Dear Dannie:

I am sending you herewith a copy of a personal note which I wrote to Jack Cabot, who is the new Assistant Secretary of State for Latin American Affairs. It is a very long letter and I do not know whether you will wish to wade through it. The reason for writing the letter is that I have a very real interest in Cabot, whom I have known for a long time and he was my Counsellor in Buenos Aires. He is in many ways a very good man, but the position in which he finds himself is one that is more important than any he had expected to have for years to come and it carries responsibilities which I think are weighing on him rather heavily. The reason I wrote this letter was because I feel sure from my conversations with him while I was recently north that he will be interested in having these views from me.

After you have read this letter I would appreciate very much your having Lorié send it to E. A. Graydon in Toronto, as I feel very sure that he will wish to read it and it will be useful to him and to Allan Graydon for background.

Believe me, with all good wishes,

Cordially and faithfully yours,

D. N. Heineman, Esq.,
