Dear George:

I thank you very much for sending me with your letter of January 9 copy of an article published in the New York Times of January 6 "T.V.A. As a Defense Agency".

The T.V.A. continues to be a controversial matter.

You will have read, no doubt, the enclosed article also published in the New York Times of January 6 "Power issue seen taking new turn". The position taken by labor in the US is entirely opposed to the one the Unions are taking in other countries on the same problem, specially in Mexico, as I have seen from recent information on declarations made by the Syndicate of Mexlight workers.

With kind regards,

Sincerely yours,

D.N.Heineman
