### News of Newark - 25 Years Ago

#### Lovett Spurs Council

At the regular monthly meeting of the Town Council, held Monday evening in the Council room, Councilman William J. Lovett stirred the lethargy of the usual routine of the City Fathers by introducing discussion of ten important questions, and the discussion resulted in clearing a number of problems that have been hanging fire for some time.

Probably the most important question answered was whether or not the Town would put the streets in shape before winter. Street Committee, composed of William J. Lovett and O. W. Widdoes, was assured that immediately following the completion of the water and sewer extension work, the streets would be repaired and that this work would be done before cold weather.

#### James Robinson Injured

James Robinson, an employee of the Continental Fibre Company, suffered severe laceration of the right hand, while working on a paper cutter in the company's plant this morning. After being treated by Dr. Wallace Johnson, he was sent to the Homeopathic Hospital, Wilmington. William Shakespeare and Alfred Ewing took him in.

#### An Editorial From the Oct. 5, 1927 Issue of Post

We made a mistake in last week's issue. A good subscriber told us about it. The same day there was a letter in our post office box that didn't belong to us. We called for ninety-eight over the telephone and got 198. We asked for a spool of No. 50 thread and when we got home we found it was No. 60. The train was reported thirty minutes late. We arrived at the depot twenty minutes after train time and the train was gone. We got our milk bill and there was a mistake of 10 cents in our favor. We felt sick and the doctor said we were eating too much meat. We hadn't

lasted meat for two months. The garage man said the jitney was missing because it needed a new timer. We cleaned a spark plug and it's run fine ever since. Yes, we made a mistake in last week's issue of the paper—Glen Elder, Kansas Sentinel.

#### Hopkins Defeats Steedle

Playing the strongest kind of match golf, C. H. Hopkins defeated E. W. Steedle for the championship of the Newark Country Club in a 36 hole match on Saturday.

With the exception of the second nine in the morning, the men battled tensely in a deadlocked match. In that second nine Hopkins won six holes and held the advantage into the second 18, winning 6 and 5.

#### Social and Personal

Miss Ford, of the Flower Hospital, is expected home this week from Atlantic City, where she has been spending a few weeks.

Mr. and Mrs. Harry Cleaves entertained over the weekend his sister, Miss Edna M. Cleaves of Elkton, Md.

Miss E. Frances Medill spent last weekend with friends near Philadelphia.

Mr. and Mrs. Arthur Kerns, and two sons, Arthur and Jack, of Chester, spent last weekend here with Dr. and Mrs. George Rhodes.

#### Engagements Announced

At a recent party given in Oxford at the home of Miss Margaret Armstrong, her engagement to Ralph Smith of Christiana, was announced. The engagement of her friend, Miss Gertrude Slack, a teacher in Oxford, to Leonard Fossett of this town, was announced at the same party.

## Feed Prices Too High . . . Farmers Take Action—Slash Southern States Prices!

Farmers are squeezed by feed prices that are too high in relation to prices received for meat, milk and eggs. The farmers who own and use Southern States Cooperative—272,000 strong—are doing something about it.

Southern States Cooperative has made a sharp reduction in its mixed feed prices—is pricing them at less than actual cost. Southern States Service Agencies, working hand in hand with the farmers they serve, have reduced their handling margins to approximate actual cost. The result is a reduction of \$4.00 to \$5.00 per ton (20 to 25 cents per bag) in Southern States feeds which were already low in price as compared with commercial feed of comparable quality.

This program of self-help by farmers will continue until it forces the price of commercial formula feeds to a more reasonable level from the standpoint of farmers. A big crop of corn and other feed grains will soon be pressing on the market. This also should help.

Support this cooperative effort to pull down the too high price level on mixed feeds—save real money too by using quality feeds cooperatively manufactured by farmers in their own mills. See us for details. You'll be amazed at the new low Southern States feed prices.

## PostScript

by J. F. M.

Several weeks ago City Council adopted a resolution calling upon Newark school officials to reconsider their decision regarding school hours for children here in the city.

As a result of this action a meeting between city and school officials was held at which time it was decided that a survey was needed to determine the exact amount of vehicle and pedestrian traffic at various critical intersections.

Members of the Newark Parent-Teacher Association agreed to make the survey. It has been made but the figures have not yet been tabulated or published. However, this week Dr. Howard L. Reed, president of the PTA has sent City Council a letter calling for that group to do its duty to protect city children in their travels to and from school.

It was pointed out there are a number of instances in the city where property owners have not provided sidewalks and the school children must walk in the street when passing these locations in going to and from school.

"Since this condition constitutes a hazard to the safety of the children," the letter states, "the Parent-Teacher Association hereby requests that the Council make an investigation of the locations without sidewalks and further requests that some form of paved walks be required, particularly in those areas where there are existing curbs and gutters. Your prompt attention to this matter will be appreciated because delay may mean an unnecessary injury to some child."

It was also reported that PTA officials do not mean to let the matter drop at this point, but will be on hand at Tuesday night's meeting of Council to continue the fight.

There may be reasons why an individual owning property in the middle of a densely populated residential area shouldn't be required to provide sidewalks along his property, but right of way can't think of any. It will be interesting to see if City Council can.

## Driver Education Doubles At School

Newark High School officials have announced a stepped-up program in student driver education for the coming year. Approximately 135 students will take part in the program this year, which more than doubles the number participating during the past year.

During the coming year Mr. Marcantonio, instructor, will spend four days per week at the local school. Last year he was here only two days each week.

Regular classroom instruction will be given each week on the operation, repair, safety regulations, road courtesy, and films dealing with vehicle operation.

In addition the students will receive actual behind-the-wheel instruction each week during the year until competent to pass regular driving tests. Upon satisfactory completion of the course each student will receive a certificate which entitles him to a license. The only other test required before he is issued a state permit will be a vision test.

## Yellowjackets Tackle Dover In Search of Third Victory

This Will Mark First Meeting Between Clubs Since 1946; Coach Sposato Well Pleased With Last Week's Performance Against Brown; Truskey, Batchelor Hurt

Newark High School will be looking for its third straight win of the season Friday night when the Yellowjackets travel to Dover to meet the once-defeated Dover Senators in a game on the Dover High School Field. The night contest will begin at 8:15 p.m.

Coach Sposato and his club were the last-minute victims of a fighting Caesar Rodney team last week which scored a touchdown and safety in the last few minutes to emerge victorious, 28 to 26.

This meeting between the Yellowjackets and Dover High will be the first since the 1946 season. Coach Sposato and his club will not be in action on the local field until October 24 when they return home to meet William Penn of New Castle, coached by the former University of Delaware star, Billy Cole. Following the Dover clash there this weekend, Newark will travel to Wilmington Ball Park next week to meet Wilmington High School.

Sposato was thoroughly pleased with both the offensive and defensive play of his team in last week's 32 to 6 triumph over Brown Vocational. He was high in praise of the defensive unit which thwarted all except one Brown advance goalward despite the fact that the Yellowjacket line was considerably outweighted by the opposition.

"If we play the same brand of football against Dover that we did against Brown," Sposato said, "we will win." The only concern of the Newark mentor was that his boys would suffer a letdown after two comparatively easy victories while Dover, defeated in the season opener, would be trying hard for its first win.

Slight changes in the starting lineup will be necessary this week due to the injury of two Yellowjackets in the Brown contest. It is doubtful if the Jerry Truskey, who suffered a broken nose in last week's game, will be able to play at his usual defensive halfback post.

George Batchelor, reserve lineman, will be out of action for some time as a result of a back injury sustained in the Brown game.

Danny Palmer, 165-pound halfback, was the offensive star of last week's game as he accounted for three touchdowns on runs of 85, 82, and 20 yards. Joe Thorpe and Albert Jezyk accounted for the other two scores; Thorpe's on a fumble recovery and a 45-yard dash and Jezyk's on a 35-yard run. Jerry Truskey added two of the five extra point attempts.

## Just Call Him Dad

One of the Blue Hen linemen who will possibly see duty on both offense and defense during the coming season is John Meccariello, 192-pound senior guard from New Jersey. At 27, Johnny is the oldest member of the Delaware squad and also bears the distinction of being the only father on the club. Johnny, his wife, and two-year-old son make their home here in Newark. Known as Dad to his teammates, Johnny has fully recovered from an injury which hampered him during the 1951 season and is being counted upon for plenty of service in this his final year.

### To Race At Laurel

Laurel, Md., Sept. 26—The Baron de Waldner of Paris has been sent an invitation to enter his consistent five-year-old horse, Fast Fox, for the \$50,000 Washington, D. C. International turf classic at Laurel Race Course on October 18. Laurel opens its fall meet on Saturday, October 4 and runs for 15 racing days, Tuesdays excepted.

Bred in France, Fast Fox has been a winner in three European countries. In his native land, the bay son of Fastnet and Foxcraft captured the Prix Huguine, the Grand Prix Saintcloud and the Prix Kergorlay.

There is no great achievement that is not the result of patience working and waiting.

## Delaware Invades Bethlehem In Search of First Victory

Coach Nelson Warns That Lehigh Will Be Strongest Defensive Club To Face Blue Hens This Year; Carro Leads Delaware Offense In Loss To Gettysburg

Dave Nelson will take his University of Delaware football team to Bethlehem, Pa., on Saturday to make a second attempt at winning the first victory of the season.

All indications are that the Blue Hens will be just as stoutly opposed in this venture as they were last week when Gettysburg club that refused to be beaten got off the field to score two last-period touchdowns and eke out a 14 to 13 tie.

Lehigh University, Saturday's opponent, was edged 10 to 7 last week by New York University in its opener and is reported to be more than anxious to settle the matter of last year's opening game defeat at the hands of Delaware.

Coach Dave Nelson has stated that last week's defeat was primarily due to a slight ease of overconfidence on the part of his team during the final quarter of the Gettysburg game, after leading by two touchdowns up until that point.

Delaware outgained the Bullets 336 to 269 yards, through rushing and passing, on Saturday evening, but the margin of an accurate point-after-touchdown kick made the difference. The Blue Hens accounted for 266 yards or rushing as compared to 138 by Gettysburg, and 130 yards on completed passes to 131 for the winners.

Rocky Carro, Blue Hen fullback, was the offensive leader with a total of 86 yards gained on 16 attempts for an average of slightly better than five yards per carry.

Joe Scarcla picked up 58 in 18 attempts; followed by Bob Hagerty
