NEWARK POST, NEWARK, DEL., MARCH 27, 1918

NUMBER 9

M. E. Conference Commends Governor

Declares Public Hoodwinked By Lobbyists

Just before final adjournment on Monday afternoon, Wilmington M. E. Conference adopted the following recommendation of William R. Mowbray, Frank F. Carpenter, W. E. Greenfield, Robert K. Stephenson and E. C. Prettyman:

"We, Wilmington Annual Conference, in session, commend Governor Townsend in his firm stand taken in the bill now before the Delaware General Assembly providing, at the request of the national government, for the establishment of a State Council of Defense.

"We resent the workings of the liquor lobbyists in using the term 'useful occupation' as being against honest labor, fearing that it would result against their own interests. While the term 'useful occupation' should apply to those engaged in the liquor traffic, it was never so intended in the act now pending. Liquor politics has again deceived the public, as will soon be known, and at the sacrifice of the national interest.

"We resent the attitude of the press who have co-operated with those interests to hoodwink the public. The subtle methods of the usual liquor lobby in false interpretation, and not in the provisions as actually exist, are the cause of the inflamed public mind.

"We recommend its passage, thus upholding the rightful interest of the governor and maintaining the honor of our State in national service. Only by so doing can we defeat the propaganda being spread by German interests right in our own State. The press must align itself actively with our national interest, rather than aid those influences which so much assist the enemy."

PRIZES OFFERED FOR CORN

State Board Of Agriculture Makes Announcement

The State Board of Agriculture has been giving gold and silver medals for seed corn and will renew these medals for the year 1918, namely, a gold medal for the best acre of seed corn grown in Delaware, and a silver medal for the second best acre. For the acre giving the highest yield \$60 and in addition three prizes of \$40, \$20 and \$10 for the highest yields on a single acre in each county.

In addition to these prizes which have been awarded every year for a number of years past, new prizes for five acre yields will be given as follows; namely, in each county four prizes of \$25, \$20, \$15 and \$10. The field must be continuous and not less than five acres and the competitor shall notify the State Board of Agriculture that he desires to enter the competition and at the end of the season shall submit a report giving the date of plowing, amount of manure and fertilizer applied, distance apart that corn is planted and number of cultivations given. When the corn is ready to cut the State Board of Agriculture will send a committee who shall select not less than 500 hills in different parts of the field which shall be a fair average of the five acres. These hills shall be cut, shocked and sealed in the presence of the committee. When the corn is ready to husk the committee shall be notified and shall weigh the husked corn and take a sample of thirty-five pounds which shall be forwarded to the State Board of Agriculture. The prizes will be awarded on the basis of dry, shelled, merchantable corn.

Defence Bill Passes Senate

Patriotism Triumphs Over Factional Politics

Dover, Delaware, 3.45 p. m.

The Defense Council Bill as advocated by the national administration, recommended by the Governor, and approved by the Committees of the House and Senate, passed the Senate this afternoon by a vote of 14 to 1. Senator Barnard, president pro tem of the Senate, Independent, voting against the bill. The Bill as passed is different from the original in that the interpretation of the term "useful occupation," is transferred from the Council to the Courts, a feature which satisfied those who questioned the power for the right of appeal in the first Bill. This places Delaware in line with her sister states in the Union.

The Defense Bill, showing the changes and the interpretation of the provisions therein by the attorneys of the two houses, will be printed in our next issue.

PRETTY WEDDING AT RED CLAY

Miss Garrett Becomes Bride Of Edwin Ball

The marriage of Miss Nellie Garrett and Mr. Edwin Ball was solemnized last Saturday, March twenty-third, in the Red Clay Creek Presbyterian church, in the presence of about three hundred relatives and friends. Both bride and groom are well-known here, and many Newark folk were among the guests at the wedding. The bride wore a becoming gown of gray Georgette crepe, and carried a bouquet of white sweet peas and lilacs. She was accompanied by Miss Nellie Justis, of Newport, as maid of honor; Miss Justice wore a frock of pale blue Georgette crepe, and carried pink sweet peas. The bridesmaids, Miss Belle Chambers and Miss Vera Gregg, a cousin and a niece of the bride, wore gowns of green crepe de chine, and carried daffodils and ferns. Madeline Johnson, Louise Eastburn, Frances Ball, Edna Murray, Rebecca Wollaston and Anna Noughton, former pupils of Miss Garrett's, dressed in white and carrying daffodils, acted as ribbon bearers.

Harvey Ball, brother of the groom, acted as best man. Messrs Taylor Flinn and Anson Gregg accompanied the bridesmaids, and four school boys, John Parsons, Edward Klair, Harry Kendall, and Norman Howett, acted as ushers. The wedding march was played by Mrs. Reddin, of Stanton. Rev. J. D. Blake, pastor of Red Clay, assisted by Rev. David Reed, of White Clay Creek Presbyterian church, officiated.

A reception from four to six, followed the ceremony, at the home of Miss Justis. About two hundred guests were present.

Mr. and Mrs. Ball will live on the old Ball homestead, at Middletown.

BOOKS GIVEN FOR SOLDIERS

254 Volumes Collected Here

During the past week, there have been collected at the college library two hundred and fifty four books for the War Service Libraries.

The books so far contributed have consisted mainly of recent fiction. All the books are in good condition and all are of the kinds desired by the Association. When the books have all been collected here they will be shipped to the State Library Commission at Dover, and from there they will be sent to the government agencies for distribution among the camps and to the men at the front.

This campaign of the past week does not finish the efforts of the Library Association for books. More books are constantly needed for the soldiers both to replace other books which are worn out, and to satisfy the demands of the increasing need. The aim is to have a "book for every man in service," and the Association hopes that five books will be given for every book purchased.

Matinee For School Children

Manager Hubert of the Newark Opera House, has secured for Wednesday, April 3rd, William Fox's \$200,000 production of Robert Louis Stevenson's "Treasure Island." Owing to the fact that pupils of the Seventh grade are reading this book as a part of their English work in the grammar school, Mr. Hubert has arranged for a matinee, at the admission price of five cents.

Meetings have been held during the week at the homes of Miss Naudain, H. N. Reed, Frederick Ritz, and Mrs. Henry Smith. A fifth will be held on Thursday at two-thirty at the home of Mrs. W. H. Barton.

EFFORT TO HAVE CHAUTAUQUA HERE

Special War-time Program Offered By Association

Miss Madaline Davis, representing the Pennsylvania Chautauqua Association, is spending the week in Newark, in an effort to secure guarantors for a Lyceum Festival to be held next winter. The "Festival" continues for three days with both afternoon and evening performances. Tickets, admitting the bearer to all entertainments, sell for \$1.25. In order to bring the Chautauqua to Newark, twenty signers must guarantee the sale of 240 course tickets.

A special war-time program, that cannot fail to benefit any community, is being arranged by Dr. Pearson, of Swarthmore, at the head of the movement. Aside from the various concert companies, speakers of national prominence will discuss current events and present day tendencies, in a way that is guaranteed to make the community think. The Lyceum has proved popular everywhere, and deserves the support of the entire community.

COMMUNITY "SING" SHOWS PROGRESS

Choruses Led By Mr. Koehler

"Newark is learning to sing," someone said at the community "sing" held last Monday night at the New Century Club, and the remark seemed borne out by fact. Certain it is that every "sing" proves far better than the one that preceded it. The choruses led by Mr. Koehler, showed a marked improvement; the special numbers were pleasingly rendered and highly appreciated. The audience taxed the seating capacity of the club room.

Special numbers included choruses by High School pupils; solo, "Sweet Genevieve," with quartette accompaniment, by Mr. Koehler, Misses Ritz and Shepardson; Messrs. Ruhl and Ewing; male quartette, "Carry Me Back to Old Virginia," by Messrs. Ewing, Moore, Koehler, and Ruhl; solo by Mrs. Anna Armstrong. Favorite song after song was called for by the audience, which prolonged the program until ten o'clock. Informal dancing followed, in which all who were present were invited to participate.

APRIL 1 LAST DAY FOR FEDERAL RETURNS

Penalties for Income Dodgers Are Severe—Get Your Return in if You Are Liable.

April 1, 1918, is the final day allowed under the federal income tax law for the filing of federal income tax returns. Persons who are required to file returns under the provisions of law and who fail to get their returns in on time are subject to severe penalties, as follows:

For making false or fraudulent return, not exceeding \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and, in addition, 100 per cent. of the tax evaded.

For failing to make return on time, not less than \$20 nor more than \$1,000, and, in addition, 50 per cent. of the amount of tax due.

If on account of illness or absence from home you are unable to render your return within the time prescribed by law you may obtain an extension of 30 days if a request therefor is filed with the collector of your district before the due date of the return. In this request you must state the reason why the return cannot be filed within the time prescribed by law.

Collectors of internal revenue are not authorized to grant extensions of more than 30 days, but the commissioner of internal revenue has authority to grant a reasonable extension beyond 30 days in meritorious cases. If you desire an extension of more than 30 days your request should be addressed to the commissioner and should contain a detailed statement covering the reasons which make it impossible for you to file your return on or before April 1.

The internal revenue men are now completing their tour of the country, during which they were in touch with the people of every city and town. If you failed to get in touch with the deputy which visited your section it is not too late to get advice. Consult your postmaster as to where the nearest deputy is now. Get your blank form, study the directions and the requirements as shown thereon and make your return without fail if your income was sufficient to come within the bounds named in the law.

It is pointed out by Commissioner Roper that it is important that the people comply with the federal laws as fully as they are complying with the drafts for men and the conservation of foods and fuel. "The war must be paid for," says Commissioner Roper. "Congress has as much right to conscript a just portion of income as it has to conscript our boys. The tax for 1917 is designed to reach moderate as well as large incomes, so that all persons who are in financial position to bear a portion of the heavy government expenses can be assessed in proportion to their ability to pay."

"The man who is barely making a living or barely supporting a family is not affected by the 1917 law. But the man who is able to bear a share of the burden has been reached by the new law, and he should accept his responsibility in the same patriotic spirit that our young men have shown in offering themselves for this great purpose of the country to make the world safe for people of all kinds to live in and to govern themselves."

This tax is one which recognizes women as on an equal basis with men. The unmarried woman or the married woman with a salary must make tax return just the same as any man. Only the man supporting her mother or other members of her family may take out \$2,000 exemption.

Under the law the head of the family is the one whose earning power contributes to the family's support.

Similarly a widow with small children to support can take out \$2,000 exemption and \$200 additional exemption for each of her children under eighteen. Thus it is intended that the law shall work no hardship to women having to struggle to get along. But each must file return if her income is \$1,000.

A man whose wife dies and who is left with small children to support upon a moderate income may also take full exemption under the new tax law and also claim \$200 exemption for each of his children under eighteen.

The widower under the law is a single man and must make tax return accordingly. Married men need not file returns unless they are earning \$2,000 or more.

"This is as much a national obligation as the reporting for duty of a man drafted for service with the colors," says D. C. Roper, commissioner of internal revenue. "As it stands, it is much a matter of the man or woman's own conscience. It is for him or for her to determine just how far he is liable to the tax. He must figure his own income and if it reaches the figures named in the law must make faithful report upon it to the proper authority."

"This tax is distinctly a war measure and will be in effect during the war."

"This is a people's tax—it reaches right down into the pockets of the small wage earner; it makes him a partner in the job of winning the war."

The chapter house was attractively decorated for the occasion and among those who attended the dance were: Mr. and Mrs. Ernest Wright, Miss Bigelow, Miss Long, Miss Collison, Miss Elsie Wright, Miss Dorothy Newton, Miss Esther Dodson, Miss Margaret Reynolds, Miss Olga Seifert, Miss Lilly Fer-

guson, Miss Ruth Messick, Miss Calysta Feehly, Miss Elizabeth Huston, Miss Emily Frazer, Miss Mary Davis, Miss Alice Anna Raus, Miss Mary Mitchell, Miss Gladys Walton; Dr. W. Owen Sypherd, Harvey R. Buck, and members of the fraternity.

Sergeant James Houghton

All that was mortal of First Sergeant James Houghton, who died of pneumonia at Camp Dix, was returned to the earth last Friday afternoon, the funeral services being held in the home of his widow, Mrs. Olevia Houghton, on the Elkton Road just outside of Newark. A detachment of the Delaware Regiment accompanied by the First Regiment Band was detailed to escort the body to the grave. The company made up of comrades marched from the house of mourning to the Head of Christiana Cemetery forming a guard around the hearse, the band playing solemn funeral dirges on the

march. While the coffin was being carried from the house to the hearse the band played "Lead, Kindly Light," and as the funeral train wound into the cemetery, played "Nearer, My God, to Thee." Arriving at the grave a squad of eight riflemen fired three volleys over the open grave, and the bugler gave the soldier's good-night. The military pageant was something unusual for Newark, even though in years gone by some military honors have been paid to the distinguished dead. But the esteem in which Sergeant Houghton was held because of his long and faithful service in the United States Army called for the fitting tribute to his memory. Not only the soldiers but also civilians who knew him expressed their sorrow that one so good and useful had come to such an untimely end. The floral tributes were both numerous and magnificent.—Contributed.

Engagement Announced

Mr. and Mrs. William D. Evans of Middletown, have announced the engagement of their daughter, Miss Rosetta H. Evans, to Mr. William Ellison, of Newark.

Red Cross Funds Low

The second drive for Red Cross funds will be inaugurated on May 20, just eleven months after the first drive was made last year. All but \$10,371,217 of the \$100,000,000 raised last year has been either expended or appropriated for relief work at home or in France.

Receipts from the first drive totaled \$100,599,257. From this amount \$17,006,121 has been appropriated for relief work by chapters in the United States. Work among the civilian population of France, which has been one of the strong means of convincing the French people that America is "in it" in earnest, has cost \$30,000,000. The job of keeping the soldiers comfortable before and after they have been in action is costing about \$47,000,000.

WEEKLY BULLETIN

WOMEN'S LIBERTY LOAN COMMITTEE

Delaware Women Organized

Organization for the campaign for the sale of Liberty Loan bonds to be conducted by the women of Delaware is progressing in a way that promises for the movement a splendid result. Mrs. Henry Ridgely, Dover, is State Chairman; Mrs. Howard Pool, Middletown, is New Castle County chairman, and Mrs. R. A. Whittingham, Newark, White Clay Creek hundred chairman. Various subcommittees will be appointed.

Chairman Appoints Local Committee

Mrs. R. A. Whittingham, in command of the "Flying Squadron" of White Clay Creek Hundred, has appointed the following on her general committee: Mrs. Charles Blake, Mrs. H. L. Bonham, Mrs. J. Pearce Cann, Mrs. C. L. Penny, Mrs. W. J. Rowan, Mrs. Ernest Wright, Miss Etta Wilson, Publicity Captain. Various subcommittees will be named this week.

A Call For Volunteers

Letters have been mailed during the past week, by the Hundred chairman, to all the various women's organizations in White Clay Creek Hundred, asking for volunteers to sell the Liberty Loan bonds in the coming campaign. It is hoped that every organization will make it a point to see that their secretary is supplied with a list of names of members who are ready to respond to the call of the nation.

Dean Robinson On Committee

Dean Robinson, of the Women's College, has been made chairman of the Speakers Committee, in the Third Liberty Loan drive. An effort will be made to conduct mass meetings throughout Delaware.

WOMEN ENROLLED IN LIBERTY LOAN CAMPAIGN

State Chairman Urges Everyone To Help

"For a wider, grander freedom, And a deeper, nobler good."

Today our turn has come!

No tears, sobs, hysteria, but plain, hard work; work when we're tired, work when we're discouraged, work without drills or glory—not even a uniform—work in the spirit of obedience and reverence. This is what the call to the women of America means from the Treasury Department of the United States, which, for the first time in history has called upon women for co-operation, and given them official status and a name—the Women's Liberty Loan Committee. By virtue of being a woman you are a member of that committee. It is not sufficient even that you buy all the bonds you can, it is for you to sell bonds, to talk bonds, to think bonds. When you are asked to work on your local committee, the American thing is, to say "Yes!" with all the heartiness in the world.

You say if you hadn't anything else to do, you'd be glad to sell Liberty Bonds. So would we all! Every one of us has something else to do, but the Liberty Bonds must be sold, in addition to all those something else's. If we don't sell Liberty Bonds, there won't be anything else to do, for the Liberty Bonds are to safeguard us, even to safeguard the army for any army is the most expensive thing on earth to support. Therefore, the fundamental thing is to sell Liberty Bonds. * * * * *

Are we going to lose the spirit of the Pioneer? Are we going to safeguard our Freedom, and support it?

Women of Delaware, you are enlisted in the Liberty Bond campaign! When you are asked to work on a team or committee, work on it, with all the best that is in you. Your country needs you, and it is for you to respond.

Mrs. Henry Ridgely, State chairman.

STAND BEHIND YOUR BOY

"It is a sacred duty of every citizen and it should be regarded as a glorious privilege by every patriot to uphold the Government's credit with the same kind of self-sacrifice and nobility of soul that their gallant sons exhibit when they die for us on the battle fields of Europe."

Secretary McAdoo has issued no stronger call upon the American people to support the Liberty Loan. The third loan will soon be opened. Behind every American soldier in France, back of every American sailor on the seas, there should be a worker and a bond buyer at home. There is the braver part, but we who remain at home can be no less useful if we exhibit that self-sacrifice that they demonstrate in risking their lives.

If the American people possess and put into effective force the same faith in Americanism that the Germans show for their kultur, the struggle between German kultur and American civilization will be a short one and America's victory overwhelming.

We may be a little slow, may have much inertia to overcome, but American might, like the mills of the gods, may grind slowly but will grind exceeding small.

FROM OUT OF EVERY VILLAGE

Have you ridden in any direction for five hundred miles since war has been declared by the United States? Early last summer the writer had occasion to cross Pennsylvania. The ride proved an inspiration. So varied were the scenes that we observed from the car window, it seemed, indeed, that we gazed upon the nation. Old Glory floated everywhere! It waved from the fine public building in the city square, and from the little country schoolhouse; it floated from the high flag pole on the lawn of the rich, and from the miner's rough cabin in the mountain district. Many types, many conditions, many interests, we observed that day, but the same old flag always, flung out to the breeze by the same loyal hearts.

"America is back of you," we wrote to a boy at the front that night. "Go forward, with the courage of a hundred million hearts!" Today, with the call of the third Liberty Loan drive in our ears, a vision of those cities and hamlets comes to us. In every village there are fathers and mothers whose sons have heard the call. Men and women alike are organizing. "Get every available dollar to work" is their slogan. "Pour your resources into the treasury," they tell us, "and help make possible the dawn of peace."

YOUR TIME AND MINE

Time is not found; it is made. What we call Time, that is the flight of hours recorded by the clock, is simply the raw material from which Time is made. Time is duration turned to account. If you want time for great tasks, for fine growth, for beautiful accomplishments, for rich resources, do not wait for it; it will never come to you. Make it by selection of design, concentration of effort, the vital skill that is born of devotion, intelligence, putting one's heart in one's work. Hamilton Mayde.

RANDOM THOUGHTS

What if your favorite hero in history, had answered when the call came to him, "I should like to, but I can't find time for it?"

Help win an honor flag for Newark. Buy through your local committee.

Opportunity is on every hand. If we have fallen short in one branch of war work we can make it up in another. Buy a bond and make our reputation.

Don't measure your own conduct by that of your neighbors. The boy in France is the only true measuring stick.

GREATER WHEAT SAVING NECESSARY

One And One-half Pounds For Person Weekly

Announcement from Washington Monday of a further cut in the amount of wheat per person until the next harvest is contemplated...

This tightening of the belt by citizens over wheat is not the beginning of more drastic action that may follow...

The Food Administration has the power to enforce a rationing system but it was decided to first test the question of saving wheat to the individual...

In addition to the voluntary proposition to the citizens the Food Administration has increased the amount of substitutes used by bakers to 25 per cent...

The new regulations in brief follow:

- 1. Maximum consumption of wheat products to be one and a half pounds a week to each person. 2. Public eating places are to limit each guest to a total of two ounces...

SHIP INSURANCE RATES REDUCED

Drop From Four To Three Percent

It is evidence of the strongest kind of the effectiveness of the American War that Secretary McAdoo is again able to reduce the war-risk insurance rates.

The present reduction in hull and cargo through the war rate is from 4 percent to 3 percent; the reduction in the officers, masters, and crews of merchant vessels through the war rate is from 10 cents to 15 cents per hundred dollars of pay roll.

many when the Hindenburg and Zeppelins to be continued.

1. Retailers to limit flour sales to seven customers in an eight of a square, country customers to a quarter of a barrel at any one purchase and equal weight of other cereals to accompany same.

2. Bakers to deliver three-quarters of a pound loaf which contained 12 percent of average monthly purchases.

3. Manufacturers of wheat products for non-food purposes to cease entirely.

Voluntary co-operation of the public is relied on mainly in enforcing the regulations.

Further restrictions on distribution were hinted at by the food administration, a step necessary, it was said, to make wheat rationing a reality for the allies.

"If we are to furnish the allies with the necessary proportion of wheat to maintain their war effort from now until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 2,000,000 bushels a month...

The general Liberty Loan Committee met this afternoon in the office of Dr. E. C. Mitchell, chairman of the committee, and plans were mapped out for the drive which will open at April 22.

Through the generosity of a public spirited citizen the committee has offered space for the next display on "Why I Should Buy a Liberty Bond," to Delaware College and Women's College students.

Does your Boy's Clothes Dress Him or merely cover his nakedness?

A PECULIAR question, perhaps, but nevertheless a sensible one. What we mean is this—

There is a big difference in boys' suits—a grade number of them being made of inferior fabrics and simply "stuffed together" are placed on sale, and actually sold sometimes at double their real worth. The boy wears such stuff for about two weeks and what's left? Not an article of dress, so—hardly more than a mere covering for his body. The lack of quality is apparent—very much so.

However there is satisfaction in knowing that it is possible to buy a suit in which the boy will be in the broadest sense, dressed. That suit is the

The "Bake" held on Saturday evening for benefit of the Red Cross, though a small affair, was very successful and the sum of \$14.00 was added to our local treasury, to pay any little bills that it should be responsible for.

Mr. Jas. Hackman and family will move into Dr. West's house on or near April 1st.

Among the young ladies from the normal schools who spent the spring vacation at their homes here were Miss Helen Batting and Miss Lettie Crosson from West Chester, and Miss Alene Worth

Food Cards Displayed In Passenger Trains

In co-operation with the United States Food Administration, the Pennsylvania Railroad System has arranged to provide space in its passenger cars for the display of posters to aid in telling the public the facts as to the necessity for food conservation.

The posters will be placed in the coaches on all portions of the Pennsylvania System, both east and west of Pittsburgh, and will be the first printed matter of any kind to be displayed in Pennsylvania Railroad cars.

Approximately 5,000 day coaches, having a total seating capacity of more than 300,000 passengers, will be available for the display of the food-saving posters. This will serve to bring the salient facts as to the necessity for food conservation before more than 216,000,000 persons a year, or nearly 600,000 a day. These figures are based on the passengers traffic the

Pennsylvania Railroad System in 1917.

The posters selected for the beginning of the campaign read as follows:

- SAVE**
 1—Wheat—use more corn
 2—Meat—use more fish and beans
 3—Fats—use just enough
 4—Sugar—use syrups
 And Serve

The Cause of Freedom U. S. Food Administration

These will be changed from time to time, in order to present new phases of the subject of food saving.

In addition to the posters prepared for use in the day coaches, special cards will be displayed in the restaurant cars and restaurants setting forth the fact that the Pennsylvania Railroad System is a member of the United States Food Administration, and observes all the regulations laid down by the Administration for the saving of food.

FAMOUS PHOTOPLAY AT PLAYHOUSE

Four Performances Daily This Week

At the Playhouse, Wilmington, Delaware, this entire week the Renowned Pictures Corporation present Rupert Julian's merciless photo drama expose, entitled "The Kaiser, the Beast of Berlin." It is not a war picture, but an amazing expose of the intimate life of the Mad Dog of Europe. This picture is now running at the Broadway Theatre, New York City, where it opened a week ago last Monday night and from present indications its New York engagement seems destined to be of long duration.

The picture not only entertains from a most satisfactory standpoint but it arouses patriotism and has an appeal to every red-blooded American. It stirs every emotion. The audience is given to frequent applause, hissing, cheering and occasionally a tear is dropped. It is not exaggerated or over-drawn

with artificially constructed situations arranged just for the purpose of enthusing spectators, but it is a reproduction of actual scenes and incidents recorded in history, which have occurred since the outbreak of the war in 1914. Every one who sees the picture is sure to go away from the theatre with a more devout determination to lend greater assistance to this government in measures that will contribute toward the success of our American arms. There is a little interesting story which serves to connect one scene to another and which is a most probable one and this adds to the enjoyment of all those who witness the picture.

It was written by Elliott J. Clawson and Rupert Julian, and produced under the direction of Mr. Julian himself, who impersonates "The Kaiser." The reproductions of the Imperial palace are said to be exact. All together the picture is intended to arouse patriotism and while it did not cost a million dollars it did cost just enough to make a startling picture that is calculated to stir your blood. It shows "The Kaiser" from the inside and shows him punched in the

jaw by one of his officers, which is reproduced from fact, and the photo play in its entirety is Rupert Julian's master work.

Four exhibitions will be given daily, commencing at 2.00, 3.45, 7.30 and 9.15. Each exhibition will be given with symphony orchestra accompaniment. The prices of admission are Orchestra and Balcony 50 cents, and Gallery 25 cents. —Adv.

BOYS AND GIRLS CLUB WORK

(Continued from Page 1)

ready for market. The Breeding Project includes the feeding and care of one or more pure bred gilts or boars from weaning time until they are ready for breeding purposes. (When about eight months old.)

The Poultry Club Work is divided into two projects, that of feeding and caring for six or more hens, while making a study of egg production, and that of hatching out two settings (13 eggs each) of eggs, and of feeding and raising the chickens.

In carrying out all of these projects, explanations will be made by local leaders in club meetings; literature regarding the various projects will be distributed among club members as needed; and field demonstrations will be conducted by County Agents and men from the Extension and Subject Matter Departments of Delaware College.

The enrollment of new club members will be limited to the following designated periods:

1. In the Corn Club—until May 1.

2. In the Calf Club—a late summer project; time to be announced later.
3. In the Gardening Club—until May 1.
4. In the Pig Club—until June 15.
5. In the Poultry Club—until May 1.

The following are the general requirements for club members:

1. Limited to boys and girls of Delaware.
2. Boys and girls must be between 10 and 18 years of age.
3. Each member must enroll in one or more projects.
4. Each member must follow instructions.
5. Each member must keep records, and write a story on "How I Conducted My Project."

Several banks have indicated that they will finance the pig club and calf club members when necessary, by taking the boys' notes and requiring payment upon the completion of the project.

Awards for club work have been offered as follows to date:

1. The State Board of Agriculture will give a pure bred pig to the champion corn grower of each county.
2. Delaware College will give a

pure bred pig to the champion pig raiser of each county.

3. The Diamond State Poultry Association will give \$50.00 in prizes to champion poultry raisers.

4. Local prizes will likely be offered later for gardening work. Local communities, schools, Parent-Teacher Associations, Granges, Farm Bureaus, Clubs, County Agents, the State Club Leader or Local Club Leader, may organize a club in one of the following ways:

1. Call a public meeting; determine what projects the community should develop; tentatively select a local leader; and ask the State Club Leader for enrollment cards and other supplies.
2. Decide as a school, or other organization, to take up club work and proceed as above.
3. Ask the State Club Leader to attend a community meeting of some sort to explain club work, and then proceed as above.
