## Junior Class Sponsors Pep Fest, Dance Friday

The first pre football pep fest and dance will be held tonight on the south steps of the Library.

At 6:45 the band will leave Old College for a trip down campus to pick up all dormitories and fraternities. First to join the band will be Sigma Nu and Sigma Phi Epsilon. Crossing Main Street the parade will continue straight down the campus picking up Brown, Harter, and Sharp Halls.

Delta Tau Delta, Johnson House, Kappa Alpha, The Knoll, and residents of the freshmen women's dorms should be ready at the Library at 6:45 where they will join the group.

Cannon, New Castle, Sussex, Boletus, Topsey, and Turvey Halls will be added to the parade in that order, while Phi Kappa Tau, Theta Chi, and Warner Hall will gather together in front of Warner Hall. The entire student body now assembled will return to the south steps of the Library for the pep fest.

In addition to the usual cheers and songs to be led by the cheer leaders, coaches Nelson, Lude, and Stauber, as well as 1953 team captain Johnny Borresen and other members of the team will be introduced. Torches will again be allowed as part of the festivities.

Both the pep fest and the dance which will follow will be sponsored by the junior class. Music for the dance which will be held from 7:30 to 11:30 in the Women's Gym, will be furnished by Delaware's own Delmelodians. A small charge of 35c per person will be made for the dance.

Committee members for the dance include Carol Morgan and Dick Greenstein, decorations; Nancy Peck and Charlotte Goodley, publicity; and Bert Evens, tickets.

## Doctor States Plans

"The Student Health Service is hoping to give more complete medical care than was possible last year," stated Dr. Gordon Keppel, new University physician. "Since we are conscious that the infirmary is small for a student body of this size, we hope to expand the physical facilities in the near future."

Before coming to Delaware, Dr. Keppel, a graduate of Princeton University, was the physician at William and Mary, where he worked closely with Dean John E.

## Grad Testing Begins Nov. 14

Graduate Record Examinations and the Law School Admission Test, required of applicants for admission to a number of graduate schools and leading American law schools, will be given at examination centers throughout the country four times during the coming year. Fall candidates for either of the tests may take them on Saturday, November 14. The 1954 dates for the GRE are January 30, May 1, and July 10; for the Law School Admissions Test, February 20, April 10, and August 7.

The GRE tests offered in these nationwide programs include a test of general scholastic ability and advanced level tests of achievement in seventeen different subject matter fields. Application forms and a Bulletin of Information, which provides details of registration and administration as well as sample questions, may be obtained from college advisers or directly from: Educational Testing Service, P. O. Box 592, Princeton, N. J., or P. O. Box 9896, Los Felez Station, Los Angeles 27, California.

Candidates for law school must make separate applications to each law school of their choice and should inquire of each when and if, it wishes him to take the Law School Admission Test. Prepared and administered by Educational Testing Service, the test features objective questions measuring verbal aptitudes and reasoning ability rather than acquired information. Bulletins and applications for the test should be obtained four to six weeks in advance of the desired testing date from: Law School Admission Test, Educational Testing Service, P. O. Box 592, Princeton, N. J.

### *Notice*

The Franklin Institute, of Philadelphia, has offered students and faculty at the University of Delaware free tickets for unlimited admissions to The Fels Planetarium and the Museum during 1953-54. Any student or faculty member desiring one of these tickets may obtain it by calling at the Office of Dean Hocutt, 118 Hullihen Hall.

# *Hens Face Gettysburg*

CAPT. JOHN BORRENSEN
Delaware Tackle

## Season's Opening Contest May Break Stalemate In Series With Bullets

Captain Johnny Borresen will lead a Blue Hen squad of 30 strong on the gridiron tomorrow afternoon against the Gettysburg "Bullets" at the new Delaware stadium. Kickoff time is slated for 2:00 p. m.

This contest opens the season for both squads and the outcome looms as a tossup. Gettysburg last year finished strong with a 6-3 won and lost record. The Blue Hens on the other hand, posted only a 4-4 season, but the last three victories came in succession.

Coach Dave Nelson has 20 returning lettermen and a host of sophomores from which to choose his starting lineup. Captain Johnny Borresen will spearhead a tough and speedy line from his tackle position. Former Captain Paul Mueller's old end position is the only large hole left vacant from last year's squad. However, end coach Irv Wisiewski has three tested veterans to call from in Frank Serpico, Tom Redfield, and Marty Apostolico. Line coach Mike Lude may draw upon 212 lb. Steve Butcher, 205 lb. Bob Graham, 220 lb. Nick Mergo, and 207 lb. Tom Oves for the tackle starter. Other interior linemen include veteran Frank Gyetvan, soph. Lenny Williams, and veteran guards Bob Trivits, Gordy Murray, Jim Cooper, and Howard Graham. The starting line should average 192 lbs.

In the backfield Coach Gene

(Continued on Page 6)

## Perkins Holds Tea For Sophs Tuesday

On Tuesday, September 29, the second of four informal teas will be given at Belmont Hall when President and Mrs. Perkins will play hosts to the Sophomore class. The first tea, held last Friday, honored the freshman class, and members of the junior and senior classes will be guests at similar teas on October 6 and 13 respectively.

Sophomore class officers, President Stan Lowicki, Vice-President Pat Collins, Treasurer Allen Ferver, and Secretary Jean Evensen, will be in the receiving line on September 29. Junior class officers, Dick Saunders, Marty Thomas, Bob Horne, and Ginny Larson, and Senior class officers, Ted Zutz, Janet Leary, Shirley Thomas, and Bill Annonio will be in attendance at the October gatherings.

The teas will be held out of doors, weather permitting, from three to five which will enable students to attend their afternoon classes.

Mrs. William G. Fletcher, Mrs. Richard D. Groo, Mrs. L. Eugene Cronin, and Mrs. Russell G. Stauffer will assist in pouring at the Sophomore tea.

## Women Commuters Hold First Meeting

The first meeting of the Women Commuters Organization was held on Monday, September 12, in Robinson Hall. Dean Collins and Miss Black attended this meeting. A committee to arrange for car pools was organized. Meetings will be held the first Monday of each month, and special meetings will be called when necessary. The next meeting will be held on Monday, October 5, at 12:00 noon in Robinson Hall.

## Section In Stadium On Student Reserve

Sections A, B, and C of the new University of Delaware football stadium, ranging from the fifteen yard line up to the fifty yard line on the west side of the field, have been reserved for students exclusively, so assistant athletic director Bob Siemen disclosed recently.

The revised student seating plan is devised so that a solid block of students may be obtained in this area. Students wishing to be present with fellow undergraduates may arrange this by obtaining the entire group of tickets at one time from the athletic office. Students planning to view the game with persons not enrolled in U. of D. courses may also obtain seats in a single block; however, these cannot be obtained in the student sections A, B, and C.

Reserved student tickets may be obtained at the athletic office any time during the week previous to the home game. All ticket sales to students will cease at 11:00 a. m. on Saturdays. This exchange must be made at the athletic office, since

(Continued on Page 8)

## *Military Dept. Appoints Three New Officers*

Col. Eugene W. Hiddleston, a 1931 graduate of the United States Military Academy at West Point, has been appointed professor of military science and tactics here at the university.

Other officers who have joined the staff of the military department at the university are Maj. Thomas A. Mitchell and Capt. James R. Zeller.

Colonel Hiddleston, an artillery officer, lives with his wife and two children, Susie J. and Eugene W., Jr., at 24 Hillside Road in Newark. He is a graduate of Aberdeen High School in South Dakota. Since starting his military career, Colonel Hiddleston has graduated from the Artillery School, the Command and General Staff College, and the Air Force-Air Ground School.

He has served as plans and training officer for the 603rd Anti-aircraft Gun Battalion, as battalion commander of the 99th Gun Battalion, as plans and operations officer for the Anti-aircraft and Guided Missile Center at Fort Bliss, Texas, as assistant chief of staff of the Seventh Engineering Brigade Task Group at Antiwetok, and comes to the university from the Command and General Staff College where he has been an instructor in the academic department since August, 1951.

**Bronze Star Winner**

Colonel Hiddleston's decorations include the Bronze Star, the American Defense, the American Campaign, the Asiatic Pacific Campaign, and the World War II Victory medals. Colonel Hiddleston has replaced Colonel Joseph B. Hafer who retired from the army.

Major Mitchell, a native of

## Scholarships To Be Awarded

Announcement of the availability of applications for Fullbright scholarships was made known through the office of Dean Squire.

Dean Squire, Dean of the School of Arts and Science, represents the committee for the Fullbright Scholarship. The scholarship affords worthy students the advantage of foreign study. Grants are available through the Fullbright Scholarships for study in 25 foreign countries, including Australia, India, Japan, Norway, and the United Kingdom.

Basic eligibility requirements for the Fullbright Scholarship are:

1. United States citizen.
2. A college degree or its equivalent at the time the award is to be taken up.
3. Knowledge of the language of the country sufficient to carry on the proposed study. For those countries whose languages are not widely taught in the United States, allowances will be made for applicants intending to acquire language competence prior to taking the award.
4. Good health.

Selection will be made on the applicant's personal qualifications, academic record, value of the proposed study or research, and suitability for placement in an institution of higher learning abroad. Preference is given to applicants who have not had previous study or residence in the country for which they are applying.

A student who is enrolled as a senior or first year graduate student in a college or university in

## Lowicki Prepares 'Rat' Traps

**Sophomore Class, Newark, Del., Sept. 22** — Notice is hereby extended to all members of the class of 1956 that approximately six hundred lower-than-thou frosh are infiltrating our midst. According to the '56 class president, Mr. Stanley Lowicki, "da huntin' season is herein declared open. Snare 'em!"

At the meeting of the sophomore class today, the guardians were solemnly instructed to be on the watch for all violations of frosh rules concerning songs, cheers, wearing dinks, keeping off the grass, etc.

Lowicki's eyes' glittered in an exclusive *Review* interview as he recounted various punishments that have proved effective as freshman reprimands in the past and, no doubt, will prove equally effective in the days to come. The prexy refused to disclose the novel forms of punishment but would furnish some of the more run-of-the-mill methods: one frosh drawing a line up campus, while another follows and erases it; scrubbing the library steps with a tooth brush; rolling a peanut up the campus with the use of noble freshman noses; and wearing long silk stockings . . . on the head, with the dink attached at the lower end.

The first meeting of the Sophomore Court is scheduled for Tuesday, Sept. 27 at 7:30 in 114 Hullihen Hall. Chief Justice S. Lowicki will preside. Other officials will include Clerk of the Court Pat Collins, Court Stenographer Jean Evensen, Bailiff Allan Ferver, and Sergeant-at-Arms Jackie Hackett.

# Delmelodian Tryouts Monday

Last Saturday night heralded the initial appearance of the Delmelodians, popular dance band composed of students of the University of Delaware. Tryouts are scheduled to be held by the band at 7:30 p.m. on Monday, September 28, in the band room at Old College Hall. These tryouts, for all instruments as well as for a vocalist, are held annually to insure the maintenance of the band's present quality. All those interested are urged to attend on the date already mentioned.

The Delmelodians, with much of the poise and polish of a professional group, is quite far removed from the group of six freshmen who decided in the fall of 1949 to combine their musical talents.

Were it possible for the group at the dance to transpose themselves five years backward in time, the instrumentalists would consist of Jim Baker, "Colonel Bogie," Bill McWilliams, George Gronde, Bob Harris, and Dave Hoyer. These men, three of whom were in last year's graduating class, met in Old College to discuss a deplorable situation at this institution—no dance band. So, with the contribution of some antiquated selections obtained at random, the band was formed. At an early meeting of the group, Bob Harris was elected leader, and decisions on music, auditions, etc. were made. Their first break came when Ray McKinley played in Carpenter Field House and the newly-formed orchestra was approached to supply the intermission music. One of the first statements to be issued when they viewed the array of McKinley's equipment was, 'Wonder what in the deuce they use that stuff for?" The remaining functions that year included playing for the E-52 "Party Line" and one or two campus dances.

The Delmelodians, the University of Delaware dance band, performing at the informal dance last Saturday night.

The second year of the Delmelodians' existence showed a marked improvement, both in size and in the arrangement of the music. Through careful screening, several new members were selected. Lancy Boyce, Bill Webb, and Ed Fielding among others were added to the ranks. The highlight of the second year (from the students' point of view) was the first jazz concert. Also, this year brought a second performance at the annual E-52 musical, a contract for a dance at Goldey Beacon College, and some dances on campus. A change in leaders occurred here also when Dave Hoyer replaced sailor-to-be Bob Harris.

The current air forceman Jack Tebo stepped up to the rostrum in the beginning of the successive season as the new Delmelodians' prexy. Under his leadership and the band's increasing popularity, the number of jobs soared. They were picked to provide the music for the Theta Chi regional convention, Women's Weekend, the Engineer's Ball, and numerous downstate proms. The successor to the first jazz concert was also held at this time. One of the original six, Bill McWilliams, followed Bob Harris into the Navy. The vacancy on the drums was quickly filled by Ted Taylor. One innovation in this season was the addition of a vocalist, Miss Chris Walton. Also, the practice of dividing the orchestra into combos for smaller affairs.

One year ago Ed Fielding stepped into the limelight as leader with Carole Welshons by his side as the vocalist. The '52-'53 orchestra was commonly seen playing at pep fest dances and high school proms. Featured appearances during this season included Women's Weekend, The Engineer's Ball, and the Sophomore Hop. George Gronde, another of the founders of the group, assumed the leadership in February.

## Dr. Perkins Is U. S. Delegate To UNESCO

"Foreign countries show dissatisfaction with American policies and antagonism toward anything American," Dr. John A. Perkins, University President and United States delegate to UNESCO, told the *Review* today.

After visiting Paris for eleven days this summer, as a member of the Executive Board of the United Nations Educational, Scientific, and Cultural Organization, Dr. Perkins feels that the European countries resent the American prosperity. Dr. Perkins said, "This calls for all Americans to be considerate of the other countries."

"Investigations of Communist infiltration into the U. S. have made other countries forget that we are a freedom-loving nation. In spite of this," he added, "we are still the freest people in the world."

Dr. Perkins was appointed as American Delegate to UNESCO by President Dwight D. Eisenhower on June 25, 1953. After his appointment he was elected to the twenty-man Executive Board by members from 67 nations taking part in UNESCO operations.

UNESCO duties will take Delaware's President to Paris for ten days in November and again in March. In his past trip to Paris, Dr. Perkins attended the bi-annual conference of UNESCO.

The United Nations Educational, Scientific, and Cultural Organization is one of the specialized agen-

(Continued on Page 8)

## State Administrators' Seminar Features Prominent Educators

Nationally prominent educators will participate as guest consultants this fall in a seminar series for school administrators beginning September 26. This program, devoted to the study of school personnel administration, will be carried out in Dover on seven alternate Saturday mornings. Dr. Matthew J. Pillard, associate professor of education at the University of Delaware, will coordinate the series, which is sponsored by the School of Graduate Studies.

Open to school administrators in the Delaware area, the study program of this seminar series will deal with basic costs for building a strong school staff. Problems of staff selection, induction, and in-service development will be studied, in addition to related problems in local school systems brought to the seminar by the participants. The sessions will be held from 9 a.m. to 12:45 p.m. in the Dover High School on September 26, October 10 and 24, November 7 and 21, and December 5 and 19, according to Dr. Pillard. Registration took place on September 17 in the Dover High School from 6:30 to 8:30 p.m., and Saturday morning, September 19, on the Newark campus.

## *Delaware Farmers Receive Income Cut*

Delaware farmers received nearly ten per cent less income in 1952 than in the previous year Mr. George M. Worrilow, Director of the University of Delaware Agricultural Experiment Station, recently announced. In 1952 the farm cash income was $103,803,000, a decrease of $11,418,000.

A slump in the sale of broilers, Delaware's leading farm enterprise, accounted for almost nine and one-half million of the eleven million dollar drop. The Delaware broiler cash income for 1952, nearly fifty-seven million dollars, accounted for the Diamond State taking third place in the nation's broiler production. Exceeding Delaware's mark are Georgia and Arkansas.

The agricultural picture is brightened by the four per cent increase of cash farm income for the first six months of 1953 over a comparable period for 1952. This increase is divided between an eight per cent raise in crop income and a three per cent increase in livestock income.

Despite the decrease in the overall farm bankroll, the gross farm income per Delaware farm family was the second highest of all the states east of the Mississippi River; the leading state in this respect is New Jersey.

State-wise, the leading crop in 1952 proved to be corn. In Kent County only this commodity dropped to second in importance; Kent's main crop proved to be potatoes. In some instances groupings of crops such as truck crops, greenhouse and nursery, etc. overshadowed the financial figure for the previously-mentioned individual crops. However, no individual crop breakdown was given by the experimental station.

The 1952 state livestock picture is dominated by broilers.

## ROTC To Present General Program

A general military science training program has replaced the Chemical Corps and Artillery ROTC training at the university this year.

Although the change is effective this month, it will not affect the present members of the second year advanced artillery or chemical warfare students now enrolled in the ROTC program.

The readjustment, Col. Eugene W. Hiddleston, professor of military science and tactics, reported, is intended to effect significant savings in personnel, equipment, and money, while increasing the efficiency of the program and achieving a better balanced academic base.

The general military science program is planned to produce young officers who will be qualified to serve as combat leaders, administrative officers, or as officers of the technical services after they have received specialized training at a service school of the branch to which they are assigned.

Greater flexibility in assignment of ROTC graduates to meet the fluctuating requirements of the various arms and services is expected under the new system.

This program has long been advocated by educators directly connected with the military field. The training will de-emphasize specialization and will concentrate on producing junior officers who will be well grounded in the fundamentals of the military profession.

In designing the new training curriculum, known as General Military Science, the colonel said that every effort was made to produce a college level course which would command the respect of civilian educators, challenge the students' intellect, and satisfy the highest training requirements.

# Mr. Bush Leaves Post

Nearly two decades of service to the University of Delaware were terminated last June when Mr. Charles W. Bush, U. of D. class of '03, announced his retirement from the post of Director of Admissions. He is succeeded by Dr. William G. Fletcher, professor of ancient languages.

Before joining the staff of the University of Delaware in an administrative capacity, Mr. Bush, or "Charlie" as he is commonly termed, received a B.A. from Delaware College and a bachelor of arts in jurisprudence, the latter resulting from his work at Oxford as a Rhodes Scholar.

Mr. Bush's return to the state of Delaware was heralded by an admittance to the Delaware Bar Association. His practice in law continued until 1917.

Later the Oxford graduate accepted a position as an English instructor in New York University's Washington College. The following year he returned to Delaware to work as Acting Principal (and later Principal) of Friends School in Wilmington.

Prior to World War II, Mr. Bush joined the staff here at the University as director of personnel records and the first editor of **"The University News."**

With the outbreak of World War II, Mr. Bush's responsibilities were increased to include the di-

(Continued on Page 8)

## Home Ec Students Welcome Freshmen

Freshmen were welcomed to the Home Economics Club at the annual "Freshmen Get-Together," which was held in the Old College Lounge Sunday night, September 21.

Margie Shank, president, opened the first meeting of the year with a few words of greeting, after which Dean Ayres introduced the faculty members. The officers and committee chairman were next introduced by the president.

Nancy Procious, recipient of the Danforth Scholarship this year, spoke about her summer experiences at the Danforth Camp. Two other upperclass members of the Home Ec Club, Dot Pierson and Bernadine Patterson, also attended the camp.

## Civil Service Offers Jobs

The United States Civil Service Commission has announced that there is a need for Aeronautical Engineers for research positions with the Air Force Cambridge Research Center and other Federal agencies in the New England States. The salaries range from $4,205 to $7,040 a year.

Appropriate education or experience is required. No written test will be given. Further information may be secured at any post office, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Board of U. S. Civil Service Examiners, Air Force Cambridge Research Center, 230 Albany St., Cambridge 39, Mass., until further notice.

## Chesterfield Campaign

Ted Zutz has been appointed as the Chesterfield campus representative at the University of Delaware by the Campus Merchandising Bureau, Inc. This position with Chesterfield will give him valuable experience in merchandising, advertising, and public relations, since the student representatives get on-the-job training in conducting sales promotion programs.

Ted, a business administration major from Wilmington, is president of the senior class and also business manager of the *Review*. He is a member of Alpha Epsilon Pi fraternity, where he holds the position of scribe.

## New Course Opens In Economic Field

The attention of those who are interested in economics and international relations is called to an extension course in these fields being offered at Wilmington High School on Wednesday evenings.

The course title is International Economic Relations, and the course symbol is Ec. 414-5.

The course will deal with a number of the problems which beset international trade and finance today, as well as the United States' role in the world-wide efforts towards economic development.

The course is given by Dr. Herbert Dorn who has taken part in international affairs since 1919.

Registration for University of Delaware extension courses will be held in Wilmington High School this evening from 5 until 9 o'clock.

## *Auto Accidents*

# Don't Make Headlines

A traffic death, has a way of seeming very far and remote from our little slice of life until a tragic highway accident strikes close to home.

Such an accident occured early last Monday when Mrs. Elsie B. Wideman, wife of State Game Warden William Wideman of Newark was killed in a head on collision. Neither Mrs. Wideman nor Charles J. Wilson with whom she collided was driving fast. But the highway was slippery, and a rain storm made driving visibility almost nil.

"So what," you say. An accident. They happen every day. Hundreds of them all over the country. Lots of nice people get hurt. Some of them even get killed. So what?

Sure, lots of nice people get hurt; some of them even get killed. Lots of people. People like you and me. People going to work, going to school, going out for a big night on the town, people like Mrs. Wideman coming home from visiting friends in Wilmington.

The Wideman accident was unavoidable so it would seem. A dark night, the driving rain, a slippery road. Mix them all together, add two cars headed in opposite directions, and you have all the ingredients for a tragic highway accident.

So what? Well, next time it might be you. Lots of nice people . . . . . it happens every day. Going to work, going to school, going out for a big night on the town. Lots of nice people . . . . . just like you. So what? You too can be the subject of a highway accident story, but is that the way to get YOUR name in the paper? J. S.

## *A Preview of '53-'54*

# Just One Question

Freshman Week is past, registration is now a memory, and classes are once more in progress. Add that to the opening of the football season, and the sum equals one mass of near-bedlam. The natural tendency is to merrily swing along with the tide, take everything in, and contribute often too little personally. Another "natural tendency" would be to dub this with "human nature" as an excuse.

**The Value of Excuses**

Excuses, whatever the title, contribute very little to the list of accomplishments. A college year opens a world of opportunities, many of which are rarely available in any other walk of life. Each university program, each organization, each department, each facility carries with it a certain potential which, if developed, can lead to concrete advancement, as well as a reward of pride and prestige.

**That First Meeting**

This week numerous organizations —SGA, fraternities, religious groups, honorary groups, service groups, and others will meet for the first time. What will happen at these meetings? One of three things: (1) the group may begin with high ideals, and hopes of achievements over and above the gains of former years; (2) they may be content to follow in the exact footsteps of their predecessors; (3) they may follow the "wait until someone else speaks" attitude and be content to belong and do exactly nothing.

**What Are Your Plans?**

What will your club or fraternity or student government do this year? A thorough job of planning and successfully executing a task has the peculiar habit of building something very worthwhile out of the persons involved. Since the university is comprised of individual students, the school will undergo the same transition. Is this going to be an exceptional year? You answer that. W. G. D.

# *'Neath The Arches'*

By SPEN HEDGER And DAVE MENSER

Well, after a long wait through the hot and useless summer, we are all back here in the smog land of Newark. Speaking of the weather, has anyone noticed the peculiar absence of the normal Newark precipitation. Maybe there will even be a dry football game, but should we hope for rain come Bucknell?

Registration went off without a slip, and in fact only a week's supply of k-rations was necessary per person. Similar to the overload of the shipment of paper in and out out of the Pentagon, the registrar's office has become the center for the Railway Express and the Newark Package Service. Milton "have you had your picture taken" Roberts was busy most of the day making like Poff while Harvey "I've had mine (?)" Porter hustled with his little blackboards. Wonder who was the little imp who signed in with Sing Sing 699435?

Out of the smog last Saturday night, Mat Lamkin was seen ducking easily under the backboards. Rather hard on Audrey's feet. A few of the team made it out from under the black and blue marks to entertain many of the freshmen girls. The band tried, with the help of several of Petrillo's very own, to make a cross of Ray Anthony and Stan Kenton. It looked like it was St. George on the trombone attempting to slay the dragon who at the time was playing tenor sax. I really wonder if they did take away his maiden-eating license for playing out of season . . . back to the coal mines.

With the rate of time that some of the fraternity men are making with the girls since their return, I wonder if there will be any unpinned girls by Thanksgiving. As I walked back from South Campus early one evening, I overheard one young, distraught chicken complaining, "But George, I don't want to get pinned yet; I only met you tonight. Don't you think that we ought to wait until tomorrow?"

There is news in the air that the newly groomed Bill Dick will be celebrating with brothers after the victory at Delaware Stadium for the Blue Hens. Whether or not you will be able to make the party, or any party, everyone should be visiting The Place of the Week. For the week of September 26, The Place of the Week is the Delaware Stadium, where the Delaware Blue Hen football team opens their '53 season against a strong team of the Bullets from Gettysburg. See you all there at kick-off time.

# Selective Service Exam. Announced

Applications for the Nov. 19, 1953, and the April 22, 1954, administrations of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test on either date should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided to: SELECTIVE SERVICE EXAMINING SECTION, Educational Testing Service, P. O. Box 586, Princeton, New Jersey. Applications for the Nov. 19 test must be postmarked no later than midnight, Nov. 2, 1953.

According to Educational Testing Service, which prepares and administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once, regardless of the testing date he selects. The results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.

# U. of D. Enrolls Champ Twirler

Entering the University of Delaware as not only a freshman but also as the 1953-54 baton twirler is Barbara Cubberly, 18-year-old New Jersey state twirling champion for the past three years. Barbara hails from Deerfield, New Jersey; and she graduated from Bridgeton High School.

Two 2½-minute specialty acts will be performed by Barbara at two of Delaware home football games. At this time she will wear her own costume.

Rated among the top ten twirling experts in the country today, the pretty New Jersey champion has medals won at contests in five states. Her most recent appearance was early this month, when she led the New Jersey delegation at Atlantic City in the Miss America parade.

Barbara is attending the University of Delaware as the recipient of the Everett C. Johnson scholarship. She plans to major in home economics and to put scholastic studies before twirling.

Some of her previous appearances include: the National Baton Twirling Association Contest, St. Paul, Minn.; Winter Carnival, at the Orange Bowl football game in Miami, Florida; and the honorary majorette for the combined U. S. Marine Corps Band. She has also been seen on the "Big Top" television program on Saturday afternoons.

Already known by many students, Barbara will certainly be outstanding to everyone at the U. of D. after her first performance.

---

For three weeks the plant guards scratched their heads as they examined the small load of trash Tony took home in the wheelbarrow each night. The next day he was arrested for stealing wheelbarrows.

# Fraternally Speaking: The Greeks...

## *Alpha Tau Omega*

The first week of classes finds the Alpha Tau's settling down for another year. Seven brothers spent part of their summer in ROTC camp. **Jack Knapp** and **John Pugh** went to Alabama, while **Bill Phillips, Dyke Pollitt, Fred Werner, Bob Jamison,** and **Al MacWright** went to Fort Bliss, Texas. Following camp, **Dyke, Fred, Bob,** and **Al** toured the West. They seem to have been impressed most of all by Las Vegas.

Brother **Russ Myers** is now stationed in Baltimore with an AAA Battalion. Brother **Bob Mackey** is with the 31st Infantry Division at Camp Atterbury, Indiana.

**Pat Emmott** is wearing **Dick Chappell's** pin, and **Satch Lowe** presented his Maltese Cross to **Gail Longenecker** during the summer. **Julie Richardson** and **Bill Phillips'** engagement was announced in August. Congratulations to them all.

## *Delta Tau Delta*

In case anyone hasn't heard, our new address is 158 S. College Ave. For the older Delts who have for the past two or three years had to walk all the way down to the other side of the tracks to the Shelter, it seems wonderful to be located just in back of Hullihen Hall, especially for those individuals who enjoy sleeping during the last minutes before the dreaded "eight o'clock."

Most of the brothers came back during Freshman Week for the annual house cleaning. This year the job was extremely difficult; it seems that everything was filed under confusion. We did, however, uncover much hidden talent. We found that there were plasterers, carpenters, electricians, plumbers, and painters in our midst. Everyone really worked hard, and the house looks wonderful now.

Brother **Day** was engaged this summer, and wedding bells may ring within the next year. **Jack Pollock** gave away that treasure badge of his. We didn't think he was the type.

## *Kappa Alpha*

The KA's have returned to school running over with ambition, for both studies and work around the house. At the present, we are renovating the alumni room. Future plans call for further remodeling of the KAstle.

Several of the brothers have acquired new pastimes and interests since school closed last June. **Judge "Skin and Bones" McWhorter** has finally found himself. During the summer, **Judge** purchased a sports car which can be heard a mile away. **Bill "I'm a dobber" Collins** has uncovered some unusual talents in art. There is more than meets the eye.

We would like to congratulate **Roma Welsh** and **Lyle Carney, Joan Hayes** and **Bill Postles** who were pinned during the summer vacation.

## *Pi Kappa Alpha*

After a summer of varied activities, including working, much leisure time, and for some, military training, the Pi Kaps are now entrenched in their abode up at Pikes' Peak.

Eight brothers and one pledge have moved their books, lamps, and such into the study rooms and have put considerable effort into cleaning up the place. But that poor **Bob Staib,** the one and only pledge.

Two seniors seeking admittance into the world of the military via the ROTC went to summer camp this year—**Bob Pillow to McClellan** and **Mike Sacco** to Bliss.

Also in Fort McClellan for two weeks were **Bill duBell, Herb Hackman, Bill and Jim Downham, and Herb Heyl** with the 300th Chemical Smoke Generator Company.

**Bob Pillow** and **Bill duBell** might look a little green of late, but only because they painted their room a sort of sea-green. It should be off all the clothes in another month.

The Pikes take pleasure in welcoming **Don Bunnel** back to the old grind and also Brother **Bob Saunders** who has been away from school for a few years.

## *Sigma Nu*

The initial week of school brought many changes to Delta Kappa. With the graduation of a fine senior class, many new brothers are now able to live in the House. Prior to the brothers moving in, the second and third floors were tiled, and a new coat of paint was given to most of the House's interior. **Jay Williams, Bob Christfield,** and **Fred Brown** led the brothers in this work.

The early morning conversation between the brothers was filled with many weird tales about the ROTC encampments during the summer. All the excitement didn't take place while stationed at the base; **Ken Edwards, Bob Green,** and **Dick Nye** had a very mysterious time while travelling to and from Texas.

Congratulations to: **Norm Williams,** the newly appointed ROTC commander, and to **Jerry Angulo,** co-captain of the wrestling team.

## *Sig Ep*

Well here we go again! "Anybody going to the movies?" "How about a coke?" These are familar phrases, and they are heard again as we initiate the '53-'54 term.

Future sophomores, welcome to the campus! Have fun and study hard. It is possible to do both you know. When you are walking about campus, keep your eye on that red door. Big things are in the making.

Future generals, **Bill Reybold, Ray Hoopes, Frank White, Bill Doppstadt, "Mush" Trivits,** and **Roger Fouracre** all reported fine "vacations" at Fort Bliss. They recommend it, especially for honeymooners.

Congratulations are extended from the house to the newlyweds: **Bill Dick** and **Ruth Ann Racine; Tom Fouracre** and **Marjorie Dann; Bob Boyce** and **Marylloyd James; Tom Baylis** and **Sue Idell;** and **Sabby Russo** and **Barbara Lewis.** Best wishes to all.

**Ray Hoopes, Willie Knoll, John Tuley,** and **Bill Reybold** took advantage of the Canadian scenery this summer with a canoe trip in Algonquin Provincial Park.

## *AE Pi*

August 31 through September 3 found four brothers in Atlantic City, New Jersey, attending the Fortieth Annual AEPi Convention. It goes without saying they (**Brothers Goldenberg, Porter, Bertuch,** and **Schulman**) had a thrilling time, especially watching the lovely Rhoda "Rho D" Weisman compete in the National Sweetheart Contest.

151 West Main St. is glad to have their Alabama Generals, **Ted Zutz** and **Hank Bertuch,** back. **Hank** missed **Rhoda,** and **Ted** was constantly looking for a place to practice the breaststroke.

The new brothers, **Katman, Pizor, Straussburger, Paul Strom, Seres,** and **Silverman,** poured into Newark on Sunday to meet the challenge of "living in the house." Sacks are like rocks, huh, fellows?

It is with pride that we again announce our winning of the Interfraternity Scholarship Trophy. This was made possible by "that half" of the Fraternity who made the Dean's List. Let's take it again, Brothers!

Congratulations to **Jerry** and **Leo Zuckerman** on their recent marriage!

## *Phi Kappa Tau*

Now that vacation and relaxation is over, the brothers are back for another year of fellowship. Our annual pre-semester work week put the house in good shape.

**Marty Burns** represented Alpha Gamma at our national convention in Oxford, Ohio this summer. **Fred Pullinger, Jim Bradford, Bill Shaw,** and **Dan Strecker** enjoyed the sunshine at Fort Bliss, El Paso, Texas, representing Phi Tau at ROTC summer camp. **Dick Thomas** enjoyed the southern hospitality of Fort McClellan, Alabama, while **Bob Spencer** encamped with the National Guard at Fort Miles, Delaware.

Our annual summer reunion was a huge success with many alumni present. The brothers and their dates spent a wonderful weekend at Rehoboth Beach and attended **Jim Bradford's** wedding. Congratulations, **Jim** and **Joan.**

Congratulations are also in order for **Boyd Cook** and **Pat Beatty** along with **Tom Runk** and **Dotty Melick** who took their nuptial vows recently.

## *Theta Chi*

The year of '53-'54 is here, and we're all back; OX's are no exception. The boys are ready to move into our new house. Things will be "lookin' up" after all renovations are completed.

The remainder of the brothers are at the training house preparing for what looks like a fine season of football. The best of luck to our own captain, **John Borreson** and the rest of the men!!

Of course we're glad to have Old Faithful, **"Dev" McCarthy** back with us. **"Humph" Cunningham, Ingo Zeise,** and **Joe Sherwood** were graduated Sunday. Congratulations.

Socially we've been active, also. Recently married were: **Joe Sherwood** and **Pyl Dineen; Andy (Garbage) Schmidt** and **Mary Lou Philips; Bill Butler** and **Peggy Mooney; Harry "How Ya Doin" Brake** and **Jayne Landefeld.** Engaged are **Jack Messick** and **Sue Robinson; "Monk" Fannon** pinned **Sara Budweiser.**

**Frank M. Smith**

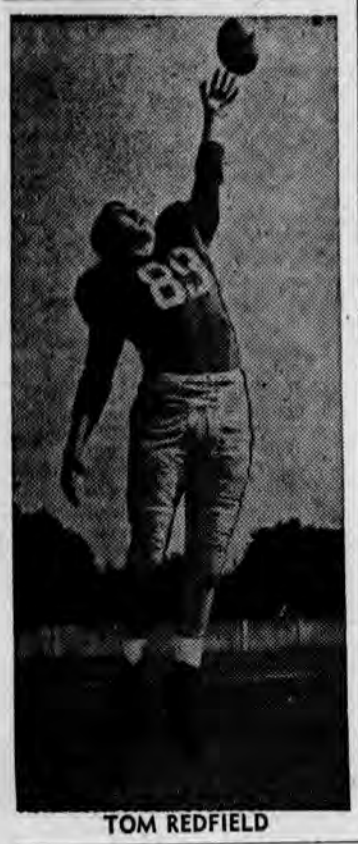
# The Armchair Umpire

By CHARLES WILLIS

Tomorrow afternoon's gridiron clash with the Gettysburg "Bullets" marks the return of college football to the university on a full season basis. Wilmington Park has been the home of the Hens since the early 1940's because of the greater seating accommodations the old Blue Rock park offered. But now the much delayed Delaware Stadium has brought football back to the campus and with it, I believe, greater school pride and spirit. Although the stadium was officially "broken in" during the final two grid contests last year, this year, we hope, will provide the Blue and Gold with more favorable playing conditions. (Who can forget the monsoon weather for the Lafayette and Bucknell games?)



TOM REDFIELD

**The varsity held a practice scrimmage last Saturday against Jimmy Sullivan's frosh eleven. Even though the varsity piled up a seven to two touchdown advantage over the yearlings, Coach Dave Nelson was far from pleased with their performance as a team. However, several members of the line, Redfield and Apostolico in particular, and Wagner, Zaiser, and Carzo in the backfield showed peak form. Carzo, who has been nursing a shoulder separation, returned to action Saturday and crossed the goal twice as did sophs Zaiser and Wagner. The Hens, who are still smarting from a 14-13 upset loss last year to the Bullets, will be playing for keeps tomorrow against the battlefielders.**

Recent sports releases from future Blue Hen opponents indicate that the Blue and Gold may be in for rough going this season. Bucknell boasts a line averaging 210 pounds per man and a backfield which averages 184 pounds. The Mules of Muhlenberg have eight tackles on their roster who scale over the 200 mark as well as several other 200-plus huskies. Lafayette, who the Hens meet in Easton, Pa., on November 14, are strengthened this year with a number of sophomores up from last year's crack frosh squad.

**Sidelights**

**Frank White retained his title as Wilmington's top tennis player last week. . . Coaches Nelson, Wisniewske, and Stauber look in great shape this fall during recent pass defense sessions.**

## Intramural Highlights

By CHARLIE WILLIS

**The first meeting of the intramural council will take place Tuesday, September 29, at 7:30 p. m. in Room 28, Recitation Hall. All organizations interested in having a touch football team in the league are urged to send a representative to the meeting. Plans for the rest of the year also will be discussed, so groups interested in other events should send representatives.**

**Sigma Nu fraternity won the intramural trophy this past school year for the second time in the last five years. The "Snakes" amassed a total of 849½ points with Theta Chi and Sigma Phi Epsilon trailing with 657 pts. and 497 pts. respectively.**

**Sigma Nu continued to dominate the intramural spotlight by capturing individual honors for the third consecutive year. Dick Berl led with 195 pts. while Jack Kinter and Fred Brown, also of Sigma Nu, placed second and third with point totals of 154 and 145 respectively.**

**Kappa Alpha and Sigma Nu have dominated intramural competition since its instigation five years ago. The "Rebels" won the trophy in 1949, 1950, and 1952, and Sigma Nu took the honors in 1951 and 1953.**

**Intramural participation last year showed a marked increase over the previous year. Out of a male enrollment of 1108, there were 478 participants, whereas in 1952 there were 367 participants out of an enrollment of 1082 males.**

**Final Standings**

| | |
|---|---|
| S. N. | 849½ |
| T. C. | 657 |
| S. P. E. | 497 |
| K. A. | 491 |

| A. E. Pi | 65 |
| Brown Hall | 64 |
| Harter Hall | 42 |

# Borrensen Leads Hens

(Continued from Page 1)

Stauber has practically a veteran quartet. Quarterback Don Miller, will be beginning his third season as a starter. Miller's deceptive ball handling and sharp passing is being rated with the best in the east this year. Also on hand this year will be last year's leading ground gainer fullback Rocky Carzo, who pounded out 470 yards on the ground during the 1952 campaign. Veteran scatbacks Jimmy Flynn and Tony Candeloro are available at the halfback posts. They are remembered for their outstanding performances in the Bucknell and Connecticut games respectively. Flashy Jim Zaizer, who drew rave notices in the spring practice sessions, is being counted upon this year along with sophomore Andy Wagner.

Coach Yovicsin's Bullets who have approximately 20 returning lettermen this year are rated by Delaware coaches as a vastly improved squad over last year. The Bullets have a strong and speedy line, but are hampered by small backs. Berky Ward, last year's ace quarterback, has departed, but Frank Gagliardi, up from last year's undefeated frosh team, is being groomed for the starting job. Also returning for the blue and orange is Bob Eppleman, 165 lb. fullback, he led the team in rushing last year with 676 yards in 9 games.

**Steve Butcher, rugged veteran tackle is expected to see plenty of action against Gettysburg Bullets tomorrow afternoon.**

## Harriers Prepare For Busy Schedule

Coach Ken Steer's cross country squad began workout Monday in preparation for an eight meet schedule. The harriers this year will be led by co-captain Roger Fouracre and Bill Beybold.

Last year the team posted a very impressive 5-1 log, bowing only to powerful Pittsburgh. The runners from the Iron City once again loom as a large obstacle for the Hens this year.

The squad will participate in a triangular meet with Johns Hopkins and Gettysburg on October 30. The South Atlantic AAU Meet takes place in Baltimore Nov. 7, while the MASTFA Championships will be held Nov. 14. Fouracre placed seventh and Beybold eleventh in last years MASTFA meet.

Varsity Cross Country Schedule:

| | | |
|---|---|---|
| Oct. 10 | Pittsburgh | 2:00 p. m. Home |
| Oct. 24 | Swarthmore | 2:30 p. m. |
| Oct. 30 | Johns Hopkins Gettsburg Triangular Meet | 4:00 p. m. Home |
| Nov. 4 | F. & M. | 4:00 p. m. Home |
| Nov. 7 | South Atlantic A.A.U. Meet | Baltimore, Md. |
| Nov. 10 | Haverford | 4:00 p. m. Home |
| Nov. 14 | MASTFA Championships Muhlenberg College | 1:00 p. m. |
| Nov. 20 | Albright | 4:00 p. m. |

Home meets at the University Experimental Farm.

# Soccer Candidates Begin Drill Anticipating Nine Game Season

Under the able guidance of Coach "Whitey" Burnham, the soccer team has begun to drill for its approaching season. Coach Burnham expects his highly aggressive squad to compile a fine record. The soccer team has shown in the past week that they have the spirit and hustle necessary to overcome their formidable foes. These include Temple and West Chester who have outstanding squads.

The team seems quite well-rounded in that all members of last season's starting line are returning. Ted Taylor, goalie of last year, has vacated that post in favor of a position as lineman; however, Tom Brown is making a fine bid for the starting position as goalie. Captain Bob Jamison, John McLaughlin, Joe Miller, and Bill Regester are expected to excel also. Other returning lettermen include Willard Thompson, Dickie Dare, and Lee Kalinowski. Outstanding candidates striving for starting berths include Stan Czerwinski, Wendell Wheatley, Dan Walton, Jim Talley, and Dick Singley.

A schedule is also being drawn up for the Freshman squad. At the present date fifteen candidates have reported. All those interested in Freshman soccer should report to Coach Burnham within the next few days. The team has not yet been formed and many starting positions are still vacant.

**Varsity Soccer Schedule**

| | | |
|---|---|---|
| Oct. 10 | West Chester, Home, | 11:00 A.M. |
| Oct. 16 | Bucknell, Away, | 3:30 P.M. |
| Oct. 21 | Lehigh, Home, | 3:00 P.M. |
| Oct. 24 | Temple, Away, | 2:00 P.M. |
| Oct. 31 | Washington College, Away, | 2:00 P.M. |
| Nov. 3 | Western Maryland, Home, | 3:00 P.M. |
| Noc. 7 | Drexel, Home, | 2:00 P.M. |
| Nov. 11 | Franklin and Marshall, Home, | 3:00 P.M. |
| Nov. 14 | Johns Hopkins, Away, | 2:00 P.M. |

**Motorcycle**

Small "1954" Harley Davidson 165-300 miles — $400 — perfect cond.

## WAA Hockey Tourney To Begin Practice Oct. 5

Want to play in the inter-class hockey tournament? If so, check these dates. Practice is from October 5 to October 16 at four o'clock. You must attend three practices to be eligible to play in the tournament. In the first week of training there will be stick work, and in the second week there will be practice games. Student teachers can warm up during the first week of tournaments. They need only two practices.

The actual tournament will start on or about October 19. Don't forget practices Monday, October 5, through Friday, October 16, at four o'clock. No practice, no play!

## Frosh Prepare For Bambridge Contest

This year's edition of the Blue Chicks, who have been working out during the past week and a half, are making earnest preparation for the Bainbridge encounter October 10.

The squad, now reduced to approximately 35 members, has thus far shown good spirit and hustle. Coach Jimmy Sullivan hasn't picked a starting eleven yet, but he has been impressed with the potentialities of many of the yearlings.

There are about 15 former all-state and all-star athletes in varying degrees on the squad. Former Delaware All-Staters include Alvin Sparks, "Slats" Laramore, Tommy Thomas and Bob Moneymaker. Stars from Pennsylvania are Scott Anderson, Dave Colcombe, Ed Malinowski, Bill Michaels, Patsy Friello and Michael Slaveski. New Jersey standouts are Curtis Combs, John Irwin, Gerald Weis and James Shelton. Ethan Stenger is Maryland's All-State contribution.

**Wanted: two managers for soccer team. See Whitey Burnham.**

## *Possible Starting Lineups*

### DELAWARE

Wagner R.H.B. — Carzo F. B. — Zaiser L. H. B.

Miller Q. B.

Redfield R. E. — Borresen R. T. — Trivits R. G. — Williams C. — Cooper L. G. — Butcher L. T. — Serpico L. E.

Jacobi L. E. — DeSatnick L. T. — Attis L. G. — Yingst C. — Weitgel R. G. — Eckert R. T. — Lewandowski R. E.

Gagliardi Q. B.

Yost L. H. B. — Eppleman F. B. — Ujoboi R. H. B.

### GETTYSBURG

# *Blue Hen Of The Week*

This week the *Review* sport writers turn the atheltic spotlight on another senior, captain of the soccer team, Bob Jamison. Standing five foot ten inches tall and weighing only 160 lbs., the fast-moving Jamison comes to the Blue and Gold from Riverton, New Jersey, where he attended Moorestown Friends School, winning letters there for four years in his favorite sport, soccer.

BOB JAMISON

In his first two years of high school, he played left-outside. Then he was shifted to left-half, where he stars at Delaware under the coaching of "Whity" Burnham. Bob has been a letterman for the past two years and played on the never-to-be-forgotten 1951 team.

In campus activities, Bob is well known for some of his outstanding work in many organizations. Heading the list of his various extra-curricular activities are: the Ag Club, officer in the Varsity Club, advanced Military, and officer in ATO.

This year Bob looks forward to a great season for the soccer team, although they face one of the stiffest schedules yet. Hampered last year by the lack of returning lettermen, this year's twelve returning V-D men are expected to bolster the attack and tighten the defense.

Top on his list of hobbies is sailing, and last year he placed in the national duster class sailboat racing.

So remember! When you are out watching the booters on October 10, when they play West Chester in their first seasonal tilt, keep your eye on fast-stepping number 6, for that will be Bob Jamison, the Blue Hen of the Week.

## Scholarships

(Continued from Page 1)

the state of his legal residence is eligible to be considered for one of the two awards by the committee on State Fullbright Scholarships. The awards are made in the currencies of the participating countries abroad. They cover transportation, expense of a language refresher or orientation course abroad, tuition, books, and maintenance for one academic year. Further information and application blanks for the Fullbright Scholarship may be obtained from Dean Squire at his office located in Hullihen Hall. It is of the utmost importance that applications for the awards be in Dean Squire's office no later than October 31, 1953, with the exception of applications for Australia and New Zealand which must be in October 15, 1953.

## Extension Program Draws Interest

This year there has been considerable interest in the certificate program offered through extension courses, so Gordon C. Gadbey, associate director of the University of Delaware's Extension Division announced.

This program is valuable to students who wish to study for two years without being enrolled as a candidate for a degree. A certificate can be obtained in six fields: General Business, Accounting, Biology, Chemistry, General Arts and Science, and Technical Aide.

A student must be certified by his high school or show that he has the capacity for the work.

The same scholastic index that regular University students maintain must be maintained by candidates for certificates. Applicants must also pay the regular $5.00 application fee.

Forms may be obtained by writing the Office of Admissions, Extension Certificate Program, University of Delaware, Newark, Delaware. They should be returned by December 15.

# Welcome GUYS!

*And the best dressed "guys" on the Campus get their clothes at HOFFMAN'S, traditionally, the Exclusive Style Center in Newark for:*

## HOW THE STARS GOT STARTED ☆☆☆

***Patrice Munsel says:*** "When I was a kid, I wanted to be a lady football player. Then I dreamed of another career—whistling! Somebody discovered I had a voice, so I took singing lessons. I worked hard at it—then I won the Metropolitan Opera auditions when I was 17."

*I STARTED SMOKING CAMELS BECAUSE A FRIEND OF MINE ASKED ME TO TRY THEM. NO OTHER CIGARETTE EVER GAVE ME SUCH PLEASURE. CAMELS TASTE SO GOOD—AND THEY'RE SO MILD!*

Start smoking Camels yourself!

Smoke only Camels for 30 days and find out why Camels are America's most popular cigarette. See how mild and flavorful a cigarette can be!

*For Mildness and Flavor* **CAMELS AGREE WITH MORE PEOPLE** THAN ANY OTHER CIGARETTE!

## Military

(Continued from Page 1)

Akron, Ohio, has assumed his post as assistant PMS&T. He is a graduate of the University of Akron with a degree in political science, and he has completed a year of graduate work in education. A graduate of the Army Chemical Corps officer candidate school in 1943, he has succeeded at the university Capt. Bruce Elliott, who has been assigned to the Joint Military Mission to Brazil.

Major Mitchell has held such Chemical Corps assignments as assistant director of the specialist school, Camp Sibert, Alabama; assistant chief of the leadership school, Camp Sibert; and writer of publications, Chemical Corps school, Army Chemical Center, Maryland.

**Service In Korea**

He served in the Far East Command in Japan and Korea from 1948 to 1951. During most of that time he was on the staff of the now famous Eighth Army. On his return to the United States, Major Mitchell served as secretary, Chemical Corps School, Fort McClellan, Alabama, until his present assignment to the university.

Major Mitchell lives at 17 New Street, Newark, with his wife, Dorothy, and two children, Vicki and Ann.

He wears the American Theatre Ribbon, World War II Victory Medal, Army of Occupation Medal (Japan), Air Medal, Korean Service Medal, Bronze Star Medal, Republic of Korea Presidential Unit Citation, and the United Nations Service Medal.

Captain Zeller replaces Major George K. Anderson as assistant PMS&T. Major Anderson has been assigned to the Command and General Staff College.

Captain Zeller is also a West Pointer, having graduated from the Military Academy in 1945. He is a native of Mt. Joy, Pennsylvania. Upon completion of the Associate Basic Officers' Course at Fort Sill, Oklahoma, Captain Zeller was ordered to Japan.

On his return to the United States he was assigned to the 82nd Airborne Division, Fort Bragg, North Carolina, and in 1950 was ordered to Korea, where he served with the 187th Regimental Combat Team.

Captain Zeller, his wife Susan, and his two children, Catherine and Stuart, live at 20 Linden Street.

He wears the American Theatre, Asiatic Pacific Theatre, World War II Victory, Army of Occupation, Japan, Korean Service, and the United Nations Service Medals, and the Parachute, Glider, and Senior Parachute Badges.

Another officer will arrive at the university about October 1, to replace Captain Samuel A. Grayson who has been assigned to the Far East Command.

## Student Health

(Continued from Page 1)

Hocutt. It was largely because of Dean Hocutt that the doctor decided to continue his work as a college doctor and to accept the post here.

Dr. Keppel plans to build up the Student Health Service not only by attending to the physical and mental health of the students and their health education, but by inspecting dining halls and dormitories, and making routine x-rays several times a year. He also expects to do guidance work.

## Seating Plan

(Continued from Page 1)

the athletic cards will not be honored at the stadium gate.

Visitors' tickets may be purchased at the stadium box office after 1:00 p.m. the day of the games. Extension students may obtain season tickets for the University of Delaware games at the athletic office for five dollars each.

## Bush

(Continued from Page 2)

rectorship of the Business Guidance and Placement Bureau.

Three years later, a further promotion resulted in his working in the capacity of Registrar and Director of Admissions. The sudden sky-rocketing of enrollment following the termination of the war necessitated a separation of the two tasks. Thus in 1948 Mr. Bush resigned as Registrar to devote his entire time to the admissions work.

Mr. Bush's varied contributions to the University as a whole can be termed very substantial. In the phraseology of **The University News**, "His zest for his work was infectious; the work itself was excellent."

LOW IN NICOTINE

HIGHEST IN QUALITY

**When you smoke Chesterfield it's so satisfying to know that you are getting the one cigarette that's low in nicotine, highest in quality.**

A fact proved by chemical analyses of the country's six leading cigarette brands.

**And it's so satisfying to know that a doctor reports no adverse effects to the nose, throat and sinuses from smoking Chesterfield.**

The doctor's report is part of a program supervised by a responsible independent research laboratory and is based on thorough bi-monthly examinations of a group of Chesterfield smokers over a period of a year and a half.

**Chesterfield is best for me—my steady smoke for 7 years.**
