Dear Mr. Bachrach:

I have your note of January 28 acknowledging my letter of January 25, and I wish to thank you for the information which you have given me therein.

The real reason behind the resignation of Griffis will be interesting to know. It will be difficult to know what the real reasons are, but I am sure that they will become apparent in due course. I am not of the opinion that the real reason for his retirement is that of private business or health.

Mr. Messers.*

With all good wishes,

Cordially and faithfully yours,
