

COMMITTEE CHAIRMEN NAMED FOR 4-H FAIR

Annual County Achievement Day Here On September 29

The annual New Castle County 4-H Achievement Fair, which will be held Saturday, September 29 at the University of Delaware's Experiment Farm, just south of town on the Glasgow Road, is attracting the attention of many rural youths of the county.

One of the year's high spots for farm boys and girls, the annual Fair offers an exhibition of livestock, clothing, canning, handiwork, and other achievements of the county youth during the year.

Prizes will be awarded in all classes with the County winner going into State competition and the subsequent State winner will go to Chicago in December to compete in the annual 4-H Congress held there.

At a recent meeting of 4-H leaders and council members, committee heads for the fair were named as follows: Chairman of afternoon program: Hannah Mitchell, White Oak Club, Hockessin.

Chairman of lunch counter: Mrs. Irving Steel, Forest Oak Club, Newark.

Chairman of dress revue: Catherine Fraze, Corner Ketch Club, Newark.

Chairman of dairy show: Norman Collins, Everready Club, Middletown.

Clothing exhibit: Charlotte Brown, Friendship; Mrs. Myrna McElwee, Glasgow-Pencader Club.

Cooking: Barbara Thompson, White Oak Club, Hockessin.

Canning: Helen Jezzy, Forest Oak Club, Newark.

Swine: George Moore, Bear Gardens flowers, honey: Richard Reed, White Oak Club, Hockessin; Nancy Brittingham, Marshallton.

Poultry, rabbits, eggs: Bayard Steele, Forest Oak Club, Newark.

Parking: Harold Prettyman, Kirklin Club, St. Georges.

Unloading livestock: Walter Patterson, Corner Ketch Club, Newark; Louis Dempsey, Corner Ketch Club, Newark.

Many other club members and local leaders have volunteered to serve on various committees.

Tire Manufacturers Limited To One Quality

Tire manufacturers are to be limited to one quality of tire in each size, the War Production Board announced today. The agency said this war-time restriction is being retained in order to assure maximum production.

The permitted tire is described officially as "100 level." No premium grades and no tires of lower than standard quality may be produced. All types of tires will continue to be made with black sidewalls only.

Tire manufacturers, however, are being released from government control as to size of tires they make.

\$90,000 TO BE CLAIMED

Tax Refunds Awaits Owners

Waiting for 2,000 taxables who moved and failed to leave forwarding addresses are that many federal income tax refund checks with a total of about \$90,000 at the office of Collector of U. S. Internal Revenue for the District of Delaware Norman Collison, Postoffice Building, Wilmington.

Most of those to whom these checks were drawn are believed to be war workers who came here from other states, filed their federal income tax returns here and paid the tax, but moved away before refunds due them were mailed. A total of about 46,000 refund checks aggregating about \$1,500,000, has been mailed and received by Delaware taxables in connection with 1944 calendar year income.

If the correct address for a refund check is not in the hands of the collector within six months after the date of the refund check, it will be sent to the general accounting office in Washington and held there.

RATIONING ON SHOES MAY END OCTOBER 1

Shoe rationing may end Oct. 1.

It will if top officials of the War Production Board follow recommendations of the agency's leather bureau. It's the job of that bureau to know the shoe situation thoroughly.

A decision will be made in the next week or so, after conferences between WPB Chairman J. A. Krug and OPA Administrator Chester Bowles.

OPA shoe officials are not expected to voice any strenuous objections to the WPB proposal, although Oct. 15 and Nov. 1 have been mentioned more frequently within OPA as likely dates for ending the program.

There is not complete agreement in WPB on the Oct. 1 date. The agency's office of civilian requirements reportedly wants to make sure before committing itself that stocks and the production outlook are adequate to permit unrestricted buying.

Both OPA and WPB have indicated that when shoe output reaches the rate of 30,000,000 pairs a month, rationing

can be ended. The recommendation of WPB's leather bureau is said to be based on strong indications that such a rate will be achieved next month. If it is it will be only about 3,000,000 pairs short of the 1939 monthly rate.

In advocating an early end to the program, government officials who asked anonymity said that for all practical purposes shoe rationing already is at an end.

They reason this way: The public knows that in any event the end is not far off. Consequently, these officials say, there no longer is much hesitancy about spending shoe coupons.

The officials also want to see rationing terminated because they feel it tends to inflate shoe prices. They say:

Under rationing, people buy more expensive shoes in the hope they will last longer. And some manufacturers have taken advantage of this tendency by discontinuing lower price lines.

RUSSIAN TO BE TAUGHT OFF CAMPUS

Resumption Of Extension Course Begun

Courses in the Russian language and in the history of Russia will be given for the first time when extension courses are resumed this week by the University of Delaware here, in Dover and in Wilmington.

For the first time since the beginning of World War II, men and women of the University, whose college education was interrupted, will have a chance to complete their work towards degrees through these extension courses.

Classes will be held once a week at the Wilmington and Dover high schools and at the University here for persons who wish to add credits to their degrees, work for certificate renewal or add credits to degrees already obtained. Persons not interested in credits may take the courses if they desire.

Courses will be held under the direction of Dr. Earl W. Armstrong, head of the School of Education. Classes will include chemistry, physics, chemical engineering, education, English, history and modern languages.

In addition to the university staff, the faculty will include Dr. H. M. Spurlin of the Hercules Experimental Station, an authority on high Polymer Chemistry, and Miss Eva M. Pletsch, of Temple University, a specialist in modern dance.

11,000 Autos In County Lack New Licenses

More than 11,000 automobiles in New Castle County remain to be registered by Sept. 30, Frank L. Reed, manager of the Wilmington office of the Motor Vehicle Division, said yesterday. There are 17,182 cars in the county eligible for registration during the current year and up to last Saturday only 5,800 had secured renewals.

The office continues to return mail applications which contain incorrect fees for registrations. These owners get in checks calling for the fee paid last year apparently not realizing that there has been a reduction since that time.

The new fee for pleasure cars of 1,000 pounds and under is \$8 and over that weight it is \$12. The weight to be considered appears as "fee class," the upper weight on the registration card. The gross weight should be ignored.

Delaware Automobile Registration Expiring

Should Be Renewed NOW! **9-30** By MAIL or in Person!
Must Be Renewed Before **Sept. 30, 1945** To Avoid Inspection

TO RENEW BY MAIL for a period of one year, mail your registration card to any Motor Vehicle Office, include check or money order payable to the Motor Vehicle Division in the amount of registration stamped on your registration card (see new fee system below). Your card will be returned properly stamped along with your new license. If you desire to renew for a period of six months send only half the amount stamped on your registration card PLUS \$1.00 for the privilege of securing six months' registration. **SURE CORRECT ADDRESS IS ON REGISTRATION CARD OR ATTACHED TO IT BEFORE MAILING.**

 Roger E. Kennard, Yeoman Second Class is spending a twenty-day leave with his wife and parents, at their home on Prospect Avenue. He has spent the past year with Submarine Squadron 24 based at Midway Island. He formerly served a year in the Atlantic aboard the USS Mackerel. Yeoman Kennard is the son of Mr. and Mrs. Charles E. Kennard.
 Mr. and Mrs. Conrad K. D. Lewis of 150 Academy Street have received word that their son, Private Conrad K. D. Lewis, Jr., is convalescing from an appendectomy. Private Lewis is now stationed at Camp Crowder, Mo.
 Merrill Robinson, Gunners Mate Third Class is now on leave. He is the son of Mr. and Mrs. James Robinson of Lumbrook.
 Coxswain Harry Robert Correll, son of Mr. and Mrs. Jacob Correll, Glasgow Road, arrived home this week for a thirty day furlough after having spent twenty-two months in the Pacific area. He saw action in the invasion of the Marshall Islands and Saipan and for the past year has been stationed in Hawaii.
 Word has been received that Eric G. Mayer, S. P. (x) Second Class has been transferred from London to Frankfurt, Germany. He is attached to the Naval Intelligence. He is the son of Mr. and Mrs. John Mayer, Sr., Elkton Road.
 Captain Paul Pie Steel who is now serving somewhere in the Pacific has been promoted to the rank of Major. He is the son of Mrs. Walter H. Steel, 346 South College Avenue. Major Steel has been in the Pacific area for about one year.
 Private First Class Thomas M. Lilley is spending a thirty day leave with his parents at Elliott Heights. He will report to Fort Dix, N. J., and will then be transferred to Camp Campbell, Kentucky. Pfc. Lilley has served for eleven months in the European Theatre of Operations and was on one of the first ships to be turned back from the Pacific when peace came. He is the son of Mr. and Mrs. T. L. Lilley.
 Word has been received here that William Bellman, Pharmacist Mate Third Class and Dick Tweed, Radioman Third Class have met somewhere on Leyte. Bellman who has been out of the country since January 1945 is the son of Mr. and Mrs. Harry Johnson, 172 S. Main Street and his wife, Mrs. Julia Bellman resides at 22 Haines Street. Radioman Tweed was sent to the Pacific Area in April of this year and he is the son of Mr. and Mrs. Pierce E. Tweed of 30 Academy Street. His wife, Mrs. Oleta Tweed lives at 68 East Delaware Avenue.

MRS. WILSON'S CLASS TO HAVE FOOD SALE
 The members of Mrs. Etta Wilson's Sunday School Class of the Newark Methodist Church will conduct a food and soup sale on Saturday, September 29, at the church. The sale will start at 10 A. M.
 Orders for potato salad and soup may be placed by your calling 6973.
 Mr. and Mrs. L. L. Lewis and Miss Jean Lewis of East Main Street spent the past week-end in Norfolk, Va.

Mr. and Mrs. George Benoit of 308 Ashley Road are receiving congratulations on the birth of a son, born Wednesday, September 12, at the Memorial Hospital, Wilmington. The baby has been named Gerald Stephen Benoit. There is one other child in the Benoit home. Gorge L. Benoit. Mr. Benoit is employed with the Hercules Powder Company and is associated with the Jaycees of Newark. The Benois are formerly from Washington State.

Mr. and Mrs. Ralph Kumber have returned to their home in Pelham, New York after visiting with Mrs. George E. Dutton of 183 West Main Street. Their daughter, Miss Mary Kumber, has been registered as a student at the University of Delaware this year. Miss Kumber is the granddaughter of the late Dr. George Harter.

Miss Gladys Hanes of near Newark has accepted the position as secretary to Mr. R. W. Heim to succeed Mrs. Orville Little, who, due to illness, has resigned this position after having been employed as secretary to this office for twenty-five and one-half years.
 Dr. and Mrs. Price of 54 Winslow Road and Mr. and Mrs. William E. Holton of South College Avenue and Kentway have been recent visitors at Buck Hill Falls in the Poconos.
 Congratulations are being extended to Mr. and Mrs. William Garritt, 27 Choate Street on the birth of a son, born September 14, in the Wilmington General Hospital.
 Miss Sarah E. Mason of Nottingham Road is enrolled as a freshman in the College of Fine Arts at Syracuse University. She is preparing to major in painting. Miss Mason is the daughter of Mrs. H. W. Mason.
 Mr. and Mrs. Howard Eveland of 267 East Main Street celebrated their fourteenth wedding anniversary on Wednesday, September 19. Mrs. Eveland will be remembered as Miss Sara White. The Evelands have two children, Yvonne 12, and Donna, 6.
 Mr. and Mrs. Hendrick A. Van Dyke of Capital Trail are receiving congratulations on the birth of a son, born September 12 in the Delaware Hospital. Mr. Van Dyke is the supply pastor of the White Clay Creek Church, near Newark.
 Congratulations are being extended to Mr. and Mrs. John Reed on the birth of a son, September 18, at the Delaware Hospital, Wilmington.
 Mr. and Mrs. William Murray of South College Avenue are visiting relatives in Virginia.
 Mrs. C. E. Douglass of South College Avenue and Kent Way is a patient at the Union Hospital, Baltimore, Md.

 NEWARK, DELAWARE

We've always been inclined to smugly agree with those who alleged that we can be wrong. One charming young thing called us on the phone and wanted to know if she was slightly screwy or if we had made a mistake.

Now, that just goes to prove that we aren't superstitious... also that we can be wrong. One charming young thing called us on the phone and wanted to know if she was slightly screwy or if we had made a mistake.

Someone asked us the other day, "Is Harvey Johnson the boss of the crew of bricklayers putting up the new B & O Station, or does he just act that way?"

It beats us how much interest male visitors to our office are showing suddenly in the intricate operations of a linotype machine. These same visitors have been calling at our place frequently for years but this is the first time they've shown such decided interest in any one piece of machinery.

"Is said, 'The better the day, the better the deed,' and, this being true, this should be an excellent bit of reading. But, in truth our heart isn't much in it although it is being written on Sunday — when it shouldn't."

One reason, perhaps, is that we ushered in the inauguration of squirrel season Saturday morning in fitting fashion. We got up at the first crash of our alarm clock, at five o'clock, A. M., dressed quietly so as not to wake the 'little woman' and hastened to the kitchen for a cup of coffee — only to find that we'd have to make it ourselves.

Well, we've got one of those new fangled coffee making gadgets where you just put the coffee in a bottle, boil the water in a pan then pour said hot water over the coffee. You then sit the coffee maker back on the flames for a few minutes and it's ready to drink.

Well, we did real good up until it came time to put the gadget back on the flame for a few minutes. Then, we began to wonder just what one is supposed to do with the stopper and, not finding any ready solution, came to the conclusion that the stopper belonged back in the bottle. That's where we were wrong, again.

Putting the stopper in the bottle, now containing both the coffee and the hot water, we turned around to dig out a sweet bun only to hear what sounded like a shot followed by what sounded like someone playing a fire hose on our kitchen wall.

Turning around, to our dismay, we saw that the stuff had boiled again and the darn thing exploded coffee all over our pretty white kitchen wall and ceiling. Now, at five o'clock in the morning that wasn't funny. So, we got started off bad.

After drinking the half cup of coffee salvaged from our sad experience, we DID go squirrelling and tromped (or rather sneaked) through the woodlands until nine o'clock without yet seeing a squirrel.

The delightful atmosphere of friendly camaraderie and delirium tremens — No! No! — we mean delicious trimmings, of the excellent clambake at the country club Saturday evening helped wonderfully to erase memories of the unpleasant morning. No foolin' that clambake was something to write home about, and congratulations not only are in order but are extended to the committee for such a pleasant and satisfactory filling an occasion. Think we ate everything but the clam shells and would have tried them if we hadn't run out of butter sauce.

We have been charged (and that doesn't mean we got something on credit, either) to state IN THIS COLUMN that Mrs. Block, of Washington, D. C., reknown, was the weekend guest of Mrs. D. D. (NOT D. D. T.) of 192 South College Avenue. So, there 'tis, but Miss Johnston isn't going to like our reporting social items here.

What man whose surry is bald on top and has a gray fringe around the edges was gotten out of bed by a telephone call at 2 a. m. Sunday morning to be invited for early breakfast? Boy, that WOULD be early.

In case you're interested, National Dog Week is September 16 through the 22nd. So, give 'man's best friend' a lil pat on the back this week — no dog ever talked back.

We have a feeling that if we ever write another column like this one, it'd better be censored. But — it's too late to change the trend now, so here goes.

The Paltó Alto (Calif.) Times recently gave this revealing critique in its motion picture guide: "Under The Big Top" — Family, Mature. The last word, of course, should have been 'mature' although the former was undoubtedly more descriptive.

TWO CHANGES ANNOUNCED IN YELLOWJACKETS NINE GAME GRIDIRON SCHEDULE

Opening Game With Brown Vocational, On September 29, To Be Played Under Arc Lights At Wilmington Ball Park; A. I. duPont To Play Here, November 10

Newark High School's gridiron prospects are taking on a brighter aspect, Coach Stanley Gibbs reported this week after the first scrimmage session of the season was held on the Yellowjacket Field Saturday morning.

Heavy equipment issued last week was worn in the two-hour contact drill. One eleven composed of an experienced backfield working behind a green line opposed an inexperienced group of backs operating behind a semi-veteran line with honors about evenly divided after the two-hour session with no injuries sustained.

1945 WORLD SERIES SET FOR OCT. 3

Vets Returned By Sept. 30 Are Eligible

Arrangements for the 1945 World Series have been completed with the exception of naming the umpires.

The baseball classic will open at 1:30 p. m. on Wednesday, Oct. 3, in the park of the American League pennant winner, Baseball Commissioner A. B. (Happy) Chandler announced following a meeting with representatives of the contending teams.

The first three games will be played in the American League park — Wednesday, Thursday, and Friday. The next four contests, if the series goes to seven games, will be played in the park of the National League champion.

If Detroit is the American League winner and either St. Louis or Chicago win the National League pennant, their locations will not require an off day for travel.

If Washington takes the American League crown, however, Saturday will be devoted to travel and the fourth game will be played on Sunday, Oct. 7. President Truman was presented with a gold pass to the series. He hopes to attend at least one game in each series city.

Umpires will be selected Oct. 1. Players in the service who return to their clubs before the season's end on Sept. 30 will be eligible to play in the series.

Detroit, Washington, Chicago and St. Louis were authorized to start print-series tickets. A top of \$6 was set for box seats.

IMPROVING TRAM SERVICE

The Los Angeles street railways system has established two-way radio-telephone service between its central headquarters and a fleet of 22 service trucks.

MORE EGGS!

Housing your hens in a comfortable, sanitary, rat-proof concrete poultry house is a good way to insure bigger egg production. When built of concrete a poultry house will last a lifetime and its modest first cost will be practically the last.

Long-lasting concrete is the sturdy material for feeding floors, dairy barn floors, milk houses, foundations, grain storages, manure pits, water tanks—improvements that help you raise more needed foodstuffs.

Send today for "how to build" booklets. If you need help, get in touch with your concrete contractor or building material dealer.

Portland Cement Association, 1529 Walnut St., Philadelphia 2, Pa. Please send me free booklet, "Improved Poultry Housing with Concrete." Also booklet on...

Fewer Ducks, Geese To Fly Southward

There will be fewer ducks and geese on the southward flight this year, Director Ira N. Gabrielson of the Fish and Wildlife Service predicted today. The hunting season on migratory game birds begins Sept. 20 in the northern zone.

Gabrielson said last winter's inventory of waterfowl showed a decrease of approximately 20,000,000 birds. The figures were confirmed by observers watching the migration northward this spring.

Gabrielson said a heavy kill during the hunting season last year was responsible for the large reduction.

VETS MAY ENLIST IN RESERVES

All Discharged Soldiers Are Eligible To ERC

Every soldier honorably discharged in New York, New Jersey, and Delaware is offered an opportunity to join the Enlisted Reserve Corps. It was announced today by Headquarters, Second Service Command.

The Army offers such enlistments not only as a reward to veterans for their war service but also to build a strong reserve of trained men to meet any emergency the future might bring. The plan is nationwide.

Veterans who join the ERC continue to hold the Army grade or rating held at time of discharge. Also they maintain their service longevity, and at some future date they will be given opportunities to continue the study of their Army specialty.

Enlistments are open to men who qualify for limited or general service (except members of the National Guard) and will be for a period of three years or for the duration of the war and six months thereafter, whichever is longer. Enlisted reservists released from the Army under the demobilization plan will not be recalled to active duty except by order of the Secretary of War, but those desiring active duty may apply.

Soldiers may join the ERC right at their separation center, receiving their enlistment papers along with their discharge certificate. Veterans who do not take advantage of the offer at the separation center may, within 15 days of discharge, apply for enlistment as a reservist at any United States Army Recruiting Station.

Applicants are permitted to select any arm or service in which they served while in the Army.

HEAVY RAINFALL HALTS HARNESS RACE MEETING ON SATURDAY AFTERNOON

Five Race Program Cancelled After Third Event When Horses Narrowly Avert Injury In Quagmire Footing; Events Reduced To Single Heats

The Saturday afternoon harness races held at the Home Driving Club oval on S. E. Dameron's farm a quarter of a mile of Newark, on the Oglethorpe Road, were cut short abruptly when rain deluged the track and made the going so heavy the remainder of the program was cancelled.

A good attendance was on hand to witness a renewal of spirited competition between thoroughbreds of Chestertown, Paulsboro, N. J., Dover, Van Dyk and Newark, Delaware, heat of three events were run off before the downpour ended the program.

VETS BACK TO SCHOOL

19 University Men Returned

Nineteen former students at the University of Delaware who took time out to fight a war will return to their classes this year.

More than one-third of the upperclassmen at the university this fall will be men who have served their country in uniform, university officials announced this week.

Some of the veterans will return to college under the GI Bill of Rights.

It is not known as yet how many of the 92 men freshmen who will enroll are ex-soldiers. A total of 155 men students is expected. Forty of the upperclassmen will be those returning in the regular fashion, and four are those who have transferred from other colleges.

Total enrollment at the university this year is expected to be 439, officials said. The women's enrollment will be about 284, with the freshmen class totalling 132, believed to be the largest since the university opened.

Freshmen reported at the university on Sunday afternoon to register. Upperclassmen reported yesterday.

NEW COURSE IN POULTRY INTRODUCED AT U. OF D.

Classes Added To Keep Step With Progress Of Industry

Because of the increasing importance of poultry production in the state, a major course in this industry is being offered to undergraduates at the University of Delaware for the first time. The course, which has just been adopted, was announced yesterday by Dean Schuster of the School of Agriculture.

The course was instituted with the opening of the university on Sept. 19, and affords the opportunity of securing six majors after completion of the first two years of the major course. Besides poultry industry, a major in entomology and plant pathology has been added. The four courses available are in preparation for agriculture in high schools, the Smith-Hughes law; field crop production and soil management; animal husbandry; and horticulture.

In addition to the adoption of the poultry course, Dean Schuster pointed out that instruction is being provided for students wishing to enter poultry production which brings in the major portion of the agricultural revenue of the state. The course consists of 27 hours of fundamental agricultural subjects, including the sciences, mathematics, 66 hours of general fundaments, and 66 hours of free electives.

Along with the two new courses, other lines of study have been added. A course in soil conservation has been added for majors in crop production and soil management. A course in household appliances is now included in the agricultural engineering courses for students of economics. For students of agriculture, advanced courses in fruit and vegetable production are now being offered.

The first two years of the four-year course are designed to provide the student with a working knowledge of

agricultural production and the fundamental relative sciences. Students unable to take the full four-year course, therefore, may gain a great deal in the two years of study that will aid in his chosen field and enable him to maintain a better standard of living. Dean Schuster said.

OPA Expects Poultry Prices To Decline

The Office of Price Administration said today that poultry prices were expected to decline as the result of a 46 per cent increase in the number of chickens hatched this year.

W. B. S. Woodward of the poultry division of the Department of Agriculture, said increased supplies of poultry coming into the Philadelphia market area were meeting public demands. Woodward said broilers were put on sale at less than ceiling price yesterday for the first time in nearly a year.

The U. S. Department of Agriculture reported that in the first seven months of 1945, a total of 1,373,715,000 chickens were hatched, compared to 1,140,690,000 during the same period last year.

HOFFMAN ON OPA STAFF

Local Man Is New Attorney

The legal section of the enforcement division of the Delaware district OPA, Pennsylvania Railroad Building, Wilmington, again has four attorneys on its force.

Sidney Hoffman, Newark, has been appointed acting food enforcement attorney for the enforcement division. Mr. Hoffman has been serving as district rationing officer. Former Judge Charles McMahon, an attorney of the New York regional OPA, has been assigned to the Delaware office for three weeks' temporary duty and is now at the office.

Col. John P. LeFevre, enforcement executive of the district office, and Howard L. Fussell, attorney, assigned here several months ago from Philadelphia, are the other two attorneys. Robt. C. Barab and Bernard A. Dunn, two other attorneys until recently with the district OPA enforcement division, resigned. Mr. Barab returned to private practice.

Raymond A. Plummer, former mileage and gasoline rationing representative of the district OPA, has been transferred and assigned to duty as acting rationing executive in place of Mr. Hoffman.

WAR RATION BOARDS TO BE MERGED NOVEMBER 1

Local Board Elimination Forseen By Consolidation

Newark War Price and Rationing Board, No. 2123, which has served its purpose nobly since its inception here a couple of years ago, will be eliminated on November 1 in accordance with a drastic reduction of local boards in line with the peace-time progress and lessened need for such offices now that many previously restricted items are now ration-free.

Charles W. Hardesty, Delaware OPA Director, announced last week that eleven local boards, scattered over the state, will be consolidated into four during the period between November 1 and December 15. Since September 1, the number of paid employees of these boards has been reduced from 102 to 25.

The four boards which will remain, will be known as Price Control Boards and will be located at Wilmington, Dover, Milford and Seaford.

Consolidation of the boards "will be effected in an orderly manner," the statement said. The Newark and New Castle local boards will be transferred to and be consolidated with the Wilmington board on Nov. 1, Middletown and Smyrna boards will be merged with the Dover board on Nov. 15. Harrington and Georgetown boards will be merged with the Milford Board on Dec. 1 and Frankford board will be merged with the Seaford board on December 15.

"Because of the elimination of many commodities from rationing and with the anticipation that rationing, with few exceptions, will be unnecessary by the end of the present year, it is essential to consolidate the boards and reduce board personnel," it was explained.

"When the boards are merged efforts will be made to retain services of some of the volunteers to continue to work in the districts in which they reside and in which closed boards formerly functioned," the statement said. "These volunteers will serve with the consolidated boards."

Col. Cook

(Continued from Page 1)
at Camp Edwards, Mass., succeeding Lieut.-Col. John W. Davis, who was taken ill. He went overseas to the South Pacific with the regiment as battalion commander in January of 1942, served on Bora Bora to Aug. 1, 1942, and then was regimental executive officer, succeeding Col. S. B. Irwin Duncan, who was taken ill, later returned to this country, went to Europe as commanding officer of the 38th AAA Group and is on his way back to Fort Dix.

As regimental executive officer, Colonel Cook served at Efate, Guadalcanal, and in the Treasury Island action, northern Solomons.

On March 1, last year he was transferred to command the 76th AAA Group on the island of Espiritu Santos, New Hebrides, then went on with his organization to Russell Island. He was returned, in rotation, to the United States in October of 1944 and went to Fort Bliss where he commanded the Twelfth Training Group. This year he was transferred to the infantry school. He finished the infantry course on Aug. 10 after losing nearly 30 pounds.

St. Thomas Representatives Attend Lay Conference

The Rt. Rev. Arthur R. McKinstry, D.D., Bishop of Delaware, delivered the invocation and address to the lay conference of the Episcopal Diocese of Delaware, held at St. Andrew's School, Middletown, on Saturday.

One of the principal conclusions reached at the conference was that clergymen of outstanding ability must be drafted into service of rural churches and kept free from financial worries to foster and expand rural churches.

Men's Long Shirt-Tail Restrictions Lifted

Men's shirts are being reconverted. The War Production Board has lifted its ban on long shirt-tails, pleated bosoms and those fancy "French" cuffs that need cuff-links.

WPB also decided to permit the return of more elegant men's pajamas and lounging wear. It removed restrictions against collars, sashes and frogs—a decorative effect around button-holes—on these apparel.

4-A Classification Explained by Board

An explanation of 4-A draft classification has been given out by the Delaware Selective Service headquarters. Thousands of Delaware men 26 years of age and over have recently received cards from their local draft boards announcing their re-classification into this class. Many of the men have called the headquarters for an explanation of the classification.

4-A men are over-age, according to the explanation. The re-classification is being made to conform with the change in selective service regulations during the summer which lowered the top age for the draft. All registrants over 25 years of age are being reclassified into 4-A except those who have volunteered for induction, those who are serving or have served in the armed forces, ministers, conscientious objectors, and a few others.

Afternoon Services at Head of Christiana

Services will be held in the afternoon at Head of Christiana Church on Sunday, September 23.

Frank H. Butterworth will be in charge of the Sunday School at 1:30 P. M. The lesson topic to be considered will be, "Joseph's Testimony to God's Providence."

The pastor, Rev. Evan W. Renne, will deliver the sermon, on "Our Liberty in Christ", at the church service beginning at 2:30 P. M.

The regular quarterly Communion service of the church will be held on Sunday, September 30, at 11 A. M.
