

# DEDICATE 5 HOUSING GROUPS ON MONDAY

## Mayor Collins To Officiate At Newark

Final plans for the dedication next Monday of five war housing developments of the Wilmington Housing Authority were made on Monday afternoon at the meeting of the authority staff, which was announced last week by Samuel C. Hanby, executive director.

The dedication of the developments, which have a total of 2,232 dwelling units, will be in the form of a tour of federal, state, county, and city officials. The cavalcade will go from the city to another, unveiling dedication tablets and inspecting the facilities of the developments.

The tour will start at the Public Building next Monday at 1 p. m. and go first to Riverside, 150-apartment development on the Governor Street Boulevard at Twenty-fifth Street, then the party will drive to Shipside, Maryland Avenue and Broom Street, where both Shipside and its extension will be dedicated in a single ceremony. There are 392 units in the original Shipside and 582 in the extension.

From there the party will move to the site at the DuPont Highway and Rogers Road, where dedication and inspection of the 588 unit developments for Negro war workers will take place. Next the dedication cavalcade will proceed to Pennside, near the Belanca Aircraft Corporation plant at New Castle, 370-unit development to be dedicated by Mayor Charles E. Klingmeyer.

Mayor Frank Collins will officiate at the ceremonies at George Read Village, which is the final housing project to be dedicated. After the ceremonies and inspection there the party will go to the Newark Country Club for dinner.

A delegation from the Federal Public Housing Authority headed by Oliver C. Winston, regional director, will be the official party. The FPHA finances all the developments and owns the temporary ones, which are leased and managed by the Wilmington Housing Authority.

# TRIUMPH TRIAL OPENS

## Elkton Officials Face Charges

Gustav H. Kann, former president of Triumph Explosives, Inc., Elkton munitions concern, went on trial Monday in Federal Court on a charge of using the mails to defraud the Triumph Company and its stockholders.

Six other persons, former executives of the plant, face the same charge, but they entered the pleas of nolo contendere, leaving it to Judge W. Calvin Chestnut to determine their guilt or innocence. Kann is being tried by a jury.

The remaining six are Joseph Ben Decker of Elkton, Md., former vice-president of Triumph and general manager of the plant; Sidney M. Feldman, William L. Kann, Jr., John J. Prial, Victor G. Willis, Jr., and Arthur Deibert, described as former minor executives or "key" employees.

They are accused of using the mails to defraud in the operation of the Elk Mills Loading Corporation, a subsidiary which the government contends was formed to "siphon off profits that should have gone to stockholders."

# WE SALUTE YOU Women

A SALUTE to all war-busy women whose contribution to the war effort cannot be over-estimated!

A salute in particular to the women who have taken jobs as operators of buses and trolley coaches! They are backing up our fighting forces. They're replacing many coach and bus operators who have been called to the armed services. As time goes on,

more women will be needed for this work.

These women are doing a fine job—an important job. Daily, they are promptly and efficiently transporting Wilmington's thousands of war workers and civilians to their all-important work. And the record they've made is an enviable one. Any woman can well be proud to join their ranks... to take over this essential job.

Ladies — we salute you! You're doing your part for victory by helping to keep Wilmington's wheels of transportation rolling!

The Driver pictured above is Mrs. Joan Robinson. First woman to do this work in Wilmington, started February 2, 1943.

## How About That!

By  
Ruth Safran

Midnight train stopping in Newark! Everybody seemed to be planning a wider social horizon because of it. The temporary Newark-dwellers whose families live in New York chortled over the chance to spend a longer Sunday at home. Theatre enthusiasts gloated that they wouldn't have to miss the last few moments of a play in Wilmington by the thought of the last bus pulling out—Philadelphia's plays became more accessible too. Those who visit Washington on a week-end added their approval—you could take a later train from Washington to Wilmington and take this wonderful midnight train back. And someone added of course: "Now I can plan a date in Wilmington without dashing for a bus before you have had time for fun."

The two sailors standing at the corner of ninth and Market were gesturing

**NOW** that the crops have been harvested the big job ahead is feeding and caring for the dairy herd during the barn feeding season. Fall calves usually grow better than spring calves because they're fed and cared for in the barn all winter. But any calf will grow better if you baby it to some extent. Teach it to drink from a pail and then teach it to eat Southern States Calf Starter. Let it lick the Calf Starter from your fingers while it's mouth is still wet with milk. With Southern States Dry Calf Starter you can save from \$15 to \$30 in raising a calf to 4 months of age. In addition to the money saving you release from 850 to 1250 pounds of milk for human consumption.

It's good business to treat a dry cow just as you would a piece of fine machinery. Build up her body with good roughage and low-protein Southern States Dry & Freshening Ration or 12% Quality Dairy. Feed her enough to get her on the fat side before she freshens. A cow that's up in weight at calving time will require less high protein feed during her next lactation.

If your barn is full of good roughage, Southern States 12% Quality Dairy is an excellent feed for cows in milk or for your young stock and dry cows. Built mainly from high quality ground grain, it contains some high protein ingredients and is fortified with minerals and vitamins. Ask your local Southern States Cooperative Service Agency to include 12% Quality Dairy in your next order.

### IT'S A FACT!

that the cows on the farms of Southern States patrons produced enough milk last year to provide every man in the United States armed forces with a glass of milk every day in the year.

SOUTHERN STATES COOPERATIVE

so excitedly that you would have thought they were discussing something as current and world-shaking as the baseball possibilities this year. Drawing closer, you heard one sailor say (in a speakable Southern accent): "Why if we had had any guns—stead of just cotton—we woulda won the Civil War. But come to think of it, it woulda been a terrible thing for the country if we had."

A civilian standing by was drawn into the conversation. They explained to him the relative showing of the Monitor and the Merrimac—and they mentioned too that "in those days you didn't need a draft act. It was considered a disgrace if you didn't join up. My grandfather used to tell me about it . . ."

After awhile the talk swung to their own part in the war.

"Been on the sea much?" the civilian asked.

"Just a little," said the sailor from Georgia, "just enough so that now I have my sea legs and can stand up without swaying and read a newspaper through in the aisle of a train. Comes in handy these days."

After "Wild Saturday" evening in Philadelphia—consisting mostly of being piloted from "first-choice dancing place" to "second-choice" and then to a couple of hotels, a friend of mine wearily remarked, "Why must people in other cities always try to show New Yorkers how much like New York their city can be?"

## If You use GAS to heat your Home—Here's how to conserve it!

Reduce house air-leakage by insulation, storm-sash, weather stripping and caulking.

Set heating thermostat at not over 65° and lower throughout as many hours as possible.

Turn off heat before opening windows. Close doors in rooms with open windows. Turn thermostat down if it is in room where windows are open.

Close fireplace damper when not in use. Make certain damper fits tight. Open or loose-fitting fireplace dampers are one of the greatest heat wasters, as any opening to the chimney will draw the heat out of the room.

Shut off heat supply to garage. Keep garage doors closed at all times.

Shut off the parts of house which are not in use.

Put heating system in top-notch condition. Inspect air-valves on all radiators. Replace, clean or repair any found inoperative. Inspect air valves regularly during the heating season. In hot water systems, open valves once a month to let out accumulated air. Do not cover or improperly enclose radiators in actual use.

by SURE SHOT

Newark High School proved to the spectators last Saturday that they know how to play football when they walked off with three touchdowns in their game with Brown Vocational.

Those fellows (Brown Vocational) were so sure of winning the game that they had gone to the trouble to have pictures taken for the Sunday paper. Sure, the paper used the pictures, but not of the winning team.

19 to 0 is a very nice score for the Jackets to pile up against such a SUPPOSEDLY strong team as Brown Vocational which is classed as one of the Big Three in Wilmington.

Coach Jackson deserved a lot of credit for turning out such a fine team as went on the field last Saturday. They had a lot on the ball.

Brandon Davis looked good and carried the ball over for two touchdowns. Walter Martin also scored six points for the Jackets and of course those two Hot Shots feel that they are some stuff. Well, they are, BUT, the rest of the players did a fine job and the other players on the team made it possible for these two STARS to score.

Bill Hamilton showed plenty of speed and was on the job carrying the ball for four first downs. Len George was in there fighting all the time and he also proved that he could carry the ball. Donald Griffin played a good game for the Jackets and of course I must mention that Roddy Holton was in the game long enough to make a first down. Nice going, Roddy.

Newark's line must also come in for a lot of praise. In the first quarter when the Brown team secured the ball on a fumble the Jackets line showed that they could hold their own with their backs to their own goal line. That line was just TOO much for Brown Vocational. Buddy Cataldi at the end position showed that he could do his stuff. He also went over for the extra point after a touchdown.

Gaskiewicz, Wells, John Hamilton, Vansant, and that Stonewall Butler all played a big part in the victory.

Ge, folks. I nearly forgot to mention that Tall, Dark, and Handsome fellow that holds down the position of Center. Joe Talucci who is captain of the Black and Gold team was in on nearly every play. Joe played both an offensive and defensive game. He was on the job intercepting forward passes and also intercepting the runners on the other team. Joe only has one failing, he can't eat as much as his brother.

Bob Connell thinks that his Beagle is some stuff now that Connell's Dixie has won the 13 inch all-age bitches class at the Eastern Beagle Club two years in succession. Bob is right. Dixie is a fine hound and won the top honors the hard way having to run six series before the judges finally decided that she could really run a rabbit.

Bucks hound came through for fourth place in the same class.

Other local hounds entered in the trials which have an entry list far exceeding last year, did not do so good. When the burglar alarm at the Newark Trust went off Tuesday night it sure woke up the town. I bet some folks were glad that they had put their money into War Bonds when they thought that the bank was robbed. War Bonds are certainly a safe investment as Uncle Sam's safe is a hard nut to crack even if some of those foreign countries are trying to bleed it.

Thieves stole the cash register at the Washington House early Wednesday morning. Possibly someone wanted their money back.

Clifford Lee Is Promoted To Rank of Private 1st Class

Private Clifford Ferris Lee, son of Mrs. Harvey F. Lee, of near Newark has been promoted to rank of Private First Class last week and has enrolled in the huge B-24 Liberator bomber mechanics school at Kessler Field, Biloxi, Miss.

Pfc. Clifford Lee is a graduate of the Newark High School, class of 1943 and at the school he was very popular and starred on the basketball team for the past few years.

Before entering the service he was an airplane spotter at the Chestnut Hill observation post.

Thomas Griffin Training At Yale University

Word has been received that Aviation Cadet Thomas R. Griffin, Jr., has entered the Army Air Forces Training Command School at Yale University for Aviation Cadet training in aircraft maintenance engineering. He will study there for 20 weeks and upon successful completion of the intensive course will be commissioned a second lieutenant and will be assigned to active duty as an Engineering officer with a Yank combat squadron.

While turning around to save his face one is likely to get a kick in another place.

CONNELL'S DIXIE, OWNED BY ROBERT CONNELL, WINS TOP HONORS AT FIELD TRIAL

Local Beagle Wins Same Class Two Years In Succession; Buckingham Entry Wins Fourth Place; All-Age Dogs Class Won By Kelly's Dick

Connell's Dixie, owned by Robert Connell, local barber, was judged winner of the 13 inch all-age bitches class at the annual fall American Kennel Club licensed field trials being run all this week by the Eastern Beagle Club at Milford Cross Roads. This is the second straight year that this hound has won the same class thereby gaining 70 points toward becoming a field champion.

Dog Trial Winner

Connell's Dixie

Connell's Dixie was called back for six series and won top honors the hard way by outfooting and outsmarting her braecmates in each series. The hound was handled by Harvey Herb of Wernersville, Pa.

Second place honors went to Pollitt's Ann, owned by J. Wallace B. Pollitt of Salisbury, Md., and handled by Stewart R. Schwartz of Pikeville, Md.

Burriss Zipper, owned and handled by Clarence Burriss of Marshallton was judged third place hound.

Oakwood Patsy Ann II, owned and handled by Raymond Vansant Buckingham of Newark was fourth place hound and Merri Chase Betty, owned by Paul Sheaffer of York, Pa., and handled by Harry Campbell of Robisonia, Pa., was reserve hound.

The 13 inch all-age bitches class started running on Sunday morning following the drawings for braecmates and continued until late Monday afternoon before the winners were finally selected.

Kelly's Dick, owned by Paul W. Kelly of York, Pa., and handled by Harry Campbell of Robisonia, Pa., was judged top hound in the 13 inch all-age dogs class which was run on Tuesday. This hound, handled by Harry Campbell, one of the most outstanding beagle handlers in the east, went four series and handled the bunnies in such a manner that the judges were high in their praise of both the dog and its handler.

Other winners in the 13-inch all-age dogs class were: second - Greek's Bouncer, owned by Olle Partenheimer, Queens Village, N. Y., handled by Harry Campbell; third - Susquehanna Billy, owned by Harry S. Menca, Middletown, Pa.; fourth - Cunningham's Captain, owned by Carl Cunningham, Elkridge, Md.; reserve hound - Bier-bowers Little Danny, owned by William F. Burke, Crawford, N. J., also handled by Harry Campbell.

Richard Tarbutton of Golt, Md., drove two winners on Saturday at the matinee harness races sponsored by the Home-wood Driving Park Club at the Old Huber Race track on the estate of Samuel E. Dameron at the East edge of Newark.

Mrs. Richard Tarbutton's bay mare, "Scarab," driven by her husband, won straight heats to take first honors in the 3-Year-Old Trot, and Richard Tarbutton's black mare, "June Majesty," won straight heats in the Class B Pace. J. Wirt Willis' bay gelding, Bonnie Scotland, driven by Charles Rausch had the best time of the afternoon, going the mile in 2:14 in the Free-For-All Race.

Madge Martin, a black mare owned by Howard Collins of Wilmington won straight heats in the Class A Pace.
