## Fires Here Past Week; Barn Razed At Corner Ketch Mon.

### Machinery And 25 Pigs Also Destroyed In Disastrous Blaze

A fire occurred in this area the week, the most serious coming at 7:20 p. m. Monday, when a barn was burned to the ground near Ketch.

Twenty-five pigs and a large quantity of farm machinery also went up in the blaze, which caused an estimated \$10,000 in damages. The fire was ignited by Irving Chambers, owned by H. A. Kelly.

The work-out began last Wednesday for the Aetnians when they were routed out around 5:30 a. m. for the home of Howard Eysans on Chestnut Avenue. The blaze cause which is unknown, resulted in minor damage to the second floor.

At 1:30 p. m. Sunday the volunteers received an emergency call from Elkton Company asking aid in fighting a woods fire at Elk Neck, Md. Aetnians spent four and a half hours battling the raging flames. Hardly getting back and washed off grime that they were called to Mill Road to clean up after the accident there around 9:35. In a car overturned injuring several members of Delaware students.

Monday the Volunteers extinguished a grass fire around 12:30 on Delawean-Christiana Road.

At 6 p. m. that same day, they had another brush fire on the Ketch-Oakdown Road near the Baltimore and Ohio Railroad.

At an hour later they were summoned to North College Avenue to extinguish a blazing pine grove on the east side.

At 1:30 p. m. another fire broke out, this time on Capital on property owned by Walter Hall. Shortly after 3 p. m., grass was ignited one mile south of the farm of Steve Barceyewick's farm. At 8 p. m. the volunteers were called to fight a blazing barn at Pleasant

## PTA Benefit Dance May 19

The Rhythm Doctors

The Rhythm Doctors, who will play for the PTA benefit dance in the University of Delaware fieldhouse on May 19th, are just what their name implies—Ph.D.'s with rhythm.

All non-professional musicians, most of them chemists with the DuPont Company, the doctors organized in 1942, when the members many of whom

had played in college bands, decided to form an orchestra "just for fun." One of the players is a Newark resident, Dr. Gerald T. Bercherit, second from left in the third row. Two girl vocalists with the group are DuPont office workers.

Proceeds from the dance here will be

used to purchase additional playground equipment for the Newark schools. The public is urged to attend the affair, which will be held from 8 to 12 p. m. Tickets may be secured at the Newark Department Store or from any member of the ticket committee headed by Leighton Jackson.

## 35 Units To Parade May 30 In Honor Of Town's War Dead

### Largest Parade In Community's History Planned For Memorial Day; Army And Navy Units, Bands In March

More than 35 marching units, including five bands, smartly uniformed army and navy outfits, veteran organizations, boy scout troops and volunteer firemen will provide plenty of martial glitter in the annual Memorial Day parade on May 30.

The march will be the longest in the history of the town, according to William Beswick, legion commander, who heads the joint veterans' committee.

A regular army detachment from Fort Meade, including rolling equipment and eight 40 guns, and a natty contingent of bluejackets from the Philadelphia Navy Yard will add military color to the columns. Also in the line of march will be Newark Battery "C" equipped with 90MM guns and other heavy equipment and the ROTC unit from the University of Delaware.

The route of march, starting time, and details of the program will be announced next week, according to Mr. Beswick. The long columns will move through the center of town, stopping at the war memorial on Main Street and local cemeteries, before massing on the university campus for ceremonies at the Memorial Library.

The parade will be in three divisions under honorary marshal Col. Donald Ashbridge, Lt. Col. Layton Zimmer, head of the university ROTC, will command the military division.

The line-up follows:  
Military Division—drum and bugle corps, The Shrine of the Little Flower, Baltimore; regular Army detachment, U. of D.; regular Army detachment, Fort Meade, including two officers, 70 men, with two jeeps, eight trucks and eight 40MM guns; one platoon of sailors, Philadelphia Navy Yard; Battery "C," Delaware National Guard, with 90MM guns and heavy equipment.

Second Division—St. Andrew's Drum and Bugle Corps, Baltimore; J. Allison O'Daniel Post, No. 10, American Legion; Isaac Watson Post, No. 25 American Legion; Newark Sea Scouts, Marshallton Sea Scouts, Newport Explorer Post and No. 475 V. F. W.

Third Division—Newark Fire Company band, Newark Fire Company; Mill Creek Fire Company and Auxiliary; Elkton Fire Company, Elkton High School Band, Wilmington Manor Fire Company and Auxiliary and Christiana Fire Company.

Fourth Division—Newark Fire Company band, Elkton High School band and volunteer fire companies and auxiliaries from Newark, Mill Creek, Elkton, Wilmington Manor, Christiana, Newport.

Fifth Division—Newark High School Band and boy scout troops from Silverbrook M. E. Church, Newport, Christiana, Marshallton, Holloway Terrace, Newark, and Newark Cub Scouts.

More units are expected to accept invitations issued by the parade committee, according to Mr. Beswick.

## \$100,000 Extension High School Gym Gets Approval Here

### Okay Still Needed; Work Not Likely To Start Before Fall

Plans for the \$100,000 extension to the high school gymnasium which will virtually double the capacity of physical education facilities there, approved by the Newark School Board Commission at a recent session.

Plans must now go to the State Board of Education for official approval. After that, they will be referred to the architect, E. William Shue, for any necessary revisions and will go back through channels.

As a result, bids will probably not be ready for advertising before July, and actual construction will be delayed until September.

The extensive project will provide gym facilities for both boys and girls. The high school auditorium, connected with the gym, will be used for basketball game spectators who now view contests from the auditorium, will sit on roll-back seats in the enlarged gym.

During the building commission meeting which gave local approval to the plan, Joseph McVey, chairman; Morris N. Wright, Dr. George R. State Superintendent; E. Wm. Architect, Edwin Faller, E. A. J. Taylor, DSA representative; George Ayars, State Director of Physical Education; and E. Shue, School Superintendent.

## Art Exhibit Set For Flower Mart

An art exhibit of paintings by artists will be one of the features of the St. Thomas Flower Mart to be held Friday, May 19, from 10 a. m. to 5 p. m. on the church lawn.

Contributions received for the little red memorial flowers will go entirely into the rehabilitation and child welfare funds of the Legion and Auxiliary.

## Lang Drive Is Now Only 852 Short Of Goal

The long drive lacks only \$52,000 of its \$100,000 goal, Curtis Morrison, chairman said yesterday.

The drive will be on exhibit at the Hoffman store over the weekend. Contributions are asked, and once purchased, will be for free community use in the agency.

## Negro Woman Head To Speak May 22 At AAUW Branch Meet

### Final Session Of Year Set For Warner Hall; Study Groups To Meet

According to Mrs. Samuel Handloff, local AAUW program chairman, the speaker for the May meeting of the Newark Branch will be Crystal Bird Fosssett, of Philadelphia.

Mrs. Fosssett is a graduate of the Teacher's College of Columbia University, and she has the distinction of being the only negro woman ever to serve in the Pennsylvania State Legislature. In addition, she has been on the Board of Directors of the Philadelphia Y. W. C. A. She worked in the Office of Civilian Defense and she is Vice-President of the World Affairs Council of Philadelphia and a co-chairman of that city's Intra-cultural committee.

She has just returned from India, where at the invitation of Madame Pundit she attended ceremonies for the forming of India's Republic.

The meeting, which is the final one for the year, will be held on Monday, (Continued on Page 12)

## 50 Crippled Children Will Be Kivans Club Guests At Horse Show

### The Newark Kiwanis Club Will Play Host To 50 Crippled Children From the Governor Bacon Health Center at the Horse Show to be Held at Fair Hill, Md. on May 20.

The children will see many of the outstanding horses in the East in a thrill packed program.

A total of 21 events, including four for children under 16, are scheduled. Classes for hunters, jumpers and ponies are also planned.

Proceeds will go to swell the Club's charity fund.

Free bus transportation to the Foxcatcher Farms will be offered from Newark, leaving from Main and South College Avenues at 10 a. m., 12 a. m., and 4:35 p. m. Return trips will be made from Fair Hill at 12:15 p. m. and 4:30 p. m. and at the end of the show.

## Auxiliary Prepares For Poppy Day Sale

Making memorial poppies to be worn in honor of the war dead on Poppy Day is providing employment for thousands of disabled veterans in hospitals throughout the country.

They will be distributed on streets here on Poppy Day by volunteer workers from the J. A. O'Daniel Unit, No. 10, American Legion Auxiliary.

Contributions received for the little red memorial flowers will go entirely into the rehabilitation and child welfare funds of the Legion and Auxiliary.

## 2 School Board Members Ailing

With two members on the sick list the Newark Board of Education is in precarious shape for its May session tomorrow night.

R. S. Gallaher has been in a critical condition for some time, and W. Franklin Wilson went on inactive duty recently with a broken arm.

Tomorrow night's session will probably be held at Mr. Wilson's home rather than in the high school building as is customary.

## Spring Concert Tomorrow Nite By Methodist Church Choir Under James Crone

JAMES P. CRONE

The fourth annual concert of the Newark Methodist Church choir to be held in the social hall of the church tomorrow at 8:30 p. m. is to be directed by James P. Crone, its music director.

Mr. Crone himself has been a member of glee clubs and choruses, including that of the Westminster Choir College, Princeton, N. J., and has served as tenor soloist in a number of prominent churches. He has been a student of Eric Dudley, late head of the Voice Department of Cornell University, and a student of Herbert Witherspoon. He is now studying advanced voice and choral conducting in the Westminster School.

The choral program tomorrow night will present four groups and will include two men's choruses—The Long Day Closes, by Arthur Sullivan, and the popular spiritual "Joshua Fit the Battle of Jericho." The choir will be accompanied on the organ by Evelyn Hyrd Martin, church organist.

There will be no admission charge and no reserved seats, but an offering will be received during the intermission.

The public is cordially invited to attend this annual musical event.

## At Least Four More Teachers Will Join NHS Staff In Sept.

### Another 4 May Also Be Hired In Effort To Cut Size Of Classes

Four additional teachers are assured and possibly another four will be added to the teaching staff of the Newark Schools next fall in an effort to cut down the average class size, Supt. William E. Shue disclosed this week.

The aim is to set up classes with between only 25 to 30 pupils per teacher, Mr. Shue said. Classes at the local school now average 41 students per teacher, which is far above the ideal level recommended by educational experts.

Hiring of two more elementary and two high school teachers has already been approved, Mr. Shue stated, and he expects that salary appropriations for three additional elementary instructors and another high school teacher will also be authorized. This will make a total of eight new instructors excluding those hired to fill vacancies on the faculty.

## Beauty Contest Here June 20 Step Toward 'Miss America' Crown

### A beauty contest, offering Newark girls an opportunity to take the first step toward the coveted 'Miss America' title, will be held here June 20.

The event, sponsored by the Junior Chamber of Commerce, will be open to girls between 18 and 26. Judging will be on the basis of beauty, talent and personality. Full details may be secured and applications filed at Peggy Cronin's Fashion Shop.

The contest judges and the scene of the June 20 competition will be announced soon, Jaycee officials said.

The winner of the Newark contest will be entered in the state competition for "Miss Delaware," who will receive a \$500 scholarship. "Miss Delaware" will be eligible to represent the state in the famed Atlantic City beauty pageant for the selection of "Miss America."

## Newark Fluorine Plan Cited In National Magazine Story

Newark is given prominent mention in an article, "They Drink Away Their Toothaches," appearing in the May issue of the American Magazine.

The story by J. B. Griswold deals with the latest experiments for treating public water supplies with sodium fluoride in an effort to cut down tooth decay in young children.

Newark, which is about to begin a mass fluoridation project, is cited as the "only municipality in which the town council has voted for fluoridation as a result of an uprising of citizens that was not sparked by dental society or a state board of health."

The Newark fluorine project, approved months ago by Council, has run into constant stumbling blocks ever since, but Dr. P. K. Musselman, who heads the town fluorine committee, promises an announcement soon on just when the town will start getting fluoridated water. The equipment, plans for which was approved some weeks ago by the State Board of Health, is almost

completely installed, he said, adding that the recent change in town engineers caused some delay. A few minor details have to be checked before the experiment is officially launched.

The article in the American Magazine goes on to give the background of the Newark project. "A Newark dentist started it all," the writer points out. Dr. P. K. Musselman returned from an American Dental Association convention in the fall of 1948 enormously interested in artificial fluoridation, in spite of the fact that the A.D.A. attitude was "it is in the experimental stage" Dr. Musselman believed the evidence proved that it no longer was an experiment.

The article then describes how Dr. Musselman enlisted the aid of the Newark PTA, local scientists and others to gather facts on water fluoridation and how, after much controversy, the project was finally approved by the Town Council.

## 150 Local Chrysler Workers Return To Parts Plant Monday

### National Contract Accepted By 64 to 23 Vote After 100-Day Strike

Along with approximately 85,000 Chrysler workers throughout the country, about 150 maintenance and production workers at the Chrysler parts depot here returned to their jobs on Monday following settlement of the 100-day strike by the United Auto Workers against the corporation.

Members of Newark Local 404 Saturday voted 64 to 23 to accept the nationally negotiated contract, agreement on which was reached by top union and company officials earlier in the week.

One of the major aims of the local strikers, a demand for pay rates equal to the scale in effect in Chrysler plants in Detroit and Kansas City, was only partially achieved. One department at the Newark plant, the unit pack section, earned a 5-cent increase. Other departments returned to work at their former pay rate.

However, the Newark strikers will share in the other benefits of the new contract, including improved hospital, medical and surgical benefits, sick and accident payments, a sound pension plan, and an improved vacation plan.

The strike here passed peacefully, no violence being reported on the picket lines. During the long walkout, the union kept up morale by maintaining soup kitchens on the picket line. Weekly grocery supplies were provided for striking families, along with fuel and medical attention. Gasoline was provided for transportation to and from the picket lines.

## Local Flag Council Elects New Officer

Officers were elected by the American Flag Council, No. 28, Jr. OUAM on Monday as follows: Francis Tweed, conductor; Francis Rowe, inside sentinel; Clarence Todd, outside sentinel.

The members of the Council will attend an open house at the Jr. OUAM Home, 907 Tatnall Street, Wilmington, on Saturday, May 13. They will also be present at a class initiation at Norris-town, Pa., Saturday, May 30.

The entertainment committee will hold a card and bingo party in the local hall, Monday, May 22 at 8:15 p. m. Proceeds will go for the support of a softball team.

Refreshments and prizes will be offered.

## NAACP Hears Plea For Equal Rights

### Six Negro Goals Listed By Speaker

A plea for equal recognition of the negro because of his intrinsic worth as a human being was the principal message of Martin King of Crozer Seminary last Friday evening. Mr. King addressed approximately a hundred people at the May meeting of the Newark chapter, National Association for the Advancement of the Colored People. His subject was, "What Does the Negro Want?"

Six major needs of the negro were listed by Mr. King, as follows: Equality of education, equality of health facilities, equal work opportunities, equal protection of the law, equal recognition of the dignity of human being, and abolition of public segregation.

## Home Sites On Sale Here Next Thursday

### Lots At Christine Manor To Be Available

Building lots for fifty homes will go on sale Thursday, May 18th, at Christine Manor, a new residential development just north of Newark on the site of the former George Johnston farm.

When fully laid out, the development will contain 15 acres of parks, streams, lakes, drives and playgrounds. The remaining 25 acres will be devoted to homes, half an acre of trees and grass around each. The community recreation facilities will be deeded to the landowners upon completion of Christine Manor.

A number of driveways have already been laid, and according to present plans, roads will provide access to each of the large building lots.

Other features of the development will be: homes at moderate cost, properly protected by a Planning Committee, land within Newark School District. Further information may be obtained from Edwin Shakespeare at the Farmers Trust Company.

### New Masonic Temple Is Dedicated Monday

J. Allen Frear And Staff Officiate

The new Masonic Temple, erected by Hiram Lodge No. 25, on Delaware Ave., was dedicated here Monday night before many distinguished visitors.

Officiating was U. S. Senator J. Allen Frear, Jr., grand master of the Grand Lodge of Delaware, AF&AM and members of his staff.

Special honors were paid Jacob A. Correl, Sr., chairman of the building committee, who sparked the movement for a new temple. William Fox, contractor and member of Union Lodge, Elkton, Md., also received a special mention.

Mayor Wallace Johnson, who is a member of Hiram Lodge, expressed the town's appreciation for the addition of the new building to the community.

In addition to Master Frear and his staff, honor guests were the following past grand masters: Edward W. Cooch, Sr., W. Stewart Allmond, former Judge Bayard W. Allmond, D. Raymond Keefer, W. Harvey Lewis, W. W. Hynson, Weldon C. Waples, J. Wallace Woodford, James P. Pierce, Dr. Harry V. Holloway, William O. Wingate, George T. Macklin and Paul Yearsley.

### U. OF D. ROTC Plans Parade On Tuesday

Armed Forces Week will be celebrated by the ROTC at the University of Delaware with events planned for Tuesday, May 16, and Wednesday, May 17. A parade and ceremony will be conducted on Frazer Field Tuesday at 10 o'clock. The parade will feature the formation of the cadet regiment commanded by Cadet Col. Thomas R. Silk of Newark. The regiment with the ROTC band will pass in review for Col. Peter P. Rodes, inspecting officer from Second Army headquarters at Fort Meade, Md.

On Wednesday, from 3 to 4 p. m. the Military Department will present, at Mitchell Hall, a showing of the latest motion pictures from the Army, Air Force, and Navy. The films will show the latest developments in weapons and equipment and will demonstrate the role of the armed forces as an instrument of our national policy throughout the world. All university students, members of the faculty and others interested are invited to attend these events.

### Carlson Gets Honorary Degree At Michigan

Dr. William S. Carlson, former president of the University of Delaware, was awarded the honorary degree of Doctor of Laws by the University of Michigan this week when he delivered the annual Honors address at the Ann Arbor institution.

### High Attendance Seen For Beaux Arts Ball

Interest in the Beaux Arts Ball, which will be held on May 20, indicates that the attendance may set a new record for this annual social event which highlights the year's program of the University Drama Group of Newark. The interest shown has resulted in the appointment of a large hostess committee to provide refreshments and in general to foster the social aspects of the affair.

Mrs. Richard M. Bauer has been appointed chairman of this committee by C. Robert Kase, general chairman of the Beaux Arts Ball. The other members of the committee who will assist Mrs. Bauer are Mrs. James Clower, Miss Elizabeth Gates, Mrs. Herbert Dorn, Mrs. Hugh R. Gibb, Mrs. Wayne Brewer, Mrs. Daniel Lanning, Mrs. Fred Claffee, Mrs. Betsy Elliott, Miss Ruth Alford, Mrs. Ursula Betz and Mrs. John Arthur.

### Newark Youth Heads U. of D. Student Gov't

Sam Talucci Elected Student Council President

Samuel J. Talucci, University of Delaware junior from Newark, has been elected president of the Student Government Association there for the college year 1950-51. Voting was conducted for three days this week, with 950 ballots cast.

Talucci, whose opponent was Richard Tikio, is a major in entomology and plant pathology in the School of Agriculture. The son of Mr. and Mrs. Anthony Talucci of 100 Kells Avenue, Newark, he was graduated from Newark High School in 1946. A member of Sigma Nu fraternity, he has been football manager, was sophomore class president, a representative to the SGA from the School of Agriculture, and a member of the Gold Key Society and Varsity Club. He succeeds Wray S. Hushebeck of Wilmington.

Other top officers of the Student Government named during three-day voting this week were: Vice-president, Miss Lois Deiss, Lansdowne, Pa.; treasurer, Victor Beiriger, Wilmington; and secretary, Joan McCain, New Brunswick, N. J. Eleven other SGA members were elected, and further balloting will be held next Thursday for another post, that of chairman of women's affairs.

### Data On Pruning Is Now Available

"Pruning Ornamental Plants" is the title of a new circular offered by the Delaware Agricultural Extension Service. Prepared by L. R. Detjen, of the Department of Horticulture, the publication outlines seasons for pruning each type of plant, methods of pruning, formal and informal design, and special instructions for pruning roses. Copies may be obtained, free from the Delaware Agricultural Extension Service, Newark, Del.

Mr. John Hendrickson passed away May 4. He had been a resident of Landenberg for some years, and will be sadly missed. Funeral services were held at Worrall Funeral Home in Kennett Square, Pa.

Mrs. Louis Losee's mother, Mrs. Ida Stout is paying the Losees an extended visit.

Miss Laura Conner had the misfortune to break her arm on April 28. We understand the accident happened when she fell off a play express wagon, and that the arm is doing as well as could be expected.

The PTA of Franklin Township Schools will meet May 19, at Kemblesville Hall. There will be a speaker Mrs. Julia Pescatore of Chester will give a reading, and we understand that her previous appearance in these parts met with great enjoyment on the part of the audience. Mrs. Alma O'Leary will direct the children in a series of folk songs.

There will be a White Elephant Auction at the New London School on Thursday, May 18th, at 8 p. m. Proceeds will go toward the New London School, Playground.

Mr. Fred Major, formerly a New London resident of some years standing has sold his property and moved to Chesapeake City.

Mother's Day at Kemblesville Church on May 14 will feature a special installation service of the WSCS officers. The ladies have arranged for corsages for all of the mothers.

The much-anticipated Community Family picnic, sponsored by the London-Britain Home and School League, has a tentative date of June 17, or thereabouts, set for the "gathering of the clans" at Lenape Park. It is hoped that everyone will watch for the announcement of specific information, and make an effort to attend this community affair, at which all will be welcome. Mesdames Hixon, Baker, Akerman and Sanford have some mighty

interesting special events in the planning stage for this big day.

Reverend Corbett will graduate from Crozer Seminary in Chester with the title, Bachelor of Divinity, this May 9, in Commencement Hall, at 10:30 a. m. The speaker is to be Kenneth Scott Latourette, Church Historian of some note, from the Yale Divinity School. The public is cordially invited.

Landenberg Men's Club will meet at 8 p. m. on Wednesday, May 17, at the Landenberg Church. Frank Jacobelli, Director of Recreation at Kennett Square, will speak to the club for the purpose of discussing the development of a Playground and Recreation Association in Landenberg.

The Landenberg WSCS will take over the services at the church on May 14, and the pastor will develop the Mother's Day Sermon.

The Annual Methodist Conference will take place in Philadelphia on May 10 to 15, at the Arch St. Methodist Church. Interested persons are welcome to attend.

The Bob Krauses' have moved into their new home, known as "The Old Lafferty Place", and things are humming around there, what with a room being added here, a stair yanked out there, new plumbing here, and dreams of a lovely back yard, right out there. Takes courage, especially when there are four youngsters to watch while these big ventures take place.

Incidentally, we definitely will have the Cramers to welcome, come this June 2, which is the day they'll move into the former "Miss Mary" place. There again will be four lively youngsters to keep mother busy while daddy forges ahead on the endless plans for

improvement.

By the time this is in print, all the proud parents will have beamed encouragingly at the little tads who have climbed bravely on stage at Landenberg Hall to take part in the program: the Northbank and Southbank Schools are putting on for, as a friend said, "How can one miss it with constant pleas to "Speech me, Mommie", that the program is to be devoted to the Mother's Day Theme. More power to the teachers, Mrs. Walker, and to Mrs. Ford, who are rehearsing their youngsters so diligently.

Happy Birthday, Barbara Beth Ness! Tuesday May 9th was the big day when the first of the Ness offspring achieved the teens. Egad! Was it really thirteen years ago when I heard her Daddy say "We have a lovely big girl, dear, and you have a right to celebrate this Mother's Day!"

## TAKE IT EASY, MOM!

**DON'T WORRY!** Washing dishes will never be habit-forming for small boys. This is just a special service for Mother's Day.

But Mom is used to special service every single day of the year—electric service, of course! Dependable, hard-working, willing, it stands ready to help her cook and clean and sew, wash, iron and entertain. It's like an extra pair of hands that take a lot of work out of housework.

Yet electricity costs so little! That's because your friends and neighbors in this company, under sound business management, have combined their skill and efficiency to make electric service the biggest bargain in Mom's budget—and yours, too. For only pennies a day, Mom can take it easy. So can you.

## Grade Activities Include Trip to Valley Forge

A contingent of students from the eighth grade of the Newark schools covered upon Valley Forge on May 10. The entire sixth grade, embodying 100 pupils, traveled by bus to the historical landmark and spent the day in the vicinity. Tours were arranged which proved interesting to the students and a mass picnic at a grove in the Valley Forge area was planned.

Their initial adventure into the forest which will be enjoyed by the eighth grade students when they hold a dance in the school gymnasium on May 15, from 1:00 to 3:00 p. m. Tests of honor will be the seventh grade teachers. The occasion is to acquaint the teachers with their prospective seventh year students. Other activities include the student's recitals.

One may think that because of their level their dancing ability would be limited, but the students are confident of making a good showing from Mrs. Gibb, physical education instructor, has taught them concerning dancing on the dance floor. Mrs. Gibb worked with Mr. Bader, elementary supervisor, in teaching the elementary students dance steps.

A teacher directed committee for the Tea-Dance includes students Patsy Smith, Robert, Dan Lawson, and Jerry Carwell.

An afternoon in Philadelphia at the Park is awaiting the twenty-two members of the elementary safety patrol on May 11. The occasion is a reward for having performed an excellent job in the grade school halls during traffic.

The students will see a game between the Cleveland Indians and the Philadelphia Athletics. They will leave Newark by bus and arrive at the stadium at 2:00 p. m. The trip is being made possible by donations from the American Legion.

Captain of the safety patrol is Gladys Mr. Leutenants are Wayne Wassara and Ricky Kutz.

## Lawrence Bisatto — Junior High Boy of the Week

Lawrence Bisatto, of the 7-4 section is one of the best liked boys in his school. Before coming to Newark he attended Minquidale School. Lawrence found mathematics and physical education his favorite classes in school. Football is his favorite sport and collecting airplanes his hobby. Besides schoolwork, Lawrence has found time to be in Troop 55 of the local Scouts. Through all his activities Lawrence has gained quite a good reputation.

## Barbara Zietler — Junior High Girl of the Week

Barbara Zietler is a girl with many specialties. She started school at Glasgow and came to Newark in the 7th grade. Her favorite subject is English. She has been a member of the Pencader 4-H Club for four years. There she took first prize and a junior champion ribbon for raising and presenting the best fitted purebred Guernsey heifer. She also went to the University of Delaware for a short course. At the New Castle Achievement Fair she took first prize for flower arrangement. Her pet peeve is chewing gum. Later on she hopes to become a secretary.

## What I Think About Memorial Day

I think the school has done enough towards preparation for Memorial Day. The people who really want to use Memorial Day in commemoration of the dead soldiers will nine times out of ten celebrate it whole heartedly and in their own way. The other people, who don't give a darn about Memorial Day will probably use it for a day of relaxation and rest from their job.

In my opinion the celebration of Memorial Day has been all right in past years. I also think that it would be hard to change the tradition.

## Memorial Day — Reverent or Rowdy?

To me Memorial Day has always meant just another day's vacation from school. As a grade school student, I marched in the parades. And for several years, I haven't even gone to watch the observances.

However, I have recently begun to think that Memorial Day really should mean something. I think it should be

## Grade 7 Plays Science Baseball

The seventh grades are really playing baseball in Science class! It is not the kind you play outdoors, but a new kind. Mr. Ciesinski, who visited a friend of his in Dover, learned from him this new educational game. First, two teams are chosen with nine players on each side. The captains get their batting order ready and the first team up sends the first man up to bat. Someone who is not on either team is asked to "pitch", or ask the batter a question, having to do with Science. If the batter knows the answer, he advances to first base. The next batter comes up and someone else pitches. If the batter can't think of the answer, he will say to the umpire, "Let's see the ball." Then the umpire will ask the pitcher the answer and if he knows it the batter is out. However, if the pitcher does not know the answer, the batter gets a base on balls. This game can be used any time with any kind of questions.

## Seniors To Be Honored By Juniors On May 12th

The junior class of Newark High School will hold its annual Junior Prom in the school gymnasium from 8-12 p. m. on Friday, May 12th, in honor of the Class of 1950.

Billie High's Orchestra will provide the music with a Hawaiian scenery as background. The big event of the evening will be the crowning of the Prom Queen who has been chosen from the girls of the senior class.

The patrons and patronesses will be Mr. and Mrs. Ernest Overbey, Mr. and Mrs. H. Miller, Miss Evelyn Ball, Mr. Guy Eckman, Mr. and Mrs. Frederick Kutz, and Mr. and Mrs. Wilmer Shue. Also invited are the parents of the class president and homeroom presidents including Mr. and Mrs. Ralph Smith, Mr. and Mrs. Jacob Correll, Mr. and Mrs. Elbert Poole, and Mr. and Mrs. I. L. Knighton.

Constant culling of poor layers throughout the year keeps the flock laying at a high rate.

## NEWARK TWENTY-FIVE YEARS AGO

From Issue of May 6, 1925

### Youth Drowns

Three hours after he started work for the Dravo Construction Company at Chesapeake City yesterday John Morrison, 19-year-old Newark youth, was drowned in the locks of the canal.

Although a good swimmer, "Jack", as he is known by his many friends here, had no chance with the terrific suction in the locks. A barge was being locked out at the time and the water was being drained from the chamber. He was pulled down by the swirling current.

According to company officials, young Morrison was carrying a cable across the top of the locks when he missed his footing and plunged into the narrow opening between the lock gates and the barge. The dead boy is the son of Mr. and Mrs. George Morrison, Delaware Avenue.

### New Street Home Center

A decided stir in real estate circles here was occasioned early this week when it was learned that a new street will shortly be built north from Main

Street to New, through the old Curtis property opposite the Academy building. The land was purchased some months ago by Samuel J. Wright.

Mr. Wright, it is understood, will build the street providing the Town Council lays the water and sewer lines thereon and provides for water taps. The thoroughfare will open up a hitherto dead building area in the center of Newark.

A Ford driven by Miss Helen Gregg, of Main Street, collided at the Deer Park Hotel corner Sunday afternoon with another machine driven by Mrs. White of North East, Md. The Gregg car was slightly damaged.

### New Car Owners

A new Chandler sedan has been purchased by Dr. George W. Rhodes from the Chandler Motor Company of Wilmington. Robert Tweed of Prospect Avenue, is sporting a new Overland Six sedan. Oliver Suddard, near Cooch's Bridge, has purchased a new Ford. A new model Ford has been bought by Amos Ely.

## PERSONALS

Layton P. Zimmer, who graduated from the Newark High School in June, 1949, was elected sophomore representative on the honor Council and Member of the Student Assembly at William and Mary College this past week. He also has a leading part in the varsity show "Watch Your Step", scheduled for production this month.

Miss Maude L. Mote of 171 Academy Street is a guest this week at the Bellevue Stratford Hotel, Philadelphia, Pa. where she is attending the National African Violet Society Convention. Miss Mote owns and operates the "Sunny Corner Greenhouse" at her home address and is widely known for her many varieties of African Violets.

Mr. and Mrs. Frank B. Ridgway of Nottingham Road have returned to their home following a visit to Buffalo, N. Y. While in Buffalo the Ridgways were guests of Mr. and Mrs. O. E. Auerbach.

Mrs. H. Hooper Hearn, the former Miss Jane Staving, of Old Greenwich, Conn., is visiting with her brother-in-law and sister, Mr. and Mrs. G. T. Surratt of 54 East Delaware Avenue and will attend the May Day exercises at the University on Saturday for the reunion of the class of '40.

Cadet Roger T. Wyatt, son of Mr. and Mrs. A. Earl Wyatt, 719 Wollaston Ave., entertained his parents last week-end at the Valley Forge Military Academy. This was the school's twenty-second Spring Festival.

Mrs. R. H. Bradley of Jacksonville, Florida, who has been visiting with her son-in-law and daughter, Mr. and Mrs. Daniel Boone and family of Seaford will spend several days this coming week with Mr. and Mrs. F. B. Ridgway of Nottingham Road before returning to her home.

Creek Presbyterian Church of Capitol Trail for the annual chicken salad supper and strawberry festival.

The committee is in charge of the arrangements includes Elizabeth B. Brown, Ruth Murray and Nancy Brown who have named Elizabeth Benson, Alice Hammell and Margaret Johnston as co-chairmen.

The flower committee, Miss Elizabeth Brown, Mrs. John Murray and Mrs. Raymond Benson will receive flowers for the church Sunday as a memorial to mother.

### N. H. S. ALUMNI MOVIE BENEFIT MAY 25-26

The Alumni Association of the Newark High School will sponsor a movie benefit on Thursday and Friday, May 25 and May 26. Proceeds are for the Scholarship Fund.

Tickets may be obtained from Mrs. Delena Ginther, Richards Market and Rhodes' Drug Store.

## LINDELL-ROSE WEDDING SOLEMNIZED

Miss Mary Clark Lindell, daughter of Mr. and Mrs. Randolph Lindell of 53 East Cleveland Avenue, became the bride of Mr. Charles B. Rose at a double ring ceremony performed at the First Presbyterian Church on Saturday afternoon, May 6, with the Rev. E. H. Hahn, pastor, officiating. Mr. Rose is the son of Mrs. Ella Rose of 397 South College Avenue and the late Mr. Robert V. Rose.

Miss Nell Wilson, organist, played the wedding music and accompanied the bride given in marriage by her father. Mr. Elmer Lindell, wore a white lace and nylon net gown featuring a diamond necklace with lone sleeves and a pointed over the hands and full skirt ending in a train. Her fingertip ring will be held by a crown of seed pearls. She carried white roses, snapdragons and gardenias.

Mrs. A. C. Galvan, sister of the bride, was matron of honor and the bridesmaids were Miss Edna Lindell, sister of the bride; Miss Pearl Rose, sister of the bride; Miss Betty Ayars, all of Newark; and Miss Sherry Reynolds, Northeast, Md.

Mrs. Galvan wore aqua faulle with an aqua necklace. The bridesmaids wore navy gowns of maize and orchid. They wore flower head pieces and carried matching bouquets of spring flowers.

Mr. John Rose was best man for his father. The ushers were Mr. James Williams, brother-in-law of the groom; Charles Carr of Malvern, Pa.; Mr. Ed Lindell, nephew of the bride; Mr. Stanley Spoor of Newark; Mr. Ed Lindell, mother of the bride; Mrs. Lindell, mother of the bride; and a navy with white accessories and a corsage of pink carnations. Mrs. Lindell wore aqua with blue accessories and a corsage of pink carnations.

A reception was held at the church immediately following the ceremony. The wedding party was entertained at the home of Mrs. R. D. Lindell, Sr. on Sunday evening previous to the wedding rehearsal.

The bride has been entertained at luncheon given by Mrs. C. A. Galvan of Lakewood and Mr. Rose's family. Following a wedding trip the young couple will live in Newark.

**FILLIN' IN**

As soon as we stepped into the Town Council chambers last week to watch the first public meeting of the local parliament since the election, we knew a change had taken place. It wasn't the new faces on Council, nor to the fact that there was a new table, longer and more impressive than the old. It was something in the atmosphere.

At first we thought it might be that there was less smoke. There is only one cigar smoker on Council now. The others have either been voted out or have resigned, and their places have been taken by two non-smokers and three cigarette addicts. Thus, compared with the old days when at a smaller table seven portly Councilmen puffed Havana broadsides at each other like embattled men-of-war, the climate at the meetings now is definitely healthier.

Still, it wasn't the lack of smoke, either. The change was deeper than that. We got our first hint of what was at the bottom of it, when a little, pink-cheeked, cherubic guy, sitting at the head of the table, says, "The chair will now entertain some remarks from Councilman Diehl."

We goggled and looked around for who or what was going to be able to find anything entertaining in what good, old Sam Diehl had to say on any subject.

Then good, old Sam gets up, bows from the waist, (and there's some waste there) and says very formal like, "Thank you, Mr. President." The little guy, who is sitting where Ford McBerly used to sit and isn't much bigger than Ford but has an advantage in that the new table is lower, returns Sam's bow with a regal nod, and then Sam begins to yak yak away about how good parking meters would be in Newark.

We squirmed uneasily, puzzled by this politeness and formality. What has happened, we thought, to the plain, old Council of Newark?

Then one of the onlookers, Don Savitch, who is president of the Chamber of Commerce, apparently gets fed up with good, old Sam's love affair with parking meters, and ups and says, "Now daw gone! look here, Sam..."

Ah, we thought, this is more like it. This must be a Council meeting, after all, and not the Court of King James. But no—the little guy at the head of the table raises a pink hand and, in a voice of mild reprimand, says, "My dear Mr. Savitch, this body is now operating under Robert's Rules of Order, and you must secure permission to have the floor from the chair."

Mr. Savitch, who owns a furniture store on Main Street, was naturally confused by all this reference to home furnishings. "You can take a chair from my showroom floor any time you want, doc," he says bewildered like, "no down payment necessary." Then he thinks a minute and adds apologetically "but I don't know any Robert guy who operates on body's around here."

"No, no," says the little guy, who we now realize must be Dr. Johnson, the new Mayor. "You don't understand, Mr. Savitch. You see we're trying to keep order here. You just can't jump up like that. Now here is the thing in a nutshell: the council is the body; I'm the chair; and the floor is what only one person can stand on at a time to speak from, and you've got to ask permission of me, the chair, in order to have the floor to speak from, get it?"

Mr. Savitch sank into his chair, obviously floored and ready to ease THE chair. There followed a pained silence, in which the spectators sat around with glazed eyes, and the Councilmen looked sheepish.

Finally, Sam Diehl started up again on parking meters, and the embarrassment passed away. From then on, the meeting proceeded with courtly elegance and grace. Everyone bent over backward to observe this Robert guy's properties. Men who had known each other since childhood, bowed and referred to one another as mister this and Councilman that.

Whenever someone's voice was inclined to shoot up an octave, the Mayor had only to raise a pink, restraining hand backed up by a reproving nod, and the offender fell into an embarrassed silence.

One thing we'll say for Robert's Rules of Order, especially when operated by a mild, pink-cheeked guy whom no one can work up a dislike for, is that they cut down the racket.

However, they are not easy on the blood pressure. The price of all this formality and order at the Council meetings may eventually be a general outbreak of apoplexy. Toward the end of the parking meter debate, for instance, when things were at loggerhead, everyone spoke as if he was being strangled to death but didn't want to make a fuss about it. It was unsettling to watch people talking in cool polite tones, with veins sticking out in their necks and faces like technicolor sunsets.

Next time, maybe Mayor "Doc" Johnson had better bring his little black bag, just in case.

**PICNIC POINTS**

With picnic time approaching, you can save yourself a lot of sandwich-making time by putting your freezing compartment to use. Large supplies of sandwiches for all occasions can be made up at the same time and stored for two or three weeks. Frozen sandwiches will thaw in 3 to 3½ hours after leaving the refrigerator. But don't try to freeze sandwiches containing mayonnaise, salad dressing, or jelly, as these soak into the bread.

## 32 Qualify For President's Cup Tourney At Country Club

### Pairings Announced For First Flight Play On May 14th; Newark Club Downs Melrose In Suburban League

The golf season moved into high at the Newark Country Club this week-end under sunny skies.

Final rounds in both the Sweepstakes and the Classes of Eight were completed and competition opened in the President's Cup Tournament. In addition, the Newark team won another match in the Philadelphia Suburban League, Div. M.

Tom Wagner carded low gross with a 75 in the Sweepstakes, while George Mitchell tied with L. Starcher for low net. Mitchell's score was 86-14-72, while Starcher had 102-30-72. The winner will be determined by a draw.

In the suburban league rivalry, the 12-man Newark team overwhelmed the Melrose Country Club by a 52½-1½ score. The team was again split for the matches, half playing here and half at Melrose. On the local course, the visitors were blanked out 27-0, while at Melrose, the Newark linksmen won 25½-1½.

## DELAWARE PARK NEWS

The Sussex Handicap, Delaware Park's \$25,000 - added classic for three year olds and upwards going one mile and a quarter, has drawn an outstanding field for its June 17th renewal on the 32-day continuous meeting from May 29 to July 4.

King Ranch, whose Flying Missel took down the twelfth running of this race in 1949, intends to make a staunch effort to hold the laurels in this event having entered five classy campaigners to head a list of 67 nominations for the stake.

Flying Missel, a five-year-old Chestnut by Equestria-Momentum, will be back to seek a double in this fixture. If the King Ranch star turns this trick his name will share the spotlight for this Delaware Park event with the immortal Stymlie, Mrs. E. D. Jacobs' great colt who captured the Sussex in 1947 and 1948. It was in the Sussex of '48 that Stymlie went into the lead as the greatest money winning horse of all time. Stymlie also established a track mark in his victory, needing 2:02 for the distance under 130 pounds.

In addition to Flying Missel the fabulous King Ranch has Better Self, who won the Gallant Fox Handicap at Jamaica this spring; Sway Out, the son of Shut Out who was figured to be one of the best Texas stable ever had; Prophet's Thumb, the fleet four year old son of Bull Lea; and Curandero, the South American importation by Brazado. All are dangerous.

But despite King Ranch's heavy hand the Sussex shapes up as a wide open affair due to the high caliber of the opposition in the list of nominees. One of the most brilliant of these is B. F. Whitaker's outstanding campaigner, My Request, five-year old son of Requested-Sugapud, who is one of the highweight handicap stars of the east and a steady winner at varied distances. Mrs. Whitaker's Miss Request, a half-sister of My Request, is also nominated. Miss Request won the rich Delaware Oaks at Delaware Park in 1948.

Greentree Stable has nominated Capot, 1949's horse of the year, along with Brick and One-Hitter. From the busy stable of William Helis will come Salmagundi, winner of the Santa Anita Derby. Addison Stable's Arise, the rugged offspring of He Did who came so well in the rugged competition of the handicap division last year, may be hard to beat as a four year old. Alfred G. Vanderbilt has entered Loser Weeper, five year old son of Discovery who looks to be headed for his best year following good stake races at Maryland and New York.

From the local front comes a stout threat in Mrs. E. duPont Vei's Royal Governor, who has already won such stakes as the Dover (as a two year old) and the Wilmington and Brandywine Handicaps in 1949.

### DO YOU KNOW -

how to test your brakes easily and quickly?

Operate your car at about twenty miles an hour on dry, smooth, hard-surfaced, level pavement away from traffic. Then apply the brakes until the tires slide on the pavement. If the car stops in a straight line with no swerving left or right and you still have ample pedal reserve, your brakes have a margin of operating safety.

If your brakes can not meet the above requirements, have them adjusted before they get you into trouble.

### Stanton Replaces Glasgow In Little State League

Glasgow has dropped out of the newly formed Little State Baseball League and Stanton will enter a club in the 6-team circuit, president Walter Sparks said this week.

The league opens Wednesday, May 17 with Newark at Harmony and Bear at Ogletown. On May 18, Stanton will play at Mooresville.

The Newark Cubs will not be in full strength for the opener due to the fact that many of its players are now on the high school nine.

### Newark Nine Drops Susky Loop Opener To Andrews Bridge

#### Local Club Bows, 9-6, After Leading First 6 Innings Here Sunday

After leading for six innings in their Susquehanna League debut on Sunday, the Newark AA nine faltered in the seventh, yielding six runs and bowing, 9-6, to Andrews Bridge on the Continental field here.

The local club jumped off to a 3-run lead in the opening stanza on four hits, and added single runs in the second, fourth and fifth innings. But Andrews inched back into the picture with a single run in the second and two in the fifth. Their 6-run outburst in the sixth spelled Newark's defeat.

In that fatal inning, the visitors put together a walk, two errors and four hits for their big total.

Newark threatened in each of the last three innings but lack of hitting power with men on base cost them several scoring opportunities.

Next Sunday, Newark travels to New London for their second league contest. Barney Benson will probably start on the mound, with Fuzzy McCormick and Hi Miller in reserve.

Tonight, Newark will open competition in the County League, meeting the USAF team, now stationed at New Castle Airport, on the Continental Field, starting at 6:15 p. m.

Sunday's game: **ANDREWS BRIDGE** ab r h po a e. **NEWARK** ab r h po a e.

### Famed Ogden Starting Gate To Be Used At Frazer Field When 22 Colleges Meet For Conference Crown

Middle Atlantic track fans will get a chance to see the famed and discussed Ogden Starting Gate in action when twenty-two members of the Conference tangle for the crown in the annual championship meet to be held at the University of Delaware on May 12 and 13. Ken Steers, Delaware coach, announced today that the gate would be used following approval by meeting coaches at the Conference meeting held last weekend at the Penn Relays. He also stated that another Ogden invention, the "broad jump foul detector" would be utilized.

Ogden, Temple track coach, has had the starting gate in use for some time although for the most part at the Metropolitan track meets. This will be its first appearance in Delaware. The gate works on much the same principle as the gate used in starting horse races. Two vertical bars suspended from a frame form a barrier against which the runner places his shoulders. This prevents the runner from breaking out of the gate until the bars swing upward at the crack of the gun. Eliminating the frequent "false starts" in the dashes, speeding up track meets and assuring a gate has been credited with greatly more equitable starts.

Steers expects to use the gate in the 100 and 220 yard dashes and in both hurdle events. Including the trials, semi-finals and finals scheduled to be run in these events, the gate will be used in approximately 38 races.

Ogden's gadget for the detection of fouls in the broad jump is also expected to prove invaluable in factoring the progress of the two-day meet. Officials customarily have had on eyesight to detect a violation of the runway limit in the broad jump. The detector almost completely eliminates the human factor. It utilizes metal tape at the end of the take-off board, which, if touched by the runner's foot, rings a bell on an electrical circuit.

On the basis of dual meet performances to date, it appears that Lafayette College, Alfred College, and Philadelphia institutions, St. Joseph and LaSalle, will rank as favorites in the championships. These four schools have excellent depth in both the track and field events, although Steers predicts today that more teams would be an excellent chance for a conference win than in any of the more meets.

## HOW TO "MAKE A HIT"

with your Party-Line Neighbors

1. When you start to make a telephone call and find your party line in use, hang up gently and give the other person a few minutes to finish his call.
2. When, while talking, you realize that your neighbor is waiting to make a call, hang up reasonably soon and free the line.

These little courtesies are returned again and again... with dividends for all in good telephone service. When party-line neighbors cooperate, everybody benefits!

# This Time The Anti-Trust Lawyers Won A Case Against A&P

As almost everyone now knows, the anti-trust lawyers in Washington have brought a civil suit to destroy A&P. They ask the courts to order the dissolution of this company. They say that this suit is based on the fact that they won a suit against us at Danville, Illinois, in 1946. They did. In that case, Federal Judge Walter C. Lindley made a decision against A&P.

Immediately thereafter, in a letter explaining his decision, Judge Lindley wrote:

*"I have not condemned the A&P system. I have not made a finding which could be the basis for a suit of dissolution."*

So, now we have the anti-trust lawyers saying that their suit to dissolve A&P is based on Judge Lindley's decision; while Judge Lindley himself says his decision could not be the basis for a suit of dissolution.

In previous ads we told you about the cases against A&P which the anti-trust lawyers lost. We promised to tell you about this case they won. Here is the story of the Danville case.

## What Judge Lindley Objected To

At Danville, the anti-trust lawyers made all of the charges which they are again making against A&P today. They were substantially the same charges they had made and dropped at Dallas, Texas, after four federal judges had objected to some of them as "inflammatory."

In his decision, Judge Lindley was critical of some of our activities. He threw some of the charges out of court. He did not make any decision on others.

He even took occasion to praise A&P for the efficient job of food distribution it had done.

Judge Lindley said:

*"To buy, sell and distribute to a substantial portion of 130,000,000 people, one and three-quarter billion dollars worth of food annually at a profit of 1 1/2 cents on each dollar, is an achievement one may well be proud of."*

*"No place in the world I take it are people so well fed as in the United States. Nowhere else, I suppose, do food distributors accomplish efficient distribution at so low a margin of profit. In contrast, we are told in other nations the problem is not one of an adequate diet but one of no diet at all."*

But Judge Lindley did find us in violation of the Sherman Act. He based his ruling on the dual role played by our fresh fruit and vegetable buying subsidiary, the Atlantic Commission Company, whereby that organization acted both as buying agent for A&P and as selling agent for growers.

Judge Lindley said:

*"If I assume for the purpose of disposition of this case that in general the policy of A&P was to operate within the law and attribute to defendants a desire to comply with the law, there still remains the conscious, knowing adoption by all defendants of a plan of action by the Atlantic Commission Company affecting every department of A&P and every retail store which cannot be squared with the intent and purpose of the act."*

In his letter explaining the decision, Judge Lindley wrote: *"I have condemned their practices through the Atlantic Commission Company."*

Judge Lindley imposed fines totaling \$175,000. When his decision was upheld by the Circuit Court of Appeals in Chicago, we paid the fines. This ended the case—but we did not stop there.

## What We Did To Correct This

In the light of the decision, we immediately set about reviewing our activities to be sure that there could never again be any criticism of our operations.

First, the Atlantic Commission Company abandoned the dual role to which Judge Lindley objected and which he said was the basis of his decision against us.

We did this even though the Atlantic Commission Company had been licensed for many years by the United States Department of Agriculture to act as both a buyer and seller of fresh fruits and vegetables.

The Atlantic Commission Company now only buys for A&P. In other words, we stopped doing the thing which Judge Lindley said put us in violation of the Sherman Act.

We made additional changes in other methods of operation which Judge Lindley had questioned at Danville, even though he did not base his decision on them.

We did even more than this!

We went down to Washington and asked the anti-trust lawyers what else they thought we should do to conform to their new interpretation of the vague anti-trust laws.

The only answer we ever got was that we should break up this company!

Despite their claim that they were not opposed to A&P's size, they insisted that we destroy this size.

Despite their claim that they were not opposed to our manufacturing operations, they insisted that we get rid of our factories which produce many of the fine foods you buy at A&P.

Despite their claim that they were not opposed to our low prices, they insisted that we destroy many of the efficiencies that make these low prices possible.

In other words, they insisted upon the dissolution of A&P.

We were still trying to find out from the anti-trust lawyers what else they thought we should do to conform to the law when they filed the current suit to destroy A&P.

## Why, Then, Do They Want To Put A&P Out Of Business?

Ever since this suit was filed, the anti-trust lawyers have been making damaging statements that could seriously hurt our business if they were believed by the public.

They say that we were found guilty at Danville of all the charges they are making today.

*This is not true. Judge Lindley did not sustain all of the charges of the anti-trust lawyers.*

They say this suit is designed to enforce the law.

*But A&P has clearly demonstrated its sincere desire to abide by the spirit, as well as the letter of the law.*

They say they are seeking to "enjoin" A&P from engaging in certain "alleged" practices.

*Actually, the whole purpose of this suit is not to "enjoin" us, but to put us out of business.*

They say that this suit for dissolution is based on the decision handed down by Judge Lindley in Danville.

*But Judge Lindley has said of his decision: "I have not made a finding which could be the basis for a suit of dissolution."*

What, then, is the real reason why the anti-trust lawyers want to destroy this company, which for 90 years has pioneered the methods of distribution which have given the American people more good food for their money?

# CHRYSLER CORPORATION'S STATEMENT ON THE STRIKE SETTLEMENT

**A good contract that should be helpful to our employees  
and make for smoother operations in our plants**

We are very happy that the strike is settled so that our 100,000 employees, our 10,500 dealers, and all the other people in our various plant and supplier communities affected by the strike can get back to work. Our job now is to concentrate all our efforts on turning out fine quality cars and trucks in large volume so our customers, many thousands of whom have waited patiently for them, can get delivery as quickly as possible.

The new contract is a good contract. It provides pension and insurance benefits that should be helpful to our employees in the emergencies of life that people are not always financially prepared to meet. And with the cooperation of our employees and the Union, the contract should also make for smoother operations in our plants.

We wish our employees to know that so far as the management is concerned there is no bitterness toward any of them on our part. We have tried to indicate that as the weeks went by. The hardships they have suffered are deplorable, especially when you consider what we offered our employees before the strike and what we were willing to discuss.

As regards pension and other benefits that the individual employee gets under the new contract, he could have got substantially these at the conference table without losing a single day's pay.

As far back as January 5, three weeks before the strike was called, Chrysler indicated its willingness to pay the pensions demanded and to see to it that employees retiring under a contract with the Union would be secure in their pensions for life. Under the new contract, retiring employees get the same dollars and cents pension that Chrysler offered before the strike began.

At that time, before the strike cut off development of their full scope, Chrysler also indicated its willingness to discuss with the Union insurance and other benefits comparable with such benefits provided by other major automobile companies. Since the strike, in

repeated efforts to end the hardships caused by continued idleness of our employees, the Company has improved on the insurance and other benefits originally offered. Such things could have been worked out over the bargaining table without a strike.

In its pre-strike offer, Chrysler determined to make sure that any fund that might be set aside to pay pensions would be used only for that purpose and not for other purposes. This has been assured under the contract that has just been signed. The Company wishes to avoid any troublesome attempt that might be made five or ten years from now to use for other purposes any funds set up at this time to pay pensions of retiring employees.

With the same thing in mind, in its pre-strike offer Chrysler maintained that no arbitrary cents-per-hour payment into a fund would assure sound pension and insurance benefits

and declined to be a party to such an arrangement. On April 5 the Union finally met this point and agreed that the Company could meet the cost of pension benefits without a specific cents-per-hour being specified. There is no cents-per-hour payment required under the contract that has just been signed.

Before the strike, Chrysler also was willing to set up a joint administration board to handle such matters as eligibility for pension payments but not to control any pension funds. Such an administrative board is provided in the new contract; the pension fund will be in the hands of an independent trustee or trustees to be selected by the Company.

There are some changes in the new contract having to do with bargaining procedure and other matters—some the Union wanted and some the Company wanted. We believe all these things could have been negotiated without a strike.

**A strike is not a victory for anybody. We point these things out as a matter of experience and perhaps guidance in future relations.**

### Plan New Wing For OF D. Chem. Bldg.

Plans for \$300,000 Addition To  
Go Out Soon

Plans were announced today at the University of Delaware for addition of a wing to the chemistry and chemical engineering buildings. Meanwhile, the renovation of the existing building, by means of two chemistry research laboratories in former attic storage space, is nearing completion.

President Allan P. Colburn said that the new wing will extend 132 feet eastward from the rear of the 13-story building. The wing, like the existing structure, was made possible by funds provided by the late H. Plotkin Brown. The wing is expected to cost more than \$300,000.

Wanda Tröll, a Wilmington attorney, and Mrs. George R. Miller of Newark, State Regent, were guests of honor at the Capt. William McHenry Chapter D. A. R. at its second anniversary meeting with Mrs. T. C. Tröll, hostess. Mrs. Louise Dempsey presented Mr. Tröll who explained the recommendations of the chapter. The chapter approved these recommendations. Mrs. Tröll told of coming state meetings in June and October. The officers elected to serve for three years were installed by the retiring chaplain, Mrs. Wanda Tröll. The new regent, Mrs. Wanda Tröll presented the retiring regent, Mrs. Henry P. Wilson with a certificate. The chapter plans to again hold its dances of the ten Revolutionary War heroes buried in Red Clay Creek Cemetery on Memorial Day. Patsy Tröll, a sixth grade student at Hockessin School, will receive the silver medal for her essay in this year's contest. She wrote on "Abigail Adams," a patriotic woman of the Revolutionary Period. The award will be given in June at the closing assembly program. The chapter enjoyed a covered dish luncheon preceding the meeting.

The Wicomico Home Demonstration Club will have "open house" and a tea at the May meeting on May 14 at the Woodland Terrace Club home. Mr. Arthur Hanby of Wilmington will be guest speaker.

The Waverly Club will hold its final meeting for the season May 17 at the home of Mrs. W. H. Naudain at Little Wicomico. Mrs. Leslie Woodward, Wicomico Homes Chairman, has the program and installation of officers will be held. A program on "Gardening" featured last week's session as arranged by Miss Hannah Mitchell. Mrs. Henry Mitchell read an article on "Flowers and Spring" and reviewed the book "A Joyful Gardener." Mrs. John Dennison had a reading on "Birds" and Mrs. Leslie Eastburn, a poem "My Garden." Mrs. Joseph Hanby played two piano solos "Edelweiss" and "Narcissus." There was a plant exchange. The State Federation meeting will be June 14, 15, 16 at the Suburban Club Home in Richardson. Mrs. Robert B. Walker and Mrs. Mary B. Eastburn are the delegates.

#### MERMAID

Harmony Rural School Parent-Teacher Association will close its activities for this school term with a "Fun Night" program on May 17. There will be songs, dancing, and games. Mrs. Elsie W. Stradley attended the state guidance and mental hygiene conference last Saturday at the Gov. Mason Health Center. Nellie Evans and Maryann Springer, fourth graders, and Joyce Cannon of the third grade, made the first honor roll at Harmony for the fifth marking period. In the nature contest, Faye Carol Trimble, third grade, was the winner for the girls with Addie Case, 5th grade; and Maryann Springer, the runners-up. William Roark, 5th grade, won for the boys with Francis Annand, 6th grade and Francis Farmer, 5th grade, as next in line. Last Friday, the school had a play "The Census Taker Goes to the Mountains" enacted by Addie Case, Francis Farmer, Oliver Schuler, and Nellie Evans.

Harmony Grange will entertain Delaware Grange on May 15th. The Grange minstrel show continues to be popular. Tuesday night, the troupe gave a performance for the men at the Veterans Hospital at Elsmere. Saturday evening, May 13th, they will be at Krebs school, Newport for Christiana Lions Club, May 19th, at Dover for Capital Grange.

The Harmony Juveniles will entertain their mothers Saturday afternoon in observance of "Mother's Day."

#### CORNER KETCH

Union Grange planned at its meeting last week, for a square dance to be held May 13 sponsored by the youth committee and for a festival on June 10 in charge of the ways and means committee. The community project committee, has decided to enter the national contest. This group is tentatively planning to select a site and build a community picnic grounds. Mrs. Alice Davis, Mrs. Daniel Harris, and Mrs. Theodore Dempsey are the delegates to Pomona Grange in June. A "Mother's Day" program in charge of Mrs. Eulalia Dempsey, included reading "Why We Have Mother's Day" by Miss Catherine Dempsey; a poem "Somebody's Mother", Mrs. Eliza McCormick; reading "Why God Gave Us Mothers" by Ralph Crossau, a recitation "Home" by Norman Dempsey; vocal solo by Mrs. Walter Patterson. The Grange honored the oldest mother present, Mrs. Alice Davis, and the Youngest mother, Mrs. V. Patterson by giving them flowers. On May 17th, the home economics committee will have charge.

The Juveniles held an open meeting Saturday afternoon and entertained their mothers as guests. A play "A Tribute to Mothers" was given by Bobby Dempsey, Billy Dempsey, Betty Long, Joan Long, Sidney La Fontaine, and Zelma Crossan. Three members gave a drill and group singing was followed by games. Mrs. Eulalia Dempsey is matron of this grange group.

### U. of D. Women Plan May Day Activities

#### Classes To Present Colorful Pageant

This year's traditional May Day program given by women students at the University of Delaware will for the first time include several different themes. May Day will be held at 2:30 p. m. on Saturday, May 13, on the Newark campus.

The seniors will dance the customary Maypole dance in honor of Queen Ann Kuhn. In addition, each of the other three classes will present separate and specialized themes, and the Modern Dance Club will also perform.

The Modern Dance Club will depict the early morning stillness, the midday hustle and bustle, and the nighttime glamour of New York. Two members will portray U. of D. students visiting the city. They arise at dawn, are frightened by the buildings which appear to move, and flee to the waterfront. Later the students are caught up in the midday rush of the city. Finally night comes and they see the bright lights and night life. The background music for dancing is from "Street Corner Concerto."

The freshmen class will present dance interpretations of modern magazines. Dances will characterize four magazines, a comic book, "Better Homes and Gardens," "Holiday," and "Seventeen." These dances will be announced and described by a newsboy.

For the sophomores class theme, "Wedding Fantasy," the scene opens with springtime in the park. Children are playing and happy couples are strolling under the disdainful eye of gossipers. After many misfortunes, the ceremony is completed and the bride and groom happily leave the church. Everyone then joins them to dance together at a reception.

The juniors' presentation of "Robin Hood" will show villagers gathered on the green in a holiday mood, watching the antics of the village fool. Suddenly the town soldiers appear and seize the fool, who is soon released by Robin Hood, accompanied by Maid Marion, Friar Tuck, and Little John.

### NAACP Seeks Support For Fair Employment Act

All out support for the Fair Employment Practices Act, before the senate this week, by the Newark chapter of the National Association for the Advancement of Colored Peoples, was announced today by the Rev. George Walton, pastor of the Methodist Church of Christiana and president of the chapter.

The group sponsored a one-day campaign in downtown Newark yesterday (Wednesday) when members manned a downtown store at 50 Main Street, where residents could come in and write letters to congressmen and senators in support of the bill.

The chapter also wired Delaware senators and the senate leaders urging the rule be enforced to break a possible filibuster.

### 'Summer and Smoke' To Open 3-Day Run Tonight At U. Of D.

Tennessee Williams' most recent play, "Summer and Smoke," which only a year ago was playing on Broadway, will be the E52 Players' final production of the season. The University of Delaware dramatic group will present the three-act drama on three nights, May 11-13, at 8:15 p. m., in Mitchell Hall at Newark.

Heading the cast will be John Sedwick as Dr. John Buchanan, Jr., and Audrey Legge as Alina Winemiller, in a substitution in one of the other top roles. Harold Owen, has replaced Robert Niemeyer. Other principals include Francis Hammond and Norma Levine.

The cast also has Virginia Wells, Sidney Bader, Joy Murray, Mae Singer, Barbara Baker, Parke Perine, Bruce Laird, Jack Tebo, Ellen McQuaid and Gifford Nowland. The director is Thomas B. Pegg of the dramatics faculty.

"Summer and Smoke" was first presented at Margo Jones' famous theatre '47 in Dallas, and in 1949 Miss Jones presented the play on Broadway at the Music Box Theatre. Miss Jones, as producer and director, described the theme of "Summer and Smoke" in this way: "The play is laid in Glorious Hill, Miss. during the year 1916. It is a romantic story of Alma Winemiller, a minister's daughter, and John Buchanan, a roistering young doctor. They have been childhood neighbors, and they fall in love and try to understand each other. But it is like two people crossing the street in opposite directions to call on each other and finding no one there when they ring the doorbells. They just can't get together."

"Summer and Smoke" is Williams' third successful play, following "The Glass Menagerie," a Pulitzer Prize winner, and "Streetcar Named Desire," recipient of the Critics Circle award. The E52 Players produced "The Glass Menagerie" last spring.

### AAUW Meeting

(Continued From Page 1)

May 22 at 8 p. m. in the Faculty Club Rooms in Warner Hall Mrs. Carl Rankin, chairman of the AAUW International Relations Study Group, has announced the group will meet on Wednesday, May 17th, at 8 p. m. in the home of Mrs. Howard Greene, near Christiana.

Continuing their study of China, members will hear a report on the White Paper by Mrs. Walter Mortenson and a report on the Present Situation of China by Mrs. J. R. Perkins.

They will also discuss a recent booklet published by the national organization — "Aid to Europe" by Dr. Alzada Comstock, of the Mount Holyoke College faculty. Dr. Comstock urges the American people to encourage more imports from countries benefiting from the Marshall Plan, so that when the program ends in June of 1952, the cooperating countries will have earned capital to rely upon. "Before the war, 25 percent of our imports came from the countries now participating in ERP; in 1949, only 13 percent came from these countries."

The reason, Dr. Comstock says, probably lies in our own self-sufficiency during World War II with a resulting pressure on Congress and elsewhere to keep European specialty producers from ever coming back into the markets.

"Fortunately . . . The normal exports from these countries to us are widely diversified specialties, many of them luxury items, so that the resulting dislocation to American industry would be small — and at the worst nothing like the burdens on the American taxpayer that is caused by any decline in exports under our present laws."

That our exports would decline as a result of the decline of our imports, Dr. Comstock has pointed out. The booklet was sponsored by the AAUW International Committee.

The combined AAUW Study Group, interested in Education, Social Studies and Legislation, will hold their last meeting of the year in the home of Mrs. Francis Bratton, 28 West Delaware Avenue, on Monday, May 15th at 8 p. m. Mrs. Robert Mason hopes to have a film put out by AAUW National Headquarters on the "Arlington Story" showing how the AAUW women in that city achieved great improvements in their local school system. The same subject matter was subsequently used in a "March of Time" film. Business to be considered will be plans for next year's program and the election of chairman.

Both broiler producers and egg producers will be visited. It is hoped that several types of housing, feeding, range and management set-ups can be observed.

### Rotarian From Nova Scotia Gives Talk At Club Meet Here

#### Work Of Rotary In Canada Described By Harry Swann Of Yarmouth

Harry Swann, member of the Rotary Club of Yarmouth, Nova Scotia, addressed the Rotary Club of Newark at its weekly meeting on Monday evening. He traced the history of Nova Scotia, the oldest province in Canada, from the time of its discovery in 1497 by John Cabot. When the French moved into the area in 1604 they named it Acadia.

The English claimed Nova Scotia after the conquest of Canada in 1759. Surprising enough, the majority of the present inhabitants are descendants of New England residents who moved up from Maine and other states during Revolutionary days.

Yarmouth was founded in 1781, said Mr. Swann. His Rotary Club is a member of the 28th Rotary District, which is truly international in character. It contains twelve clubs in Maine, 13 in New Brunswick, 17 in Nova Scotia, 1 in Newfoundland and 1 in Prince Edward Island. The Yarmouth Rotary Club includes citizens of Canada, the United States and the United Kingdom. During the recent war, the club ran the blood bank for the Southerly end of Nova Scotia and shipped 13,666 individual containers of blood.

After Yarmouth, England was bombed, the members of the Rotary Club of Yarmouth, Nova Scotia sent \$1,000 to their British brethren within 24 hours. The club's special project is crippled children and it holds a special clinic every three to six months.

The Rotary Club of Newark has accepted a challenge from the Rotary Club of New Castle to compete in an attendance contest during the month of June, the losing club to provide a dinner for the winning club at the end of the contest.

Two visiting Rotarians attended the meeting: John Baldwin of Middletown, and William Reitz of Upper Darby, Pa.

### Tractor Upkeep By County Farm Youth

Farm boys all over the county are starting this season off right by learning how to properly maintain their tractors and then putting what they learn into practice, according to Maurice B. Field, county 4-H club agent.

Seven club members, under the leadership of Raymond Lamborn, of the White Oak Club have attended four project meetings, and are now completing their work sheets on their own tractors. They are James Derrickson, Jr., Joseph Mitchell, Herman Samendinger, James Brackin, John Dennison, Stephen Van Sant and Norman Gregg. They now will keep records on their tractor's performance during the season.

Six members of the Friendship Club, Taylor's Bridge community, under their leader, Mr. Ernest Eierman and Mr. David Price, John Deere dealer, are holding their fourth project meeting soon. Six other members of the Korner Ketch Club, near Newark, under leader Eugene Fraze, held their first tractor maintenance project meeting last Monday night.

Mr. William Calvert, state extension agricultural engineer, has just completed an advanced training and refresher course for eight volunteer leaders and advanced members. This group includes Philip Pierson, New Brackin, Raymond Lamborn, Franklin Klair, David Kirk, William Redding, Eugene and James Fraze.

### Mayor Asks Support For U. S. Bond Drive

#### Proclamation Issued Yesterday

A proclamation calling on Newark residents to lend support to the U. S. Savings Bond Independence Drive opening throughout the nation on May 15 and continuing through July 4, was issued yesterday by Mayor Wallace Johnson.

Mayor Johnson also said the opening of the drive will be signaled by the ringing of bells throughout the town at noon, and he requested that business houses and institutions display the flag on Monday, May 15.

The proclamation read in part: "The year-round Savings Bonds program, of which this annual campaign is an important part, fosters the spirit of self-reliance and the urge for self-betterment that, along with individual enterprises, inventiveness, productivity and thrift have carried us steadily forward since the first settlers braved the wilderness to build a free America."

"As your Mayor, I urge all who are able to help the volunteer Savings Bonds Committee of this town reach every possible Bond buyer during the campaign."

### Faculty Members Attend Industrial Arts Parley

Newark High School's two industrial arts instructors, Ellsworth Hoffman and Neil Osborne, attended an Industrial Arts Conference last week-end at Millersville State Teachers College in Pennsylvania. Supt. Wilmer E. Shue also made the trip.

Theme of the two-day event was "Planning the Industrial Arts Classroom."

The parley provided invaluable suggestions to the local staff, which faces the need for expanding the industrial arts facilities here. Both the shop and agriculture classes have outgrown the Main Street School building where they now meet, and one of the big needs of the school district at the moment, according to Mr. Shue, is a new industrial arts building.
