School Taxes Total \$12,781 So Far This Year, Board Is Told

Contracts Of All School Personnel Renewed For Next Term

School tax returns thus far this year total \$12,781.84, including \$400.43 for April and \$247.42 for May, it was reported at the June meeting of the Board of Education on Friday night.

The contracts of all school employees, excepting those who have handed in resignations, were approved for the coming school year. In addition to the faculty, this includes administrative, cafeteria and custodial employees.

A military leave of absence was granted to Leonard E. Hiltch, vocational agriculture instructor, who has been called to 21 months active duty. Mr. Hiltch, who holds a commission in the U. S. Army Reserve Corps, will be stationed at Ft. Myer, Va. He has been on the Newark faculty for a year.

David G. Thurston, a member of the custodial staff, has handed in his resignation, it was announced.

The board granted permission to the Newark Athletic Club to hold its home baseball games this summer on the New London Avenue School grounds.

Permission was also given the Newark Recreation Association to use the high school playground for its summer program. Supervised recreation has been underway there for over a week.

Bids on next year's fuel supplies for the district were reviewed by the board. The bids were part of those secured by the state's Permanent Budget Commission for all state agencies.

Bible Presbyterian Classes Will Start

Vacation School To Open Tomorrow

The summer Bible School of the Bible Presbyterian Church will open tomorrow and continue through July 13, with the exception of Saturdays and Sundays and July 4. Hours will be 9 a. m. to 12 noon daily.

The closing exercises will be held July 13 at 7:30 p. m.

The Bible studies again will be based on the Scripture based Vacation Bible School Course, according to the Rev. Hayes Henry, pastor. This includes songs, games, handicraft and visual aids. The course is graded to meet the needs of children from 4 to 16.

All children in that age group are invited to attend the sessions, Mr. Henry said, adding that the course is "truly biblical, practical and thoroughly enjoyable. Transportation may be arranged by calling Mr. Henry at Newark 6-2741.

Church Women Seek To Avoid Meeting Conflicts

Thru New Council Plan

A plan to hold all meetings of local church women's organizations on Tuesdays hereafter has been approved by the executive committee of the Newark Area, United Council of Church Women.

The move is designed to eliminate conflicts in meeting dates of local church groups.

Women's groups of seven local churches will make an effort to cooperate in the plan. They were represented in the executive committee's vote as follows: Ebenezer Methodist, White Clay Creek Presbyterian, Head of Christiana Presbyterian, Newark Methodist, St. Thomas Episcopal, Calvary Baptist and First Presbyterian.

The UCCW committee expressed the hope that women's groups from other churches will cooperate when they draw up their meeting schedules for the coming year.

The plan was approved by the UCCW at a meeting recently at the home of Mrs. Theodore L. Ludlow, president.

Wesley Chapel Plans Sunday Evening Program

An artist will illustrate the 23rd Psalm in hand paintings in a program Monday at 7:30 p. m. in Wesley Chapel, Route 303, a mile north of Newark.

The church's Bible school is now in session with an average attendance of over 100.

Day Camp To Open On Monday At Community Picnic Grounds

A two-week vacation without leaving home overnight will be offered youngsters here through the third annual Newark Day Camp, opening Monday at the community picnic grounds north of town.

A fun oriented schedule of games, crafts, hikes, story telling and group singing will be offered each day at the camp, which will continue through July 13 with the exception of the intervening Saturday and Sunday.

Bus transportation back and forth each day will be offered the campers, who will gather every morning at 8 a. m. at the Newark Public School.

Open to youngsters eight years or older, the camp will be under the direction of Mrs. Thelma Thompson, elementary school health and recre-

Construction Starts On Shop Agriculture Building At NHS

Construction has started on the new shop and agriculture building at the Newark High School.

The painted concrete block structure, expected to cost over \$98,000, is slated for completion in time for the fall term.

The building is being located south of the main high school, 30 feet in from the Lovett Avenue sidewalk and adjacent to the faculty parking lot.

The work is being carried out by DiSabatino and Raniero, Wilmington contractors, and the design calls for several novel architectural features, including "clearestory," a step-up in natural lighting for the shops.

Another phase of the district's summer building program will be the renovation of the old Main Street school for possible use by elementary pupils next fall.

A \$3100 state allotment has been earmarked for this work, which will include, according to Mr. Shue, the repairing of all windows and floors and the installation of additional sanitary facilities. Several large scale maintenance projects are also planned this summer, according to Mr. Shue.

The New London Avenue School, he said, will get a new roof and the interior will be repainted. The long-delayed rewiring of the main school building is also scheduled. Bids on this work, which is expected to be expensive, are now being sought.

Both the high school and the New London Avenue School will be treated against termites, Mr. Shue added. The work will be carried out by the school's maintenance crews with University of Delaware entomologists serving as advisors.

William Masselos Will Give Piano Recital At Mitchell Hall July 5

William Masselos, pianist, who played at the University of Delaware's Mitchell Hall in two recent summers, will return there on the night of Thursday, July 5 for another recital.

His program at 8:15 p. m. will be open to the public without charge.

Although still young, Mr. Masselos's technical facility and appreciative interpretation have drawn the attention of critics to his skill and virtuosity with the result that he has become widely recognized for his concert abilities. On extensive tours, he had played before audiences throughout the mid-west, south, east, and has made a number of appearances in Canada.

The program which he has chosen for his third Mitchell Hall appearance will be as follows: Two Polonaises (C minor and G minor) by Bach; Three "Moment Musicaux" (C minor, A flat major, F minor) by Schubert; Sonata in C major, Op. 1 (Allegro, Andante, Scherzo and Finale) by Brahms; Overture, No. 1 by Erik Satie; Veritables Preludes Plaqueuses by Erik Satie; Cello qui parle trop, by Erik Satie; Achternar by Horbaness; Soiree de Vienne by Strauss-Gruntfeld.

Gets Master's Degree

Miss Elizabeth R. Zeitler will receive a master of commercial science degree from Benjamin Franklin University in graduation exercises tomorrow night at the Hotel Statler, Washington, D. C.

A graduate of the Newark High School, Miss Zeitler, attended Beacom College and then transferred to Benjamin Franklin, where she has studied the past two years.

She is the daughter of Mr. and Mrs. Peter R. Zeitler, Glasgow.

County 4-H'ers Raise Chickens In Contest

Thirty 4-H club members from all parts of New Castle County are entered in the Delaware Junior Chicken of Tomorrow Contest, which began this week. Each contestant will raise at least 50 straight-run chicks, hatched between June 25th and 29th. After 12 weeks they will select six cockerels and submit them in the contest.

Most of the birds have been donated by Delaware hatcheries. Pratt's Hatchery, Middletown, and Spring View Hatchery—J. W. Fraze and Sons, Newark, are the contributors from New Castle County. A wide variety of poultry will be raised by the contest members, including Barred Rock-New Hampshire Cross, New Hampshire, Indian River Cross, and Cornish New Hampshire Cross.

The purpose of the contest according to Club Agent Maurice B. Field is to teach rural boys and girls the best breeds of poultry for meat production and to give them the experience of raising broilers to marketable age. Ten cash prizes totaling \$100 are offered by the state committee and an engraved trophy will be presented to the first place winner by the Delaware Poultry Improvement Association.

Board Still Looking For New School Site

The Newark school board is still looking for a site in the Capitol Trail section for its proposed new elementary school, Supt. Wilmer E. Shue said this week.

Several desirable locations have been found, he said, but either they are not for sale or the board has been unable as yet to reach the owners.

Aileen Ritchie Wins \$300 U. of D. Grant

Mrs. M. Aileen Ritchie, 43 Prospect Avenue, has won a teacher education scholarship for the 1951-52 term at the University of Delaware.

Free Movies Every Saturday Is Latest Recreation Feature

Cartoon Films For 5-8 Age Group At Episcopal Parish House

Latest feature of the summer recreation program is a series of free of sound movies every Saturday from 10 to 11:30 a. m. in the St. Thomas parish house, Fred Spasato, recreation director, announced yesterday.

A series of entertaining cartoon films is planned for children in the 5 to 8 age group, Spasato said.

Another special event will be a series of pet shows next Wednesday at all four playgrounds. The shows will be held in the morning at the high school, university and New London Avenue centers, and in the afternoon at Read Village.

A total of 80 children, about 45 girls and 35 boys, have enrolled in the beginners' swimming class at the university pool, Spasato announced.

As in previous years, the swimming program is highly popular with the youngsters, Spasato said. The biggest day so far was last Tuesday when 192 children turned out for the afternoon recreational swimming period.

The playgrounds are also attracting big turnouts, Spasato declared. To date 270 children have registered at the four centers.

Assessment Appeal Day Slated Monday

Councilmen To Sit From 1 to 6 P. M.

Annual assessment appeal day will be held Monday in the Council Offices, 24 Academy Street.

Members of the Town Council will sit from 1 to 6 p. m. to hear objections from property owners to their 1951 valuations. Non-property owners missed in the recent census will have an opportunity to place their names on the assessment rolls.

The latest assessment books were on display the past 10 days at Rhodes Drug Store. The list shows a generally higher assessment this year due to the fact that the town has adopted New Castle County's valuation figures.

Property owners still may inspect the books by applying at the Council Offices.

Newark Resident Is Granted Patent For Processing Titanium

Co-Discoverer Of New Method For Heat-Treating Element

William B. DeLong, of Newark, was the co-reipient on May 22, of United States patent No. 2,554,402, entitled "Process For Heat-Treating Titanium In A Fused Bath."

Titanium is a metallic element that occurs in a wide variety of minerals and is used in alloy steels to increase tensile strength, toughness and hardness. However, because of its extraordinary reactivity, particularly at high temperatures, it becomes difficult to maintain titanium and its alloys at a temperature and for a time sufficient to effect adequate annealing. For example, atmospheric oxygen and nitrogen are readily absorbed at relatively low temperatures in the surface of the metal; and, at higher temperatures, these absorbed gases diffuse into the interior and thereby alter the tensile properties and hardness of the material. On the other hand, annealing in a vacuum, or in an atmosphere of an inert gas such as argon, is troublesome and not entirely satisfactory due to the almost inevitable presence of small amounts of reactive gases in the closed annealing chambers. It should be noted also that at their usual temperatures, the salt baths, in which metals are customarily immersed for annealing purposes, readily attack and destroy titanium.

Mr. DeLong and his associates have discovered that the presence of an adequate amount of lithium (a light weight and abundant metallic element) in a conventional annealing salt bath produces a thin adherent surface film upon titanium that affords complete protection against attack. In other words, this film permits titanium and its alloys to be annealed at temperatures at least as high as 1600 degrees Fahrenheit. Moreover, the bath may be held at the latter temperature for several hours, or at a temperature of 1200 degrees Fahrenheit for a period of days, without appreciable loss of lithium or other undesired effect.

According to Mr. DeLong and his co-inventors, the immersion baths, prepared according to their practice, are the only ones known which do not attack titanium and its alloys at temperatures at which titanium can be annealed.

This patent has been assigned by license assignments to Remington Arms Company, Inc.

Firemen's Parade Tuesday Night; Carnival To Open Tomorrow Behind Academy

Volunteer fire companies from throughout this area will march here Tuesday evening in a parade highlighting the Aetna Company carnival. The latter opens tomorrow night in the area behind the Academy building and will continue through July 7.

The parade will step off at 7:30 p. m. from Delaware Avenue and Academy Streets. The rain date is July 5, according to Clifford Moore, general chairman.

The columns will move east on Delaware Avenue to South Chapel, north to Main, east to South College, south to Delaware and east to Academy Street, according to Mr. Moore.

White Clay Church Plans Bible School

Classes Open Monday For Two Weeks

A Vacation Bible School will open at White Clay Creek Presbyterian Church on Monday, July 2, for children through the sixth grade, according to the Rev. James Bishop, pastor.

The school committee, consisting of Willard Johnston, Harold Stanley, Mrs. David Anderson and Mrs. James Bishop, is making every effort to provide the proper physical equipment for three departments: kindergarten, primary and junior.

The teaching staff, including Mrs. Thomas Davis, Mrs. Miller Darrell, Mrs. Frank Butterworth, Mrs. Harold Stanley and Mrs. Charles Raymond, plus assistants, Janet Allen, Virginia Wimmer and Rebecca Wimmer, is planning a well-balanced program of worship, study, creative activities and recreation. Children may be enrolled by contacting any member of the staff, on Sunday morning or the first day of the school, Mr. Bishop said. The hours are from 9 to 11:30 for a two-week period.

Franklin T. Hillman Graduates At Indiana

Graduates of Indiana University at the 122nd June commencement included Franklin T. Hillman, R. D. 2, Newark, who was a candidate for the master of music degree.

The 1951 degree recipients at the Hoosier state university totaled approximately 3,600, including 2,119 at the principal ceremonies June 18. Others were awarded degrees in February or will complete work in August. The degrees ranged from bachelors to Ph.D.'s and eight alumni of the University, who have achieved high distinction, received honorary degrees.

Collins Serving As Yeoman In England

Alden A. Collins, former resident of Newark, is now a chief yeoman serving in London, England, at the headquarters of the Commander-in-Chief, U. S. Naval Forces, Eastern Atlantic and Mediterranean.

A graduate of Newark High School and Beacom Business College, Collins served for two and a half years in World War II. Before that he was a private secretary to P. B. Stull, Hercules Powder Company.

After the war, he was employed by the Standard Oil Company for two years in Maracaibo, Venezuela, then went into the U. S. government foreign service in a post at The Hague, Netherlands.

He has been stationed in England for two months. His parents, Mr. and Mrs. William D. Collins, now reside at Newport.

Mayor Calls For Support Of Proposed Charter In Referendum July 10; Registration Is Today

Name DuPont Office Construction Head

Taylor Is Field Project Manager

The appointment of Paul W. Taylor as field project manager for the construction of the new DuPont office building near Newark was announced today by the company.

A native Wilmingtonian, Mr. Taylor started with DuPont in 1932 as a messenger in the Engineering Department. After working for several years in the design division he enrolled in the Yale School of Architecture, graduating in 1942. Rejoining DuPont after graduation he was assigned to engineering construction at the Chambers Works, Deepwater, N. J., and later at the East Chicago, Ind., plant.

In 1947 and 1948 he served as a control engineer in the Wilmington office, and the following year went to Parkersburg, W. Va., to supervise the construction of an addition to the company's plastics plant there. For the past year and a half he has been field project manager on construction work at the Philadelphia finishes plant.

Temporary construction buildings are now being erected at the site. According to present schedules the unit is to be ready for occupancy by the fall of 1952, and will house some 2,000 DuPont employees, most of them from the Wilmington area.

Scores Talk of "Concessions"; Says 10-Year Tax Exemption For New Industries Is Continuation of Town Policy; U. of D. Clause Not Restrictive

In a statement this week urging voters to turn out for the referendum July 10 on Newark's proposed new charter, Mayor Wallace Johnson answered criticisms he says exist in some quarters regarding features of the charter as approved by the legislature. A special registration is being held today until 7 p. m. in the Academy building.

Reports are circulating, he said, to the effect that the town has made "concessions" to the University of Delaware and the Chrysler Corporation by granting them special privileges through last-minute amendments to the charter before its approval at Dover.

Local Railway Express Driver Earns Award For Seven Year Safety Mark

W. T. Rawlings, local Railway Express Agency driver, has been awarded the National Safety Council 7-year safe driver award in recognition of an outstanding contribution to public safety. E. J. Farrell, local express agent, has announced.

The award represents a period of 7 years of driving without a preventable accident.

Presentation was made by W. J. Cunningham, chief of the Newark police at Newark.

Tuesday Meeting Of Council In Academy

New Quarters Will Be Ready, Mayor Says

The next regular meeting of the Town Council on July 3 will be held in the Academy Building, which has been undergoing repairs the past few months for use as a town hall.

Mayor Wallace Johnson said this week the new quarters will be ready by Tuesday's meeting, unless some last minute delay develops.

The session will start at the usual hour of 8 p. m.

A public hearing on rezoning of the J. Earl Lynch property is scheduled for that time.

Items hanging fire from previous meetings are action on a proposed smoke abatement ordinance, results of bids on a large-scale street repair program, and a report on a survey aimed at extending Haines Street to East Park Place.

Also awaited is a report from the street committee on the question of forcing property owners to install sidewalks in places where their lack constitutes a public hazard.

2 More 'Fresh Airs' Get Invitations For Two Week Stay Here

Total Of 13 New York City Youngsters Will Arrive July 10

Two more New York youngsters received invitations the past week to spend a two-week vacation with Newark families, making a total of 13 "Fresh Airs" that will arrive on July 10.

Both the latest invitations came from families who want their "Fresh Air" of last summer to return. Mrs. Jack Hadley, 35 Thompson Circle, has again asked for Barbara Note, and Mrs. Ray Elliott, RD 3, wants Margaret Carey to return.

As previously announced, seven other families have invited "Fresh Airs" this summer, two of them for the first time.

The city youngsters, who except for the generosity of their Newark hosts would not be able to enjoy a vacation in the country, are selected for the trip by leading New York social agencies.

In addition to the Mrs. Hadley and Mrs. Elliott, the following have invited Fresh Airs this summer through the Newark committee: Mrs. Wilma Poland, 20 Thompson Circle; Mrs. Thomas Roby, Cherry Hill, Mrs. Charles Raymond, Newark RD 3; Mrs. Pearl M. Best, Newark RD 2; Mrs. C. B. Brown, Jr., Ogletown; Mrs. William McNeal, 2410 West Second Street, Wilmington; Mrs. Mary Adamovage, 2408 West Second Street.

In a statement this week, Mrs. Parson thanked the corps of volunteer solicitors who carried out the door to door canvass and also expressed gratitude to the public for its support.

Among the solicitors were Mrs. Leon Ryan and Mrs. Nell Griffin.

\$1800 Is Partial Total On Recreation Campaign; Bonds Awarded As Prizes

Incomplete returns total \$1800 in the Newark Recreation Association's fund drive which closed recently, according to Mrs. Ivan Parson, general chairman. She stressed that donations are still being accepted.

Winners of the \$25 U. S. Savings Bonds offered as prizes in the drive are the holders of the following numbers: 059023, 056209, 056180, 057161, 056773, 056119, 057947, 057179, 056774, 057823.

The winners may pick up their awards at the Farmers Trust Company.

In a statement this week, Mrs. Parson thanked the corps of volunteer solicitors who carried out the door to door canvass and also expressed gratitude to the public for its support.

Among the solicitors were Mrs. Leon Ryan and Mrs. Nell Griffin.

Rites Tuesday For Victor J. Widdoes

Services were held privately Tuesday afternoon for Victor J. Widdoes, 38, who died Thursday at his home, 43 West Delaware Avenue, after an illness of seven years.

Formerly he was a draftsman at the Edge Moor Iron Works.

Born in Newark, Mr. Widdoes was the son of Mrs. Helen Willis Widdoes with whom he lived and the late Ott W. Widdoes.

In addition to his mother, he is survived by a daughter, Patricia Widdoes of Edge Moor Gardens; a sister, Mrs. Pauline Smith of Newark and a brother, Ott W. Widdoes, of Delaplane Manor, near Newark.

The Rev. Theodore L. Ludlow, rector of St. Thomas Episcopal Church, officiated at the services. Interment was in the Head of Christiana Cemetery.

Alma Esther Cullen Interred On Tuesday

Mrs. Alma Esther Cullen, 61, wife of George P. Cullen, who died suddenly following a heart attack Saturday at her home near Appletown, Md., was interred Tuesday in the St. John's Cemetery at Lewisville, Pa. The Rev. James L. Getz, pastor of Head of Christiana Church, officiated at the services held from the Jones Funeral Home here.

Besides her husband she is survived by five children, George F. Newark; Frank M., near Elkton; Edward, Mary E. and Harry M., all at home.

Mr. Cullen is employed on the farm operated by William duPont, Jr., near Fair Hill.

Oil Companies Give \$24,500 For Research at University Here

Funds From 57 Firms To Be Used In Heat-Exchanger Study

Fifty-seven oil companies have contributed \$24,500 through the American Petroleum Institute, to support heat-exchanger research at the University of Delaware in the next few years. The institute granted \$25,000 for the same work four years ago. Meanwhile, other support has been received from users and manufacturers of heat transfer equipment, including the DuPont Company, Andale Corp., and the Tubular Exchange Manufacturer's Association.

The heat exchanger research program at the U. of D. is sponsored by the heat transfer division of the American Society of Mechanical Engineers, to obtain fundamental information on heat transfer and pressure drop in shell and tube heat exchangers. Petroleum companies are much interested in heat exchangers because in the refineries many fluid streams need to be heated or cooled. A better means of designing heat exchangers is important to the refineries' more efficient and economic operation.

To date three papers based on heat-exchanger research have been presented before the A.S.M.E. by chemical engineers at the University of Delaware. One university bulletin covering their findings has been published, entitled "Heat Transfer and Pressure Drop during Viscous Flow across Unbaffled Tube Bank."

The research has been under the immediate direction of Dr. O. P. Bergelin, associate professor of chemical engineering, and approximately 10 graduate students have received fellowships through the program. In the absence of Dr. Bergelin, who left this week for New Zealand for heat-exchanger studies there, Dr. Robert L. Pigford, professor of chemical engineering, will direct the research. Provost Allan P. Colburn, formerly professor of chemical engineering, also has aided in the research.

Entries Sought For Cooking Contest At Delmarva Festival

Annual Event at Salisbury June 9, 10, 11; Big Parade

Entries are being accepted for the National Chicken Cooking Contest, the Junior Chicken Cooking Contest, the Queen Contest for the selection of Miss Delmarva and for the mammoth parade which will feature the Annual Delmarva Chicken Festival.

This event, which has come to be the biggest celebration on the Eastern Shore will be held this year at Salisbury on July 9, 10 and 11.

A choice of either an electric range or gas range, plus a substantial cash prize will go to the winner of the Chicken Cooking Contest, an event which usually attracts about 150 entrants. It will be held on Wednesday, July 11th, at State Teachers College in Salisbury.

Government Savings Bonds will reward winners in the Junior Chicken Cooking Contest, also to be held at the college on Tuesday, July 10th. First prize will be a \$50 bond while a \$25 bond will go to the second place contestant.

A cash prize of \$500, or a credit of \$750 toward expenses at the college of her choice, is the wonderful award awaiting the young lady who is crowned Miss Delmarva in the Queen Contest which is also to be held at the Teachers College on Tuesday afternoon, July 10th.

Prizes totalling \$1700 will be offered participants in the giant parade which will move at six o'clock on Wednesday afternoon, July 11th. Top prizes of \$100 will go to those entering the best floats in four classes: Poultry and Allied Interests, Other Commercial Interests, Agricultural Organizations, and Non-agricultural Organizations. Each of these classifications will also carry second prizes of \$50 and third prizes of \$25.

Drum and Bugle Corps will compete for two similar sets of cash prizes with \$100 going to the best corps and \$100 to the best band. \$50 and \$25 go to the second and third place winners in each class.

Fire Departments and their auxiliaries will take a total of \$425 in prizes with \$125 going to the best appearing company, \$75 to the second place and \$50 to third. The company travelling the longest distance, with 25 or more in line, gets \$50, while the first and second place fire company auxiliaries with 25 or more in line receive \$50 and \$25 each. The fire company with the most men in line gets a \$50 prize.

Veterans organizations and auxiliaries are allotted a total of \$150 of the prize money. 4-H Clubs, FFA Chapters and Boy and Girl Scout troops can take down another \$300 for their participation in the parade.

Dave Greene of Dover is president of the festival corporation and Alfred T. Truitt, Salisbury, is the director. General chairmen who will be assisted by large and active committees from the three states are: Mrs. A. L. Karlik, chicken cooking contests; Edgar Boyd, queen contest, and Jerry Valiant, parade.

An extensive and interesting exhibit of equipment will be presented at the Armory in Salisbury during the entire festival period. This exhibit will be open on Monday, July 9.

Entry blanks and rules of the various events may be secured from the Festival Headquarters, Chamber of

Reddi-wip 'n Strawberries - Sensational!

Top that strawberry pie, shortcake or bowl of berries with Reddi-wip. It's made of fresh, rich cream sweetened just right and it whips itself as it comes from the can. Make strawberries "sensational" with Pensupreme Reddi-wip.

Order Today From Your Routeman or Grocer

Densupreme

We Thank You

We appreciate the excellent cooperation of our gas customers in helping us to complete on schedule the tremendous job of converting gas appliances to utilize the new 800 B.T.U. gas. This increase in heating value was necessary in order to meet the growing demands in this expanding area. The 800 B.T.U. gas is now being received by all customers in place of the 520 B.T.U. gas formerly supplied.

Although the Federal Power Commission recently denied an application for the supply of natural gas to meet the needs of this area, we are still continuing our efforts to obtain a supply of natural gas.

Again we wish to express our thanks and appreciation.

Mill Creek Hundred News

Sara Pennington Evans, Correspondent
Phone Hockessin 598

The Widoausis Home Demonstration Club will hold its annual picnic on Aug. 15 at the home of Mrs. Bayard B. Taylor on Milltown Road. A rummage sale is scheduled for next Monday and Tuesday in Wilmington. The club collected \$7 for the "Pennies for Friendship" fund. In July, Mrs. Ferris Eastburn will tell of the short course.

Miss Isabelle Jamieson is spending this week with Miss Janet Pierson at her home at Little Baltimore.

Announcement is made of the marriage of Miss Violet Valeria Fertig of Coatesville, Pa., and Mr. Charles L. Keidel, son of Mrs. Charles W. Keidel of Lancaster Pike, which took place June 21 in Red Clay Creek Presbyterian Church. The couple are on a wedding trip to the Pocono Mts.

Pleasant Hill

Mrs. Evelyn Horney and Mrs. Hattie Tolson, of Grasonville, Md., spent the weekend with the Rev. E. J. Horney at the Ebenezer parsonage.

Mrs. Essie Little, age 94 years, fell last Friday at her home and fractured her hip. She was removed to the Memorial Hospital where she is being treated. "Aunt Essie," as she is called, loves cards and it would be nice for her many friends to remember her and make her hospital stay more pleasant.

Mrs. Charles McBride and family, of Street, Md., called on Mrs. Frank V. Whiteman on Sunday following the 23rd anniversary services of White Clay Creek Presbyterian Church which Mrs. McBride attended. Her husband was pastor of White Clay 45 years ago.

Ebenezer Methodist Church

The Rev. Edwin J. Horney was given a reception last Saturday evening to honor his return as pastor of this church for another year. Mrs. Louise Dempsey had charge of the special program as follows: Clarinet solos by Mrs. Louis Dempsey, accompanied by Mrs. Mary Wallace; group singing led by Lindsay Greenplate, vocal solos by Paul Nelson, accompanied by Mrs. Nelson, pantomime by Mrs. Richard La Fontaine and Jane Walton, humorous reading by Mrs. A. T. Buckingham, group singing by the ladies, novelty skit, "Dancing Fingers" by Mrs. M. Wallace and Mrs. Louise Dempsey. Sidney Collins, chairman of official board, welcomed Mr. Horney and presented him with a purse of money. Mr. Horney expressed his appreciation. Guests attended from Christiana Methodist Church and Newark Presbyterian Church.

The daily vacation Bible school is progressing with an attendance of over 50. The closing exercises will be held tomorrow at 7:45 p.m. in the church.

The MYAF at its June meeting named committees and made further plans for Ebenezer jubilee on July 28 in Little's Grove. This year inauguration of a talent show, open to anyone in Newark, Wilmington, or the surrounding areas, will be the special feature. Persons interested in participating must contact Mrs. Norris Green-

plate, phone Newark 6485 or Miss Catharine Dempsey, phone Hockessin 520 before July 20. There will be three prizes given. Those who are to serve on special committees are: Mrs. Paul Nelson and Mrs. N. Greenplate, recreation; Mrs. Gilbert Unger and Mrs. A. Carl Nelson, Jr., and Miss Betty Ayars, candy; Mrs. Annie Atwell, fancy work; Miss Anne Beyerlein and Mrs. Anna Cameron, sand box; Melvin Dempsey and Lindsay Greenplate, soft drinks; Carl Nelson, Jr., and Harry Nelson, athletics; Mrs. Charles Nelson, Mrs. Reba Hollingsworth, Mrs. Clifford Ayars, Mrs. Louise Dempsey, Mrs. Gray Lomax, Mrs. Roy Walton, supper; Graham Lomax, Kinsey Whiteman, and Ralph Whiteman; ice cream.

The MYAF will hold an outing to Port Herman, Md., Saturday evening. The group will meet at Graham Lomax's home at 5:30 p.m. They will enjoy swimming followed by a hot dog roast.

Red Clay Creek Presbyterian Church The daily vacation Bible School will close tomorrow with exercises at 10 o'clock in charge of Miss Sarah Denison, director. Each department will demonstrate the type of work studied during the school.

The Rev. and Mrs. George T. Jamieson are attending the annual synodical sessions this week at Hood College near Frederick, Md. Mr. Jamieson is moderator of the New Castle Presbytery and Mrs. Jamieson, secretary of Presbytery for Missions.

Holy communion will be observed Sunday morning at the 11 o'clock services.

The women of the church sponsored a lingerie party Tuesday evening to raise funds for the renovation of the laundry at the manse.

Corner Katch

Union Grange No. 1 will hold its competitive dinner for the winner in the recent contest on July 11 on the lawn of Mrs. Louise Dempsey's home. The women will have to serve the dinner as they lost to the men. A picnic will be held in August. Bayard B. Taylor spoke on "Citizenship" at the recent session.

The new home of Mr. and Mrs. Donald Woodward will soon be ready to be roofed.

Mermaid

Mrs. Louise N. Ball of Arlington, Va., has been a guest of Mrs. Harvey Ball here.

Horace P. Dennison has returned from the Wilmington General Hospital and is slowly improving. William Alberty of Morrisville, Pa., was a Sunday guest at the Mermaid. Mr. and Mrs. L. H. Pennington, Mrs. Harvey Ball, Mrs. Louise Ball, Mrs. Sara P. Evans, Miss Helen Pennington, and Miss Sallie Evans attended the annual WCTU picnic Saturday evening at Hockessin.

Nash Presents America's Newest, Smartest Hardtop Convertible

The Rambler "Country Club"

Nearly \$300 of Custom Accessories Included in the Low Price!

Now see something entirely new—the Nash Rambler in a dazzling new hardtop convertible sedan! Here—priced with America's lowest—are all the flair and open-air fun of a smart convertible, with the steel-top safety of Airflyte Construction and weather-slugness of a sedan—with new eye-level visibility all around!

Look at this honey! Look at its sleek, low lines. It's pure "custom" and a powerhouse! Whips along the highway, romps over the hills,

handles and parks easier than any sedan you've known before. Delivers up to 30 miles a gallon at average highway speed!

And like the Nash Rambler Convertible and All-Purpose Sedans, its low price includes nearly \$300 worth of custom accessories, like Weather Eye, Radio, needle-point upholstery. Come see it—the new, dashing companion to the distinguished Nash Ambassador and popular Nash Statesman—the world's most modern cars!

Look at the luggage space in a car so trim outside—with its easier-to-park wheel-base. There's room for six passengers, too.

That continental flair! New eye-level visibility all around. More than 17 feet of clear glass, with a curved, one-piece windshield.

Distinctively custom! It's a tailored-to-order jewel, upholstered in fine needle-point, equipped with nearly \$300 in custom accessories.

Priced for everyone to own! Seventeen new Nash Airflytes are ready at your Nash dealer's now... those dashing, dashing Rambler Convertible and All-Purpose Sedans... the popular Statesman models and the distinguished Ambassador models.

Come in and drive it... ON DISPLAY TODAY

FOR TV FUN! Watch Paul Whiteman TV TEEN CLUB... presented by Nash and Kelvinator dealers... ABC coast-to-coast network.

HOW TO RATE "TOPS" with your Party-Line Neighbors

It's easy to win a reputation as a good party-line neighbor. It pays dividends, too... for when everybody on a party-line cooperates courteously with the others, everyone gets good service!

Two Suggestions: When you start to make a call and find the line in use, hang up gently and give the other person a few minutes to finish his call before you try again. And when, while talking, you realize that your neighbor is waiting to make a call, hang up in a few minutes and free the line.

News of London-Britain Vicinity

Martha Lee, Correspondent
Phone Kemblesville 2171

The Landenberg Methodist Bible school exercises will be held Monday, July 30, at 2 p.m., to mark the close of a daily Bible school session. The average attendance to date is ninety.

The swimming program for London-Britain is working out beautifully, to judge by the many comments from children and parents alike. The instructor and instructor at the university pool handle the children well. Here is another bouquet to Clarice Loebe for her time and effort in working out this situation so advantageously.

Gwen Criner has a very wee pup, evidently away from Mommie for the first time and she can't imagine where the little mite came from. Any suggestions as to who would like the puppy would be welcome.

Janice Sanborn is home from Florida for the summer.

Children's Day will be observed June 24 at the Flint Hill Methodist Church.

Don't forget the play, "Aunt Susie Shoots the Works" by the Random Players, given at Kemblesville Hall June 23 at 8:30, for the benefit of the Kemblesville Hall and the Kemblesville-Franklin PTA.

Miss Mary Charlise, longtime resident of this community, is now situated very comfortably at the beautiful new Hotel Home at Pocopson. We're sure Miss Mary would be delighted to see her old friends in her pleasant new surroundings.

A number of ladies from Wilmington, Christina, Hockessin, and Marlton were guests at the Ness home Tuesday of this week.

Mr. and Mrs. Gilbert Holton are comfortably settled in their new home which has been so nicely remodeled, and is located on part of the former George Holton property. Their wedding took place June 2 at the Landenberg Methodist Church at 2:30 p.m. with Reverend Douglas Stirling officiating. The church was filled with relatives and friends of the couple, and we understand that the bride, formerly Miss Doris Crossan, daughter of Mr. and Mrs. Mark Crossan, Landenberg, filled her role with a bride's traditional radiance and dignity.

Reverend Stirling tells me that the inner portion of the Bulletin Board used outside the Landenberg Church has finally arrived.

All the interested children of the community are invited to a picnic to be held at 6 o'clock on Thursday, June 28, at the site of the new Landenberg Recreational Area, near Landenberg, opposite the Conner and Weaver Homes. Hot dogs, cookies, lemonade and ice cream will be served to the children free of charge. See you there! Mr. George Wilkinson is leasing some of his land on the Landenberg Road, opposite the Conner and Weaver homes, to the playground project, and is moving heaven and earth to collect cash and material and labor donations to complete the erection of a building on this ground. He has the plans drawn up, and they include sanitary facilities (with plumbing, mind you), a place to store equipment, and a roof which will provide a shaded, protected area. The water will come from a spring up back of the Weaver home, and the water has been tested. A test for White Clay Creek at this point is in the plans. This idea seems to be snowballing, but not without effort on the part of everyone involved.

Great credit should go to everyone who has called endlessly, and to all the ladies who have gathered together several times now to discuss and plan and work. The meetings will be announced in this column, and any interested person is invited. It is contemplated that they will take place once a month, once the groundwork has been laid. The mothers have made this a community project, and this Wednesday will see a large party (they hope), armed with all sorts of tools and sprays, tackle weeds, poison ivy, and all such unwelcome growth in the freshly mown area.

It should be noted that Mr. Detmar, a trained recreational director, will officially supervise the playground. He is in charge of the Unionville, Toughkenamon, Kennett, and Landenberg areas. He has arranged for the playground to be in charge of practice teachers from the West Chester State Teachers College for five days a week, and has predicted that if the mothers will provide volunteer assistance this summer, there will be a paid supervisor on hand constantly next summer. From the age of three through the teens—there'll be something for all to do. Mr. Detmar has plans for baseball, softball, volleyball and box hockey for the children. He will provide the balls, nets, and bats. The Recreational Association will buy hockey sticks and a croquet set, and there are three sandboxes for the children. The toilet boards, heavy duty, public playground kind, should arrive shortly, and the group hopes to be able to get a set of swings, six, of different sizes, for next year. A twelve foot slide is another objective.

Enlistment Openings After Physical Exams

Enlistment openings for young men who already have received preinduction physicals were announced this week by Douglas W. Troll, state Selective Service director.

He said that from June 15 to July 15, those who had had their physicals could enlist in any branch of the armed forces. The directive was issued by the Department of Defense.

The state's quota for July will be 81 men. The allocation by counties has not been drawn up.

News of Bear

Mrs. Leslie Ford, Correspondent
Phone New Castle 6484

Mrs. Laura D. Whittington, 75, widow of Frank C. Whittington, a resident of Bear for 35 years, died this week in Wilmington General Hospital, where she had been a patient since June 11. She has been ill since March. She was born at Smyrna. She is survived by her son, Thomas D. Whittington, of Bear. Seven grandchildren, two sisters, Mrs. Mollie Parsons, of Frankford, Mrs. Fannie Wallace, of Wilmington. The funeral took place from McCreery Funeral Home, Wilmington. Interment was at Christiana Presbyterian Cemetery.

Mrs. Annie Harrington spent Saturday with Mr. and Mrs. Raymond Davis of Newark.

Pencader Presbyterian Sunday School held its Children's Day services on Sunday morning. Rev. G. Ashworth Burslew, pastor, christened three children. The annual picnic for the Sunday school and friends will be held on Saturday at Mrs. Mamie Palmer's cottage at Hack's Point. The group will leave at 10:30 a.m.

The Ladies' Aid Society of Pencader Church held its June meeting on Wednesday. Mrs. W. L. McElwee, president, presided. Devotions read by J. Leslie Ford. The next meeting will be July 18 and will be followed by a mystery ride and wolver roast.

Mrs. Lee Cochran is confined to her bed with the grip.

Pencader Grange will hold its July meeting on Monday, July 2.

Mrs. Howard Slaughter, of Smyrna, spent Tuesday with her mother, Mrs. Annie Harrington.

Miss Annabelle Laws is confined to her home with the mumps.

William Vincent Casello, of Wilmington, spent Saturday with Robert Walker.

Fred Streets is a patient in Wilmington Memorial Hospital.

Mr. and Mrs. Robert B. Kelton announce the engagement of their daughter, Celeste, R., to Mr. Richard Wilhardt of Kansas City, Mo., son of Mrs. Christine Wilhardt, of Kansas City.

Miss Kelton is a graduate of Middletown High School and Marcum Junior College, Bryn Mawr, Pa. Mr. Wilhardt is stationed at Fort Leonard Wood, Mo.

Mrs. Charles Moore was severely burned on Thursday evening at her home. She is improving.

Mrs. George R. Moore was honored at a birthday surprise party by her friends on Thursday evening.

Miss Janet Eastburn and several girl friends are spending the weekend at Rehoboth Beach.

Willis Cloud was the speaker for Red Lion MYF on Sunday evening. Rev. Estelle Gibbon, of Pennsville, N.J., will be the speaker on Sunday, July 1.

The U.S. Department of Agriculture says that housewives can avoid a sugar shortage by buying their canning sugar ahead of time, instead of all waiting until the last minute.

NOTICE

The Council of Newark will hold a public hearing at the Council Office July 3, 1951 at 8 P.M., E. D. T. on the request of Mr. J. Earl Lynch to change the district classification from RD residential to "Business" on his property at 319 E. Main Street. This property is at the extreme East end of the town boundary.

Newark's Growth Described By Prize Winning Student Essay

(Following is the second of three articles on the general theme, "The Growth of Newark," by ninth grade students at the Newark schools. The essays were read by their authors at the recent junior high school promotion exercises.)

Services Tomorrow For Mrs. Bertha Finkernagel

Mrs. Bertha Finkernagel died yesterday at the home of her son, Ferd Finkernagel, Tyre and Delaware Avenues, after a lengthy illness.

Services will be held privately at 11 a.m. tomorrow at the Dahling Funeral Home, 1201 New Road, Elsmere, with the Rev. Brooks Reynolds, of the Wilmington Manor Methodist Church, officiating. Interment will also be private.

Friends may call tonight at the funeral home. It is requested that flowers be omitted and that donations be made instead to the Heart Fund in Mrs. Finkernagel's name.

A former resident of 502 Springer Street, Mrs. Finkernagel had been employed by the Hoopes Dressmaking Company there for about 30 years. She has made her home with her son, Ferd, for about a year.

Other survivors are two brothers, Alfred and Fred Dahling, both of Elsmere, and two sisters, Mrs. K. A. Horner, Gordy Estates, and Mrs. Clara Warrick, Wilmington.

Mrs. Anna M. Sterling Dies Here Tuesday

Funeral services for Mrs. Anna Mary Woodward Sterling, 87, widow of Alfred C. Sterling, 14 Kells Avenue, will be held at 2 p.m. tomorrow at the Ira C. Shellander Funeral Home, 254 West Main Street, Newark. Interment will be in St. Georges Cemetery.

Mrs. Sterling died Tuesday in her home. She was a member of the Red Lion Methodist Church.

Surviving are a daughter, Mrs. Reese S. Jarmon of Newark; two granddaughters, Mrs. Edward C. Pierson, Jr., of Marshallton, and Mrs. William H. Dawson, Jr., of Waldwick, N.J., and three great grandchildren.

A congressman recently estimated that it cost about \$415 per day to print the calendar of Congress.

New Crabgrass Killer

Only three simple steps are required to kill crabgrass with potassium cyanate. STEP No. 1—Carefully read and follow the directions found on each can of potassium cyanate crabgrass killer. STEP No. 2—Mix with water, in a pail or in the container. STEP No. 3—Spray it on. If the crabgrass is bad, spray the whole lawn. If it appears only as individual plants or in small patches, just spot spray at close range, as shown (3).

A NEW chemical is available this year which shows promise of ending the home owner's long and discouraging battle against his worst lawn enemy—crabgrass. Its name is potassium cyanate and it works by simply mixing it with water and sprinkling or spraying it on your lawn.

After five years of testing and perfecting, potassium cyanate has been proven safe, economical, simple to use and—most important—95 to 100 per cent effective. It is non-toxic enough to be used without danger around children or pets. It causes no permanent injury or even lasting discoloration to most basic grasses. And it can be used effectively on either seedlings or mature crabgrass plants.

The cost of using potassium cyanate averages one dollar per 1200 square feet of lawn when applied to young seedling crabgrass in the spring (about twice as much is required in late summer, when the crabgrass plant is in its "hardy prime"). For those who have lawns the cost will be

Queries On Social Security Answered

Address all Queries to Social Security Administration, Customs House, 6th & King Sts., Wilmington, Delaware.

Q. I am 61 years of age and have worked under the Social Security laws for the past 10 years. I have earned 40 quarters and understand that I am fully insured. If I am taken sick and can't work between now and the time I reach age 65, will I be able to get any payments during this period?

A. No benefits may be paid under the Old-Age and Survivors Insurance provision until an individual reaches the age of 65. At present, there is no provision for the payment of benefits in cases of illness or disability before an individual reaches the age of 65.

Q. My husband left me several months ago and I have been unable

to locate him. Will the Social Security Administration give me information regarding his address or his place of employment so that I may contact him.

A. All records of the Social Security Administration are confidential and any information furnished to a wage earner may not be revealed to any individual except the wage earner himself.

Q. I am 21, now? Must I work all the time until 65 in order to get my social security?

A. No. A worker is fully insured for life if he has received \$50 in wages in each of 40 calendar quarters since 1937. Permanently fully insured workers are entitled to all retirement benefits and survivors protection even though they never work after getting their 40 quarters of coverage.

Q. I am 78 years old and a citizen. I have never worked in a job covered by social security. I did some nursing companion work but I understand this work is not covered. Am I entitled to any social security benefits?

A. Unless you have worked in a

job covered by social security and were paid at least \$50 in each of six calendar quarters since Jan. 1, 1939, you are not entitled to old-age benefits under the Social Security Act. If you go to work now and earn these six \$50 quarters, you may become fully insured and become entitled to benefits.

The nursing companion work in a private home is generally not covered and may not be counted toward the necessary six quarters.

Q. I have lost my social security card. Could you please tell me how I go about getting a new one?

A. You should secure an application for an account number from any post-office or from an office of the Social Security Administration; complete this application and be sure to indicate that you have previously had a number and wish a duplicate of that number. Send this application to an office of the Social Security Administration and you will receive a duplicate of your original number.

Q. I would like to know what to do in order to get my social security card changed from my maiden name to my married name. Where should I write to request this change?

A. Your Social Security Administration Office will furnish you with a form called "Change of Records." Upon completion of this form, a card will be issued to you bearing your married name and your original number.

ROBINSON-GRAY WEDDING SOLEMNIZED

Miss Jane Clair Johnston, daughter of Mr. and Mrs. Warren Johnston, bride of the late of Mr. Clarence Barr, Jr., son of Mr. and Mrs. Clarence Barr, Jr., of 43 Elkton Road on June 16, in the Olivet Methodist Church, Galena, Maryland, with Rev. Dr. John N. Link of Pennington Methodist Church officiating.

The bride, given in marriage by her father, had as her maid of honor Miss Betty Ann Jarvis of New York City. Her bridesmaids were Miss Mary Jane Gray of Newark, sister of the bridegroom, and Miss Charlotte Ann Johnson of Sassafras, Maryland. Toni Ann Johnston, niece of the bride, was flower girl.

Mr. Samuel Gray of Newark was best man for his brother, Ushers were Wallace Butterworth and Mr. Kenyon, sons of Newark and Mr. Warren Johnston, Jr., brother of the bride. Mr. Robert Fogwell, Jr., of Galena played the wedding music and Mrs. Gray acted as organist.

A reception followed at the home of the bride.

The wedding was followed at the home of the bride.

DOUGLAS-CASHELL ENGAGEMENT ANNOUNCED

Mr. and Mrs. Guy R. Douglas of Middletown announce the engagement of their daughter, Miss Jean R. Douglas to Mr. Norbert L. Casshell, III, son of Mr. and Mrs. Norbert L. Casshell, Jr. of Newark.

Miss Douglas is a graduate of the Kennet Consolidated High School and is associated with the duPont Company.

Mr. Casshell is a graduate of the Newark High School and attended the University of Delaware. He is now associated with the duPont Company.

BIRTHS

Mr. and Mrs. William Records of Elkton Road are receiving congratulations on the birth of a daughter, born June 22, in the Wilmington General Hospital. The baby has been named Robin Lee Records. Mrs. Records is a daughter of Mrs. Virginia Thornton, daughter of Mr. and Mrs. J. Fletcher Thornton, 182 Elkton Road.

Mr. and Mrs. Vincent Fors of 272 South Chapel Street are receiving congratulations on the birth of a son born June 22, in the St. Francis Hospital, Wilmington.

Mr. and Mrs. Lewis Cronin of Capitol Trail are receiving congratulations on the birth of a son born, June 23, in the Delaware Hospital.

PICNIC FOR SOROPTIMISTS JULY 10 AND JULY 21

The last general meeting of the Soroptimists of Newark was held on Tuesday evening of this week at the College Inn.

Miss Edna Campbell, retiring president, gave a summary of the year's work and all the committee chairmen gave reports also.

Hazel Lyan and Genevieve Muench have invited the members to their home on Capitol Trail for a picnic on Tuesday, July 10, and Mrs. Margaret Cronin of "Peggy Cronin Fashions" has also invited the group to her Charlestown home on Saturday, July 21.

There will not be any more formal meetings of the local club until September.

JOSEPH M. BROWN, JR. HONORED ON BIRTHDAY

Mr. and Mrs. Joseph M. Brown of 297 West Main Street were hosts on Wednesday evening of this week to a buffet supper at their home honoring Mr. Joseph M. Brown, Jr., in observance of his twenty-first birthday.

There were thirty-six guests present of which two groups were from a distance: Mr. and Mrs. Irvin Whiteman of Pittsburgh, California and Mr. and Mrs. Ernest Lomax and children of Cumberland, Maryland.

Mr. Joseph Brown, Jr. is a student at the University of Delaware in the School of Chemical Engineering and will enter his senior year in September.

MISS WEIMER GRADUATE KEMPER HALL SCHOOL

Miss Carolyn Weimer of 219 West Main Street has returned to her home for the summer vacation following her graduation from the Kemper Hall School for girls, Kenosha, Wisconsin.

Miss Weimer was one of the twenty-four graduates and during her senior year she was chairman of the Kemper-Armistage Missionary Society, a member of the student council, the literary club, the Spanish club, the citizenship club, the choir, and on the staff of the school paper and year-book.

At the awarding of honors she received an academic pin, choir prize, history prize, scripture prize, and a service award.

Miss Weimer, the daughter of Mr. and Mrs. Bernard A. Weimer, plans to enter the University of Delaware in September.

Bulletin Offers Data On Preventing Mildew

Mildew in the house and muggy summer weather usually come at the same time, according to Miss M. Katharine Jones, County Home Demonstration Agent. Mildew that cause this bothersome mildew are always in the air, but they thrive wherever it is damp, warm, poorly aired and poorly lighted. Examples of such places are cellars, clothes closets, basement recreation rooms, on shower curtains or in damp clothes rolled up for ironing.

As these mildew molds grow, they discolor fabrics and leather, leave a musty odor, decay wood, and sometimes "eat" cloth so badly that it rots and falls to pieces. By preventing mildew, clothes and household goods can be saved. And now is the time to prepare against the mildew damage.

Suggestions on how-to-do-it are in a leaflet entitled "Preventing and Removing Mildew" available in the County Extension Office or from the Bulletin Room, Wolf Hall, Newark, said Miss Jones.

PERSONALS

Miss Ethel Weaver has received her B. S. degree at the University of Delaware after completing her course in foods and nutrition in the School of Home Economics. Miss Weaver has now entered the first semester of Summer School at the university prior to entering the VA hospital at Hines, Illinois, as a dietetic intern. Miss Weaver will leave for her new assignment about September 15.

Mrs. Samuel Little of Elkton Road has returned from Harrisburg, Pa., where she has been visiting her daughter, Miss Ann M. Little.

Miss Dorothy Aulen of Newark is recuperating at the home of Mr. Donald Hummel of Harmony Road from a tonsillotomy performed recently at the Wilmington General Hospital.

Mr. and Mrs. J. Earl Lynch have moved from 259 East Main Street in their new home on Dallow Road.

Mr. and Mrs. Byron Hawks of 420 South College Avenue have returned from a visit to the Lincoln Caverns, Natural Wonder, Huntingdon, Pa.

Mr. and Mrs. John Lusby of Kennedysville were visitors on Sunday at the home of Mr. and Mrs. Conrad Robinson, North Chapel Street.

Mrs. Gloria Burch of Jersey City, N.J., was a visitor last week at the home of her brother-in-law and sister, Mr. and Mrs. John Mank of near Newark.

Broccoli Recommended For Delaware Growers

The gross income from broccoli grown for processing has been between \$200 and \$500 per acre in the past few years. The income from market broccoli is often much higher.

Two crops of broccoli may be raised on the Delmarva Peninsula, according to Robert F. Stevens, Extension Horticulturist at the University of Delaware. He says that the fall crop is usually the most successful.

"The Italian Green Sprouting types are best for market and processing. Best for this area are: Calabrese (early green sprouting), Freezers Green Sprouting, and DiCiccio. Although not many growers treat seed, if there is any doubt about the seed, the seedbed, or field, it is worthwhile to treat the seed."

County agricultural agents have a pamphlet on broccoli growing in Delaware. It tells about soils and fertilizers, growing plants, spacing, pest control, and harvesting. You can get a copy without charge at your county Extension Service office.

Navy Combat Planes In Civil Defense System

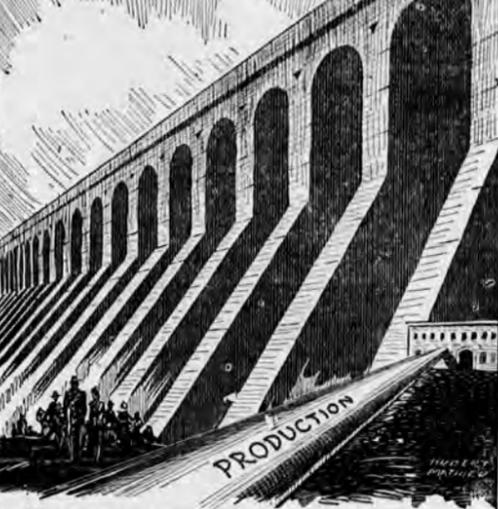

Combatant type naval aircraft of Fourth Naval District Air Bases are a salient component of the overall United States Air Defense system, and are currently participating jointly with other military and civilian organizations in the various phases of air defense preparedness. Navy spokesmen said this week.

Each week thousands of modern American minute men and women are devoting their spare time in a voluntary effort to avert disaster to our metropolitan defense centers from atomic bombing by enemy aircraft.

They are the Ground Observer Corps of the Air Force Civil Defense program, a cross section of solid American spirit rising to meet the challenge of our latest and most violent threat.

OUR DEMOCRACY—by Mat

THROUGH EACH AMERICAN'S OPPORTUNITY TO WORK AND SAVE, OUR PEOPLE HAVE ACCUMULATED A GREAT RESERVOIR OF FUNDS WHICH SUPPLIES THE FINANCIAL ENERGY FOR PRODUCTION TO BUSINESS, INDUSTRY AND AGRICULTURE. THIS ALSO SERVES AS A RESERVOIR OF SECURITY AND PROTECTION FOR AMERICAN FAMILIES, IN THE FORM OF SAVINGS AND LIFE INSURANCE.

UNDER NO OTHER SYSTEM OF ECONOMY OR OF GOVERNMENT HAS A PEOPLE IMPOUNDED SUCH RESERVES OF PRESENT AND POTENTIAL MIGHT FOR THE PRESERVATION OF PEACE, FOR THE MAINTAINANCE OF LIVING STANDARDS AND FOR THE FUTURE OF ITS FAMILIES.

CARD OF THANKS
We wish to thank our friends and relatives for their many expressions of sympathy during our recent bereavement in the death of wife and mother, Elma Estlin Culler.
Mr. George P. Culler and Family.

I wish to thank the class of 1951, Newark High School, for their kindness and floral offerings during my recent bereavement in the death of my mother, Mrs. Dorothy Malin.
Lester Pratt.

The Newark Post

The Newark Post, Newark, Delaware, Thursday, June 28, 1951

FILLIN' IN

We know this year's graduates will get along somehow, but we aren't so sure about the current crop of commencement speakers. From the news accounts we've read of their talks, we'd say they are a jittery lot.

A few hearty souls issued the traditional call for a return to rugged virtue, advising the graduates to avoid making filthy money and to concentrate on building treasurers of the mind. Some even posed as optimists and one hinted rashly that life "as we know it" would continue at least long enough to permit the graduates to get in a few class reunions.

The majority of the speakers, though, seemed to be of the "We Are In A Race With Catastrophe While Standing On The Brink Of Disaster" school. The news items we read were peppered with such phrases as "moral collapse," "intellectual decay," and "ethical frustration," all of which impend, loom, or are gnawing at the vitals of the nation. In addition to a bad case of gnawed vitals, the nation also is suffering from a rash of crumbling bulwarks, tottering principles and undermined ideals. These all result from a wide variety of open floodgates, including those of corruption, materialism, moral license and greed.

On the whole, we'd say it is a good thing the graduates only had to listen to one commencement talk. Any more and they would have been as confused as they have a right to be only when they reach the wisdom of middle age.

As it is, the graduates, if they take the advice of the speakers, are starting out pretty much at loggerheads. The seniors of Town Hill, for instance, are all set to gird themselves to battle for their very existence, as advised to do by the Rev. Edward J. Harris in a talk at their baccalaureate service. "If we do not soon get the peoples of the world to call one another brother, Russians will have them calling one another comrade," he warned.

On the other hand, the graduates of Dover High School regard the Russians as a blessing. They were told by the Rev. H. Hamilton Aulenbach that "if it were not for Russia, the U.S. would be asleep. Everyone would be living an easy life. Now we are alert. Progress is being made. Men are finding better ways to get along with each other." He even claimed this is a "good world" and said, "People are always talking about the good old days, but the best days are when you are alive."

This must seem like insane prattle to the graduates of Conrad and New Castle high schools, who were told by Dr. W. F. Dunkle that they only have one more chance for survival. Youth, he told them, must win "education's race with catastrophe" or the world is lost. He added that education has already lost two races this century and warned "it seems clear that we shall not have a third chance to achieve peace."

This dim view is not shared by the graduates of the Drexel Institute of Technology in Philadelphia, who feel that this country "is the main hope of those peoples who still cherish freedom." Maj.-Gen. Giff Andrus further told the seniors that "it may be the dreaded third world war has not started for the reason that we have the largest reserve of scientists."

But it is just this industrial plant and this reserve of scientists that worry the graduates of Salesianum and Wilmington high schools. The former were told by Dr. John H. Donnelly that Americans have placed too much faith in materialism. And the latter heard from Dr. Park W. Huntington that "scientific skill alone without moral responsibility and education solely without moral development lead to ruin and destruction."

Ruin and destruction be danged say the graduates of the Philadelphia College of Osteopathy, who are preparing to take over world leadership between patients. They were told by Dr. Theodore A. Distler that "the sequence of our times requires that the United States take over world leadership."

However, Dr. Distler later added to the confusion by slipping down to Oxford High and advising the graduates there that the "signs of decay are already evident on the American scene," and he urged the Oxfordians to become worthy citizens.

Decay or no, the graduates of Penns-Grove High School will be back for their 25th and 50th reunions. They were promised this by their speaker, Dr. Thomas Goslin II, who assured them that life as we know it would continue. He didn't say whether this was a good thing or not.

And while the above are thus girding themselves to fight for survival, racing with catastrophe, preparing to take over world leadership, avoiding materialism, or posing as the hope of the world, graduates of Newark High will be having a fine old time living intensely in the here and now. This full-throttle approach to life was suggested by Dr. John A. Perkins, who urged the seniors to seize each day and make the most of it. Boy, we bet their 50th reunion will be a riot!

The moral to all this probably is: Life is just a matter of how you happen to look at it.

Beef Ceilings Must Be Posted By Aug. 1

Local meat sellers have till Aug. 1 to post ceiling beef prices in their places of business, according to an announcement by Henry McC. Winchester, district director of the Office of Price Stabilization.

Mr. Winchester said that mechanical delays had forced the postponement of the intended June 18 posting date, and that the national office had decided to delay the requirement until Aug. 1, when the next price rollback in beef is now scheduled to go into effect.

Undeclared Spiders Win Over Chrysler, Curtis To Top Loop

Jays Second With One Defeat After Topping Vets, Chrysler

The undeclared Spiders tightened their hold on first place in the community softball league with victories over Chrysler and Curtis the past week.

The league big-guns took apart the Mo-Parts nine, 4-1, last Wednesday night, then perforated Curtis Paper, 9-4 on Monday.

In other league contests, the Blue Jays overwhelmed the Vets, 13-4, on Wednesday, and then eked out a 6-5 decision over Chrysler on Monday. The Jays currently are second in the league standings, with two wins against one defeat.

Thrill game of the week was the Spiders' victory over Chrysler, when the victors, after trailing 1-0 from the first inning, broke through for four runs in the seventh and final stanza to snatch the win.

Henderson started the action in the big seventh with a long home run to tie the count. After that the parts men fell to pieces in the field, and the Spiders breezed through for three more runs.

Despite the loss, Wegert, Chrysler's speedball pitcher, proved himself the class of the league. He turned down nine batters with strikeouts during the seven innings.

Pierce and Henderson paced the Spiders' attack with two hits each.

DELWARE PARK NEWS			
-------------------	--	--	--

Feminine thoroughbred owners more than held their own when it came to winning stake races last year at Delaware Park. No less than five of the 15 stakes that were run were won by horses owned by women. They were: Wilmington Handicap, Royal Blood, owned by Main Chance Farm; Polly Drummond Stakes, Merry Xmas, Mrs. Esther duPont Weir; Delaware Spring Maiden Steeplechase, Port Raider, Mrs. L. E. Stoddard; New Castle Handicap, Adlie, and Leonard Richards Stakes, Post Card, owned by Mrs. Walter M. Jeffords.

Scores of bunkhouses provide sleeping accommodations for backstretch personnel at Delaware Park. Each house is 15 x 20 and is equipped with running hot and cold water and lavatory. The houses are sanitarily maintained by inspectors during the racing season.

John J. O'Brien and Francis (Jock) LaBelle, who supervise Delaware Park's backstretch recreation program, is again back at the helm of the extensive athletic activities which provide sport and relaxation for racing personnel during off-hours. The program includes baseball, basketball, boxing, tennis and other recreational pastimes.

Guernseys Are Sold
Two registered Guernsey cows, owned by Howard J. White, Middletown, Del., have completed official Advanced Registry records that were supervised by the University of Delaware and reported to The American Guernsey Cattle Club for approval and publication.

On three times daily milking for a ten-month period, Peerless Flossie, a 5-year-old, produced 11,346 pounds of milk and 638 pounds of butterfat.

Newark Nine Defeats Aberdeen 3-2 For First Susky Loop Win

Gene Schaan stole home in the eighth inning to provide the Newark AA with a 3-2 decision over Aberdeen last Sunday. The victory was Newark's first in the Susquehanna League, which the club joined a week ago after Kennett Square dropped out of the race.

Newark invades Hickory, Md., Sunday. The club's first home appearance will not come until July 8 when Elkton will provide the opposition in the opening of the league's second half.

In last Sunday's contest, Bobby Harvey, making his debut on the mound for Newark, pitched masterful ball, allowing only five hits, three of them for Newark, pitched masterful ball, allowing only five hits, three of them for Newark, pitched masterful ball, allowing only five hits, three of them for Newark.

Junior Legion Nine Takes Two Straight Gains Victories Over First State And DuPont

The O'Daniel Post Junior Legion nine scored a 4-2 victory over First State Post last Wednesday and continued their fast pace with a 3-2 win Monday over R.C. DuPont of Claymont.

The highlight of the latter game was a homerun by Albie Sparks in the first inning with one aboard.

The O'Daniel boys play Roberts Post of Wilmington on Saturday at Price's Run, and return to the home field on Monday, July 2, to play host to the Durney Post of Wilmington.

Game time is 6:15 p.m. at the Continental Field. Manager John "Snaps" Fisher urges baseball fans to turn out and support the young team.

Newark Wins Again In County Loop Race

After dropping a decision to Christiana, the Newark nine jumped back into the victory column in the New Castle County League by defeating the second place Workhouse nine, 9-1, last Thursday.

Tonight Newark meets the Penna. R. R. and does not play at home again until July 5 when the National Guard will be on tap.

Newark's loss to Christiana was the team's first in league competition. Only other blotch on the record is a tie contest with the Newport Vets.

On three times daily milking for a ten-month period, Peerless Flossie, a 5-year-old, produced 11,346 pounds of milk and 638 pounds of butterfat.

Coon Dog Trials Slated July 4 Near Middletown

Coon dog field trials will be held July 4 at the William Unruh farm near Middletown.

A \$150 purse along with trophies and ribbons will be offered. The deadline on entries is 12 noon.

Serving as field marshalls will be Melvin Nutter and Nelson Waibel.

The event, expected to draw a field of 150 hounds, is being sponsored by the Delaware Coon Hunters Association.

Draper Takes Title In President's Cup Links Tournery Here

Qualifying Scores For Club Championship Test Listed

Milton Draper earned the title in the President's Cup Tournament at the Newark Country Club by defeating Harry Williamson, 2 and 1 in the finals.

The club will hold its annual membership best-ball-of-partners 18-hole tourney this Sunday.

First round pairings and qualifying scores for the club championship tourney follow:

Harry Hackett, 71, vs. Fred Gunent, 73; F. Bealman, 79, vs. by; H. Hurst, 76, vs. Jim Tyler, 89; Len Fossett, 81, vs. by; A. Dollins, 73, vs. Dan Hamilton, 85; D. McSpaden, 80, vs. by; Jim Riley, 77, vs. A. Jacobs, 91; L. Day, 81, vs. by; George Anderson, 71, vs. Len Jones, 85; Leon Ryan, Jr., 79, vs. by; R. Watson, 77, vs. John Connolly, 90; Williamson, 81, vs. by; Bob Stewart, Jr., 75, vs. Joe Grant, 87; B. F. Richards, 81, vs. by; William Hamilton, Jr., 77, vs. by; L. Guenveur, 82, vs. by.

Dollins took low gross honors in yesterday's sweepstakes event with a score of 78. Jim Tyler's 60 won the low net prize.

The club will hold its annual membership best-ball-of-partners 18-hole tourney next Sunday.

A local brown thrasher undoubtedly had the richest bird nest in these parts.

Nine-year-old Anson Leslie Greeley spotted the nest in a spruce tree, and took it for his collection. While putting it away, his mother noticed the thrasher's abode was papered in green. The bird had woven a dollar bill, neatly folded, into the nest walls.

\$50,000 New Castle 'Cap June 30 Is Richest Delaware Park Race

One of Country's Three \$50,000 Events For Mares And Fillies; 62 Nominations Received; Race Expected To Gross Around \$61,200

The \$50,000 added New Castle Handicap for fillies and mares, which this season will become the richest race offered by Delaware Park since the track's inception in 1937, has attracted a sparkling list of 62 nominations.

The number of eligibles announced by Racing Secretary-Handicapper J. Gilbert Haus tops by three the total received for the 1950 renewal.

In an effort to elevate the status of the New Castle to championship classic proportions, Delaware Park this year has doubled the added value of the June thirtieth fixture and increased the distance from a mile and a sixteenth to a mile and a quarter. The event is expected to gross approximately \$61,200.

There are now only three \$50,000 added stakes in the country for fillies and mares exclusively. The New Castle, Arlington Park's Arlington Matron in July and Aqueduct's Beldame in the fall comprise the trio. The increased value and importance of the New Castle is particularly pleasing to breeders who long have advocated more and bigger races for fillies and mares.

Class abounds in the 1951 nominations. Among the candidates which have already won stakes for the distaff members this year are King Ranch's Renew (Firenze Handicap) and Tilly Rose (division of Priores Stakes); Herman B. Delman's How (Kentucky Oaks); Wheatley Stables Antagonism (Black Helen Handicap) and Greentree Stable's Ruddy (division of Priores Stakes).

Others named for the newly endowed stake include Alfred G. Vanderbilt's Next Move, champion three-year-old filly of 1950, and Sweet Talk; Mrs. Walter M. Jeffords' Adlie, last year's New Castle Heroine; Springhill Farm's Nell K., William Ewing's Dark Favorite, Belair Stud's Vulcania, Joe W. Brown's Thelma Berger, winner of the Louisiana Handicap among other events; Cary C. Boshamer's Carolina Queen, Foxcatcher Farms' Gallery, H. P. Headley's Aegina and Ltrs., W. M. Jeffords' Kiss Me Kate, Mrs. S. duPont Weir's Merry Xmas and other good winners.

C. V. Whitney headed the New Castle

nomination by naming Mrs. Baby, Swanky, Scoreless and Phoebe.

The New Castle will come at an ideal time for bringing together the aspirants of the filly-and-mare race since 16 stakes around the country for either the three-year-old fillies or for both fillies and mares have been decided prior to June 30.

A match will be played on Sunday (July 1) between the Hissop Polo Club and the West Shore Polo Club of Harrishburg. They will play again on Wednesday, July 4, these two days Brandywine will be in the Valley Rock, playing the Valley Polo Association, when they met here on May 20th and beat 7-1.

Brandywine returns to its oval on July 8th to meet the Blind Polo Club of Portchester, N.Y.

There are, disadvantages may need to be considered.

Tips For Junior Poultrymen

One hundred and fifty boys and girls from all parts of Delaware, started baby chicks this week in the state-wide Chickens-of-Tomorrow Contest. Frank Gordy, Extension Poultryman at the University of Delaware, has made several suggestions to the young chicken farmers to help them grow better broilers.

"Allow enough room for the chicks," he says. "One square foot of floor space per chick is best."

"Keep the chicks comfortable—neither too warm or too cold. Start with a temperature of 90° to 95° at edge of brooder two inches from floor. Gradually lower the temperature, about 5° a week. Always watch the chicks to see what the temperature is right."

Gordy also suggests a dry, deep, peat litter. Crushed corn cobs, pea shells, peat moss, or a similar material, 3 to 4 inches deep, has been recommended.

"Keep clean water and feed in front of chicks at all times," he points out. "Be alert, and pay close attention to health, and your chicks should do well."

Each of the young poultrymen is raising 50 broiler chicks. When the chicks are twelve weeks old, six cockerels from each contestant will be weighed and judged, and Delaware's junior chicken growing champion will be picked. A trophy from the D.P.L.A. and \$100.00 in cash prizes will be awarded.

Detroit To Celebrate 250th Date Of Founding

Detroit, during July of this year, will be the site of the largest and most all-inclusive civic celebration taking place in the United States. Events of national and international importance will be held in commemoration of Detroit's founding by Antoine de la Mothe Cadillac, July 24th, 1701.

Led by embassy officials of Britain, France, and Canada, representatives of free governments all over the world will attend Detroit's 250th Birthday Festival. During the week of July 22-29, a constant round of events will take place for the benefit of visitors and the people of Detroit. This week will be the peak period of the city's year-long Birthday Festival celebration.

Appropriately, the week will begin on Sunday with special commemorative services in all Detroit churches. Also, on the twenty-second, third of a series of symphony concerts will be presented on Belle Isle. The concert, which will be conducted by Sir Ernest MacMillan, will feature the music of Britain and Canada.

On the birthday, July 24th, a day-long series of special civic observances will mark the celebration of Detroit's founding. High-ranking representatives of the French, British, Canadian and U. S. governments will take part in special ceremonies at Belle Isle.

The story of a faith that paid off

YOU KNOW IT'S TRUE BECAUSE IT'S HAPPENED TO YOU AND YOUR FRIENDS AND NEIGHBORS

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help achieve the victory of World War II? After V-J Day, when those bonds became Savings Bonds, you continued to buy them because you had learned how regular saving could build security and contentment for yourself and those you love.

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the highways—Savings Bonds cars, bought with the product of individual thrift. On the farms, Bond-purchased equip-

ment has helped produce bumper crops and prosperous years. Everywhere in America, man's urge to get into business for himself has become a bright reality. So has the ambition of loving parents to send their children through college. Time and time again, Savings Bonds have made those dreams and many others come true.

You KNOW they've come true, because it's happened to you or to some of your own friends.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

How much money is that? It's enough

to build a new \$10,000 mortgage-free home for every family in San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

Kind of a king-size success story, isn't it? Your success story because you and the millions of your neighbors are living it right now. Your own faith in America—your own desire for the warmth of family security and independence—have made the story of United States Savings Bonds the thrift miracle of all time.

For your security, and your country's too, save now - through regular purchase of U.S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council.

153 Farm Youths In Chick Raising Test

Junior Chicken Of Tomorrow Contest

Multity 153 by 50, and you have 7,850 promising chickens of tomorrow being raised by Delaware farm boys and girls.

J. Frank Gordy, extension poultryman at the University of Delaware, announces that there are 153 boys and girls enrolled in the Junior Chicken-of-Tomorrow Contest. Each youngster raises 50 straight run chicks, starting the week of June 25. When market size, six cockerels out of each group will be dressed and judged for size and quality.

The boys and girls entered from New Castle County are: Townsend—Joan Funk, Rodney A. Reynolds, James C. Reynolds, William T. Warner, Charles Sandberry, Bear—Milton Fox, James E. Moore, Charles S. Moore, Ronald Steel, William F. Walthers, Smyrna—Charles Gardley, Raymond Gardley, David Hankins, Harvey Riley, Paul Butcher, Newark—Roger George, James Frazee, Jr., Delores Lloyd, New Castle—Betty Buffington, Fay Buffington, Emlyn T. Buffington, Robert Duhadaway, Wilmington—Norman McCann, Winterthur—James Hannigan, Barley Mill Rd.; David Woodward, Centerville; Roy W. Woodward, Centerville; Ronald Woodward, Centerville; Kirkwood—Robert Armstrong, Middletown—Frank Hetzell, Millard F. New Research Is Launched By U. of D. Civil Engineers

More economical and efficient methods of curing concrete pavements are being sought on a joint project of the State Highway Department and the Civil Engineering Department of the University of Delaware.

The project is the most recent of the four undertaken by engineers of the two departments. Reporting upon the latest project, Charles N. Gaylord, professor of civil engineering at the university, said that "It is hoped that this project will reveal the merits of various methods of curing concrete. Although considerable research of this type has been carried on, the subject is still controversial. Just what information is required to shed light on the subject is as great a problem as how to acquire the data."

"One theory is that very small cracks develop in the concrete slab in the early stages of curing because of the slab's warping. The warping is caused by temperature variations in the slab, and as the warping takes place damaging tensile stresses are set up in the fresh concrete. If this theory is true a very important factor in the curing of concrete is to hold temperature variations to a minimum.

"So far our tests on four slabs have shown a variation in temperature from the top to the bottom of the slab as much as 20 degrees, Fahrenheit. These results indicate the practicality of the project and the feasibility of future work along these lines."

Gas Change Over Is Completed By Firm

According to a statement this week, by Stuart Cooper, president of Delaware Power & Light Company, adjustments to gas appliances of the company's more than 47,000 customers have been completed, and the new 800 Btu gas is now being supplied this area, in place of the 520 Btu gas supplied heretofore for many years.

"I want to express to all our gas customers," said Mr. Cooper, "my sincere appreciation and thanks for their excellent cooperation which helped us maintain our work schedule and complete this undertaking on time."

Mr. Cooper pointed out that prior to the introduction of the 800 Btu gas all customers' gas appliances were adjusted to utilize the new gas.

Commenting on the recent Federal Power Commission denial of an application for natural gas which the company had contracted to buy from the Transcontinental Gas Pipe Line Company, Mr. Cooper assured customers that efforts would be continued to secure a supply of natural gas adequate to meet the needs of this area. He again pointed out that a supply of straight natural gas appears to be the only means by which a future increase in gas rates can be avoided, but stated that no immediate action will be taken at this time.

Price Rollbacks Hinge On Congressional Action

Failure of Congress to permit OPS to make additional roll back in the price of beef may cost each man, woman and child in the nation \$6.30 within the next year, according to Joseph J. McBryan, acting regional director of the Office of Price Stabilization.

For Pennsylvania and Delaware, which comprises his region, with a total population of 10,816,097 people, this would mean a total loss of \$68,000,000, he said.

Congressional action to prohibit roll backs may affect much more than beef, McBryan pointed out. It could prevent roll backs on all manufactured goods in cases where price increases have gone above material and labor costs since Korea, he explained. Price Stabilizer Michael V. DiSalle has put that total cost to the American people at more than two billion dollars.

Poison Ivy Killed By New Chemicals

Most Effective When Plant In Full Leaf

Poison ivy on your place? Now is the time to go after it with chemicals, says Edward H. Schabinger, New Castle County Agricultural Agent.

Chemicals are the most effective when the ivy is in full leaf. Mr. Schabinger recommends three new chemicals for killing the ivy.

Ammonium sulfamate is one of the best. Use it as a spray, 12-16 ounces of the powder to a gallon of water. Or use it dry with one part of chemical to six parts of sand. Apply the spray until the leaves are wet but not dripping. Sprinkle the dry mixture directly onto the plants. The dry mixture is less likely to injure young trees, or ornamental shrubs nearby.

One treatment of either spray or dust, will kill the ivy in about two weeks. Treat new growth that shows up later just as soon as the leaves are fully open.

Two, 4-D and 2,4,5-T, says Mr. Schabinger. In either case second or even third treatments are usually necessary to get a complete kill.

A word of caution from Mr. Schabinger. These powerful chemicals kill or injure all broad-leaf plants. They must be used very carefully near gardens or on lawns where there are valuable crops or ornamentals.

Robin Hood Theatre Opens Play Monday

'Miranda' Slated For Week's Run

Already into their first successful week, the Robin Hood Theatre company at Arden, Delaware, take stage positions Monday, July 2nd, for the opening of Peter Blackmore's "Miranda." Monday, rather than Tuesday, opening nights are a 1951 innovation at the Robin Hood, as are the special Monday evening reduced ticket rates. Information on the latter may be secured by phoning Holly Oak 6686.

Currently attracting playgoers to Delaware's only professional summer theatre is "Penny Wise," a captivating tale of love and laughter which has been deftly staged by Director Windsor Lewis. Marguerite Morrissey and Alan Furlan head the cast, with Cynthia Rogers, Laura McClure, Barbara Rush, and John Drew Devereux in major roles. "Penny Wise" will continue in production through Saturday, June 30, with the curtain rising nightly at 8:30.

James Nolan, whom Robin Hood theatrogoers will remember with pleasure from his 1950 appearance in "Good Housekeeping," returns to the Arden stage next week for "Miranda." Owing to his many TV and radio commitments, he will only be able to join the Robin Hood company for one play this season. In "Miranda," a delightfully different show with a surprise ending that must be kept secret, Mr. Nolan will be seen as Paul Marten, a doctor who brings the attractive Miranda to his home as a patient—much to the distress of his wife.

Beautiful Paramount starlet, Barbara Rush, appears in the title role, with Cynthia Rogers as Mrs. Marten. Miss Rush, who began her theatrical career at the Pasadena Playhouse, has already made five films. She played opposite Charles Boyer in "The First Legion"; with Corinne Calvet and John Barrymore, Jr. in "Quebec," and with the Goldbergs in "Molly." Her two other starring films, both due to be released this summer, are "Flaming Feather" with Sterling Hayden and "When Worlds Collide" with Richard Derr.

Letters Testamentary

SUPER MARKETS

Customers' Corner

As you know, A&P has led the way in seeing that every item you purchase has the price marked on it.

This is not an easy job, but we took it on because we felt it would help you in your shopping, and help our expert checkers be sure that you are charged the correct price.

So, when you return home from your A&P, you can be sure that the price will be plainly marked, not just on some items, but on every item you purchased.

Do you find this price marking helpful? Have you any suggestions as to how we can improve it? Please write: CUSTOMERS RELATIONS DEPT. A&P Food Store 420 Lexington Ave., New York 17, N. Y.

"SPEEDY" by DENNISON (Nash) MOTOR Co.

1. "WHAT CLASS? WHAT LINES? WOULDN'T YOU LIKE TO TAKE THAT PICTETRY THING OUT AND ROLL HER OVER SOME HILLS?"

2. "I'LL HAVE YOU TO KNOW THAT MY WIFE'S WHICH YOU ARE SPEAKING."

3. "YOU'VE GOT ME WRONG, MISTER. HOPEST I HAVE JUST DESCRIBED WHAT KINDS OF USED CARS ARE SOLD BY DENNISON MOTOR CO."

4. "SO—MY WIFE AINT GOOD ENOUGH—HUN?"

5. "I WOULDN'T EVEN CONSIDER YOUR WIFE THAT."

CUT YOUR FOOD BILLS WITH THESE

Locker Plant Services

Frozen Meat, Poultry and Vegetable Sales

Save by buying your frozen foods here. Meats and poultry are locally raised and slaughtered. We also handle nationally-accredited brands of frozen vegetables. You need not rent a locker to use this money-saving service.

Meat Processing Service

We are equipped to chill, cut, age, wrap and freeze meat either for home or locker storage. We also grind sausage or hamburger, freeze and store vegetables and freeze and wrap fish. These services cost but a few cents per pound.

Southern States Unico Farm Freezers

Drop by and look over the new Southern States Farm Freezers. Three fine models are available, the 8-Ft. for small families, the 15-Ft. for average farm families—and the big, 30-Ft. freezers which hold over a half ton of frozen foods!

Poultry Dressing Service

Use our low cost poultry picking, dressing and freezing service. We also wrap and freeze home-dressed poultry for storage here at our plant. This service costs but a few pennies per bird.

Freezer and Locker Supplies

We handle frozen food containers for vegetables, fruits and poultry... also special freezer wrapping paper for meats, freezer tape, cellophane container liners and many other standard home freezer and locker supplies.

Slaughtering Service

We are equipped and have trained personnel for year-round butchering of beef, veal or pork. Slaughtering can be done at any time in our plant, regardless of the weather. You no longer need wait until the temperature drops or the price is favorable.
