BICKLING ELECTED HOUSE MANAGER

Talmo Appointed Social Chairman

For the third time this year the reins of student government in Brown Hall changed hands as Robert Bickling was elected house manager at a general assembly of the men residents held last week. His was the only name placed before the group, and official balloting was declared unnecessary in that case by William O'Connell, retiring house manager, who conducted the meeting.

Following this election, the students also selected the representatives to the House Council from the various voting sections of the dormitory. They are: William Barnes, first floor; William Kirsch, Barton Lewis, Robert Neeson, and Lawrence Schorr, second floor; John Bishop, Paul Gardner, Herbert Kraemer, and William Smoot, third floor.

Another important post in the extra-curricular life of the campus has been filled by the appointment of Victor Talmo to the office of Social Chairman. He has announced plans for a house party to be held in the lounge and recreation rooms next Saturday, April 21. In conjunction with the social committee, he will cooperate with the women's social committee to plan an extensive calendar for this term.

On Monday evening, the House Council officially took office and held their first meeting after the swearing-in ceremonies conducted by J. Fenton Daugherty, dean of men.

DR. KURT WOHL APPOINTED TO FACULTY

Will Be Research Professor of Chemical Engineering

Dr. Kurt Wohl, noted scientist, has recently been appointed research professor of chemical engineering. His appointment is regarded as a great step towards the planning of a research organization. At present, Dr. Wohl is offering courses in applied colloid chemistry, which are being taken by both men and women graduates. However, he intends to continue research with synthetic rubbers, high octane gasoline, and other oils.

A native of Berlin, Dr. Wohl graduated from the Technical University in Danzig with highest honors and three years later from the University of Berlin as a Doctor of Philosophy. Forced to leave the German universities because of his disagreement with the Nazi doctrines, he came to the United States in 1942 and was appointed visiting assistant professor to the Palmer Physical Laboratory. Prior to that time, he had been associate professor at the New School for Social Research in New York.

Last week he attended a meeting of the Philadelphia-Wilmington section of the American Institute of Chemical Engineers held in Philadelphia. At that time Dr. A. P. Colburn and Dr. E. M. Schoenborn, of the University, presented a paper entitled "The Selection of Separating Agents for Azeotropic and Extractive Distillation and for Liquid-Liquid Extraction."

STUDENTS SPONSOR MUSICAL VARIETY PROGRAM MONDAY

NEWMAN CLUB ELECTS KIRSCH

Holds Second Meeting

Another step forward in the return of the University to its pre-war status was made Tuesday, April 10, when the Newman Club, recently revived from a period of inactivity, held its second meeting in the Commuters' Room of Robinson Hall.

Presiding at the meeting was William Kirsch, who had been elected president at the previous meeting. On that occasion, held just before the end of last term, Betty Harkins was named secretary; Jack Henry, treasurer; and Mary Tierney, chairman of the Program Committee, which consists of Robert Doordan, Nancy McQuaid, William O'Connell, and Victor Talmo.

The Rev. Eugene J. Kraemer, pastor of St. John the Baptist R. C. Church, Newark, has been chosen as chaplain of the group. He attended the last meeting and spoke briefly on several points of the discussion conducted.

The Rev. Thomas F. Carlin, O.S.F.S., of the Salesianum School for Boys, Wilmington, will be a guest speaker at the next meeting on Thursday, April 26. The Program Committee, which will plan the course of all future meetings and social events, has also announced plans for a picnic and a communion breakfast to be held in May. The exact dates will be made public later.

WCD TO HOLD PICNIC

Social Calendar Being Planned

A picnic for the members of the Women's College will be held on Sunday, April 29. Starting from Robinson Hall at 2:30 p.m., the group will hike out White Clay Creek. Box lunches will climax the afternoon's program.

This event will be one of the first on the social calendar being planned for the term by the Women's College Social Committee. Although the plans of this committee are not definite at present, Eleanor Yarnall, chairman of the committee, has outlined the social activities being considered.

(PICNIC, page 2)

COMING EVENTS

This Week

Thursday—Ionian Singers, Male Quartet, Mitchell Hall, 8:00

Saturday—House Party, Brown Hall, 8:00

Monday—First Student-Talent College Hour

This Term

April 29—WCD Picnic

May 19—May Day and May Day Dance

Possibilities

Junior Prom

Spring Formal

A variety program composed entirely of student talent will be presented on the stage of Mitchell Hall at the College Hour to be held on Monday afternoon, April 23. This program, the first of a series to be conducted by the students, consists of numbers designed entirely to entertain. An outgrowth of an idea presented to the Faculty Committee on Assemblies and Lectures, this assembly marks a new high in student-faculty cooperation.

One of the selections to be offered is the "Bluebird of Happiness" rendered by the three "Pep Boy Specialists", Manny, Moe, and Cactus Jack. The identity of these singers is at present a closely guarded secret. Another feature will be supplied by that "lithesome lass," Georgie Cats, who will give an intricate tap dance to prove that the feet are quicker than the eye. Russ Johnson, a well-known campus personality and boogie-woogie artist, has volunteered to play several selections, one of which will be styled the boogie-woogie way.

Audrey Garey, that petite soprano from WCD, will sing a solo. Audrey has given many excellent performances in Mitchell Hall; this one will be no exception. To round out the program, Charles Rogers will play some selections on the piano. Charlie will be presenting his talent to the entire student body for the first time. His only other performance was in the Brown Hall Talent Show. A mixed octet, the membership of which has not yet been released to the press, will harmonize. Jane Phillips and Janet Haines will give a two-piano selection.

Program Desired by Students

The idea of a student-sponsored program cannot be credited to any one person or to any one group, inasmuch as it seemed to spring from various sources at once. Perhaps the germ of the idea may be traced to student disappointment in the formally presented college hours or perhaps to actual creative ideas on the part of some wide-awake students. At any rate, the desire and need for such a program was widespread. When this idea was presented to the Faculty Committee on Assemblies and Lectures, the immediate cooperation obtained was gratifying. Mr. Anthony J. Loudis, chairman of the committee, gave his whole-hearted approval of the plan and promised such support as would be necessary.

In order that the student-sponsored programs might be planned and produced more efficiently, a student committee on entertainment, composed of Kay Allen, Dot Bailey, Clara Simon, Doris Sockrider, Bill Kirsch, Leon Parker, and Vic Talmo, was formed. This committee, working in conjunction with the faculty committee, decided that at present a musical variety program would be of greatest general interest to the students. Both men and women were told of the committee's action, and volunteers were sought for the proposed program. Interested students came forth with a wealth of talent, much of which had not been suspected. It is hoped that student

TO OUR READERS . . .

Subscriptions

WCD—We wish to thank the 196 WCD students who have subscribed so far for their wholehearted support in the current subscription campaign.
FACULTY—61 faculty members have already subscribed. If you should get a paper and do not, or if you wish to get a new or second subscription, write to Barton-Lewis, University of Delaware.
ASTRP—The ASTRP students may write their own column if they wish to. Contact Trudeau Earley either in person or through the university mail. Subscriptions are one dollar per term. Mail your dollar to Barton Lewis unless other means of subscribing are later provided.

Staff Revisions

Volunteers are needed to fill the following positions on the staff: Girls' Sports Editor (Jean Dukek has resigned), Exchange Editor, Exchange Columnist. Headliners and typists are urgently needed. Girls are needed to cover each dorm for "The Last Word." If you care to volunteer for one of these positions, contact one of the editors.

New Elections

In keeping with the tradition and constitution of THE REVIEW, the editors and staff for next year will be selected four weeks from now and will be allowed to run the paper for the rest of the term. The present staff, which will probably elect the new staff from members who have already shown an interest in THE REVIEW, will help the new members learn the managing of the paper.

CLOTHING WANTED

A drive of the utmost importance is now taking place throughout the nation. It is a clothing drive for overseas relief sponsored by the United National Clothing Committee. Both of the colleges have been asked to participate and should accept the responsibility and fulfill the request. It is a simple, easy thing that we can do to help.

What is needed is good substantial used clothing, for both summer and winter wear. Although clothing need not be in perfect repair, it must be useful to the people who will receive it. Underclothing and all types of cotton garments should be washed before they are donated, but need not be ironed. (Evening dresses, tuxedos, and dress suits cannot be used.)

The types of clothing that are most urgently needed are the following:

Infants' Garments—All types are in demand, particularly knit goods.

Men's and Boys' Garments—Overshoes, topcoats, suits, coats, jackets, shirts, all types of work clothes, including overalls, etc., sweaters, underwear, robes, pajamas, and knitted gloves.

Women's and Girls' Garments—Overcoats, jackets, skirts, sweaters, shawls, dresses, underwear, aprons, jumpers, smocks, robes, nightwear, knitted gloves.

Caps and Knitted Headwear—Serviceable heavy duty caps and knitted headwear (such as stocking caps) are needed. (Women's hats, dress hats, and derbies cannot be used.)

Bedding—Blankets, afghans, sheets, pillow cases, quilts. These are needed urgently if in serviceable condition.

Shoes—Either oxfords or high shoes, of durable type with low or medium heels are desired. Shoes with high heels, open toes, or open backs, evening slippers, and novelty types cannot be used. All shoes collected should be mated and tied securely into pairs.

Usable Remnants, Piece Goods—Cut or uncut materials (cottons, rayons, woollens, etc.) One yard or more in length—but not rags or badly damaged, dirty, or worn-out fabrics.

Boxes are to be placed in each of the dormitories and they should be filled before April 20th when the drive ends.

PICNIC (from page 1)

The Spring Formal was to have been held on April 14. Lack of escorts has postponed this dance until sometime in May. May 19 has been set as the date for the traditional May Day Pageant. In addition to the pageant being planned for that day, a tea and a formal dance are being considered. It is possible that several class reunions will be held on the same day. The dates in June have all been held open until the junior class has selected the date for the Junior Prom. Other social functions are being planned; but until the dates for the major events have been selected, the other social happenings cannot be scheduled.

WCD ALUMNA ACTIVE IN WACS

An example of women in service who are utilizing the knowledge gained through a college education to further the war effort is evidenced in the daily activities of Pfc. Edith M. Counahan, a member of the Women's Army Corps stationed at the Holabird Signal Depot, Baltimore, Maryland. She is a 1911 graduate of the University of Delaware, Newark, Delaware.

Prior to her enlistment she spent a year as Scenery Director for the Youngstown Playhouse, Youngstown, Ohio. She now writes, directs and designs scenery for many a GI show, including benefit performances for Red Cross Drives and War Bond Rallies. She also designs posters and displays for any special activities which take place on the post, and is a member of a team of speakers who give frequent talks on Army Signal Corps equipment at clubs and schools in the city of Baltimore and vicinity.

During the last War Loan Drive, Pfc. Counahan was an active member of a select group chosen to equip a War Bond Caravan consisting of six tremendous display vehicles. This group travelled extensively throughout the state of Maryland on an extended tour of over fifteen days length, reaching thousands of people with Signal Corps talks and resulting in a large increase in War Bond sales.

This project was no sooner concluded when Pfc. Counahan began another, taking an active part in the setting up of a billion dollar conservation display, concerning the conservation and the using of ersatz materials in building Signal Corps equipment.

STUDENT ASSEMBLY (from page 1)

and faculty support, expressed by attendance at this College Hour, will be as gratifying as the support received from the students and faculty in preparing the program.

FOR MEN ONLY

Since this is the first issue of the REVIEW this term, we feel that we should start with a terrific fanfare, followed by a toot to announce the inaugural of this column. So much for that.

It is rumored strongly in some circles that Roy Seiden, who became of age (draft age) last Friday, has been journeying nightly to the Library in a final desperate attempt to develop a case of myopia (we don't know what it means either) before the inevitable pilgrimage to Camden-on-the-Delaware.

Of course, we're not hinting that the lighting is bad in the library, but it's that the dazzling beauty of the WCD damsels is hard on the peepers. Uh-huh!

While we feel that the ability of our News Editors is extraordinary, it would be better if they could work together, or at least speak to each other.

It seems that the other night at the unearthly hour of 4 a.m. Bill "Wynken, Blynken and Nod" Kirsch, a somnambulist of the first order, roamed into Bickling's room and bodily tossed the diminutive house manager onto that beautiful floor (in that beautiful dormitory) and crawled calmly into Bob's bed, and was again at peace with the world.

Mr. Anthony, do you think a reconciliation is possible?

We fee that the authors of this column should remain anonymous in order to preserve the health of several students on the campus, namely their own.

If you are bored some Thursday afternoon, and would like to have some good clean (also wet) fun, just journey to Smitty's Hydraulics Lab in Evans Hall. Beside the mermaid, Blax Cumins, excitement is provided by Russ Johnston, Gordy Brewer, Rapid Robert Neeson, Bill Barnes, Jack Carrow, et al.

We await momentarily the announcement of the first fatality, which is sure to occur the first time anyone tries to toss Miss Cummins (of the Dover Cummins) into the drink.

Fellows who were walking peacefully along White Clay Creek last Sunday were unexpected guests at the first show of the Simpson White Clay Creek Strip Tease Emporium. Naturally the Newark Gestapo was summoned, and a raid closed the open air theatre almost immediately.

The defendant had some sort of flimsy alibi which was utterly fantastic and dealt with a fall in the water or some such nonsense.

We just happened to be walking down the lower campus last Saturday night, and noticed a car parked under a certain window in one of the WCD dorms, and ladders up to the second story windows. However, Pop seemed to break up the little party in his own inimicable manner. I guess we don't drive cars on this beautiful campus.

Tom "P-38" Riggins and Tom "Ditto" Haley are quite a pair of golfers. Shooting in the low two-sixties, Riggins boasts a tremendous drive, using a pocket bazooka to get distances in the range of 10,000 yards, while Haley's specialty is getting out of mud traps, using the no. 2 shovel, in one stroke.

WITH OUR ALUMNI

Pomichalek at Relocation Center
Pvt. Bill Pomichalek, '45, is at an ASF Personnel Replacement Depot, Indiantown Gap, Pa. Staff Sergeant Walter Smith, '41, is a personnel clerk with the 79th Fighter Group in Italy. He is wearing his seventh battle star on his theatre ribbon.

Bob Winter, '45, is in Dutch New Guinea. Corporal Jim Myers, '45, is an armored gunner on a B-24 in England. He said that he left F.O. Jack Coyle, '45, in Iceland.

Lieutenant Pete Zannoni, '44, is in the Marianas. Don McLellan, '45, is in Germany. WO (jg) David Kozinski, '38, is now probably in Germany. He had been in France for the past six months. Ensign Paul Bacher, '45, is at the Fairmount Hotel, San Francisco.

Major Joseph Elliott, '40, is with the First Fighter Group of the 71st Fighter Squadron. He has completed 31 missions and wears the Air Medal with two Oak Leaf Clusters.

Corporal Gordon Wilson, '44, is a radio operator-gunner in the 15th AAF heavy bombardment unit in Italy. He, too, has been awarded the Air Medal.

Walt Paul Wins Promotion
First Lieutenant Walter Paul, '43, has been promoted to his present rank on the battlefield as a result of meritorious service in action.

Lieutenant Sam Amour, '40, is in England. He has just received the Distinguished Flying Cross, and also has the Air Medal with five oak leaf clusters.

Carl Allen met Jack Warren in the Philippines. Both were in the Lingayen Gulf operation. Pvt. Bill Glisson, '45, is now reported to be overseas.

Lieutenant Edward Butler, '43, arrived in the Philippines on an LST with the first ships to go in. He writes that he has seen much evidence of Japanese cruelty.

Herbert J. Rambo, '44, RT3/c, is studying at the Navy Electronics School in Chicago.

Lieutenant Richard Irwin, '39, has been practicing medicine in Media, Pa., since last fall.

John Ballard has a civil service position in Vallejo, California.

Bernard Hessler is on his way to meet his erstwhile roommate, Newell Duncan, by this time, we suppose. Bernie left Monday morning for Fort Dix. Dunc is now at Camp Croft, South Carolina, and says that the life is rugged, but he is enjoying it.

Rather than bore you any longer (as well as to keep from putting our feet further in our mouths), we shall close this column for now. Thirty. (We don't know what that means, but they always use it, so who are we to quibble?)

TENTATIVE SPRING SPORTS PROGRAM OUTLINED

Although lack of manpower prevents the University of Delaware from fielding a varsity baseball club, a tentative outline has been composed of spring sport plans which includes intramural softball in the form of a league consisting of several teams, all but one of which will represent the ASTRP contingent, while the other will consist of civilian men of Delaware College. Ray "Seotzy" Duncan will head the proposed league.

The civilian squad will boast catchers Vic Talmo, Randy Broderson, and Hank Jacobs; pitchers Tommy Riggins and Larry Schorr; infielders, Bill Monaghan, Jack Henry, Dick Kid-doo, Ed Vaklyes; and outfielders, Gordy Brewer, Bob Neeson, Dick Behringer, Tom Walsh, and others. It is hoped that at least one other pitcher can be uncovered before the season gets underway. Southpaw Riggins' arm plus the heavy sticks of Brewer, Jacobs, Neeson, and Monaghan should account for quite a few victories in the twilight league.

Coach W. D. Murray also announced plans to send representatives of the University to the Mason-Dixon Conference Track and Field Meet or the Middle Atlantic States Meet, if interest warrants. Anyone interested in training for these meets should contact Mr. Murray as soon as possible.

POETRY SOCIETY MEETS

Poems by Delaware Students
Prove Popular

On Thursday evening, April 12, the English Department of the University entertained the Wilmington Poetry Society and English majors at an informal meeting in Brown Hall at 8:15. The society was invited so that English majors of the University might meet some of the present writers in the state, ask questions, and discuss writing. The meeting provided contact "with the living production of literature" to supplement the formal classroom lessons. The date of the evening's program was opportune, for it formed part of Delaware's participation in the national art week.

Mrs. Jeannette Slocomb Edwards, president of the Wilmington Poetry Society, read many poems by Delaware poets and led a discussion of poetry during and after the readings. Dr. and Mrs. Day served the tea which Mrs. Dorothy Patterson had provided for the occasion.

"Counterfeit" Well Received

One of the poems read and favorably commented upon was "Counterfeit" by Richard Guerke. The poem, published in the annual publication of the society, is Dick's first published poem. Dick, an English major from Wilmington, is more interested in art than in poetry, however, and has had pictures exhibited in Buck Hill Falls and in Wilmington in art exhibits. Dick also collaborated on the triptych which now stands in Old Swede's Church in Wilmington.

The Wilmington Poetry Society is an active group which unites Delaware's poets and encourages and develops their talents. Each year the Society, founded in 1935, holds competition for those artists interested in having their works published in the club's yearly book.

CHRISTOPHER L. WARD ROOM ESTABLISHED IN LIBRARY

A room to be known as the Christopher L. Ward Room has been established in the Memorial Library. The room was laid out just as Mr. Ward's own study was furnished and contains more than 800 volumes, maps, and manuscripts from his personal collection.

The material on Delaware and American Colonial and Revolutionary history was given to the University by Mr. Ward's family. The collection was such that he never had to look elsewhere for data or information. Everything that he wanted or needed was there, and the collection was so varied and complete that every fact or point of interest could be found or verified without leaving his study. It is this completeness and diversity of the collection that make it so valuable to the University.

The room will be used as a history seminar room, but faculty members believe that it will also be of great interest and value to any student of writing.

DE LUXE CANDY SHOP

SANDWICHES and SODAS

DR. GREENWALD APPOINTED CHAIRMAN OF S.A.M.

Dr. D. U. Greenwald, assistant professor of mechanical engineering at the University, who had been interested in industrial engineering work, was appointed chairman of the Society for the Advancement of Management at the first meeting held on Wednesday, February 28, at the Hotel Rodney in Wilmington. He, with five other local members of this national society, planned the organization of a chapter in the Wilmington area. One hundred and two men engaged in the management field attended the meeting to hear Mr. J. Keith Loudon, production manager of the Armstrong Cork Company and a past president of the National Society, speak on reconversion problems, and Phil Carroll, consulting industrial engineer and regional vice-president of the society, tell about the principles and purposes of the organization. Since so much interest was shown in the society, Dr. Greenwald is certain enough members can be obtained in order to secure a charter for the Wilmington chapter.

"PHILADELWAREANS" SUBJECT OF UNIVERSITY HOUR

"The University of Delaware, too, has Philadelwarean beginnings," stated Mr. John A. Munroe, University history instructor during his College Hour talk on Monday, just before he rushed off to Wilmington to speak at the Historical Society. Mr. Munroe made clear the influence of Philadelphia in shaping the culture and development of Delaware one hundred fifty years ago. Travellers, printed matter, social and business contacts, family relationships, societies, and common religious interests, the speaker said, blended the cultures of Philadelphia and Delaware, which blending the speaker called "Philadelwarean."

Announcement of the next University Hour to be held in the Auditorium of the Chemistry Building on April 30 was made by Acting President W. O. Sypher at the beginning of the hour. The program will be an illustrated talk on Latin America by Dr. A. W. Bastress.

Dr. Henry Clay Reed, associate professor of history, introduced the speaker.

THE MEN MAY RANT AND RAVE BUT
IT'S ALWAYS THE WOMEN WHO HAVE

THE LAST WORD

Another term is well under way—at least we have memorized our new schedules, learned the right rooms, and arranged the hours we will set aside for sun-bathing! Speaking of sun-bathing, what's this we hear about a high board fence and barbed wire? The only comment is the renowned "Don't fence me in." It seems to be the general consensus that the gals would rather absorb their vitamin D in the wide open spaces, without the stockade. But such is life. The girls in Warner are really lucky to have that balcony on the south side, despite the fact that they are forced to share it with a hive of bumblebees. Incidentally, did you all get a gander at Pvt. Connie Morford's suntan? If you too would like to have that "bronzed" look, enlist in the WAC and spend the winter in Florida.

Affairs of the week . . . It looked like a nice group of prospective freshmen who visited our campus Saturday. Hope we'll have an opportunity to see them all again back on the WCD campus in the fall . . . What's this we hear about another senior who's planning to change the "Miss" to "Mrs." in the near future . . . another Navy Bride?? . . . Tell us, did "Goldie" Zorn finally consent to play the accordion for the student show? That rehearsal in the hilarium was terrific, especially considering the vocals rendered by Ginsberg and Schorr . . . so many of the rooms look so beautiful decorated with flowers—that's a sure sign that Spring is here, and that the gardener is probably furious! . . . Hollander and Feldman's are probably sighing at this point, relieved that they are finished trying to flatter WCD. Must have been like old home week up in Philly Friday and Saturday afternoons . . . heard rumors that they've discontinued the second rendition of the "Blue Bird"—tell me, shall we start a petition for it?
