175-pound Kelley, former Yellowjacket All-Stater, rambled 178 yards in the Blue Hens' 50-27 rout of Temple in Philadelphia last weekend. The 178-yard afternoon boosted Kelley's season total to 569 yards, just five yards ahead of Fullback Chuck Hall.

The Blue Hens, 4-2 on the season and 3-0 in the university division of the Middle Atlantic Conference, have featured ball control with a strong running game in most of their wins.

The Hens, with Hall and Kelley doing the heavy work, established a Delaware record for rushing attempts in one game against Temple with 82 carries for a total of 102 offensive plays compared to 74 for Temple.

Women Golfers At NCC Honored For Tourney Play

Tournament winners in this year's women's golf program at the Newark Country Club were announced by Mrs. Robert Westcott, chairman of the annual luncheon last Tuesday in the clubhouse.

Mrs. Clifford Winton and Mrs. Thomas J. R. Stephens were first and second in the first flight of the Chrysler Classes Of Eight Tournament, with Mrs. Robert T. Jones, Jr., and Mrs. Russell Menard, one-two in the second flight, and Mrs. Candiff and Mrs. C. A. Boddow, Jr., winner and runner-up in the third flight.

Mrs. John M. Dawson won the Newark Post Tournament, and Mrs. C. Sweeney was runner-up.

Mrs. John N. McDowell won the club championship, with Mrs. Harry McCavana second.

Mrs. Westcott and Mrs. Sweeney were one-two in the Oakland's Tournament.

Mrs. Jones and Mrs. Sweeney scored first and second low net in the C. Sweeney Tournament, with Mrs. Winton and Mrs. McCavana the winner and runner-up for low gross honors.

Mrs. McDowell won the senior women's golf championship, with Mrs. Wilson Gasper, runner-up.

Mrs. John Mueller and Mrs. C. R. Whitcomb won the Avon Better Ball of Partners Tournament, with Mrs. Halsey MacPhee and Mrs. Conwell second, and Mrs. McDowell was winner of the Ringer Tourney.

Mrs. Benjamin P. Frye was honored for scoring a hole-in-one; Mrs. Sweeney as most improved golfer; and Mrs. A. E. Fitzwilliam for most chips-in.

KLING'S BOOTERS Delaware's soccer team, coached by Klara Kling, is slated to play at Temple this Saturday at 1:30 p.m., and the Blue Hen booters meet Franklin & Marshall away next Wednesday at 2 o'clock.

PRATT'S BARRIERS Coach Larry Pratt's Delaware cross country team is scheduled to run in the Delaware Open this Saturday, and the Hen barriers travel to LaSalle next Wednesday for a 3 p.m. contest.

It was a much easier and faster trip coming home," Alice Neide said of their return from Kitty Hawk to Newark.

"No wonder," her husband observed, with the Hatters had some 80-miles south of their home-ward embarkation point.

"We were too early," Francis said of his trip to Hatters. "The best of the red drum fishing takes place in November. I was told," Newark's former city manager concluded wistfully.

Prior to a partially lost, last weekend with storm windows, we had spent a pleasant Sunday afternoon the previous week with Carroll W. Munford in some fly fishing at a farm pond nestled in a hollow amid the Northern New Castle County highlands of Limestone Road.

The pond is full of fish — too full for food and growth of its resident bluegills and large-mouthed black bass — but even under the ideal conditions of an abundance of hungry fish in a limited, accessible area, there are times when such fish are disinterested.

On a prior trip, we caught a big bluegill and a good bass on the first two casts — missing several strikes in the process without lifting line from the water — but a week ago from last Sunday, half a hundred casts resulted in nothing more than a lone sunfish and several half-hearted sipping strikes at a surface splashing bug.

"I think we've had it," Mr. Munford murmured as the shadows lengthened with late evening, and our casts shortened with some discouragement and fatigue.

And then the fish began to hit. Francis cast was met with a strike — if we missed one, another fish was there — and we kept a dozen big bluegills for a fish fry — a perfect way to end an afternoon that had been pleasant enough without such final fishing frenzy.

Audience Exodus
An audience of some 50 persons was reduced to four when the scheduled final reading of a proposed ordinance to regulate land between Marvin and Park drives on the west side of South College Avenue, was postponed pending return of the mayor, who is ill.

Councilman Mayer disqualified himself from voting because of conflicting interests, and with more than 20 per cent of the property owners in the area objecting to rezoning, a three-quarter vote of council is required to approve new zoning.

Hugh F. Gallagher Jr., in the audience explained that plans for a doughnut drive-in shop for the area had been abandoned, and any drive-in restaurants were denied with revised interpretation of the zoning code and Fasnacht cited "zoning at its worst" with South College Avenue, becoming "a little Kirkwood Highway." Rutgers' Mitchell Hailed By Flynn As Running Back

Rutgers Coach John Bateman refers to Bryant Mitchell as "The most explosive runner" he has coached.

Delaware Backfield Coach Jimmy Flynn, who scouted Rutgers in preparation for this Saturday's match, named 183 yards against Columbia last week as Rutgers' best back, called Mitchell "the best back we have seen so far this season and maybe the best we will see all year."

All of which means the Delaware defense will have a very tough assignment when the Blue Hens visit New Brunswick, N.J., on Saturday.

Billy's Freshmen Lose After Kahoe Builds 46-19 Lead

The passing of Louis Simber, brought the Temple freshmen back from disaster and a three-touchdown deficit and preserved their record with a 46-19 victory over Coach Paul Billy's Delaware frosh in a wild scoring affair at Philadelphia last Friday.

Gary Kahoe had led the Blue Chicks to a 41-19 lead in the third quarter before the passing of Simber more than made the difference.

Kahoe threw for three touchdowns and set up several others with his accurate tosses.

The victory was the fourth for Temple while Delaware slid to a 1-3 mark.

Billy's Chicks play at Lafayette this Friday at 3 p.m.

Guard Hank Vollendorf Named To All-East Eleven

Delaware's Guard Hank Vollendorf was named to this week's Eastern College Athletic Conference Division II All-East team.

The Maple Glen, Pa., senior received the same honor after last Saturday's 50-27, middle Atlantic Conference victory over Temple.

Other Delaware players nominated were Quarterback Tom DiMatteo, defensive back Joe Purzycki and sophomore halfback Dick Kelley.

Guard Hank Vollendorf Named To All-East Eleven

Fasnacht added that in "unprecedented" action the State Highway Department had "submitted a letter to the planning commission in favor of proposed zoning 'to ease traffic conditions'."

Mrs. Robert Beck, secretary of the Silverbrook Civic Association, reported that the group was in favor of the zoning change.

"People are confused enough about our code of ordinances," Coverdale concluded in pointing out that neither RD nor RA classifications specified in the proposal are included in the zoning code.

With deferred reading for zoning change pending the mayor's return, and with but four remaining in the audience, council unanimously approved ordinances defining duties of the aldermen, and providing additional parking regulations and stop signs.

A first reading of an ordinance authorizing short-term borrowing of \$250,000 from the city's debt retirement fund was approved in a 6-0 vote after Coverdale's correction reduced the sum to \$122,000. He pointed out that \$250,000 was the amount in the fund and not the amount to be borrowed.

Tax exemption forms for persons over 65 with limited income were approved, and proposed reuse of municipal meeting recording tape was abandoned after Coverdale's objection to destruction of such records, and upon England's advice.

"It doesn't happen very often, but when it does, you are thankful for every bit of help you can get."

Vikings, Knights With 2-3 Records Meet After Christiana's 27-0 Loss To McKean

Stopped 27-0 by powerful McKean on the Christiana field last Saturday — their second successive setback after a 26-0 loss to Brandywine following a 26-0 win over Dickinson — Coach Sam Dixon's Vikings meet the Green Knights at Mt. Pleasant this Saturday afternoon at 1:30.

Both Christiana and Mt. Pleasant have 2-3 records in the Blue Hen Conference A-Flight, with the Vikings dropping a 33-14 decision to the Redskins, at Conrad last Saturday.

McKean, moving up to A-Flight competition this season, took a 13-0 first period lead over Dixon's Vikings last Saturday when Bill Henry hit Ellwood with a pass for a 96-yard touchdown; Randy Pearson kicked the extra point; and Earl Anderson broke free for a 22-yard scoring run.

Christiana held McKean scoreless in the second quarter, but McKean came back with seven points in each of the remaining periods.
