

# SOCIETY BANQUET SATURDAY

Marshall Oct. 30—The first annual banquet of the Ladies' Bible Class of the Central Methodist Church will be held Saturday evening in Wilmington.

Final plans for the affair were made at a meeting Friday evening at the home of Mrs. Harrison Peoples. Mrs. Florence Proud is chairman. Assisting are Mrs. Ella Parker, Mrs. Harrison Peoples, Mrs. Florence Snyder and Mrs. Leroy Parker.

The Ladies' Auxiliary of Mill Creek Fire Company served a chicken supper in the fire hall Saturday evening. Mrs. Mary McVey was chairman of the committee in charge. The affair was quite a success.

Members of the St. Barnabas Girls Club held a Halloween party in the parish house of the St. Barnabas church here on Wednesday evening. Miss Jean Vanni Cola was chairman.

About 200 persons attended the Halloween party of the Parent-Teacher Association in the auditorium of the Marshall Consolidated School Wednesday evening. Prizes for costumes were awarded as follows: Funniest wild, William Klair; cutest child, Marilyn Leach; best dressed child, Jean Dream; funniest costume, Mrs. P. W. Lloyd; most original, Wilmer Williams; best dressed man, Winfred Peters; and best dressed girl, Mrs. Thomas Gillespie.

The judges were Mrs. Leonard Edwards, J. Thompson Linster, and Clarence T. McVaugh.

The speakers will endeavor to present the fundamental issues of the forthcoming election and to answer, by public discussion, any questions individuals may wish to ask.

## Willkie Meeting At Glasgow On Saturday

Franklin C. Moss, Jr., and Chester Frey, of Philadelphia, will address a gathering of Willkie for President supporters at the hall of H. H. Leasure, Glasgow, at 8 o'clock Saturday evening, November 2.

The speakers will endeavor to present the fundamental issues of the forthcoming election and to answer, by public discussion, any questions individuals may wish to ask.

# True or False...

## An Appeal For Fair Play

The right to vote is the sacred privilege of a free people.

Under the Constitution the citizens of Delaware are given the inalienable privilege of voting for any candidate of their own choosing.

But in any large body politic there are those forces which seek to defeat the voting franchise of free people. Such actions are evidenced in two ways: outright fraud at the polls, and deliberate distortion of the facts which voters use in determining their vote.

In Senator John G. Townsend, jr., the free people of Delaware have given the nation a really liberal Senator.

He has achieved more memberships on Senate Committees than any other Senator, Republican or Democrat. He has given Delaware a more powerful voice in national affairs than states with fifty times our population.

Senator Townsend has helped to write and supported more than 100 appropriation bills. He helped draft and supported more than \$10,000,000,000 in national defense appropriation in a single session of congress. He is the only Senate Republican who voted for the Excess Profits Tax to prevent war millionaires.

Senator Townsend's record is so good from the standpoint of the free people of Delaware, that his opponents have resorted to misrepresentation and distortion to becloud the excellence of that record. They are deliberately attempting to deceive the workers, the farmers, the tradesmen, the businessmen, the mothers and the youth of Delaware. On this page we prove this to be true.

Because the people of Delaware are entitled to the truth, it becomes the duty of patriotic citizens to expose misrepresentation of Senator Townsend's record.

Therefore, we present for your information, a numbered list of certain charges which you may have read or heard, together with the actual evidence of distortion. It is a sad picture. It is the picture of the New Deal attempting to purge Delaware of a great Senator by misleading the people of this State.

It is a situation which the voters of Delaware should condemn with all their power of expression.

In certain unsigned pamphlets and in certain speeches the following statements have been made, together with the claim that the information comes from the Congressional Record. Judge for yourself whether they are TRUE or FALSE:—

1. That Senator Townsend voted against a bill containing \$930,000 for the Wilmington Postoffice, certain schools, etc.

**Answer:**

Senator Townsend did exactly the opposite. He not only voted for the appropriation, but helped to write the bill, item by item, page by page. Funds for this Postoffice were contained in Public Law 412, 73rd Congress. The committee amendment was voted on Page 11,638 of the Cong. Record of June 15th, 1934. Senator Townsend is recorded as voting "YEA" along with Majority Leader Joe Robinson, 36 Democrats and 19 Republicans. The Bill was passed on Page 11,676 of the Record of the same day and met NO OPPOSITION WHATSOEVER.

2. That Senator Townsend, on March 7, 1935, voted against increasing the enlisted strength of the Army.

**Answer:**

Senator Townsend did exactly the opposite. He voted IN FAVOR of increasing the enlisted strength of the Army. This vote appears on Page 3195 of the Cong. Record of the above date and is available in any library. Furthermore, Senator Townsend voted twice on the same day to increase the enlisted strength of the army. (See Page 3166 Record, Mar. 7, 1935.)

3. That Senator Townsend, on March 31st, 1939, voted against Sen. 372, appropriating money for purchase of strategic war materials. The intimation is that he opposed a defense measure.

**Answer:**

Senator Townsend HIMSELF introduced Senate Joint Resolution 239 providing \$500,000,000 for immediate purchase of strategic war materials with our gold. This Resolution was favorably reported by the departments, studied by committee, and enacted into law in combination with other bills as Public Law Number 784. (See Cong. Record Mar. 13 1939.) The bill which he DIDN'T want provided only one hundred million dollars which the President wanted to spend in four years, instead of immediately. (Cong. Record Mar. 31, 1939.)

4. That Senator Townsend voted against the Neutrality Bill of 1939, insinuating that such a vote was not in the interest of peace and national defense.

**Answer:**

This is the Bill which would prohibit the shipment of help to stricken England. It is the very Bill which got in the way of those

hoping for the defeat of Hitler. It is the Bill which has complicated our international situation and endangered the peace of the nation. Ask Roosevelt or Hull or Wilkie about this vote?

5. That Senator Townsend voted against the appropriations increasing the airforce on Mar. 5, 1939, not in the interest of national defense.

**Answer:**

When this bill came from the House it provided funds to keep 5,500 planes in the air. The Army asked Congress to provide 5,500 planes. The vote taken on this date was whether an authorization for 6,000 planes was necessary in order that 5,500 might be kept in the air by the Army. There was no vote taken on reducing an appropriation. Senator Townsend helped write the full appropriation and supported it. (Cong. Record, Mar. 6, 1939.)

6. That Senator Townsend (by not voting) opposed three general appropriation bills, two as long as five years ago. (H. R. 7672, H. R. 5913, H. R. 6149).

**Answer:**

Senator Townsend not only supported those

bills, but sat on the drafting committee and helped write them page by page, item by item. There was virtually no opposition to them at all. On the first only three Republicans and ten Democrats voted No. on the second only five Republicans and ten Democrats voted No. and the third had little opposition. When these bills were voted on the work had all been done—Senator Townsend had helped do it. (See Cong. Record of May 24, 1935, Mar. 8, 1935, May 18, 1939.)

7. That by voting against H. R. 12624, H. J. R. 172, H. J. 679, Senator Townsend has voted against sewage, disposal plants, postoffices and schools for towns in Delaware.

**Answer:**

There was no vote taken on those projects at any time; only one vote was taken on any of these bills for a Delaware project and Senator Townsend voted YES. This single vote would have directed \$2,250,000 to the Delaware River and Delaware Canal (See Record Page 8092, 1938). The Interior Department alone determined what projects would be constructed in Delaware. Senator Townsend not only supported the defense and relief funds, but sat on the committee which wrote them, item for item, page for page. The insinuation that he opposed any

Delaware project is false. He voted YES for amendment after amendment to aid the people of Delaware. Senator Townsend voted against the bills in final form because of their inflationary aspects, because they promised cheap currency, because they discriminated against Delaware, because they made the people of Delaware pay ten dollars for every dollar of benefit. SEE NOTE BELOW.

8. That by voting against H. R. 5557, June 16, 1932, Senator Townsend opposed the construction of school buildings in Wilmington, Laurel, Seaford, etc.

**Answer:**

There was no vote of any kind for any Delaware project in this bill. In fact this was the famous NRA ACT which sought to regulate industry and labor which brought chaos to the country. It was declared unconstitutional. The Democrats, in false charges on this bill, apparently favor a return of the NRA. (See Record Pages 5171-5424, June 1933.) Furthermore Senator Townsend supported the Public Works in this bill.

9. That Senator Townsend's accomplishments in the Senate could be told in one minute.

**Answer:**

The Congressional Record shows that: Senator Townsend has participated in the drafting of more legislation than any other member of the Senate, Republican or Democrat; that Senator Townsend has achieved more committee memberships than any other member of the Senate, Republican or Democrat; that Senator Townsend has helped to draft more than 100 appropriation bills; that Senator Townsend, almost single-handed, wrote and twice obtained the passage of the Townsend silver bill which would save the people hundreds of millions of dollars; that Senator Townsend has helped to draft every tax bill passed during the past ten years and became one of the most powerful conferees in Congress; that Legislation which Senator Townsend has actually helped to draft and pass covers nearly 20,000 printed pages; that Senator Townsend, next to Senator Vandenberg, was more responsible for the insurance of bank deposits than any other Senator; that Senator Townsend has helped to draft every piece of banking legislation passed in the last 8 years.

IT WOULD REQUIRE PAGES OF THIS NEWSPAPER TO LIST SENATOR TOWNSEND'S CONSTRUCTIVE RECORD.

**NOTE**

These bills were long and complicated measures. They gave power to the Federal Departments to allocate projects. The Congress had nothing to do with them whatever. But to demonstrate the amazing effort to mislead the people of Delaware, we cite below the actual roll calls on the last of these bills, showing how Senator Townsend actually voted. The bill was H. J. Res. 679. The record of votes and debate may be found in the Congressional Record available in any library, Pages 8,092 to 8,149, 1938. The votes follow:

Page 8092: Senator Townsend voted YEA on an amendment which directed expenditure of \$2,250,000 on the Delaware River and the Delaware Canal.	Page 8097: Senator Townsend voted YEA on an amendment to increase Old Age Social Security Benefits by 33-1/3%.	Page 8100: Senator Townsend voted YEA on an amendment prohibiting the spending of more than 15% of the funds in any one state—a Delaware amendment.
Page 8109: Senator Townsend voted for Vandenberg substitute appropriating \$2,410,000,000 for work relief.	Page 8103: Senator Townsend voted YEA for an amendment to distribute \$50,000,000 worth of farm products, sea food and fish to the poor.	Page 8135: Senator Townsend voted YEA on an amendment prohibiting discrimination against relief workers because of their political views.

Page 8149: Senator Townsend voted YEA in a voice vote on an amendment to direct \$84,000,000 to army barracks, including a large amount for Fort DuPont, Del.

That is the record in a single bill. Senator Townsend has upheld the interests of Delaware in protesting against the rank discrimination against the State of Delaware in these appropriations. Wouldn't you?

NOTE: Any citation made on this page may be found in the CONGRESSIONAL RECORD, available in any library . . .

## HOMECOMING SERVICE TO BE HELD

The annual homecoming service will be held in the Stanton Methodist Church on Sunday, Nov. 17th, with all services. The Rev. Baker has organized the following committees for the service: Program, Mrs. Mary Abbott, Mrs. Grace Hale and Mrs. Lewis Eastburn; publicity, Merritt C. Newcomb, and Mrs. Lewis Eastburn; dinner committee, Mrs. Calver Talley, Mrs. Flora Boyce and Mrs. Sue Smith. The guest speaker at the service will be William Nagel of New York.

The first quarterly conference of the church will be held on Friday evening, Nov. 8th, with Dr. Walter E. Gandy, district superintendent, presiding.

The Rev. Edward K. Albaugh and family of Dorlington, Md., the newly appointed rector of the St. James Episcopal Church, moved here on Wednesday to the rectory, which has been remodelled and renovated.

Mrs. Helen W. Wright, teacher of the fifth grade at the Stanton School, has completed the unit of work on "Delaware." The culminating activity took place in the school this week at which time the fifth grade entertained pupils of the sixth grade at a "Delaware Luncheon" in the class room. The sixth grade pupils have just completed their imaginary trip to South America, and as a closing feature, entertained pupils of the fifth grade at the "South American Breakfast." Only products of South America were served at the breakfast meeting.

Pupils of Stanton grades 4, 5, 6, 7, and 8, accompanied by members of the faculty, and Mrs. Helen Hopkins, art instructor, visited the exhibit of school work of the state at the Art Center in Wilmington. Stanton school has several exhibits in the art display.

## RELIGIOUS TRAINING CLASS HELD

### Sessions To Continue For Six Weeks

Newport, Oct. 30—There were 81 teachers and Sunday School workers registered for the annual rural cooperative religious training school of New Castle County at the first session held Monday evening in the Newport Methodist Church. The school which is sponsored by the Peninsula Conference Board of Education and the Intermediate Council of Religious Education, was presided over by the Rev. Richard M. Green, pastor of the Hockessin Methodist Church, and dean of the conference. Sessions will be held every Monday evening from 7:30 to 9:30 for a period of six weeks.

The annual "Harvest Home" service was held in the Newport Methodist Church Sunday. Donations of food articles were used to decorate the altar and church, and this contribution of food will be given to the Methodist Hospital in Philadelphia. The Rev. J. C. McCoy, pastor, had as his subject "Our Reward," and in the evening, spoke on "The Power of Christ."

Professor C. W. Cummings of Newport, and principal of the Conrad High School, was elected President of the Delaware State Education at the representative assembly meeting in the Warner Junior High School this week.

The annual super-Grange entertainment will be held on Friday evening, Nov. 8, at 8:15 in the Krebs School. This program is sponsored by the New Castle County Pomona Grange, and various Granges in the county will present plays, musical numbers, etc.

The annual turkey supper of the Newport Methodist Church will be served on Wednesday evening, Nov. 13th in the church assembly room, by members of the Woman's Society of Christian Service.

Delaware Grange will hold a card party on Nov. 25th in the Woman's Club Building.

## Turkey Producers Put On Finishing Touches

Delaware turkey producers are now working toward the best possible finish on their birds to obtain highest prices at holiday marketing time. And W. C. Skoglund of the animal industry department at the Delaware Agricultural Experiment Station, says that "Where necessary, growers can add weight to their turkeys by increasing

the amount of grain supplied the birds from now until the time comes for them to be marketed. Corn, especially, will boost turkey weight rapidly to meet holiday market demands. Alfalfa, soybean, clover or clover-bluegrass ranges provide a steady supply of green feed for the turkeys. And supplying plenty of green feed is one of the best health measures in the management of turkeys."

### BRACK-EX GIRL BADLY INJURED

Brack-Ex, Oct. 30.—Three-year-old Dorothy Bryant, who suffered a fractured skull and broken vertebrae last Monday when she fell from a second-story window of a garage is still in a serious condition. It is reported at the Memorial Hospital. Dorothy is the daughter of Mr. and Mrs. H. C. Bryant, 1000 Washington Avenue, entertained at a party at their home recently in honor of the sixteenth birthday anniversary of their daughter, Miss Betty Unruh. Among the guests were: Marion Horvath, Mary Viola Graham, Ruth Davis, Moore, Miss Unruh, Ruth Ravil, Betty Stewart, Kathryn Walker, Sigler, William Passwater, Eugene A. Fincher, Richard A. Fincher, Frank Dennison, Franklin White, Harry Rutter, Wesley Davis, John Shaffer, Harold Shaffer, Mr. and Mrs. F. Kelson Unruh, and children Harold and Carolyn; Harold Unruh, and Mrs. William Newton and daughters Virginia and Ann, and Norah Wiley of Bridgeville, Mrs. Fred Jones and daughter Jean, of Newark, and Mrs. Frank Obier, of Philadelphia. The Ladies Aid Society of Elsmere Presbyterian Church held an all-day party at the church Wednesday. The affair started at 10:00 o'clock under the direction of Mrs. William

### Exhibition Of Photographs To Be Shown At Memorial Library

The art department of the Women's College, University of Delaware is presenting an exhibition of photography by Joseph A. Corbi. The pictures will be shown in the art gallery of the Memorial Library from November 1 to 20.

Mr. Corbi chose photography as a hobby four years ago, when he first came to Delaware to teach art in the state schools. Since that time he has become more and more skilled in working out interesting compositions and developing and printing his own pictures. His photographs show a wide variety of subject matter, a variety which he has consciously achieved. There are about fifty prints in the exhibition, which includes studies of children, dignified adults and workers, as well as studies of landscapes, flowers, and still life. One picture, "The Moon dancer," is made entirely of cut paper, set upon a small stage, with a single light reflector.

Mr. Corbi has won several prizes in

photography and many of his prints have been exhibited in international salons. The portrait of his mother, "The Bible," which is shown above, took first place in one of the weekly Wilmington News-Journal contests. The picture was sent on to the National Salon of the Newspaper Snapshot Awards and received an honorable mention prize of fifty dollars. The cut-paper "Moon dancer" gave him a membership in the Philadelphia Art Alliance.

Mr. Corbi studied teaching at the Pennsylvania Museum School of Industrial Art where he received a four year scholarship. Now he can be found teaching art in several New Castle County schools—Minquedale, Rose Hill, Oak Grove, and the Newport Colored School.

The art gallery in the Memorial Library is open daily from 8:00 a. m. to 5:00 p. m., and Sundays 2:00 to 5:00 p. m. Everyone is invited to visit this interesting exhibition of photography.

## Once I Could Vote, Too!

Once, like you, I was a free man! A Frenchman! Politicians made speeches to me, too! They spoke about our impregnable democracy. They told me what they were doing to protect my standard of living and my working conditions. They promised my family safety through preparedness. But they weren't honest with me! They let me down! I found that out when I had to give up my job to go to war—at the same time that I FOUND OUT YOU COULDN'T STOP TANKS WITH BODIES, that you couldn't halt bombs or buy peace with promises. Now they are holding trials to find out whose fault it was. But I know— It was MY fault! I voted for the easy way. I voted for the beguiling voice. I voted for the politician, not the man. I was one of a nation of free men who did not prize freedom. Today I am not free. I repeat it was my fault. But it was I who paid the penalty. I, with my womenfolk and my children! I, who thought I was prepared for war. Free men of America, already you may be pledged to a conflict for which you know you are not prepared. Remember my mistake! Weigh the man against the politician before you vote. Do not vote for a voice—VOTE FOR A MAN. Do not vote for a politician—VOTE FOR A MAN WHO WORKED WITH HIS HANDS. Do not vote the easy way—VOTE FOR A MAN WHO CAME UP THE HARD WAY.

# E-52 GROUP TO PRESENT PLAY AT UNIVERSITY

## "Love's Old Sweet Song" To Be Given In Mitchell Hall Tomorrow Night

The E-52 Players of the University of Delaware will open their current dramatic season tomorrow evening when they will stage William Saroyan's "Love's Old Sweet Song" in Mitchell Hall. Curtain time is 8:15 o'clock.

Edith Coulahan, of Newark, president of the Puppets' Club of Women's College, is cast as a photographer in the play. Also in the cast are Bobby and Judy Kase, children of Dr. C. Robert Kase, director.

Because the production has as part of its plot a hill-billy family of 15 children, it has claimed the services of several other local children. Genty Lovett, son of Mr. and Mrs. Marcus Lovett; Alton Haney, son of Mr. and Mrs. George M. Haney; and Mike Holton, son of Mr. and Mrs. Walter D. Holton, are members of the family.

Following are the members of the cast:

Carolyn Miller, Arthur Barab, Sol Markowitz, Harry Hillyard, Joseph First, Harold Friedman, Josephine Emerson, Arthur Boys, Charlotte Runk, Jeannette Trice, Leighton Brown, Jack Warren, Edwin Golby, Judy Kase, Bobby Kase, June Sihock, Margaret Felton, Genty Lovett, Alton Haney, Mike Holton, Walter Lilley, Edith Courahan, Ralph Margolin, Robert Sanford, George Hildreth, Arthur Krause, Frederick Ingham, Norman Bunin, and Lloyd Jones, Jr. Margaret Felton is assistant director of the play while Ned Cooh, of Newark, is production manager.

Patrons and patronesses for the affair will be:

Miss Harriet Baily, Mrs. Joseph Bancroft, Mr. and Mrs. Harry Clark Boden, Mr. and Mrs. H. L. Bonham, Mr. and Mrs. J. P. Cann, Dr. and Mrs. Allan P. Colburn, Lt. Gov. and Mrs. Edward W. Cooch, Charles W. Davis, Mrs. Henry W. Davis, Dr. and Mrs. Cyrus L. Day, Mr. and Mrs. Carleton E. Douglass, Dr. and Mrs. A. S. Eastman, Mrs. Charles B. Evans, Dean Marjory S. Golder, Mr. and Mrs. Howard Greene, Mr. and Mrs. C. E. Grubb, Dr. and Mrs. Walter Hüllihen, Mr. and Mrs. George A. Hyde, Dr. and Mrs. Wallace M. Johnson, Mr. and Mrs. J. K. Johnston, Mr. and Mrs. W. D. Lewis, Mr. and Mrs. Hugh M. Morris, Dr. and Mrs. P. K. Musselman, G. Burton Pearson, Jr., Dr. and Mrs. Robert E. Price, Mrs. Charles L. Reese, Dr. George H. Ryden, Mrs. Henry P. Scott, Mr. and Mrs. H. Rodney Sharp, Mr. and Mrs. Frank K. Simon, Mr. and Mrs. G. R. Sinclair, Dr. W. Owen Sypherd, William H. Waller, Jr., and Mr. and Mrs. J. P. Wright.

Although large-scale hatching of baby chicks through use of artificial heat originated in the United States and is primarily a development of the past half-century, both the Egyptians and the Chinese knew how to hatch eggs artificially more than 2,000 years ago.

# HERD SIZE INFLUENCES DAIRY FARM

Records of several Delaware milk dealers show that quite a number of the State's dairymen are "one-can-per-day" shippers. Milk prices have never been high enough for a dairyman producing an average of only one can of milk a day to make a satisfactory living unless there are other sources of income. Even though this type of milk producer has a good business when the farm as a whole is considered, he is still making poor use of his time and the equipment necessary for the dairy production part of his farm enterprise.

A survey conducted for seven years in a nearby Pennsylvania dairy section reveals that the average dairyman in that area is keeping 11 cows which are producing about 2½ cans of milk daily. These Pennsylvania farmers have been obtaining consistently good incomes from their dairy production operations with the exception of two depression years. And those farmers keeping 13 or more cows made good livings even during the time that milk prices were exceptionally low.

Dr. Baker maintains that it requires only a little more labor and overhead expense to take care of 10 cows than it does to maintain a herd of five cows, or the number usually kept to produce a can of milk. But where the dairyman doesn't have the time or the proper equipment to care for even five cows, there is no reason for him to attempt an expansion of his dairy herd with the hope that more cows will result in a better income from his dairying work. Whatever number of cows a dairyman has, he must have enough time and equipment to take care of all of them properly.

# DESTROY GARDENS

Numbers of several garden insect pests that might infest gardens next season can be reduced by removing what is left of garden plants after the vegetable harvest is over. Included among these insects are vine borers, most cabbage pests and corn borers. These insects pass the winter in the remains of garden plants in what is called the pupa or cocoon stage.

Cucumber beetles, bean beetles, potato bugs and many caterpillars feed late in the fall on plant remains which are valueless to farm families as food. Still other pests overwinter in the surface layer of the soil and can be destroyed by plowing the land before freezing weather sets in.

Burning of all the crop remains after harvesting the vegetables is sometimes done. But Amos maintains that it is much better for the soil to plow under the crop remains and sow a cover crop in the garden area.

Plowing under what is left of the vegetable plants and seeding a cover crop actually accomplishes two results. Overwintering insects, both in the old plants and in the soil, are destroyed and their food supply is eliminated. And, at the same time, soil-building organic matter is added to the land. The organic matter is supplied by the vegetable plants and by the cover crop which is plowed under in the spring.

Dr. Henry C. Harris of the Delaware Agricultural Experiment Station's agronomy department, suggests eye as an overwinter crop for garden plots.

## NURSERY PLANTING

This year's fall inspection of nursery plantings for insect and disease pests is underway. S. L. Hopperstead of the Department of Plant Pathology at the University of Delaware, has charge of the State's nursery inspection work. He reports that Delaware nursery stock is generally in excellent condition where nurserymen have applied control measures against pests. Strawberry plants to be sold this fall or next spring must bear certificates showing them to be free of diseases and insects. Plants for fall sale will be certified only if the mother plants were inspected and certified and if the land they have been produced on has a clean history as far as red stele disease is concerned. H. -perstead plans to make strawberry inspections during September and early October as well as next spring. Requests for nursery inspection will reach Mr. Hopperstead if addressed—University of Delaware, Newark.

A 600-pound crop of apples for a well developed, 25-year-old tree removes about a third of a pound of nitrogen from the soil. For good yearly growth, another half-pound of nitrogen is used up. Thus, horticultural research workers say that a pound of nitrogen yearly is ample supply for an apple tree in full bearing. It takes six pounds of nitrate of soda or five pounds of sulphate of ammonia to supply a pound of nitrogen.

Dry weather and Japanese beetles cut production of early corn but recent rains, arriving just when late corn was forming ears, gave a real boost to this season's late corn production. Harvest of the late corn crop will soon be underway.
