Dear Jimmy:

It was very thoughtful of you and June to send me the telegram on my birthday and I appreciate your thinking of me. You should not have taken the trouble. You know I am trying to forget them rather than to remember them. I am thinking a lot about you and wish I could help you in your decisions. We are very busy here. I cannot even begin to try to write you.

With love and good wishes to you and June and to the family,

Faithfully yours,
