Berlin, Germany, December 19, 1932.

Mr. Harry L. Fried,  
c/o Will L. Smith, S.A.  
1 Wall Street,  
New York City.

Dear Mr. Fried:

I appreciate more than I can say your letter of December 9th with which you send me a clipping from the New York Herald Tribune in connection with the Einstein case. It was very good of you to send me this clipping as it is the first copy of it I have seen. All this publicity in the Einstein case was naturally very annoying as there was no Einstein incident and he was treated with every courtesy and consideration at this office when he applied for a visa. I have had so many letters and telegrams from friends that it has taught me more than ever that the finest thing we can accumulate in this world is friendships. It is particularly nice of you to write me as you did and to give this expression of confidence which I can assure you in this particular instance was not misplaced. It was very good of you to write your generous letter and I am deeply appreciative of it.

Believe me with very good wishes,

Very sincerely yours,

George S. Messersmith.
