Dear George:

Thank you very much for your letter of November 15th which I enjoyed reading. It is good to know that you are both well and are enjoying your new life.

Jimmy has been here about two and half weeks and he has told me how successful the Patla inaugurations were, and also that you were invited by the President to accompany him in his car from Mexico to Patla and back.

I had not seen Jimmy for seven months and so I had the opportunity to receive from him some first hand reports regarding matters about which it was useful for me to have had Jimmy come here.

We have been terribly busy all these months, and there are still many things which need settling. However, I hope to leave for home with Yvonne and Jimmy in about ten days to two weeks. Eight months here away from the family is too long. Besides I am in need of a rest.

I look forward to seeing you very soon and to have the opportunity of discussing many things with you.

With best wishes to you and Marion,

Very sincerely,
