Dear Jimmy -

I've talked with several people today including DelBusto in the company who knows more about I.E.M. than any one else in Mex. Dept, and also Horacio Brown, and I shall dictate a letter to you in the next day or two. During the last year things are going better in I.E.M. both financially + in the way of factory processes. I will give you the list I can shortly. Mex. fight + the Federal Power Commission are the two principal customers by far of I.E.M. + how I.E.M. gets on depends on the work the policy of the government permits the electricity companies to do.

I'm still feeling better
but somewhat better. I am
so useless as I don't feel like
working, tell your father I know
how to sympathize with him and
how much I think of him.

love to see the family

Truly
Yours
