Dear Mr. Heinemann,

I want to thank you for everything. It was so good of you to come that long way to George's funeral. He would have liked knowing you were there. He always considered you his oldest and best friend. You should have sat with me at the funeral but I will have to admit that when I got to the church I was so upset that I forgot all about arranging anything.

You will never know how many times George and I said to each other what a wonderful friend you had been to us, and how much we loved you. Our giving George the job with Mex. Eight made all the difference in the world in the way we have been able to live since. George loved comforts and I am so thankful he could have what he wanted in the last years of his life.

I am getting on as well as I can. There is so much to do that I get nervous thinking about it. I know I can take my time but when there are things to do I can't rest until they are done. My nephew is acting as Executor for me so that was quietly arranged. George hasn't much down here but they take their time about things. The house in Cuernavaca is mine and I want to sell it as fast as I can.

I left Wilmington the Thursday after the funeral and joined the Katz in Wash. and we all came back together. I spent one night with them but then came to this house as I knew I must see if I could stand it alone, and I am doing it

With love to you and all the family
affectionately

Maim
