# DELAWARE CALF CLUB CHAMPIONS ARE NAMED

## Alberta Pordham, Robert Schabinger Honored By Cattle Association

Alberta H. Pordham, Middletown, and Robert Schabinger, Felton, have been named the 1940 Delaware State Champion Holstein-Friesian 4-H Calf Club Girl and Boy by The Holstein-Friesian Association of America.

Alberta has completed 8 years in club work, including the dairy project in the latter 6. Her first calf was a grade heifer given to her by a relative. Her first pure-bred Holstein came to her as a reward for winning first prize in an essay contest on the subject "What 4-H Club Work Has Meant To Me."

This calf, Winterthur Posch Great Orm Quazi, was third prize calf at both the county and state fairs. That was in 1935. In 1936 she won second at both fairs, and the third time carried away first honors. Other purchases were necessary to enlarge the herd as most of the calves from her first animals were bulls. Four registered Holsteins were included in her dairy project for 1940.

Probably Alberta's outstanding achievement in general club work was in 1938 when she won a trip to the National 4-H Club Congress at Chicago. This was on a style dress review, however, instead of in her dairy work.

Other projects Alberta has completed include swine, poultry, sewing, canning, room improvement, and farm and home accounting—a grand total of 30 projects. She has won four scholarships for short courses for excellence in judging contests at the state fair.

Robert enrolled in the University of Delaware last September, after completing nine years of dairy club work. He has specialized in this project, at no time taking any other. He has owned a total of 28 cattle with six being the largest number in any one year. In 1940 he won a trip to the National Dairy Show at Harrisburg, Pennsylvania. Nearly every year his Holsteins have been exhibited at the state fair.

For three years Robert was president of his club, and he has served in other offices and on various committees.

Electricity on the dairy farm has been a favorite subject with Robert. He has given several talks on rural electrification to club and Grange members, and was a participant in a national 4-H rural electrification contest in 1940.

# RURAL FAMILY EXPENSES STUDIED

## Survey Shows Average Income About \$1,665

Household records kept last year by 56 rural Delaware families showed their gross incomes averaging slightly more than \$1,665.

Size of these families range from two to 11 members. The average family size was 3.5 members.

An analysis of the home records by Miss Louise R. Whitcomb, home management specialist for the University of Delaware Agricultural Extension Service, reveals that the 56 families divided their income as follows: savings—\$160 in payment on principal of notes, \$72 for life insurances and \$46 for other investments, \$278 as an average went toward building up family security, or 17 percent; \$245 for purchased food; \$177 for automobile transportation; new furnishings \$77 and repairs on the house \$31, a total of \$108

on home improvements; household operation came to \$142 per family, and for clothing the families averaged \$93.

Of the remaining cash received by the families, \$62 went into church contributions and community giving, \$40 for personal care, \$40 for medical care, \$31 for family recreation, and \$25 for education, including school supplies, periodicals and newspapers. Farm expenses were also taken out of the total cash income.

Since family health is dependent upon an abundant supply of the right foods, the fact that these Delaware families each averaged \$180 worth of food raised at home, or 42 per cent of the total food consumed, is significant. But only a few families were reaching the goal of two-thirds of the family's food raised on the home farm.

The rural families that kept records are scattered throughout the State—22 in New Castle County, 21 in Kent County and 13 in Sussex County.

## FATHER'S AUTO KILLS YOUNG SON

### Chest Crushed When Car Backs Into Youth

Newport, June 18—Jackie Burton Coverdale, son of Mr. and Mrs. Ernest Coverdale of 110 Newport Pike, Tuxedo, was killed by the family car when it backed into the child at the parents' door on Saturday night about 8 o'clock. The boy was 8 years old on March 29th.

Mr. Coverdale, father of the child, was washing his automobile, and little Jackie was playing around the car when the father was at work. Having completed his work, Mr. Coverdale proceeded to put the car in the garage. In the meantime, the boy ran around the car and backed the car into the child. A neighbor seeing the child's plight, called to the father, but Mr. Coverdale did not hear the call. The right front wheel, opposite the driver's side, hit the child and crushed his chest. The parents rushed the child to the Wilmington General Hospital where he was pronounced dead.

Mr. Coverdale has lived here about 22 years and has one other child, Richard Coverdale. Funeral services were held from the Smith Funeral Home, Wilmington, on Tuesday afternoon at 2 p. m., with the Rev. R. F. Hodgson, pastor of the Newport Methodist Church in charge. Interment was in the Lawn Memorial Cemetery.

## 4-H CLUBS MAINTAIN GARDENS

### Young Farmers Helping To Increase Crop

More than 200 Delaware 4-H members are maintaining home gardens as club projects this year. Through their gardening work, the youthful rural Delawareans are releasing badly-needed adult labor for farm tasks. At the same time they are providing fresh vegetables for family consumption now and for canning.

C. E. McCauley, boys' club agent-in-charge for the Delaware Agricultural Extension Service, has reminded the club members that as a part of the National Defense Program, a considerable increase in production of a number of food crops is being urged by the federal government. Vegetables are included in the kinds of crops for which there is needed increase in production. By growing an ample supply of vegetables to provide for the family during the growing season, and also enough to preserve or store for use during winter, 4-H club boys and girls not only help in maintaining the health of their own families, but they are of real help in the food situation of the country. "All fresh vegetables," suggests McCauley, "which are not needed for immediate consumption can be canned for fall and winter. Prices will be much higher then, so it's important that the 4-H garden is kept producing healthful vegetables during the entire growing season."

Delaware 4-H club members have definite proof that home gardening pays. Last year, 150 club members completing project records produced more than \$2700 worth of home garden products. And this year 4-H club leaders say that the value of foods produced in home gardens maintained by 4-H club members is likely to be a good bit greater because of higher food prices and the increased number of 4-H club members taking part in home garden projects.

Herbert Meier of Richmond, Ind., placed this sign on his garage: "Nothing inside." Burglars ignored it, however, and got away with a gold watch valued at \$35.

**Youth Problem**

(Continued from page 1)

this country that men wanted their government to insure freedom of speech, action and thought. So in these documents they set forth all the things they believed would make a sound national code of conduct for that and future eras.

But as years passed, these privileges were abused, and perverted. Wars, depressions, and class struggles had their effect on our democracy. Power politics, the growing battle between Capital and Labor, sectional political fixity, the sectional one crop system, and poor economic planning took such toll of fundamental rights that today we are told that the Constitution is too out-of-date to apply to modern conditions, that democracy is on the wane and that we will have to formulate new ruling principles for the future.

Democracy is not dead! The Constitution is not out-of-date! Its principles are still better fitted for our times, changing though they may be, than any other plan any other modern group of law makers may devise.

The duty of American youth, then, is to return to our Constitutional principles and stick to them. We must fight racial prejudice that leads to hate and the disintegration of national unity. We must guard against a renunciation of free speech and free press in our fear of a Fifth Column. We must eliminate the selfish political sectionalism of the Democratic South, Republican New England, and the radical Mid-West. We must realize that complete triumph for either Capital or Labor will mean a dictatorship just as vicious as any in Europe today. We must make misuse of power by our lawmakers a crime more deadly than murder. We must get away from the sectional, destructive, one crop system to a balanced agricultural program and build an international trade system that will insure ready markets without creating international hate. In short, we must keep our government a government of the people, answerable to the people.

Young America can do this, and young America will do this to preserve democracy and the American way of living.

**Orangedale Baldy**

Outstanding Performer

Orangedale Baldie, owned by Raymond Vansant Buckingham, secretary of the Eastern Beagle Club, is making quite a name for himself both in the field and on the show bench.

By Wingridge Dexter out of Orangedale Chimes, "Old Baldie" has won the Eastern Beagle Club membership class on the bench for three consecutive years. He was second at the Pocono show this year and won the 13-inch dog membership, and winners classes at the Peninsula Club on Sunday.

Besides his bench victories, the beagle has placed 14 times in the field in A. K. C.-sanctioned trials. He placed two firsts and a second in three starts in Maryland, under different judges each time. Baldie is being shown by Miss Charlotte Bowman.

**FATHER'S DAY MARKED AT CHURCH**

Stanton—June 18—The Rev. F. O. Baynard, pastor of the Stanton Methodist Church, was in charge of all services on Sunday, and conducted a special "Father's Day" service at 11 a. m., speaking on "The Motive Power of Service". At the evening service, Rev. Baynard spoke on "The Whale Versus Jonah."

The Rev. Baynard is endeavoring to organize a junior and senior choir in the Stanton Methodist Church, and requests all members interested in this organization to attend a rehearsal in the church on Friday evening, at 9 p. m. The rehearsal will be held immediately following the Weekly Prayer Meeting.

On Thursday evening at 7:30, the "Jesus Club", which comprises a group of young girls of the Sunday School, will present a program of entertainment in the Assembly Room of the Church.

Members of Diamond State Grange and their friends enjoyed a covered dish supper on Wednesday evening in the Grange Hall.

Members of Friendship Lodge No. 4 of Stanton and their friends attended the Union Meeting of Shepherd Lodges on Monday evening at Lady Miller Lodge No. 6, Wilmington. The Supreme Commander, Sir Sydney Gundry, was the guest of honor at the meeting.

About 175 guests were served at the chicken salad and strawberry supper of the Stanton Methodist Church on Wednesday evening. The supper was held by the Woman's Society of Christian Service, and Mrs. E. Sue Smith was chairman of arrangements.

**New Engine**

(Continued from Page 1)

1921. At that time, the apparatus consisted of one hook and ladder truck, one large two-wheel hose truck, one small hose truck and 750 feet of hose. In 1905, an up-to-date hose wagon was purchased and a bell was also placed in the tower of the house.

About this time, E. C. Wilson was elected chief and motorized equipment was being installed in the larger cities. Lack of funds gave him the idea of annual carnivals in order to raise the necessary money and the first affair, held in 1912, netted a profit of \$2410.95.

In 1913, equipment purchased included a triple combination engine, pumper, chemical and hose wagon, built on the Thomas chassis. Aetna was the first company in the state outside of Wilmington to have a motorized apparatus and was also one of the first to hold carnivals.

After being rebuilt and patched up several times, the Thomas engine was discarded in 1925. In 1921, a Stutz triple combination engine, still in use, was purchased.

The fire house is completely furnished with electric lights, hot water heat, shower baths, two bowling alleys, two pool tables, and two shuffle boards in the basement.

He is assisted by John Houtman, of Clayton, assistant editor; Layton Mabrey, of Clayton, art editor; Elizabeth Zabenko, Marshalltown, assistant art editor; and Florence Walls, of Harbeson and Hazel Clendaniel, of Dover, typists.

Three skits were presented by the Sussex County group under the supervision of Miss Anne B. Moore, county club agent. "The Theatre Ticket," directed by Jean Ward, of Laurel, was given by Eleanor Moore and George Ward, of Laurel.

Miss Moore directed the presentation, "Mrs. Hulligan's New Spring Hat," given by Marie and Doris Tingle, of Harbeson; Alden Hopkins, Jr., and George Ward, Laurel.
