Dear friend,

I was in Berlin a few days ago and had some very interesting talks there, notably with Dr. Schacht. I shall try to write you more fully about this after Easter as, if you are leaving for the States on the 7th April, I am afraid we shall not, after all, have an opportunity of seeing each other before your departure, unless you still have a chance of coming to Brussels before that date.....? I, on my side, have had to postpone my visit to America until the end of April.

With kindest regards,

Very sincerely yours,
