NUMBER 6

LEGISLATORS, IN BIENNIAL VISIT TO U. OF D., LEARN OF OVERCROWDED CONDITIONS, NEED OF BUILDINGS

Inspection Trip Last Friday Reveals Facts Concerning School to Lawmakers; Inadequacy of Women's College Plant Stressed; Hullihen, Dean Robinson, Address Solons at Luncheon

REP. RUPP URGES LEGISLATURE AID SCHOOL

First-hand information on the conditions and needs of the University of Delaware was gained Friday when members of the Legislature made their biennial visit to the institution. The visit, the first one to the University for several members of the Legislature, clearly showed the solons the overcrowded conditions at the Women's College, and the great need for immediate relief from the congestion at that branch of the University.

The party from Dover was greeted by officials of the University, and, after an inspection trip, were entertained at luncheon at the Women's College. Following the luncheon, many of the men went to the Experimental Farms, where they studied the methods employed there in agricultural research.

There were about 100 visitors at a dinner which was prepared by the college dietitian and served by the student waiters of the college. It proved an excellent dinner and was well enjoyed.

Henry B. Thompson, chairman of the Board of Trustees of the University, was toastmaster and introduced William H. Heald, chairman of the Finance Committee as the first speaker. Mr. Heald, who is personally known to most of the legislators, made a point of the fact that the university never asks the Legislature for one cent more than officials of the institution feel is absolutely needed.

During his remarks Mr. Heald paid tribute to Pierre S. du Pont, for whom he has done for the schools of Delaware and Coleman du Pont for his wonderful gifts for good roads which make it easier for children to get to school. He called attention to the fact that Delaware College in 1930 will celebrate its one hundredth anniversary. He commended the faculty of the university and also A. G. Wilkison, business administrator for the four work.

Mr. Heald said the completion of the gymnasium at the Women's College is the most pressing need of that institution at this time but that a new hall is also badly needed. There are bills in the Legislature to

appropriate money for both projects. Dean Winifred J. Robinson, who has been dean of the college since it was started in 1914 was given an ovation when introduced by Mr. Heald as the next speaker.

Crowded conditions in the Women's College was the theme of Dean Robinson's message. She pointed out that the college has a representative group of the whole State and that they are doing good work. She invited the legislators to come to the institution and view the work. She also urged them to allow the equipment that is needed.

Dean Robinson said that the inadequacy of the class-room space and of physical equipment seriously handicaps the making of flexible schedules, and as a result many students cannot elect courses which they want and should take to round out their training in a particular field.

Dr. Hullihen, president of the institution, told of the general needs of the university for the next two years and of the great growth of the institution since he became president eleven years ago. The growth, however, he said has been steady and reasonable. He also took occasion to speak favorably for the Teachers' Retirement Fund bill before the Legislature and expressed the hope that it would be passed.

President pro-tem William A. Simon, of the Senate, spoke of the care that the budget committee was giving on all requests for appropriations. The committee, he said, was working carefully on the budget, and the University of Delaware would be allowed all that the committee felt the State could afford.

Speaker Coy, of the House, said that the visit to the University of Delaware had been a revelation to him, and he hoped that the Legislature would be able to assist the University as much as possible.

Representative William A. Rupp, who lives in Newark, said the members of the Legislature have now seen what the actual needs of the university are and expressed the hope the lawmakers would return to Dover and act accordingly.

TOWN COUNCIL MAY PLACE PIPE UNDER B. & O.

42-inch Pipeline for Water Mains Would Aid in Crossing Repairs

PLAN STREET WORK

Town Council, Monday night, discussed plans for the laying of a 42-inch iron pipe under the Baltimore and Ohio Railroad crossing at West Main street, through which a 10-inch water main will be run. The purpose of laying such a large pipe is that it will make the water line under the railroad a permanent line, and will allow space for workmen to enter the pipeline and repair the water main without having to tear up the pavement to get to the main.

Work was started this week by the railroad company in making permanent repairs to the crossing. The repairs at present will be only temporary, but within two months the track at this point will be raised to its proper level, and concrete pavement will be placed between the two tracks. The railroad company cannot raise its tracks until the subgrade is thoroughly dried out and settled, and it will be necessary for a water main that will not leak to be placed under the roadbed before the subgrade can be dried out.

The Town Council also discussed street improvements for the coming year. Recommendations were made by City Engineer M. S. Sigmund, and these recommendations will be reported on at the next meeting.

REFERENDUM ON WET, DRY, ISSUE MAY BE TAKEN

Bill Introduced by Tatnall is Reported Favorably to House

SENATE MAY ACT ALSO

The first definite move toward a popular decision in the State on the wet and dry question was made in the House of Representatives Tuesday in Dover, when Representative Tatnall's bill for a State-wide referendum on the repeal of the Eighteenth Amendment at the 1932 election was reported favorably.

The bill had previously been referred to the committee on elections of the House, of which Representative Scheifele is chairman. After consideration by the committee, it is reported that three of the five members of the committee signed the report favoring the bill. Under the rules of the House, the bill can now be called up at any time for a vote.

A similar bill is now pending in the Senate, but it is said that no action will be taken on it until the House acts on the Tatnall bill.

The bill to repeal the Klair Law and the Loose Law is still in the committee on temperance in the House, but its proponents have not been able as yet to get enough signatures to call it out. There is also a bill in the House committee to allow doctors to prescribe liquor in the treatment of their cases. Similar bills are in the Senate and will be held until it is learned what action the House will take.

LADIES OF GOLDEN EAGLE HOLD SOCIAL MEETING

Ladies of Golden Eagle met in Temple, Saturday evening, with 21 members present. It was social and entertainment night. Our social chairlady treated us with a sauer kraut supper, which was enjoyed by all.

The Add-a-Member Card Club will meet at the home of Mrs. Anderson, 24 Chouteau street, on Tuesday afternoon, March 10. Everybody invited. Come out and see the good times we are having.—Reporter.

MISSIONARY SOCIETY TO MEET NEXT FRIDAY

The regular monthly meeting of the Women's Missionary Society of the First Presbyterian Church will be held on Friday evening, March 13, in the prayer meeting room of the church. Mrs. Fred Strickland will be group leader.

Having accepted an invitation from the Woman's Home Missionary Society of the Methodist Episcopal Church to be their guests on Thursday evening, March 12th, this change of date has been made necessary.

EXPLORER WILL BE SPEAKER AT COLLEGE HOUR

B. R. Baumgardt, Traveller and Noted Lecturer, to be Here Tuesday

LECTURE ILLUSTRATED

Mr. B. R. Baumgardt, traveller, explorer and Fellow of the Royal Astronomical Society of England, will give his famous illustrated lecture "Florence in the Days of the Medici" for the next College Hour program at Mitchell Hall, the University of Delaware, Tuesday evening, March 10, at eight o'clock.

Few men today on the lecture platform are better known than Mr. Baumgardt. Because of the inexhaustible fund of information gathered in his travels and studies, and a delightfully refreshing method of presentation, he has talked before the same audiences with effect year after year, and can point with pride to a record of ninety-two appearances with the Brooklyn Institute of Arts and Sciences.

Mr. Baumgardt has made of the informative lecture an art and raised its esthetic and cultural standards. Unlike many figures on the lecture platform today whose attraction lies primarily in the writing of a book, or the accomplishment of something to bring them in the public eye, Mr. Baumgardt has perfected the art of instructing and at the same time delighting his audiences. His subject will be of interest to all those who have any interest whatever in the most glamorous period of Florentine history.

FRANK A. VIRDEN WINS FOREIGN STUDY HONORS

Middletown Youth, Student in U. of D. Group, Ranks High in Work

60 STUDENTS COMPETE

The Foreign Study Department of the University of Delaware received a cablegram from Paris this week stating that Frank A. Virden, of Middletown, a member of the Foreign Study Group, stood among the five highest students in the competitive examinations given at the Sorbonne, the Arts and Science School of the University of Paris, at the end of the first semester.

More than sixty other students from the leading colleges and universities of the United States took part in this examination and the local university is especially gratified to find that one of its students has placed so high in such a test. All the students taking the examination had been picked as best fitted to represent their respective institutions and all are rated much above average.

The examination in which Virden participated was, of course conducted in the French language and consisted of a 500 word paper written on one of the subjects studied, followed by a 15 minute oral test in which the student's accent, fluency and grammatical usage of the language were considered as well as his knowledge of the subject on which he was quizzed.

The Paris office of the University of Delaware reports that the group as a whole was successful and the directors are pleased with the results. (Continued on Page 8.)

THREE MEN HURT IN AUTO CRASH AT COCHRAN'S CORNER

William H. Springer, of Wilmington, brother of Mrs. Harry Whiteman, of Cochran's Corner, was badly injured Tuesday noon when the automobile in which he was riding with two companions skidded and overturned almost directly in front of the home of his sister on the Lincoln Highway. Charles Hall, of Wilmington, and Charles F. Machner, of Red Lion, Pa., were also hurt in the spill.

The accident occurred when the automobile in which they were riding skidded after cutting too sharply in front of an automobile driven by Allan Johnson, of Leslie, Md. Hall, who appeared to be badly injured, was placed in a passing car and rushed to a hospital in Wilmington, and Springer was also taken to a hospital in the Aetna Hose, Hook and Ladder Co. ambulance. Machner, whose injuries were not severe, was brought to the Newark town jail and held.

CLEAN-UP DAY, Wed., March 18th.

OGLETOWN MAN GETS 3 YEARS ON THEFT CHARGES

Wilbert Kendall, Said to Have Taught Sons to Steal; Escapes Lashes

SON ALSO HELD

Wilbert Kendall, a farmer of near Ogletown, was sentenced to serve three years in the workhouse, to make restitution of Robert Mackey, a farmer, of \$100, and also to pay the costs of the case, on a charge of larceny by Judge Harrington, in the Court of General Sessions yesterday. In imposing the sentence, the Court informed Kendall that if it was sure he had forced his young sons to steal chickens as was charged, he would have been sentenced to be lashed at the whipping post.

Kendall pleaded guilty to two charges of larceny of chickens and one of receiving stolen goods.

Norman Kendall, aged 19 years, a son of the alleged, "modern Fagin," entered pleas of not guilty to two charges of stealing chickens when arraigned.

W. Thomas Knowles representing Kendall, made a plea in his behalf, stating that while the Attorney-General's office had allowed Kendall to sign his own bail bond, because he was needed at his home to care for five small children, Kendall had refused to run away as his friends are said to have suggested. Kendall denied that he made his sons steal chickens.

Assistant Attorney-General Reinhardt informed the court that while two indictments charging Kendall with stealing chickens and one of receiving stolen goods had been returned, there were numerous other charges that could have been entered against him. The arrest of Kendall, the court was told, came about when State highway police arrested the three sons as they were carrying a crate of fowls from the Mackey farm. Charles Maclary and Dominick Lombardo of near Stanton, were the others who lost fowls.

The two younger sons of the defendants who were arrested, were turned over to the Juvenile Court officials.

MUSICAL PROGRAM GIVEN AT NEW CENTURY CLUB

The weekly meeting of the Newark Century Club Monday afternoon was an informal meeting in charge of Mrs. William Hayes. An interesting program was presented. Miss Anna Hope gave two vocal solos, "In a Monastery Garden" and "Wake Up," and Miss Florence Waxman gave two selections, "Old Fortune," and "Auld Lang Syne." Both of these entertainers are from Wilmington. Mrs. Franklin Springer gave a piano solo "Serenade." Mrs. L. A. Stearns gave a recitation, "The Frog."

At the close of the program a social hour was enjoyed and tea and cakes were served by Mrs. Arthur Hauber. Mrs. J. J. McKinsey, Mrs. George Goldey and Mrs. Warren Ellis.

Next week's meeting will be in charge of Mrs. George Schuster, who will devote the meeting to the Library Work. The speaker of the afternoon will be the State Librarian.

BASKETBALL SWIMMING SEASONS END AT U. OF D.

This week will end both the basketball and swimming schedules at the University of Delaware and the coaches are already planning for starting spring practice for baseball and track. The basketball schedule will end at home on Friday night with Ursinus as opponents while the swimming schedule ends Saturday night with Colgate swimming against the Blue and Gold in the Delaware pool.

Charley Rogers who assisted in coaching football last fall has been appointed track coach and already has some of the candidates working inside. Graduate Manager Doherty will coach baseball and will have the candidates out for practice probably late next week.

THREE SMALL FIRES KEEP AETNA MEN ON JUMP

Three small fires yesterday and today kept the Aetna Hose, Hook and Ladder Company firemen busy. A call yesterday afternoon on the "Row" on New London avenue was made, but the fire was found to be a smoking oil stove. At six o'clock this morning a chimney fire, at the home of Miss Etta Todd on Main street caused an alarm, and at about 10:30 o'clock this morning, an alarm was turned in for a small fire on Cleveland avenue, near the "Row." No damage was done at any of the fires.

\$1213 SPENT IN WELFARE WORK BY LOCAL GROUP

New Century Club and Lions Club Report of Relief Work is Made

FEW CASES LEFT

A report made before the Newark Lions Club at its meeting Tuesday night showed that the need for help and economic relief among the poor of the town has been lessened greatly during the past few months, and that, with only a few exceptions, there are no more families in this community that are in need of help. That the Welfare Committee of the Newark New Century Club and the Welfare Committee of the Newark Lions Club have done good work in relieving the distress among the poor of the town is proved by the fact that very few cases are now being taken care of, and by the fact that nearly every one of the families helped during the winter are now self-providing, and self-reliant.

The report stated that 48 families and 146 children were cared for by the two Welfare Committees during the winter. A total of \$817.35 has been spent thus far by the Lions in the relief work, and \$355.15 by the Century Club. The Needlework Guild has spent \$41.30, besides donating many articles of clothing, and doing a great amount of sewing and repairing on garments given the Welfare Committee for distribution to the needy. The Needlework Guild donated a total of 390 garments to the relief work. Louis Handloff also donated a large quantity of clothing and wearing apparel to the relief work, giving 49 pieces of garments and 42 pairs of shoes, in addition to other donations.

The money spent by the welfare workers has been spent on food, clothing, fuel, hospital bills, medicine, shoes, rent, and other necessities. The three organizations spent a total of \$1213.80 in all.

Some relief work will still have to be done, but in the main, it is believed that very few persons will have to be aided any more this spring.

FROSH DISROBE SOPHS IN FIGHT

Trouserless Students Enliven Town after Bonfire for "Rat Rules"

Not satisfied with doing an Indian war dance around a bonfire built on the campus of the Women's College of the University of Delaware of the members of the freshman class of the Men's College last Friday night decided to show the sophomores just what they thought of them. They forthwith captured Walter Kelk, president of the Druids, honorary sophomore fraternity, and proceeded to disrobe him under the gaze of the assembled students of the Women's College. Herman Walker, sophomore football star, and other prominent members of the class soon shared Kelk's fate.

The freshman triumph was short lived, however, since the sophomores, warned of the plight of their leaders, soon came to the rescue. The fire ceased to be the center of activity, and the Women's College campus was deserted. Clashes between small groups of the classes occurred from time to time at different places during the night. The fiercest fight occurred along Main street at about 10:30 o'clock that night.

The festivities were in celebration of the lifting of freshman or "Rat" rules by the Student Council, which took place that day. The freshmen are at last considered as the equals of the sophomores and are no longer kept in check once the rules are lifted. It is an old tradition at Delaware that the freshmen celebrate their freedom by building a bonfire on the campus of the other college. Friday night's fire was an especially successful one, wagons, coffins and small out-buildings being piled high.

DR. W. H. KRAEMER SPEAKS AT FACULTY CLUB MEETING

Dr. William H. Kraemer, of Wilmington, addressed the meeting of the Faculty Club of the University of Delaware Tuesday evening on the subject of Modern Medicine. Dr. Kraemer told of some of the modern aspects of medical science, and of the progress that is being made in the constant fight being waged by physicians and surgeons against disease. A good sized audience attended the meeting.

W.C.D. ALUMNAE GIVE BANQUET

National Dinner Reunion Held Saturday with Many Present

The twelfth annual banquet of the Women's College Alumnae Association was held in Kent Hall on the University of Delaware campus Saturday afternoon. Mrs. Anna D. Scott, president of the association, presided and introduced the speakers who included Christopher W. Ward, Dean Winifred J. Robinson and Dr. Walter Hullihen. All classes were well represented, especially the senior class of 1918, which had many members present.

An interesting program which had been arranged by Elizabeth M. Jones, of the class of '49, was presented at the banquet. The first phase of the program was the meeting of the executive board of the Alumnae.

The Good Samaritan will be the topic considered at the Baraca Class Presbyterian Sunday School

NEWARK Sunday, March 8 9:45 A. M.

NEWARK SCHOOL NOTES

Written by Students of the Newark School

ASSEMBLY

Mr. Phillips was the chairman of the regular assembly on Thursday morning, February 26. The regular exercises, which are the singing of the Gloria, the playing of "The Star Spangled Banner," by the orchestra, repeating the Lord's Prayer, and the Salute to the Flag were followed by the reading of the Bible by Mr. Phillips. Miss Hinkle introduced the song, "Men of Harlock," which was new to many of the students.

The speakers of the morning were Joseph Cross, who gave the "Creed of Farming," and Alfred Cleaver, who gave an interesting account on the life of Cyrus McCormick.

Mr. Phillips made an announcement about banking. Paul Griffith told of the game with Goldey's which was to be played Friday night in the Armory. After these announcements, Assembly was dismissed by the Chairman.

On Tuesday morning, March 3rd, Miss Thompson was our chairman. After the regular opening exercises, we sang the "Levee Song," led by Miss Hinkle.

We were extremely surprised by the presentation of a play by members of the Senior Class under the direction of their student teachers, Miss Kesselring and Miss Smithers. The name of the play was "Good Medicine."

It was about a young doctor who had such little practice that he and his wife could not live on the amount of money he received. He decided to work in a grocery store as an errand boy, much against his wife's wishes. While he is out, a patient enters who thinks that she is very ill. When the doctor returns with the groceries, he examines her and finds her well. The patient does not seem to like this because she is one of those persons who fancy themselves ill, although in perfect health.

The patient turns out to be the wealthiest woman in town who is out in search of an honest doctor. Upon discovering that the young doctor is such a truthful person, she decides to give him a position in a hospital she has founded. The doctor's wit and his wife's earnestness made the play delightful.

Charles Pic took the part of the doctor and Dorothy Wilson his wife. Mildred Steele was the rich woman. Donald Hill and Jack Collins had charge of the properties, and Frances Danby and Louise Fulton the costumes. Donald Harris was prompter. Bertha Kirk, '32.

BASKETBALL

Newark-Avon Grove Game

Newark met defeat at the hands of Avon Grove, Monday night. The game resembled English Rugby more than basketball. During the first quarter the game was going smoothly and at the first quarter Newark led 12 to 4. Newark held a lead of 16 to 12 at the half. The last half was rough, and Avon Grove forged ahead to win. Hickey, of Avon Grove, led the scoring with 11 points. Roberts and Willis were high scorers for Newark, each with 9 points.

NEWARK JUNIOR HIGH SCHOOL ASSEMBLY

The Newark Junior High School had a very interesting assembly on Monday, February 23. The day being Washington's Birthday, the largest part of the program was dedicated to this great man.

Three talks were given. They were as follows: "The Birth and Boyhood of Washington," by Gladys Beck; "The Winter at Valley Forge," by Harry Coover; and "Washington's Inauguration and Later Life," by Ernest Burnley.

The Junior High School Orchestra played "Diana Overture." The assembly was adjourned after the singing of "America" by the student body.

In the Journalism Committee meeting on Tuesday, persons for the various positions were elected as follows: Editor-in-chief—Vernona Chalmers. Associate Editors—Senior: William Robinson; Junior: Edward Biddle; Sophomore: Ruth Marritz. Social Editor—Margaret Grier. Humor Editor—Carolyn Cobb. Sports Editor—John Edmonson. Assembly and Class-room—Bertha Kirk.

Literary Editor—Percy Roberts. Special Feature—Virginia Thomas. Keeper of Records—Dora Samworth. Home-room and Committee Editor—Richard Roberts.

OUR SCHOOL DISCIPLINE

Order is Heaven's First Law.—Pope
The purpose of discipline is to develop individuals who can live successfully in a democracy. Successful living means that: (1) They must be able to see the problems in their own and social life; (2) they must be able to solve these problems successfully, and (3) they must will to take the necessary steps to achieve the solution. The Newark School is trying to achieve these aims for pupils through the use of the proper meaning of the word discipline.

There are student traffic officers throughout the corridors, to direct traffic when classes are passing. Each traffic officer is assigned a post at an intersection, and must see that there is no congestion there. At all corners, or places where there is a possibility for much confusion, white arrows have been drawn on the corridor floors indicating the door, stairway, or side of hall that each line of traffic should use. Each traffic officer wears a white belt and shoulder straps, and a green traffic badge on his arm.

Cooperation between the students and the traffic officers, as a rule, is very good, and there has been no need to supplement the power of the traffic officers. With the number of people that we have changing classes seven times every day, this plan not only saves confusion, but is necessary to make three minutes ample time for the most widely separated classes to change places.

Dismissals at noon and at night are made speedier and less noisy by following this same plan of procedure. Everyone in the tenth to the twelfth grade goes to his locker, and puts his books away. As soon as everyone is ready, the signal is given and lines pass out double file.

Another phase of our school discipline is seen in our fire drills. With 618 pupils in our new school building, in a fire drill we have been able to

empty the entire building in 55 seconds.

Results of this training are seen in the class rooms every day, and discipline of this sort will prove to be one of the greatest assets toward good citizenship in later life. Then we will appreciate what our school discipline has done for us.
Vernona Chalmers, '31.

COUNT-ON-ME CLASS

The "Count-on-Me" Class of the Methodist Episcopal Sunday School, will hold its regular monthly meeting this coming Wednesday evening, March 11, at 8 o'clock, at the home of the teacher, Mrs. Herman W. Stradley, 144 West Main street. Everyone is urged to be present.

PLAN CELEBRATION AT RIGBIE HOUSE WHERE LAFAYETTE STAYED

The Historical Society of Harford County, Md., has completed arrangements with Mr. and Mrs. Harold Jones, owners of the Rigbie house and grounds a short distance from the Conowingo dam for the celebration on May 2 of the one hundred and fiftieth anniversary of the passing of Lafayette and his troops through Harford County, on their way to Virginia, to engage General Cornwallis.

General Washington and his troops, and General Rochambeau, with the French troops followed later, taking the Old Post Road route. The Battle of Yorktown in October which ended the War of the Revolution, was fought on the American side by these troops, and those of General Green, who had been in the south. Lafayette and his troops after crossing the Susquehanna River were encamped around Col. James Rigbie's house, which is midway between the present Conowingo bridge and Berkeley.

In the celebration on May 2, arrangements are being made for an encampment of troops in the fields surrounding the house, where it is planned to have Monsieur and Madame Claudel, the French Ambassador and his wife, from Washington, unveil the markers which are being erected by the Harford Society to commemorate the event. Lafayette's descendants, who have been invited by the U. S. Government as the guests of the nation to celebrate the 150th anniversary of the Battle of Yorktown, will also be invited.

P. R. R. IMPROVEMENTS AT ELKTON NOW ASSURED

The proposed change of line of the railroad through Elkton will be a reality this summer. Elkton Town Council has announced it has granted the Pennsylvania Railroad permission for its proposed improvements, and an ordinance passed to close certain streets. In return the railroad will improve certain highways in the town.

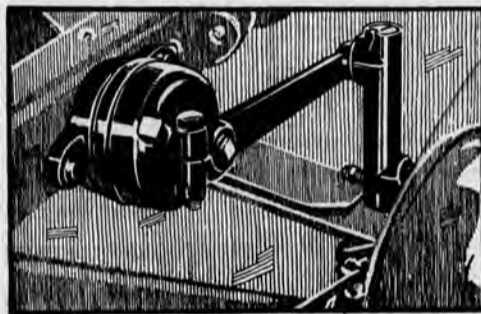

In the proposed change a new passenger station will be erected between Bow and North streets, with entrance from both streets. It will be located about a thousand feet north of the present station.

An overhead bridge over Bridge street, and an overhead viaduct parallel to North street will be constructed.

The Blue Ball road crossing will be closed and a new road opened several hundred feet north.

The company has purchased all the property they need for the right of way, and it is said bids will be asked for within the next sixty days.

FORD COMFORT

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways — up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

LOW PRICES OF FORD CARS \$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Universal Credit Company.

Historically Correct Sketches
By CALVIN FADEE

AT THIS PLACE

amid the quiet, untroubled scenes of two hundred years ago, began a life that was to ride high in history. It is Wakefield, Virginia, the birth-place of George Washington. Fire and the destroying hand of Time long since laid waste to the hearth-stone, and for unnumbered years the stark chimney and the slab marking the place of his birth were all that remained. Even these vanished as the years went by.

Within a stone-walled enclosure elsewhere on the farm, his forbears slept--his great-grandfather, grandfather and others of close kin. One day, when but a lad near twelve, he came to this place with his Spartan mother and her household to stand by with bared head as the remains of his father were laid away. Sobering scene for a boy upon whom man's responsibilities were soon to fall.

Yorktown Sesquicentennial Forerunner of Washington Bicentennial

Celebration to Mark 150th Anniversary of American Victory at Yorktown

One of the important celebrations which will precede the commemoration of the Two Hundredth Anniversary of George Washington's Birth in 1932, will be the Yorktown Sesquicentennial, to be observed in October, 1931, in honor of the 150th anniversary of the surrender of Lord Cornwallis at Yorktown, Virginia. The sesquicentennial celebration of the British capitulation which virtually ended the Revolutionary War will be an auspicious event in its own right, but since the man who made the victory at Yorktown possible in 1781 is also the one whose birthday is being commemorated next year, the two celebrations are closely associated. The observance of the surrender of Cornwallis therefore may be looked upon as a forerunner of the ten months' nation-wide Washington Bicentennial Celebration.

When the British troops, commanded by Lord Cornwallis, marched out of Yorktown and laid down their arms after enduring a severe bombardment from the French and American batteries, the Revolutionary War was, to all intents and purposes, over. The American victory over Cornwallis was most decisive, and although there was some desultory fighting after the British capitulation, the Yorktown triumph really ended the war. This important event with its far-reaching effects was the result of the foresight, courage and perseverance of George Washington, and to him more than any other man belongs the credit for the American triumph.

Representative S. O. Bland, of Vir-

ginia, secretary of the United States Yorktown Sesquicentennial Commission, said in a speech before the House of Representatives: "The crowning event of Washington's military career was the victory which he won at Yorktown. . . . It is proper that the commemoration of Washington's final military achievement which established this Nation shall be of such proportions as to correspond with the celebrations which will commemorate his birth."

For this reason the Congress of the United States created a national commission to prepare a plan and program in commemoration of the siege at Yorktown, and the surrender of Lord Cornwallis. This commission consists of the following members:

From the Senate, Claude A. Swanson, Virginia, chairman; David A. Reed, of Pennsylvania; Hiram Bingham, of Connecticut; John G. Townsend, of Delaware; and Robert F. Wagner, of New York. From the House of Representatives, Charles R. Crisp, of Georgia, vice-chairman; Robert L. Bacon, of New York; Roy G. Fitzgerald, of Ohio; George R. Stobbs, of Massachusetts; and Joseph W. Byrns, of Tennessee. Representative Schuyler Otis Bland, of Virginia, is secretary of the commission.

The program as outlined by this commission will include, in addition to other provisions to be made later, the marking of historical sites; the issuance of special commemorative postage stamps; the preparation of the grounds in the vicinity of Yorktown, and the invitation of all states in the

union to participate in the exercises. The commemorative program will be a four-day event to be held at Yorktown. The feature will be an address by the President of the United States, which will take place on the opening day of the exercises. Among those who will be present on the occasion will be distinguished officials of this and other governments, descendants of those who participated in the siege and many thousands of visitors from all parts of the United States.

With the Yorktown Sesquicentennial Celebration only a few months away the plans for the event are rapidly reaching a conclusion. Like the George Washington Bicentennial Celebration this commemoration is not to be in the form of an exposition. It will not celebrate what Americans can do now, but what our fathers did, to make possible the United States of the Twentieth Century. Its purposes are entirely patriotic and will be in keeping with the event it signals.

France and United States to Honor Memory of Washington at Paris Exposition

France and the United States will join in honoring the memory of the patriots of both countries who helped to win independence for the American Colonies, and especially in paying homage to the memory of George Washington, during the six months of the International Colonial and Overseas Exposition sponsored by the French Government, which will open near Paris, May 1. The American exhibit at the exposition will help to bring the world-wide Celebration of the Two Hundredth Anniversary of the Birth of George Washington in 1932 to the attention of all nations.

To emphasize and cement the long-standing friendship of the United States and France, which began during the American Revolution, an exact and full-size reproduction of Mount Vernon, home of George Washington, is being constructed on the banks of the River Seine to serve as the administration building for the American exhibit.

C. Bascom Slemp, of Virginia, who

is Commissioner-General of the United States to the French exposition, is also a member of the executive committee of the George Washington Bicentennial Commission. He has just returned from Paris and is now busily engaged in arranging to have appropriate furnishings and other material sent from this country to be placed in the duplicate of Mount Vernon on the Seine, and to have the overseas possessions of the United States represented by appropriate exhibits at the exposition.

The executive committee of the George Washington Bicentennial Commission has adopted a resolution officially endorsing the reproduction of Mount Vernon in France. The building, in addition to being the headquarters of the American Commission to the French exposition, will be used as a museum in which will be placed articles connected with Washington and his time, loaned by the French and American Governments and citizens of both countries.

The George Washington Bicentennial Commission is urging Americans to "join in this patriotic endeavor" by contributing Washingtoniana to be exhibited in the Mount Vernon building. Among the many articles which the French government is lending to the United States Commission in Paris are an original miniature of General Washington and one of Martha Washington, a large topographic map of Yorktown painted in 1830 on the spot by order of Louis Philippe, a series of medals and documents pertaining to American-French friendship, an original bust of Lafayette, taken from Versailles and very little known, autographed documents of Rochambeau, Louis XVI and Marie Antoinette and numerous other articles of historic interest.

The official hostess at the Mount Vernon building will be Miss Anne Madison Washington, a descendant of John Augustine Washington, nephew of George Washington. The building will be furnished as nearly as possible like Washington's home. Among the things which Mr. Slemp is taking to Paris to place in the building are a key to the Bastille and a copy of a picture of Louis XVI, both given to Washington by Lafayette; reproductions of silverware used at Mount Vernon, letters and portraits of famous Frenchmen and American colonists, and other articles appropriate to the time.

District of Columbia Committee on Employment has called its attention to a number of pathetic cases where persons have come from considerable distances expecting to obtain a Government position on the strength of having passed a civil service examination only to become stranded and in some instances a public charge.

It was pointed out that even if a person has passed a civil service examination with a high rating he has no assurance that a position will be immediately available to him. Appointments to Federal positions, the Commission said, are made only as the actual needs of the service require, and in accordance with the civil service rules, and the presence of an applicant in Washington can not in any way improve or expedite any prospects of employment he may have.

The Commission stated in conclusion that no one should come to Washington expecting to receive a Federal position except in response to a definite offer of employment from a Government establishment.

Beautiful Prayer
Robert Louis Stevenson was the author of the prayer beginning "When the day returns." The complete prayer is: "When the day returns, return to us, our sun and comforter, and call us up with morning faces and with morning hearts--eager to labor--eager to be happy. If happiness shall be our portion--and if the day shall be marked for sorrow, strong to endure it."

Birds Find Substitute
The difficulty of finding horse hair in this automobile age has driven many birds to substitute string as nest-building material.

JOB SEEKERS ADVISED NOT TO GO TO WASHINGTON
In a statement issued this week, the United States Civil Service Commission advised the public not to come to Washington for the purpose of seeking Federal employment. The Commission explained that the

\$35,000 Will Be Spent

By the City of Wilmington during the next few months in advertising Wilmington as a shopping center. We understand that the bulk of this sum will be spent throughout the Delmarvia Peninsula.

During the past two or three years, Wilmington Merchants have found that their business has been drawn to Philadelphia by the advertising of the business establishments of that city. Now Wilmington is resolved to make a determined bid to regain this lost trade.

If Wilmington merchants realize the need of advertising to attract business to that city, Newark merchants should and must advertise to retain their trade here.

THE NEWARK POST

will carry an Advertising Message to more homes and to more people in Newark and this immediate vicinity than any other newspaper. It is to your advantage to advertise in THE NEWARK POST. Your business will benefit by doing so.

The Newark Post

Founded January 26, 1910, by the late Everett C. Johnson

Issued Every Thursday at the Shop Called Kells Newark, Delaware By The Post Publishing Company.

Charles Edward Bounds, Editor

Entered as second-class matter at Newark, Delaware, under Act of March 3, 1879. Make all checks to The Newark Post. Telephone, 92 and 93

The Subscription price of this paper is \$1.50 per year in advance. Single copies 4 cents.

We want and invite communications, but they must be signed by the writer's name—not for publication, but for our information and protection.

“Good Roads, Flowers, Parks, Better Schools, Trees, Fresh Air, Sunshine, and Work for Everybody.” —OUR MOTTO.

MARCH 5, 1931

The Women's College Dilemma

The administration at the Women's College of the University of Delaware faces a serious problem.

Twenty students are admittedly more numerous than ten and no algebra or trigonometry or calculus can fit these twenty into the chairs, or before the microscopes provided for the ten. Yet this is the problem which challenges the ingenuity of administrators of the Women's College. The twenty must be seated; there are no more chairs or microscopes or desks, and there is no place to put them if they could be provided. Students cannot study music where there is no piano; they cannot write where there is no blackboard; they cannot see to match colors in weaving and dying where there is no light.

The committee on schedules has met this problem before, however; for several years they have been struggling with the impossible. Each year they have had new difficulties, for the equipment has become more inadequate and the curriculum more complete, and each year they make a new compromise with the laws of space. A class is scheduled to meet in a professor's office; students bend over microscopes in the dull light of late afternoon, though they can observe carefully only during bright morning hours; classes in music carry a blackboard and folding chairs to one of the dormitory parlors where they may find room and a piano.

In some cases students cannot take courses which they need to round out their study because it is impossible to find a place for them at a time when their day's program shows an open period, but the schedule committee does not give up in these cases until all their schemes have been tried in vain.

An actual survey of the situation at the Women's College at the present time shows that because of the inadequacy of Science Hall, the combined recitation and laboratory building, twenty girls are using a clothing laboratory equipped for ten; a class in Biology is meeting in three sections in order to furnish equipment for each student; a class in Foods is meeting in two sections for the same reason; students of the Teacher Training department are using the instructors' offices for work rooms; five classes are meeting in the basement of the Library; three more meet in the various offices, and five more are forced to meet in the reception parlors of the dormitories.

Such a situation practically exhausts ingenuity and possibility, and yet another year approaches bringing more problems and demanding a further solution.

Those who accompanied the members of the Legislature on their biennial tour of the University last Friday realized, as did, we hope, the legislators, that these physical needs must be supplied as soon as possible if the Women's College is to accomplish its full mission in this State. The partly finished gymnasium of the Women's College is badly needed by the school, yet an appropriation of \$87,000 must be granted by the Legislature before that building can be finished and placed in use. As it stands now, it is useless—a white elephant on the hands of the school, yet imagine what a boon it would be to the students to have the facilities of a modern gymnasium at their disposal.

The paramount need of the school is, however, not the gymnasium. While it would be a fine thing for the students to have a building devoted entirely to physical development and recreational pleasure, it is admitted that adequate classroom and laboratory facilities are needed more. When the Women's College was completed in 1914, it was intended for 50 students. Now more than 300 are being crowded into the space originally intended for 50. It is true that some extensions and expansions have been made, but in the main, the increases of building space and equipment have been entirely out of proportion to the growth of the student body.

It is the duty of the Legislature to allow enough money to the Women's College so that these defects can be remedied. If Delaware is to have a Women's College, it should be an adequate one, not one that is over-crowded, inadequate, and physically handicapped. The members of the Legislature doubtless fully realize the condition of affairs, and it is to be hoped that they will act at once to give the University such funds as are necessary for the completion and equipping of a modern, up-to-date Women's College.

Build Now and Save Money

There never was a time when the slogan "Build now" could be supported with more convincing evidence than at present.

Building costs are away down. The declines vary in different parts of the country, and in different branches of the building industry, but they average at least 15 per cent, local lumber operators state.

Prices of building materials are much lower and the efficiency of labor has increased.

These more favorable conditions for building are due to the depression, and will not continue indefinitely. The time to take fullest advantage of them is now. Those who begin erecting apartment buildings as soon as practicable will gain a permanent advantage over both those who have built at higher costs in the past and those who will build at higher costs in the future.

The man who wants to build a new house or modernize his old house will be able to do so at a smaller expenditure within the next months than for years afterward.

PEOPLE'S COLUMN

March 4, 1931.

War Veterans of Newark:

If you so desire to make loans on your certificates under this new law just passed at Washington and need help to do so, please call at the Veterans of Foreign Wars office at Newark and we shall help you. We have forms so you may not have to wait—also our Post Commander, Harold Harrington, will take care of everything and you will need to go no farther. Our best wishes to you all.

Harry R. Mercer, Quartermaster, Post 475.

ORGAN RECITAL PROGRAM

The program for the regular weekly organ recital, given each Monday in Mitchell Hall by Firmin Swinnen, for this coming Monday is as follows:

- 1. War March of the Priests—F. Mendelssohn
2. Cavatina—K. Bohm
3. The Swiss Music Box—A. Liadow
4. (a) The Swan—C. Stebbins (b) The Swan—C. Saint-Saens
5. Miserere—G. Verdi
6. Andante (Clock Movement)—J. Haydn
7. Indian Love Song—E. MacDowell
8. Marche Heroique—C. Saint-Saens

\$30,000,000 CATHEDRAL WILL BE LASTING AS ANCIENT PYRAMIDS

New Building of St. John the Divine in New York Expected to Last for 2000 Years; More than 50 Years in Building Already

The great Episcopal Cathedral of St. John, the Divine, in New York City has been more than a half century in the planning and building. And it is still far from completion.

The church, in completed stage, will take rank as the third largest place of worship in the world. This classification is based on the total ground surface covered by the structure.

The world's largest church is St. Peter's, Rome, with an area of 227,069 square feet. Next comes Seville Cathedral, Spain, with 128,570 square feet. St. John's covers 109,082 square feet.

St. John's was first proposed in 1872 by Bishop Horatio Potter, who in 1873, obtained a charter for it from the New York Legislature. The first part of the cathedral built was the crypt, just below the choir, where services were first held in 1899.

The choir and crossing were completed in 1911. For some time the only part in evidence was a great arch that stood out over the vast expanses of Morningside Heights.

The nave is the crowning glory of the cathedral. It is 96 feet in width with a line of piers of 86 and 98 feet high. This is virtually completed. Nearly \$7,000,000 has been spent on

the nave, the west front alone costing \$4,000,000.

Vast strides have been taken since 1925 toward completion of the cathedral under the direction of Bishop William T. Manning. About \$13,000,000 has been collected since inauguration of a great drive in 1925. Bishop Manning thinks at least \$10,000,000 more is needed. When completed, at least \$30,000,000 will have been spent on the cathedral property.

It is being built without iron or steel framework, in much the same laborious manner as were the old European cathedrals. It will hold an audience of 40,000 persons. It is 601 feet long. The interior height of the nave, floor to vault, is 125 feet and the central tower is 400 feet high, in the final design.

The massive building is expected to prove as lasting as the pyramids. The main piers, measuring 11 feet by 16 feet 3 inches, have a heavy outer casing of limestone with a core of squared granite rocks, each weighing from five and one-half to seven tons.

Huge pipes and fittings in the cathedral are installed with the belief that they will last for centuries without a leak. It is the hope of engineers that 2,000 years hence their works will be the marvel of designers.

WALLACE COOK'S HERD LEADS COW TESTING GROUP

Holsteins Produce 37.95 lbs. Butterfat per Cow in February Tests

AVERAGE WAS 26.4 LBS.

Twenty-three herds with 468 cows were tested for butterfat and milk production during the month of February, according to the monthly report of the New Castle County Cow Testing Association mailed to all members from the office of County Agent Ed Willim, Jr. The highest herds and individual cows in milk and fat production are also listed in the summary.

The average butterfat production in the association for February was 26.4 lbs. per cow, and in milk production it was 601 pounds per cow. Twenty-three cows made over 50 pounds of fat each and 59 produced over 1000 pounds of milk each during the 28-day testing period.

The ten highest herds in butterfat for the month were: (1) Wallace Cook, Newark, Holsteins, 37.95 pounds fat per cow; (2) Wilson Price, Bear, Jerseys, 35.0 pounds; (3) Fred Stafford, Montchanin, Holsteins, 33.3 pounds; (4) J. H. Mitchell & Sons, Hockessin, Jerseys, 33.1 pounds; (5) Fred Martens, Elkton, Mixed, 29.8 pounds; (6) John Mitchell, Hockessin, Holsteins, 29.1 pounds; (7) J. Wirt Willis, Glasgow, Jerseys, 28.66 pounds; (8) Robert Walker, Hockessin, Mixed, 28.3; (9) Pusey Passmore, Wilmington, Mixed, 27.7 pounds; (10) Granogue Farms, Mixed, 26.8 pounds.

In milk production the ten highest herds were: (1) Wallace Cook, Newark, Holsteins, 1134.0 pounds per cow; (2) Fred Stafford, Montchanin, Holsteins, 1013.8 pounds; (3) John Mitchell, Hockessin, Holsteins, 848.0 pounds; (4) Robert Walker, Hockessin, Mixed, 806.5 pounds; (5) Fred Martens, Elkton, Mixed, 797.5 pounds; (6) George Danby, Newark, Holsteins, 793.6 pounds; (7) T. Harold Little, Newark, Holsteins, 790.0 pounds; (8) Wilson Price, Bear, Jerseys, 660.6 pounds; (9) Granogue Farms, Granogue, Mixed, 629.2 pounds; and (10) J. H. Mitchell & Sons, Hockessin, Jerseys, 617.2 pounds.

OBITUARY

Ellwood Woodward

The funeral of Ellwood Woodward, aged 85 years, who died suddenly Monday morning at the home of Samuel Snitcher near Newark, took place from R. T. Jones' Funeral Parlors, Newark, this afternoon at two o'clock. Interment was in the Friends burying ground at Hockessin.

Mr. Woodward was a well-known resident in this community, having owned and operated a farm on the Pike Creek Road leading to North Star School.

Since the death of his wife, Margaret Maree, more than eighteen years ago, he has lived with the Snitchers, who resided on his farm. About a year ago, Mr. Woodward sold his farm property to J. Simpson Dean of Wilmington and with the Snitcher family moved to the Dean farm near Newark, where he died.

He was a member of Friendship Lodge No. 23, I. O. O. F., at Hockessin.

Two sisters survive him, Miss Mary Woodward of this locality and Mrs. Elizabeth Few, of Swarthmore, Pa.

MARVIN KLAIR WINS B. & O. PRIZE FOR 4-H YOUTHS

Marshallton Boy Gets \$100 Award for Efficiency in Club Work

IS ACTIVE MEMBER

The Baltimore and Ohio Scholarship of \$100.00, awarded for efficiency in 4-H Club Work in Delaware for 1930, has been awarded to Marvin W. Klair, of Marshallton, a member of the North Star 4-H Club. The selection of this scholarship winner was made by County Club Agent, G. M. Worrlow, of Newark, and confirmed by A. D. Cobb, Assistant Director of Extension of the University of Delaware.

The 4-H Club prize of \$100.00 has been made available each year to the club member, either boy or girl, doing the most efficient project work in Delaware. The award comes through the Agricultural Department of the Baltimore and Ohio Railroad in charge of O. K. Quivey, General Agricultural Agent. This money must be used by the winner either to defray college expenses or for an educational trip.

The scholarship winner for 1930 is especially deserving of this honor, as may be judged from this short story of his 4-H Club career.

"In the spring of 1926, I became interested in 4-H Club Work when a 4-H Club was organized at the A. I. du Pont High School by the Club Agent of New Castle county representing the Extension Department of the University of Delaware. At that time I was thirteen years old and a freshman in the Agriculture class. The club was started among the boys of the agriculture class and a few other boys who lived in the rural section.

"I joined the 4-H Club because I was interested in agriculture and because I thought club work would teach me a lot of things I did not know. I will have been a club member for five years this coming spring. I have been a member of the poultry club, pig club, and dairy club. I have carried eight dairy projects, three poultry projects, and one pig project. This year I am carrying two dairy projects and one poultry project. During my five years of club work I have realized a total profit of nearly \$1,000.00 on my projects.

"In my years of club work I have gained a lot of valuable experience and newer ideas of farming. Club work has taught me that it pays to keep a record of things in order that you may know just what you are doing and whether or not you have a profit or a loss in your projects. Club work has shown me that farming can be made a profitable business if done scientifically. Through club work I have made many new friendships and have filled my heart with many pleasant memories of different 4-H gatherings I have attended."

In addition to making such a successful record on his projects, Marvin has won many fine trips all over the country. In 1927 he was a Delaware delegate to the First National 4-H Club Camp at Washington, D. C. During the fall of 1928 Marvin attended the National Dairy Exposition at Memphis, Tennessee as a member of the Delaware 4-H Dairy Cattle Judging Team. In January, 1930, Marvin turned out to be a poultry judge and won a place on the 4-H Poultry Judging Team which represented State at the Madison Square Garden Poultry Show in New York City. Last fall

young Klair was the Delaware delegate to the Eighth International Leaders Training School at Springfield, Massachusetts.

VISITING NURSE'S REPORT FOR FEBRUARY IS GIVEN

The Visiting Nurse's report for the month of February, showed the following activities: Number of visits, 281; nursing, 153; instructive, 128.

Kind of cases—Prenatal, 6; visits, 8. Deliveries attended, 5. Maternity cases, 6; visits, 42. Shingles, 1; visits, 17. Cancer, 1; visits, 5. Pneumonia, 2; visits, 21. LaGrippe, 12; visits, 32. Apoplexy, 3; visits, 14. Diabetos, 1; visits, 1. Intestinal, 6; visits, 37. Accidents, 1; visits, 4. Miscellaneous, 10; visits, 26.

State Work Number birth certificates delivered, 15. Quarantine: scarlet fever, 2. chicken pox, 2. Released from quarantine, 1. Held one health clinic case; Wednesday, 1.00 to 2.00 p. m.; average attendance, 77. Held 1 tuberculosis clinic first Monday (to 9. to 12 noon); attendance, 2.

CARD PARTY The McClellandville P. T. A. club held a Card Party in the schoolhouse Wednesday night, March 4, at 8 o'clock. There will be a small admission charge. The program will be by sale.

CLEAN-UP DAY, Wed. March 10th.

Miss Louise Steel entertained a number of young folk at a dance at her home Friday evening.

Mr. and Mrs. Daniel Thompson entertained a number of guests at a bridge supper at their home Friday evening.

Mrs. Anna P. Seal entertained the members of the board of directors of the Newark New Century Club at dinner at her home Friday evening.

Mr. and Mrs. H. R. Milliken have returned from Springfield, Mass. where they attended the annual meeting of the Eastern State Farming Exchange. On their return trip they visited their daughter, Mrs. William Grotzinger, at her home in Newark, N. J.

J. E. Dougherty, of the Farmers' Trust Company, and Warren Singles, of the Newark Trust Company, attended the annual meeting of the Atlantic States Bank Management Conference in Washington last week.

Mr. and Mrs. Duke Spicer, of Delaware City, were guests of Miss Kathryn Hubert Friday evening.

Miss Agnes Frazer is confined to her home with an attack of the grip.

Miss Anne Gallaher entertained the members of her bridge club at the Blue Hen Tea Room Tuesday evening.

Miss Etta Wilson has returned from Detroit, where she attended an educational conference.

Mrs. J. Clifford Callaway, of Pocomoke City, has returned to her home after a visit with her parents, Mr. and Mrs. Walter Blackwell.

Miss Lillie Willis and Miss Vola Eshanks visited Mr. and Mrs. J. Keen in Wilmington Monday evening.

Monday evening the Standard Bearers of the Methodist Church met with Kathryn Wollaston at her home. Associate hostesses were Florence Johnson, Emma Smith and Marian Jordan.

The members of the Kappa Alpha Fraternity of the University of Delaware entertained at an informal house party and dance Saturday evening.

Miss Helen Gregg, of Philadelphia, spent the week-end at the home of her parents, Mr. and Mrs. William S. Gregg.

Mrs. J. P. Cann entertained at bridge at her home Saturday.

Mr. and Mrs. Ira Garbet spent the week-end at the guests of Mr. Garbet's parents, at their home in Frederick.

Miss Mae Malcom, who underwent an operation for appendicitis at the Homeopathic Hospital, on Monday, is coming along nicely.

Mrs. Samuel J. Smith has returned from a five weeks' visit in Fortress Monroe, Va., Covington, Ky., Miami Beach, Fla., and Havana, Cuba.

Mrs. S. J. Smith has received word that her son, Lt. Edward Barber, with family have arrived in Panama.

Miss Sallie M. Warren spent the past week-end with her sister, Mrs. A. E. Cann, of near Newark.

Miss Ona Singles spent the week-end with friends in York, Pa.

Mr. and Mrs. William Smith, of Kells avenue, entertained on Saturday evening the following guests: Mr. and Mrs. Carrol Mumford, Mr. and Mrs. Albert Fletcher, Mr. and Mrs. Harry Cleaves, Mr. and Mrs. McFarland, all of Kells avenue.

Mrs. Hendy spent Thursday with Mrs. Fred E. Strickland, Park Place.

Miss Edith Corinne Berry, youngest daughter of Mr. and Mrs. Wm. I. Berry, entered the Hospital of the University of Pennsylvania Training School for Nurses, Philadelphia, Pa., on March 2d. Miss Berry was graduated from the Newark High School last June. We wish Miss Berry much success in her new field of life.

Mr. and Mrs. G. T. Walker and daughter, Eleanor, of Bear, and Mrs. Harry B. C. Jones spent Sunday as the guests of Mr. and Mrs. B. B. Silliman, of Newark.

Mr. and Mrs. James A. Jones, of Germantown, Pa., spent last week at the home of Mr. and Mrs. H. T. Jones, of near Milford Cross Roads.

Sunday visitors at the home of Mr. and Mrs. H. T. Jones were Mrs. H. S. Eastburn of Newark, Mr. and Mrs. John R. Samworth and three children, Harry, Anna, and Ruth of Pomeroy, Mr. and Mrs. Paul O. Jones of Germantown, Pa.

Guests at the home of Mr. Guy R. Biddle, of Prospect avenue, on Sunday were, Mr. and Mrs. E. D. Kirk of Rising Sun, Md., Miss Katherine Kirk of Philadelphia, Mrs. Anna E. North, Mr. Walter North, Mr. and Mrs. Edwin Piatz and Miss Ruth Cook of Hamilton, Baltimore, Md.

Mr. and Mrs. Herman Heavell entertained at their home in Newark Saturday night at four tables of five hundred. Those present were: Mr. and Mrs. Henry Duhadaway, Mr. and Mrs. Frank Button and son, Harold, of Middletown; Miss Frances Watson, of Chesapeake City, Md.; Mrs. Bertha Urian and son, Marvel, Miss Della Willis, Harrington Case, of Dover; Mr. and Mrs. Clifford Hudson, Wil-

ington; Harrison Roberts, William Morgan, Mr. and Mrs. Harvey Forest and Mr. and Mrs. Eugene Brothers, Newark. The prizes were awarded to Harrison Roberts and Miss Frances Watson, Marvel Urian and Frank Button.

The Women's Auxiliary of St. Thomas' Church met this week at the home of Mrs. R. P. Mathews. Mrs. J. T. Bradford, of Middletown, spoke on the Auxiliary Work in the State of Delaware.

Mrs. John C. Pedrick, Dr. Franklin B. Pedrick, and Dr. Clayton Hixon of Washington, D. C., spent the week-end at the home of Mr. and Mrs. H. E. Vinsinger.

Master Thomas Griffin will entertain a few of his little friends at dinner tonight in honor of his eighth birthday.

Miss Sylvia Bell, who recently underwent an operation for appendicitis at the Wilmington General Hospital, is recovering at the home of her father, Mr. Samuel Bell.

Friends of Mr. James Tilghman will be interested in knowing that he has been quite ill for several months at the Union Memorial Hospital, in Baltimore.

Mr. John Watson is in Newark, N. J., this week.

Little Miss Nancy Cooch will entertain Miss Josephine Hossinger and Miss Catherine Townsend at dinner Friday in honor of her sixth birthday.

Mr. William Walker spent the week-end in Atlantic City.

Mr. Robert Leishman spent the week-end with his parents in Lewis.

Mrs. Hester Levis spent a few days this week with her son, Mr. Robert C. Levis.

The Tuesday Evening Card Club of the Grammar School teachers, met this week at the home of Mrs. Reece Griffin.

Mr. John Pool, of Middletown, has been in Newark several days this week as the guest of Mr. and Mrs. George L. Townsend, Jr.

Mrs. David Frazer and Mr. Richard Frazer, of Elkton, were Newark visitors Monday evening.

Mrs. Caleb Price and Mrs. J. E. Reeves were in Philadelphia this week.

Mrs. J. H. Hossinger spent Sunday in Philadelphia.

Miss Alberta Heiser will spend the week-end with her sister, Mrs. Stanley Loomis, in Glenridge, Pa.

Miss Gertrude Trout will spend the week-end with her parents in Washington, D. C.

Mr. John C. Poole, of Middletown, who has been visiting in Newark this week, will leave New York on March 20 for Montevideo, Uruguay, where he will take up his duties in the United States Consular Service.

The Executive Committee of the Newark Music Society met at the home of Dr. and Mrs. R. E. Price this week.

Mrs. H. S. Bonham entertained a number of friends at a bridge luncheon Tuesday.

Dr. Walter Hullahen is away on a business trip through several of the Southern States this week.

Mr. W. Frank Wilson returned recently from a business trip through the West and South.

Miss Virginia Dameron was the guest of Miss Barbara King, of New Castle, this week.

Mrs. George L. Townsend will entertain at a bridge supper Saturday evening.

Mr. and Mrs. C. A. Owens have recently returned from a trip to Augusta, Georgia.

A number of Newark residents went to Wilmington this week to see Ethel Barrymore play in "The Love Duel."

Mr. James Barker has returned home after several weeks' visit with his son, Mr. Harold Barker, of Newark.

Mrs. Caleb Price and Mrs. Joseph N. Reeves were Philadelphia visitors the early part of this week.

Judge and Mrs. Alfred Sherman, of Burlington, Vermont, are spending some time here with their nephew, Dr. Albert S. Eastman.

Mrs. C. A. Owens, of Wilmington, was a Newark visitor this week.

Dr. and Mrs. R. E. Price spent the week-end in Ardmore, Pa.

Mrs. Richard Cann will be hostess at a dessert bridge this Saturday afternoon.

Mrs. George Danby and Mrs. Jos. W. Cristadoro spent Monday and Tuesday at St. Michaels, Md., as the guests of Mrs. Danby's parents, the Reverend and Mrs. J. Harry Chesley.

GENE AND GLENN

"Gene and Glenn" make bow to network audience. Gene Carroll and Glenn Rowell (above, left to right) who won a tremendous following in the Middle West as the popular "Jake and Lena" team of WTAM, Cleveland, have become a feature of the National Broadcasting Company. They are heard each morning at 8:00 o'clock on the Quaker Oats program, which is broadcast over the NBC-WJZ network. The program will be repeated at 9:00 o'clock for listeners to the middle western NBC network. This marks Gene and Glenn's first continuous appearance over a network.

church and the Presbyterian and Episcopal Missionary Societies. The speaker will be Miss Hannah P. Miller, of Philadelphia. She is the National Secretary of the Young People's work.

The group to entertain at this meeting are Mrs. R. T. Jones, chairmen, Mrs. Daniel Stoll, Mrs. Lucy Worrall, Mrs. John Thompson, Mrs. Howard Patchell and Mrs. Huey Morris.

CHURCH SERVICE LEAGUE TO GIVE SUPPER MARCH 11

The Church Service League of St. Thomas Parish will give a Cover Dish Supper in the Parish House on the evening of Wednesday, March 11, at 6:30 o'clock. All the members of the families represented in the League are invited to be present. An interesting program will be presented during the evening.

This gathering is planned with special reference to the social needs of the Parish and will be somewhat in the nature of a get-together for all who are interested in the Parish work. If you belong to the Church Service League come and bring your husband and children with you and if you have neither come yourself and help to entertain the others.

PLEASANT VALLEY CLUB

The February meeting of the Pleasant Valley Community Club was held Wednesday evening, February 25. The program opened with the singing of "America, the Beautiful." Mrs. Samuel Stewart, President, very ably presented and discussed the

tively late in the season were disappointing due to effects of the drought, but the early crops, such as wheat and oats, yielded well in comparison with other years. Corn yielded on the average a little less than two-thirds as much last year as in 1929, while wheat produced slightly more than in 1929. Yields of potatoes, sweet potatoes and tame hay were appreciably below 1929 levels, as were the yields of all truck crops, except sweet corn. The average farm value per acre of nearly all crops, especially those grown primarily for cash, was substantially lower last year than in 1929.

Responsibility is not so much a trust as it is a tribute. It comes to us not as faith in what we will do, but as a reward for what we have done. That which is entrusted to us for the future is always measured by what we have done in the past.—Grit.

WATER GLASS RUTLAND'S "PURE AS A LILY"

In the Spring of the year when the hens are doing the best laying, the thrifty housewife remembers to "put down eggs" in Water Glass.

Rutland's Water Glass—"Pure as a Lily"—keeps fresh eggs fresh for months.

The Market Basket

Family Food Guide

Every meal—Milk for children, bread for all.

Every day—Cereal in porridge or puddings, potatoes, tomatoes (or oranges) for children, a green or yellow vegetable, a fruit or additional vegetable, milk for all.

Two to four times a week—Tomatoes for all, dried beans and peas or peanuts, eggs (especially for children), lean meat, fish or poultry, or cheese.

Housewives Urged to Grow Bean Sprouts in the Kitchen

Large and roomy country kitchens and tiny city kitchenettes can serve as emergency gardens this winter and produce a most valuable and delicious food—bean sprouts—at the cost of a few cents, according to the Bureau of Home Economics, of the United States Department of Agriculture.

A pound of beans, costing from five to eighteen cents, will produce enough sprouts to serve four or five persons the bureau points out. Very little extra work or space is necessary, and the sprouts are a valuable source of that very important vitamin, C, which is also found in tomatoes and citrus fruits. Dried beans, peas, corn, and even the smaller cereal grains can be used for this purpose, though if the latter are sprouted a much larger quantity has to be handled.

Sprouting changes legumes and grains into an entirely different type of vegetable. Some of the starch present in dried beans is used up in the sprouting process and the remainder is changed into a simpler form. Bean sprouts are an old story in the Chinese dietary but the Occidental has made little use of this source of vegetables. The bureau suggests that they have a regular place in the diet, especially where families are living in limited incomes and not likely to get a sufficient supply of Vitamin C.

One method for sprouting, as outlined by the bureau, is as follows: Wet some cheesecloth and sprinkle it with dried beans. Roll the cloth, with the beans in it, around a stick about a foot long, and place an end of the roll in water. Occasionally the whole roll should be dampened. Another way is to place the beans in any receptacle that has holes in it for draining and which can be covered, as a strainer or granite or aluminum colander. Do not fill the receptacle, for the beans will swell to at least six times their original size. Soak the beans to be sprouted over night. The next morning place them in the container. Keep them covered in a warm place and flood them with warm water at least four to five times daily.

The beans are ready to use when the sprouts are about one inch long. Different varieties of beans require different lengths of time to sprout—pinto beans take about one week; mung beans, which are the sprouts found in chow mein, sprout in three or four days; and soy beans require four to six days. Only enough for immediate use should be sprouted at one time, for they are as perishable as other fresh vegetables. Sprouts may be served as any leafy vegetable or combined with meat or other vegetables; used raw or cooked in omelets or cheese dishes.

The low cost market basket this week is planned for a family of four adults. With each item the largest quantity given was used for calculation. For instance, 20 to 25 pounds of bread is allowed in the guide for one week, so the total allows for 25 pounds of bread rather than 20. The average figure for this family of four was found to be 8.66 for filling the market basket for one week. Figures were gathered from 14 cities throughout the country at inexpensive or average stores, rather than at more expensive sources.

Following are the cities in the order of the expense found in buying the foods outlined in the above list: Saint Louis, \$7.89; Chicago, \$8.01; Kansas City, \$8.12; Pittsburgh, \$8.47; Detroit, \$8.49; Washington, D. C., \$8.60; Los Angeles, \$8.72; New Orleans, \$8.76; Atlanta, \$8.80; Boston, \$8.81; Philadelphia, \$8.83; Dallas, \$8.92; Charlotte, \$9.10; New York, \$9.68.

A Family of Four Adults

A family of four adults should buy every week: Flour, 4 lbs.; bread, 20 to 25 lbs.; cereal, 4 to 7 lbs.; whole milk, 4 to 14 qts., or canned unsweetened milk, 4 to 14 cans; potatoes, 15 to 20 lbs.; dried beans, peas, peanut butter, 1 to 3 lbs.; tomatoes, canned, 1 to 3 lbs.; other vegetables (including some of green or yellow color) and inexpensive fruits, 20 to 25 lbs.; fats, such as lard, salt pork, bacon, margarine, butter, etc. 4 lbs.; lean meat, fish, cheese, eggs 5 to 10 lbs.

Menu For One Day

- Breakfast**
 Whole Wheat Porridge
 Top Milk Sugar
 Butter Coffee Milk
Dinner
 Corned Beef with Bean Sprouts
 Milk Rice
 Apple Short Cake
Supper
 Corn Chowder Egg Salad Bread
 Butter Tea Milk
Recipes
 Whole Wheat Porridge
 Sort the whole wheat grains and wash thoroughly. For each cup of

wheat add 1 1/2 cups of water and soak 12 hours. Then add 3 cups of water and 1 teaspoon of salt to each cup of soaked wheat. Boil gently over direct heat for 3 1/2 hours or until it is tender and has no uncooked starchy flavor. If necessary, add more boiling water during the cooking to keep the right consistency. This can be reheated in the morning, and served steaming hot with top milk and sugar.

Corned Beef with Bean Sprouts
 One-half pound corned beef, 2 tablespoons diced salt pork, 1 onion dash of cayenne, 1 tablespoon flour.

Cook the corned beef in small quantity of water until tender. Fry the salt pork until crisp. Remove the pork. Brown the onion in the fat. Stir in the flour, mix well, then add the liquid in which the meat was cooked and enough more water to make two cups. Stir until thickened, add diced meat, pork, bean sprouts, and the cayenne. Heat about 5 minutes, stirring constantly, taking care not to break the tender sprouts.

Prepare 2 cups of dried beans, peas, or corn as outlined above. Sprouts from this amount should serve 4 persons.

Apple Short-Cake

One cup sifted flour; 1/2 teaspoon salt, 2 teaspoons baking powder; 2 table spoons fat; 1/2 cup milk, 3/4 pound apples, 2 tablespoons sugar, 1/2 teaspoon cinnamon.

Sift the flour, salt, and baking powder. Cut in the fat with a biscuit cutter. Add the milk, stirring with a fork until well mixed. Spread the mixture in a greased pan with a spoon. Core and pare apples. Cut in thin slices and arrange in parallel rows on the short cake mixture. Sprinkle with mixed sugar and cinnamon. Bake in a moderately hot oven 20 to 30 minutes, until apples are soft and cake is done.

Egg Salad

Four hard cooked eggs, 1/2 head lettuce, 2 tablespoons French dressing.

Remove the shells and cut the eggs in half. Place the eggs on crisp lettuce and pour the dressing over the eggs and lettuce.

P-T. A. News

The parent education program based upon William Penn's legal code was discussed by Miss Rachel Hastings and members of the Blackbird Parent-Teacher Association, February 26th. The parents judged various punishments in relation to the offenses for which the punishments were meted out. The association voted to subscribe to the Delaware Citizens Association in order to have a share in the various educational movements in which the Delaware Citizens Association is interested.

Miss Elizabeth H. Mensch, assistant to State President Ennis, discussed the third parent education topic: the importance of adaptability, and also the fourth: treatment of cause of

misbehavior rather than punishment of children, at the February meeting of the Deakynville Parent-Teacher Association. William and Edward Everhart and Archie Poore entertained with music. Ice cream and cake were served.

Mrs. Hughes read the paper referred to above: "Qualities that Made William Penn Great," at the February meeting of the Edge Moor Parent-Teacher Association. Miss Nellie Morton showed the New Castle County Library movie and discussed the work. The school children rendered a Lincoln and Washington program. This association of 44 members has also subscribed to the Delaware Citizens Association.

Miss Esther Hendrickson presented the paper which emphasized William Penn's faith in the treatment of cause of misbehavior rather than punishment, at the February meeting of the Hillside Parent-Teacher Association. After a patriotic program by the children their elders gave a play. Refreshments were served during the social hour.

Mrs. Harvey Woodward read the paper on Penn's legal code which was discussed by James T. Parsons at the meeting of the Hockessin Parent-Teacher Association, February 24. Miss Elizabeth H. Mensch, assistant to State President Ennis, reviewed the three preceding parent education programs and other phases of Parent-Teacher Association work in Delaware. The Hockessin Association has been sponsoring a class led by Mrs. A. S. Hammond of Tower Hill. Music by the Hockessin orchestra, a song by Third and Fourth Graders and "Who's Who" by eight girls from the upper grades were features of the evening. Refreshments were served.

Mrs. Reuben Pordham discussed the paper mentioned above at the February meeting of the Newport Parent-Teacher Association. Doris Selby and

Virginia McCall read original stories of Abraham Lincoln. Jane Lynam contributed an original poem, "Our Flag." The association is interested in the production of a play. One-third of the profits will be used by the Parent-Teacher Association and the rest for the relief of the unemployed.

Mrs. Margaret Hagarty read the paper on Penn's legal code at the February meeting of the Oak Grove Parent-Teacher Association. Earl Keller led the discussion in which Ray Phillips, Elwood Markley, Clarence McVey and Albert Morr's took part. Miss Elizabeth H. Mensch, assistant to State President Ennis, explained the Teachers' Retirement Bill and urged the increased appropriation needed by the State Library Commission for work in Kent and Sussex Counties. Miss Mensch also summarized the discussion of the evening after reviewing the three preceding parent education programs. The association of 117 members is sponsoring bingo parties and dances for the ben-

efit of its fund for the needy families of Oak Grove School District.

Richardson Park Parent-Teacher Association had an attendance of 350 at the February meeting at which younger children took part in the program. The state program discussed elsewhere in this column was also presented. With a membership of 169, an increase of 48, Richardson Park has taken place in the membership race.

Yorklyn Parent-Teacher Association discussed the treatment of cause rather than punishment of children for misbehavior at the February meeting. This association of 39 has subscribed to the Delaware Citizens Association.

J. Graham Scott of Milford discussed the work of the Colored National Congress of Parents and Teachers at a meeting of Lee's Chapel Colored Parent-Teacher Association, February 25.

Richardson Park Parent-Teacher Association, with an increase of 48

members over last year's roll and the campaign not yet closed, has taken fifth place in the membership race. The ranking five at present are: Delaware City 418; Middletown 318; Millsboro 290; Clayton 206; Richardson Park 176; Seaford, Delmar and Dover are still threatening to supersede some of those listed above.

Large Newspaper Collection

What is said to be the largest collection of newspapers in the world has been opened to the public in a newspaper museum at Aix-la-Chapelle, Germany. Among its collection of 150,000 newspapers are specimens from all over the world, including an Eskimo paper from the middle of last century.

Gigantic Structure

Herodotus estimated that 100,000 men were engaged for 21 years in building the Great Pyramid.

Lump Soft Coal--\$8.75 per 2000 pounds

Mine run Soft Coal--\$8.00 per 2000 pounds

Above prices subject to the usual 50c discount per 2,000 lbs. for payment within ten days

We recommend and endorse either of the above as being the best substitutes for anthracite coal.

Coke is made from bituminous coal. We offer these exceptional grades of bituminous to our customers instead of coke, on account of the fact that we can deliver a much greater percentage of heat units per dollar in these bituminous coals than by offering coke to our trade.

Hence our policy of offering only articles of merit and economy is being constantly and continually practiced.

When Better Fuels Are Obtainable—We Will Offer Them To Our Trade

Lesson for March 8

THE GOOD SAMARITAN

GOLDEN TEXT—Thou shalt not anger nor bear any grudge against a child of thy people, but thou shalt love thy neighbor as thyself; I am the Lord.
LESSON TEXT—Luke 10:25-37.
PRIMARY TOPIC—Jesus' Story of a Real Friend.
JUNIOR TOPIC—Jesus' Story of a Real Friend.
INTERMEDIATE AND SENIOR TOPIC—Serving and Sharing.
TWO PEOPLE AND ADULT TOPIC—The Stewardship of Life.

How to Inherit Eternal Life (v. 25-38).

1. The lawyer's question (v. 25). The lawyer here means one versed in religious law—the Scriptures, not lawyer in our modern sense of that term. It would more nearly correspond to our theological professor. The lawyer's object was to trip Jesus, to induce him to take such a stand as would weaken his influence as a teacher. He expected Jesus to set forth some new ceremonies which would conflict with or disparage the law of Moses.

2. Jesus' question (v. 26). Though Jesus knew the motive of the lawyer, he did not evade his question. He put him to the law, the field which was familiar to him. He thus robbed him of his own weapon.

3. The lawyer's reply (v. 27). He made an intelligent answer, declaring that the entire content of the law was embraced in love to God and man. This expresses the whole of human duty.

4. Jesus' reply (v. 28). The straight-forward answer went to the heart of the lawyer. Perfect love to God and man is truly the way of life. No man has yet had nor can have such love. His sinful condition precludes its possibility. Man's failure to measure up to this requirement is his condemnation. The lawyer keenly felt this thrust. He was defeated on his own ground and convicted of guilt.

5. Who is My Neighbor (v. 29-37). The lawyer's question (v. 29). This question reveals the insincerity of the lawyer. Christ's answer had reached his conscience, and now he seeks to escape the difficulty by asking a captious question. Lawyer-like he sought to get off by raising a question as to the meaning of words.

6. Jesus' answer (v. 30-37). Jesus' reply more than answered the lawyer's question. In the Parable of the Good Samaritan he makes clear who is a neighbor, and also what it means to be a neighbor and what loving a neighbor means. Christ's answer had a double meaning. He not only made clear who is my neighbor, but made it clear that the lawyer was not playing the neighbor.

7. Who is my neighbor? This desolate and wounded man, left on the roadside by the robbers, is a man who needs a neighbor. My neighbor, therefore, is the one who needs my help, whether he lives next door or on the other side of the world. It does not regard locality, nationality, or blood relation.

8. What being a neighbor means. Our supreme concern should not be "Who is my neighbor?" but "Whose neighbor am I?" To be a neighbor is:

- (1) To be on the look-out for those in need of our help (v. 33). It is keen to discern the needs of those with whom it is brought into contact. (2) To have compassion on the needy (v. 33). Christ's compassion was aroused as he came into contact with those who were suffering and in need. (3) To give to those in need (v. 34). Love does not calculate the cost of its actions. Whenever there is calculation of cost, there is the expression of selfishness. Many are willing to give money to help the poor and needy but are unwilling personally to minister to them. The true neighbor gives himself as well as his money.

- (4) To bind up wounds (v. 34). If we have eyes to discern, we shall see many wounds about us that need attention. (5) To set the helpless ones on our beasts while we walk (v. 34). This is the proof of the genuineness of our love. Those who are like Christ will deny themselves in order to have something to give to those who are in need. (6) To bring to the inn and take care of the unfortunate (v. 34). Genuine love does not leave its service incomplete. True love follows up the needy. (7) To give money (v. 35). Love is the most expensive thing in the world. It cost God his only Son. It cost Jesus Christ his life.

This parable has been through the centuries the classic illustration of true Christian neighborliness.

Born of God

"He that loveth is born of God," therefore let us "keep our friendships in repair." Let us cultivate the spirit of friendship, and let the love of Christ develop into a great love not only for our friends but for all humanity!—Henry Drummond.

God's Errands

Difficulties are God's errands; and when we are sent upon them we should esteem it a proof of God's condescension.—Henry Ward Beecher.

Facts for Farm Folks

Written by
AGRICULTURAL AUTHORITIES

ALL MASH FOR CHICKS

By Jos. H. Bodwell

Did you ever notice the difference in temperament of a team of horses when worked and when idle? If they are worked steadily every day they are quiet and peaceful, but give them a lot of rest and they become uneasy,

MILFORD CROSS ROADS SCHOOL NOTES

The following pupils who made no grade lower than "B" are on the honor roll for the month of February: Karl Greer, Carolyn Guthrie, Hazel Johnston, Agnes Kwiatkowski, Annie Kwiatkowski, Daniel Reed, Helen Kwiatkowski, Scottie Guthrie, Stanley Kwiatkowski and Betty Hollingsworth.

Those pupils with perfect attendance for the month were: Hazel Johnston, Ruth Reed, Helen Kwiatkowski, Carolyn Guthrie, Betty Hollingsworth, Agnes Kwiatkowski, Alfred Phillips, Annie Kwiatkowski, Delaware Reed and Stanley Kwiatkowski.

Good attendance pupils were: Norman Reed, Lewis Fisher, Kathleen Stanley, Dorothy Reed, and Stanley Kwiatkowski.

Adult Education

Milford Cross Roads School completed 16 weeks of adult education last Tuesday evening. On Wednesday evening the class took part in the program at the William Penn School, New Castle. Milford Cross Roads School presented a play, "Betty Brown's Music Shoppe." The class is indebted to Messrs. David Chalmers and James Black for helping with the brass quartette used in the play. Mrs. Elizabeth Bacon directed the music. Adult classes will be held at Milford Cross Roads again next fall.

4-H Club

The president of our 4-H Club, Ruth Reed, has announced that Miss Pearl MacDonald, nutritionist of the University Extension Service, will be at school tomorrow afternoon, Friday, March 6, at 1 o'clock. Miss MacDonald has extended an invitation to all the mothers to be present when she brings her message about "Proper Foods."

Safety Council

Miss Grace Baird, of the Delaware Safety Council, visited the school on Tuesday afternoon, when she organized a Junior Safety Council and a Junior Safety Patrol. Hazel Johnston was elected president; Leonard Reed, vice-president, and Virginia Hall, secretary. The members of the Safety Patrol are Captain Robert Walstrum, Lieutenant Charles Greer and Ruth Reed. The Safety Council will meet weekly.

CHRISTIAN ENDEAVOR NEWS

Miss Elizabeth Tiffany will have charge of the Sunday evening service at the Newark Christian Endeavor. The subject to be discussed is, "What is the Church?"

Mermaid

At the meeting of Harmony Grange No. 12 on Monday evening, announcement was made that the New Castle County Pomona Grange would meet tomorrow in the Odd Fellows' Hall at Hockessin as the guests of Hockessin and Union Granges.

The spring seed order opened a month ago, was closed at the meeting. This order exceeds that of former years.

E. H. Woodward presided during the lecturers' hour. The program was opened by members singing "The Old Oaken Bucket." Miss Mary Woodward read an article on "Back Seat Driving in 1930." Mrs. J. Ernest Townsend played a violin solo accompanied at the piano by Mrs. Harry Harrington. A recitation in Negro dialect "The Ship of Faith," was given by Miss Dorothy Woodward. Jokes were read by Mrs. Paul Woodward. The paper for the month was contributed by Mrs. J. W. Pennington.

On March 16, "Ladies' Night" will be observed. Mrs. Irvin G. Klair is program chairman for the affair.

The gasoline station at Milford Cross Roads which has been closed for several months, was reopened this week with Joseph Brennan as the manager.

Mr. and Mrs. Herbert Pierson who were recently married, were surprised on Monday evening by their friends who gathered at their new home near Hockessin and tendered them an old fashioned serenade. Cards were enjoyed during the evening. Those present were: Mr. and Mrs. Herbert Pierson, Mr. and Mrs. Ross Pierson, Mr. and Mrs. Joe Pierson, Mr. and Mrs. Kemper Pierson, Mr. and Mrs. Anson Gregg, Mr. and Mrs. Marvin Shakespeare, Mr. and Mrs. William H. Naudain, Mr. and Mrs. Millard Gass, Mr. and Mrs. Fred Weer, Mr. and Mrs. Horace Woodward, Mr. and Mrs. Earle Woodward, Mr. and Mrs. Charles R. Woodward, Mr. and Mrs. Harold Townsend and family, Mr. and Mrs. Fred Trimble and family, Mr. and Mrs. Ralph Trimble and family, Mrs. Mary Pierson, Misses Rebecca Pierson, Betty Roehm, Ruth Ball, Martha Trimble, Amy T. Hicks, Mildred Dennison, Frances Maclary, Mary and Margaret Shakespeare, Lewis Springer, John and Robert Dennison, Herbert Lee, John Moore, Fred Ferguson, Leslie George, Albert and Joseph Ferguson, Walter Lee, Delbert Boulden, Taylor Dutton, John Trimble, Nelson Pierson, George Bland, Edwin Pierson, Ernest Bland, Lewis Clark, Lloyd Porter, E. Pierson, and Carl Roehm.

nip one another, paw and kick the stall they are in. In fact, sometimes they become vicious and actually bite one another.

This same principle holds true with chicks. If they have a chance to become idle they will pick at one another and cannibalism will develop much more rapidly than if they are kept busy at all times.

If they have access to scratch grains their crops become filled up quicker and it takes longer for the scratch grains to digest than it does for mash. Consequently, they will have many more idle hours during the day where scratch grains are fed than when the all mash system is used.

Another advantage of the all mash system is that there is more protein present and more different types of protein and also the animal source of protein is present in the all mash, whereas in scratch grain there is no animal source whatever. In order for baby chicks to grow rapidly and to feather quickly, many sources of protein must be available for the chick and a much more economical growth will be had where both the animal source and vegetable source are present.

Again in the mash more mineral will be present than will be the case of scratch. Where dried buttermilk or skim milk is mixed in with the mash it enables the chickens to get their source of milk much more evenly than in any other way. This also is a wonderful source of vitamins for the baby chicks and helps to give the succulence which would not be secured if only scratch grains were fed.

To sum up the advantages of an all mash system: It keeps the chicks busier throughout the day; it supplies the chicks with many sources of proteins; it enables a better distribution to the chicks of milk and the vitamins it contains and, furthermore, it insures a better distribution to the chicks of the minerals which are so essential for uniform growth.

The final lesson of the Milford Cross Roads Adult Education music class was conducted last evening by Mrs. Elizabeth Bacon, of Wilmington. This center which has been held for the past sixteen weeks, has had a total membership of 50 with an average attendance of 40.

A member of the group, John Wooleyhan, of Newark, wrote the sketch, "Betty Brown's Music Shop," which will be presented by this center at the closing exercises this evening in the William Penn School, New Castle. The cast giving the sketch are: Mrs. Elizabeth Bacon, Miss Florence Horn, Wesley Dempsey and a chorus of forty voices.

FAIRVIEW SCHOOL

The following is the attendance record for Fairview School No. 90 for the month of February: Boys, 99.6 per cent, girls 100 per cent, school 99.7 per cent.

Perfect attendance: Warner Hollingsworth, Walton Mason, Ernest Whiteham, Howard Williams, Kanawha Williams, Dutton Lynch, Margaret Mason, Kathleen Little, Dorothy Little, Carrie Lynam.

Good attendance: Billy Jackson. "The Kitchen Cabinet Orchestra" is making a record in the vicinity of Newark. The players have given the play at Fairview, Milford Cross Roads and Ogleton. They plan to give the play at Harmony Grange Hall, Stanton, State Road and McClellandville in the near future.

Share Good Fortune

If riches increase let thy mind hold pace with them, and think it not enough to be liberal, but munificent.—Sir Browne.

W.C.D. ALUMNAE GIVE BANQUET

(Continued from Page 1.)
 '19, vice-president; Marion Neide Green, '25, recording secretary; Nellie Lawton, '28, corresponding secretary; Edith A. McDougle, '18, executive secretary; Marion H. Steele, '28, treasurer, and the following class representatives: Emily Frazer Williams, '18; Elizabeth M. Jones, '19; Ruth Messick Hemphill, '20; Madeline H. Dixon, '21; Grace Marvil Hutchinson, '22; Ruth King Morris, '23; Elizabeth MacIntire Davis, '24; Madalin Winthrop James, '25; Moss Tyler, '26; Margaret Nunn, '27; Marjorie Johnson, '28; Eleanor Edge, '29; Charlotte Rambo, '30.
 Dean Robinson entertained at a faculty tea at 4 in the afternoon.

At the banquet the guests were addressed by Mrs. A. D. Warner, an honorary member of the class of '18. Miss Russell, of the department of music, led a group of girls from the Women's College in singing college songs as the guests entered the banquet hall.

Dorothy Hudson, '34, played a violin solo. The accompaniment was played by Kathryn Pointsett, president of the class of '31. Mildred Fabian, '31, president of the Student Self-Government Association, addressed the guests on the subject, "The Student Self-Government Association and Various Other Activities of the Students of the Women's College." A talk on "The Dramatic Club and Still Other Activities of the Students," was given by Mary de Han, '32, president of the Dramatic Club. Lois Simmons, of the teachers' training course, class of '30, sang two solos, which preceded the addresses by Dr. Hullihen and Dean Robinson.

The principal speech of the evening was given by Christopher L. Ward, who spoke on "The Celebration at Lewes."

Professor Byam and Professor Rees gave an exhibition of films showing the Foreign Study Group in France, and an explanation of each slide was given by Professor Byam.

The banquet program was concluded with the singing of "Alma Mater," led by Kathryn Pointsett.

SIGMA PHI EPSILON PLANS ANNUAL REUNION MARCH 21

The alumni and undergraduate members of Sigma Phi Epsilon fra-

ternity of the University of Delaware chapter will hold their annual reunion and banquet at the Elks' Club in Wilmington, Saturday, March 21. Several hundred members of the organization, including a number of Sigma Phi Epsilons from other colleges who are located in this section are expected to attend.

In connection with the reunion the fraternity will hold its yearly business meeting, including the election of directors and officers for the ensuing year. The meeting will begin at 5 o'clock in the afternoon with the banquet starting at 6:30. Special entertainment has been arranged.

Dr. J. Paul Winthrop, heads the committee arranging the gathering and is being assisted by George Alderson, J. P. Robbins, Jr., William Brown, John Conway and C. T. Wise.

CONDIFICO BOWLING TEAMS PLAYING IN TOURNAMENT

The first leg of the bowling tournament of the Condifico Athletic Association has been completed by the departmental teams who are playing a series of games this winter and the standing of the teams at this point is as follows:

Division "A"	Pin Totals
Accounting Dept.	2149
Sales Dept.	1925
Shipping Dept.	1652
Machine Dept.	1554
Division "B"	
Fibre Tube Dept.	1938
Specialty Dept.	1914
Dilecto Dept.	1799
Manufacturing Office Dept.	1756

Matches are being played every Tuesday and Friday evenings and the tournament is developing very congenial associations among the employees.

ELKTON TO GET NEW \$75,000 POST OFFICE

With numerous improvements scheduled to take place in Elkton within the next several months, another agreeable surprise was sprung this week when United States Senator Philip L. Goldsborough, of Maryland, notified Postmaster George M. Evans, that the Treasury Department had allocated \$75,000 for a new site and the erection of a post office for Elkton.

The growing demands on the present post office building which is owned by a private citizen, is said to have caused the post office department to decide on a government owned building in the town.

Lodge Notes

I. O. R. M.
 Minnehaha Tribe, No. 23, I. O. R. M., held an interesting meeting on Tuesday evening, after which the Jr. O. U. A. M. baseball team lost 2 out of 3 games to Minnehaha. On next Tuesday evening the raising-up team under John W. Buckingham, Deputy Great Sachem, will practice. On Thursday, March 12, the baseball team will trail to Little Bear Tribe for a series of game, so everybody out and on the job.

K. O. F. P.
 Osceola Lodge, No. 5, Knights of Pythias, conferred the rank of Esquire on a class on Monday evening, and will put on the rank of Knight soon. Osceola has banner crowds every Monday evening, so fellows come on out and see what's going on.

FRANK A. VIRDEN WINS FOREIGN STUDY HONORS

(Continued from Page 1.)
 If the students do as well in the tests in June it is believed that every member will receive a "diplome superieur" from the Sorbonne.

Professor Edwin Byam, who received the cablegram from George Brinton, director of the group in Paris, returned from Paris recently. He stated that the present group is one of the best equipped scholastically that the University of Delaware has ever sent to France. He said that interest in the group is rapidly increasing in all colleges of the country, and that the Foreign Study Committee has already received more than 300 inquiries and applications for the next group which will sail for France the middle of next July. A Swarthmore student was the first to be accepted to membership in the next group.

Frank Virden is spending his senior year in France and will be remembered as the recipient of a scholarship offered by J. Pilling Wright of this town. During the three years that he spent in the University here he always stood among the highest in his class scholastically. He will receive his diploma next September at the Convocation exercises since he will not return from Europe in time for the Commencement Exercises in June.

"TREATY OAK" MARKED BY D. A. R. WASSCENE OF SHORE INDIAN PARLEY

The historic tree, known as the Treaty Oak, located at Church Creek, Md., in Dorchester County, recently was the scene of special ceremonies by the Dorset Chapter, Daughters of the American Revolution, which placed a marker on the tree, which has long been associated with early settlement of the Eastern Shore.

The honored tree, a handsome oak, which has been associated with Dorchester County history ever since it first served as a meeting place for Indians and the white settlers, was the scene of the first treaty this country ever made with the Indians.

The inscription on the marker, just placed, reads:
 Under this tree the Indians and whites formed a treaty and exchanged the land for a few gunning coats, several guns and some ammunition.

This treaty is said to have been negotiated and ratified by an Indian princess and her council. It is also known that the treaty included a provision reserving to the Indians the right to buy back the land, but this right was never exercised.

The tree came into prominence during the War of 1812 when British soldiers on the man-of-war, captured at Taylor's Island, were marched under it on their way to Cambridge; and again in the Civil War, when a company of Union troops camped beneath its branches.

When the State highway was built from Cambridge to Church Creek the tree stood directly in the path of the proposed route, but through J. Gorman Hill, who related its unique history to the road engineer, the route was altered to spare the tree. Though damaged somewhat by lightning several years ago, tree surgeons have recently put the aged oak in good conditions. They stated that it is not less than 350 years old.

Length of Alligators
 The longest crocodiles and alligators which have been measured in the United States did not exceed 20 feet.

Your Hot Bath Is Ready ALWAYS!

AS FRESH and invigorating as this morning's sunrise is the hot bath water that needs but your hand at the faucet to start it flowing.

Such is the magic of RUUD-AUTOHOT, a water heater of TODAY! This mechanical member of the family is automatic, self-starting, self-stopping, and self-venting. It watches over and regulates itself, guards against excessive use of fuel and combines these duties so happily that hot water is yours whenever you need hot water.

Radically new in its modern smartness is RUUD-AUTOHOT, but reassuringly old in the fine traditions of its maker. To it you may give full responsibility and know that you have bidden farewell, once and finally to all the inconveniences and discomforts of old-time methods.

Think, please, of RUUD-AUTOHOT in terms of its gifts to you. Bathing luxury! Shaving ease! Hot towels for massages! Fewer dishpan hours! Shorter laundry days! Emergency hot water bottles! In 150 different ways it can give to you a "CLEAN-VENTIENCE" without equal.
